

# Rachel

---

*Walkthrough by ExLibris*

## **Notes**

The walkthrough is divided into two parts in order to limit repetition. All the things listed in the preparation section can be done without cutting off any of the endings. During the introduction you have a choice between gaining a point of influence (RACHfun) or having a drink (RACHdri). Generally it's safer to pick the influence option, as drinking options are fairly obvious within the game.

I've said things like 'Go to store' rather than providing the exact commands to get there, mainly because I'm lazy.

Unlike previous Virtual Date games building up influence with Rachel or getting her drunk isn't a major factor in most of the paths. If you're curious, the paths where a certain level of either is required are listed below.

RACHfun = 3

Required for Rachel to suggest game at hotel

Required for Rachel to be willing to strip in competition

Required for Rachel to be willing to strip at the sex club (Leilani ending)

RACHfun = 2

Required for Rachel to be willing to go to leisure centre with Crystal and Erica

RACHdri = 3

Required for Rachel to suggest game at hotel

RACHdri = 2

Required for Rachel to flash the player after buying the Alex outfit

You can increase the number of drinks that Rachel has had during the introduction, or at the casino, restaurant or bar.

You can increase Rachel's fun during the introduction, by winning at the casino (note that winning will not raise RACHfun above 2), buying something at the store, or by taking Crystal & Erica to the bar but not impressing them enough to go to the leisure centre. It also looks like preparing Kelly for the competition was supposed to increase RACHfun but it actually increases RACHinf.
