Thinking Abaut You walkthrough v.04

The motive of punishment plays an important role in this update. You must deserve punishment at the end of v.03, and you must participate in Julia's bizzare erotic fantasies.
If you don't want to take part in it, you have to be very strict towards Julia. You will lose a big erotic scene in this version, but don't be afraid, you will get your "portion of juice" in the next update ;)
There is a third option, you can be submissive to Julia and you still have a chance to win with her at the end of v.04. All you need is that you bring her to orgasm. It's so simple ;) And you will get a powerful weapon against her (for use in the next updates) ;)

Important information! When I wrote this guide, I discovered that I made a mistake in the game code. You can not end the erotic scene with viewing photos if you are firm. I will fix this error soon in v.04a

New mechanics:

So far the game 'remember' the player's choices in two ways:
1) Dialog tree: You say "x", you "**jump**" to scene "X"; You say "y", you **"jump"** to scene "Y".
2) True or false ("**If x = true**"). If the fact that you said "x" is true, you jump to the scene "X". If not, you jump to scene "Y".

It seems simple, but in fact this mechanics is enough to create all the classic visual novels.

However, I decided that it needed more precise mechanics. The new mechanics will allow the game to better remember your choices. It should also give you more satisfaction because each of your answers has(or will have) an impact on the game world.

But...

It's not the best idea to change the rules during the game, so in v.04 you will get a new mechanic in 'light' version. Time for attacks of jealousy, headache etc. will come in v.05.

So in this version the game will start to add points for your answers, but only one parameter is really important - Julia's **lust**.

A list of new skills, ability, statistics, whatever you call it;)

Main Character: **stamina, firm, submissive, feet, breasts**

Julia: **jealousy, shame, headache, lust, compliments**

Eva: **jealousy, headache, lust, compliments**

I will try to give more scenes depending on these statistcs with each game update.

And what about being firm or submissive? Yes, this is an important part of v.04 and your current decisions will have a big impact on the scenes in the next parts of the game. Many scenes in v.04 look different depending on whether you are firm or submissive, most of these scenes are used: **"jump"** or **"if x = true",** but if you collect more than 6 "firm" points, you'll find a little surprise - Julia will go to bring you a beer. Of course it's just a virtual beer, but the satisfaction when she does exactly what you tell her is real;)

Now digressions;)
The new mechanics are especially useful when building many variations of the same scene. Scene "X" - Julia is angry, scene "X1" - Julia is angry, but she remembers that you told her a compliment, scene "X2" - Julia is angry and feels headache, etc. The game checks, for example, if you told Julia the compliment and how many times you did it ("if jcompliments > 1") and depending on the result, the game gives you the right version of the scene.
As you can see, "if x > 1" is a variation of "If x = true" containing a numerical value.

So now you know the three ways in which the game "remembers" your answers. It is possible that one of your answers is remembered in all three ways in the same time (and in fact it happens often).
I think that after reading this you are ready to create your own visual novel using Ren'Py. You only need the images and the story :)

"(The whisperer in darkness) I bind you, Julia, sister of...”
This is a joke, of course. Eva uses an authentic antique erotic spell. Unfortunately when I say 'authentic' it doesn't mean that I guarantee you that this spell will work in real life ;) Sorry, man. You can try, maybe it will work;)

"I bind you, Theodotis, daughter of Eus, to the snake's tail, the crocodile's mouth, the ram's horns, the asp's poison, the cat's whiskers, the god's appendage, so that you may never be able to have sex with another man... nor do anything that brings you pleasure with another man, unless I alone, Ammonion, the son of Hermitaris, am that man... Make this erotic binding-spell work, so that Theodotis, may no longer be penetrated by a man other than me alone, Ammonion, the son of Hermitaris, dragged in slavery, driven crazy, taking to the air in search of Ammonion, the son of Hermitaris, and that she may rub her thigh on my thigh, her genitals to my genitals, for sex with me for the rest of her life."

j "Don't even try to talk to me about seagulls!"
Well, if you have molested Julia, try to avoid talking about seagulls in the future;)

j "Go to sleep in my room. I will stay with her."
Julia's path.

m "Wait, sis, we have an agreement."
Eva's path (threesome). As you probably already know, these girls love to play roles. Now you've taken the first step in the fun with Eva and Julia.
 And with this optimistic accent I finish this guide.
