

The Kingdom: A walkthrough

Well, hello traveller! Welcome to The Kingdom.

Our little walkthrough will tell you where and when things are happening, well the main stuff anyway. Some of the scenes and quests are (dun dun dun!) hidden! So you will have to hunt for them. Miss them on their appointed day and I doubt the folks are gonna hang around waiting for you.

So, on to the good stuff!

This is Craningh, the human capital. King Phillipe has sent for you, but I thought you might like to know where things are.

Hints, tricks and sneaky stuff!

Ok, everyone is going to want a step by step on how to get the best stuff. Not happening! You will have some decisions to make and based on them you will get one thing or another. I will give you some hints.

- 1) Be firm but fair. Sometimes you have to be a dick, but don't make a habit of it.
- 2) The girls are people too. Don't expect them to just drop their panties if you are a total dick!
- 3)and most important) Fortune favors the bold but curiosity killed the cat too.
- 4) EXPLORE, EXPLORE, EXPLORE! If you aren't doing something get nosy, poke around peep, peek and leer!

Just a caveat: Be wise with your money. There will be things to buy that will advance a girl but if you are broke, bitches hate a broke assed dude.

You are going to make decisions. Some will be good, some not so good. They will affect how people react to you and in the long run how YOUR story will play out.

Now go have some fun and try all of the options for all of the content. Yes you will have to save and replay but why not do it?
