

## To Heart 2 Xrated

### **Ending Guide**

This walkthrough covers the PC version of the game, that has a total of 9 routes (not including bad ending).

There's a total of 9. 6 from the start, 2 unlockables after 1 route completed and 1 unlockable after 2 routes completed.

The game has a map system that shows you where the girls (and Yuuji) are. If you want to enter a route you'll need to (basically) stalk the girl you're after.
