

## The Tyrant 0.6 Walkthrough

### **How to become a gangmember?**

- Meet with Davide and Bruce at 8pm at the front door (answer doesn't matter)
- Meet with them again at 9pm in the living room to get the a package. (You can receive more packages from him when you repeat the event on other days).
- Deliver the package at 7am or 8am on tuesday or thursday at the subway (You need to deliver 2 packages)
- Go then again at 9pm in the living room to become a gang-member.

### **Nicole**

Her corruption and love paths share in the beginning, so it doesn't matter which choices you made there (only when you need to collect points for later events – corruption or love).

- Take Nicole to her first date on the weekend. (Only once is needed for further progression). You can have different outcomes depending on your corruption/love points, so repeat it to see all.
- Talk with Nicole at 10pm in the living room, then you can enter the basement at 11pm and meet her there. (This event is repeatable). [Give her the drug to reveal a secret].

Corruption path:

- Do her second event in the basement at the weekend.

Love path:

- Do her second date at the weekend.

- After that and with enough points (and for some the right outfit) you fulfilled the requirements for her daily interactions.

Clothing system for Nicole:

You can buy her outfits in the shop (on your phone). Then give her the outfit at 12am in dining room (gift option). Then she'll wear it at home until 6pm and you can get some new interactions (with the babydoll and the robe at the moment). You can also change the outfits back with the buttons in your room.

## **Alexis**

Her corruption and love paths share in the beginning, so it doesn't matter which choices you made there (only when you need to collect points for later events – corruption or love).

Showing her porn (needed for later actions):

- 1pm dining room: Help her with her homework and choose the corruption option. Then go to your room before 5pm and set up porn. Do the event with her at 5pm at your room.

- 10pm Alexis room: Here you can show her also porn.

- Go with her on the first date at the weekend. (Only once is needed for further progression). You can have different outcomes depending on your corruption/love points, so repeat it to see all. (Also they're different actions possible on her corruption path when you show her BDSM or anal porn 4 times before).

Love path:

- Go with her on her second date at the weekend. (50+ love points are needed).

- Meet with her in the kitchen at 8am and you'll set a time to meet with her in the basement (You need to be a gangmember, have no red relationship and for love 50+ points | corruption 30+ points).
