Choose Katie / Choose Ellen (you will only get this option if you either have at least 2 Katie Score points and 1 Ellen Score point, otherwise a choice between Katie and Ellen will be made for you)

< if you chose to attend the party with Victoria >

Not a problem with that / No (Victoria Score +1)

Let's just sit for a moment / Let's get this over with (no reason to pick the latter, by picking 'Let's just sit for a moment' you'll get all the content of the 2nd option and also set a variable in the script)

< if you chose to attend the party with Katie >

Go sit down / Approach Alexis and Shanlon (no reason to pick the latter, by picking 'Go sit down' you'll get all the content of the 2nd option and also set a variable in the script)

< if you chose to attend the party with Ellen >

Go sit down / Go talk with Alexis and Shanlon (no reason to pick the latter, by picking 'Go sit down' you'll get all the content of the 2nd option and also set a variable in the script)

< if you picked 'Slap her' >

Seriously? There is no going back (Shannon breaking +1) / On second thought

< if you picked 'Seriously? There is no going back' >

Hit her again (Shannon breaking +1) / Don't

(during the sex scene you get the option to choke Shanlon only if MC Dep is at least at 2, picking that option gives a Shannon breaking +1)

(you will also get different branching options if you're on the Shannon breaking path, you can pick whatever, no stat changing)

<end of version 0.2.2>

(if Ellen Score is at least 2 and the MC had sex with Ellen in chapter 1, you'll get the branching)

< if you picked 'Hold up' >

Fine, carry on / No, stay out of there (the latter will prevent Sonja from finding the bug)

< if you picked 'Play along' >

< if you picked 'Touch Venus' >

Love to / Sorry i can't (picking 'Love to' will bring to Venus' sex scene)

(if you choose to enter the Venus' sex scene you'll get a hidden secret warning)

(in the render with the big 'Venus 4.0' sign, click mid-screen 'A Vostok Product'.)

(you can choose between 2 sex scenes, one where Venus acts like daddy's princess, and one where she acts like a slut, you will have to play both to unlock the scenes screen in the menu)

Leave / Investigate further (no real reason to pick the 1st choice, you can explore the place by selecting each of the options)

(if you chose to attend the party with Katie in chapter 2 you get the branching)

Let your hands wander / You're a gentleman (picking the 1st option will result in a
Katie Lust +1 if Katie Lust >= 1 or Katie Score >= 3)

(if you didn't attend the party with Katie but your Katie Score is at least 2, you'll get the branching)

Where is this coming from? (Katie Score +1) / Reach out to her (this option will give a
Katie Lust +1 if Katie Score >= 3)

(at the start of the office scene you get a hidden secret warning, click the big T symbol up top.)

These things take time / Piss off (MC Dep +1)

(the next scene with Victoria varies depending on your Victoria Score and whether the MC had sex with her previously)

(if Victoria Score >= 2 and you rejected Victoria in chapter 1, you get the branching)

You're not my type / I didn't trust you (Victoria Score +1) / That's not how i do business
(Victoria Score +2)

(if Victoria Score >= 2 and you had sex with Victoria in chapter 1, you get the branching)

(if Chandra score >= 2, you'll get the branching)

I have to go / I still have time (picking the latter will start the Chandra's sex scene, as the first thing there you'll be able to choose how Chandra calls the MC)

(after Chandra's sex scene you'll get the branching)

Only for a minute (Chandra score + 1) / You gotta go

(during the report scene you'll get 4 options to choose from, you'll only be able to pick 2 of them if you went through Chandra's sex scene, 3 otherwise. The 'Akatsuki' choice seems like the most important one)

<end of version 0.3.1>

Go through the front / Climb to the window / Take the hatch

(all of those 3 options will give similar battle endings, choosing 'Climb to the windows' will give you the chance to find one special render, also you will get more content, so no real reason to go with the other 2 paths)

< if you picked 'Climb to the window' >

Take it slow

Check bedroom (hidden secret warning, click the blanket on the right of the boxes.)

