

Midnight Paradise 0.2 Walkthrough

Since the Objective system (which should provide hints) is not yet in place, I write this walkthrough so you can find all content easily in this release.

Some things to note:

- Hold left ctrl to skip (in the options menu you can select to skip seen dialogue only, or seen and unseen both)
- Rollback by scrolling up with the mouse wheel
- Press H to hide all interface

I'll start with side activities:

Messages:

Interact with Joyce (landlady) in the kitchen in the morning to massage her – Level 1

Interact with Isabel in the living room in the evening to massage her – Level 1

Interact with Ruby in the kitchen in the afternoon to massage her – Level 1

To unlock massage Level 2 with Joyce and Isabel, you have to talk to the after choosing them at the drinking night.

Watching TV:

Interact with the couch in the living room in the afternoon and select the character you want.

All of these are level 1 for now.

After getting his laptop, Connor can jerk off at night by interacting with it, he will be interrupted by 1 of the 3 girls. Level 1 in this release.

Tutoring:

This is trickier. After the main storyline you can properly access the map from the button on the top of the screen. Go to university in the afternoon, go to Teacher's Office. Click on Ms Jane to start tutoring.

You have to select [Concentrate] 2 times, afterwards you'll get an option to [Make mistakes]. Using that will advance to Level 2.

Some as before, you have to go back and select [Concentrate] twice, and the [Make mistakes] to advance to Level 3. That's the end of this storyline in the current release.

Main storyline:

Click on the map icon on the top of the screen to start the main storyline. Once you get back to the navigation screen at home, you can initiate the next part by pressing on the map icon again.

After this, Connor will get a laptop. You can use the laptop to order sleeping pills.

After about a day, walking around the house, Connor will get the sleeping pills delivery.

You can then go to the kitchen in the evening and use the sleeping pills there.

This opens up a night scene right after that with Joyce. Save your game here to experience all the outcomes, because it is non-repeatable in this release. It will be changed in the next release.

After this, you can talk to Ruby in the kitchen in the afternoon. Talk about her job.

After the scene play, the next morning you'll get a text from Ruby, let the scene play out.

After Ruby's scene, you'll get access to Joyce's bath scene. Go to the bathroom in the evening.

In the meantime, after you used the sleeping pill, you have to complete the following list to gain access to the drinking scene:

- Isabel massage level 1
- Joyce massage level 1
- Joyce bathroom scene
- Watching TV with Isabel
- Watching TV with Joyce

Once these are all done, go to the kitchen in the evening. You'll get the drinking scene with Isabel and Joyce.

You can choose either one of them at the end. The event will repeat after a few days in game in this release so you can experience both paths.

After choosing the girls, you can talk to them about the night at their usual locations. (kitchen in the morning or living room in the evening)

This will Open up massage level 2 for both of them, and Yoga level 1 for Joyce.

After most of these are completed, you can interact with the laptop to choose from the **extra** scenes.
