

BASIC GUIDE TO THE NEW CONTENT

OF VERSION 0.2.2b

This guide is for players who came to the end of the previous version, 0.2.1, and will allow you to know all the new content and advance in the game without difficulty.

In this version it is highly recommended to play with the sound activated!

Jessy

After the big scene with Jessy in his room, where v0.2.1 ended, our two friends will have an interesting bedtime conversation where some secrets will be revealed and, as couldn't be otherwise knowing Jessy, there will be some action!

It's a linear sequence, so just enjoy the dialogue, images and animations ;-)

Cassie

After the opening scene with Jessy, and when you continue with the game, you'll soon realise that Cassie has sent you a message. Go to your room and check it out.

(NOTE: In this version the use of the smartphone has been made easier, now you only have to go to your room, without having to select it in the inventory, and click on the icon on the right side of the screen).

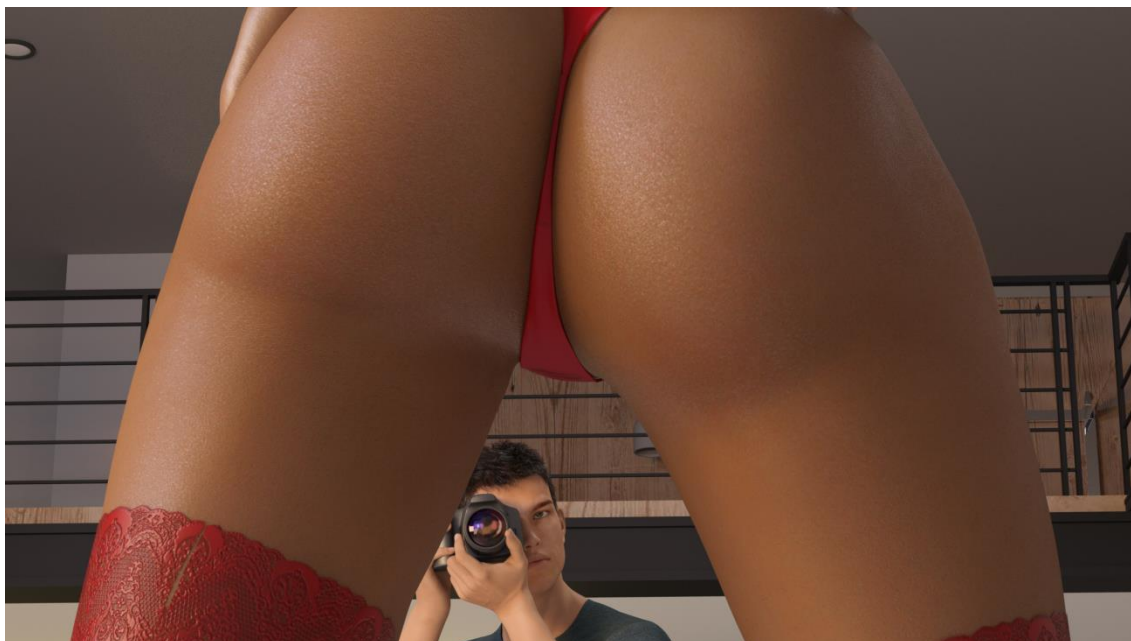

In that message, Cassie will thank you for your services in the photo shoots and tell you that she owes you, that when you want she offers you some practical photography classes, if you have a camera... so you know what to do, stop by the store and buy the camera!

(NOTE: If you don't have enough money, you'll have to go help the waitress pick up the coffeeshop at midnight.)

When you get the camera, don't forget to tell Cassie by sending her a message.

(NOTE: You can check the new help system to find out what to do at any given time. Click on the information button and then on Quests)

On the "hot" practices with Cassie: You will have several options when you take pictures of her, you will be able to choose whether to take them with a complement (in this case, a sofa) or without complement, and at what distance to zoom...

Please note the following:

- Without complement: You'll have a limited number of shots, if you always choose the same plane, Cassie will have more to show you, you know what I mean ;-)

Don't forget to try the 3 possible planes until the end (this scene is repeatable).

- With complement: In the same way that "Without complement", you will have a limited number of shots, and as we have said before, when you choose one, keep that one until the end. But in this occasion, with the complement, when you complete the shots with the two possible planes until the end, you will have a different sequence the next time you visit her ;-)

Those are the possibilities you have with Cassie, and these scenes (except the extra when you correctly complete the "Without complement" option) are repeatable.

Srta. Cooper

Be a good student and keep going to university, when you have passed the 50 study points the new content will be unlocked with Ms Cooper.

First you will see a short but very interesting scene of her at home having a good time, and getting an intriguing call.

Later, when you return to visit the university, she will talk to you so that you can make a new visit... are you ready?

As for this new visit to her home, we don't want to reveal much, just tell you this:

- If you resist and watch the video until the end, you'll gain some extra sex skill points.
- That scene can be repeated whenever you want, and:
 - It's shorter and with less dialogue than the first time.
 - This time you don't need to watch the video until the end.
 - **You can put your own videos! You have a guide at the end ;-)**

Gina y Scott

We have added a couple of simple animations where you can see Scott and Gina in her room doing what couples do... you can look or not, is your choice :-p

Gina

And finally, the big scene with Gina

We don't want to tell you anything in advance, **just enjoy it!!!**

In order to get there, we first recommend that you have seen all the content mentioned above, and that is also the way to unlock the scene, as the requirement is that you have at least 30 sex skill points.

Note: It's also required to have seen the scene with Jessy (end of v0.2.1)

WE HOPE YOU ENJOYED THIS VERSION!

GUIDE TO WATCHING YOUR OWN VIDEOS WHEN VISITING MS COOPER

- 1) Ren'py doesn't support all video formats, so you will have to convert it.
You can do it on this web: <https://video.online-convert.com/convert-to-webm>
Simply click on "Choose Files" and upload your video.
In "Optional Settings" we recommend that you only change the codec to VP9.
- 2) And finally click on "Start conversion" (it will end according to its duration).
- 3) Create a folder called "myvideos" inside the game's "game" folder.
- 4) Copy your videos there, but keep in mind the following:
 - a. You can put a maximum of 3 videos.
 - b. You have to rename them like:
 - i. "cooper_1.webm"
 - ii. "cooper_2.webm"
 - iii. "cooper_3.webm"