Check stairs

Flashbang and then shoot him

Play possum

Run upstairs / Run downstairs (pick whatever, no real difference)

Throw the EMP hard at his head / Lob the EMP over his head / Toss the EMP at his feet /

Throw the EMP right at his chest (the last 2 options will always have the MC lose the battle, the 1st options might give the MC a win depending on a random variable, the 2nd guarantees a success. you can even fail on purpose, no real consequences but winning the battle will let you choose how to deal with Henry and set a variable in the script that might come to fruition in later versions)

< if you picked 'Lob the EMP over his head' >

Finish him / Try to knock him out (Gloria will prevent you from killing Henry in any case but this choice might mean something in the future, i'd guess sparing him will influence positively the relationship between the MC and Gloria)

Offer help / Sit down (the 1st option sets a variable in the script, the latter gives you the chance of increasing Henry's friendship points, no way to tell what kind of influence those will have on the story right now)

< if you picked 'Sit down' >

She's important to you (Henry_friend +1)

Try to get some sleep / Go check downstairs / Approach Katie while she sleeps (pick option 2 first, you will still be able to pick one of the other 2 later on)

< if you picked 'Go check downstairs' >

Ask about the device on his neck / Ask about the limiter (you get one of these 2 options depending on your previous choices)

Ask about Gloria

Go to sleep

Go back upstairs / Crack a joke (the latter gives Henry_friend +1)

Approach Katie while she sleeps

Look at photo

Check the datapad

Check the messages / Sit back down (the latter gives a MC Dep -1)

Try to get some sleep

It's a little back pain / Tease Katie (pick the latter only if you have more than 3 Katie Score points, otherwise you'll be locked out of the scene anyway)

< if you picked 'Tease Katie' >

He cared for you (Katie Score +1)

Focus on her chest

Break in / Sneak from outside / Knock (3rd option only available if you have set the 'spellbound' variable in v0.1)

(picking 'Sneak from outside' let you discover a secret render)

< if you picked 'Sneak from outside' >

(when you get to the scene with Victoria looking at the TV you get a hidden secret warning, click the orb a bit to the left of her ass.)

Pull away / Embrace her (you only get this choice if you have at least 4 Victoria Score)

< if you picked 'Pull away' >

I did / I didn't (you only get this choice if you rejected Victoria in v0.3, picking the latter option undoes that choice and adds Victoria Score +1 and Victoria Lust +1)

< if you picked 'Embrace her' >

< if you picked 'Knock' > (go this route only if you have at least 2 points of MC Dep)

You're right / Quiet (pick the latter to stay on the spellbound path)

< if you picked 'Quiet' >

Stop this / Say nothing (the 1st ends the scene and makes you miss Victoria's hot body)

< if you picked 'Say nothing' >

No (ends the scene) / Yes (ends the scene while setting a variable in the script that will come in fruition in v0.5) / Show me you mean it (this option only available if you have at least 2 points of MC Dep, it also sets the variable like the previous one, pick this for the sex scene)

<end of version 0.4.2>

Play it

Visit Meredith's home (this plays in two different ways depending on the choice you made in v0.3.1 at the branching 'Help her' / 'Refuse': good path if you chose 'Help her', bad otherwise)

< if you are on Chandra's bad path >

Do nothing / Rap on the window (first option will have Chandra doing drugs)

< if you picked 'Do nothing' >

Watch / Back to the car (pick the first since the latter will just end the scene)

< if you picked 'Rap on the window' >

Yes / No

< if you picked 'No' >

Yes / I said no / No (picking 'I said no' sets up a variable that most likely will have Chandra going heavy on the drug path, no way to tell if it'll have the same consequences as picking 'Watch' at the previous branching)

< if you are on Chandra's good path >

(slightly different outcomes depending on the choice you made in v0.3.1 at the branching 'Help her out' / 'This is Chandra's problem')

< if you picked 'Help her out' >

Truth (Abby Score +1) / Lie (Abby Lust +1)

< if you picked 'This is Chandra's problem' >

Truth / Lie

< if you picked 'Lie' >

Of Course (Abby Score +1) / Everybody gets one

(when you get to the scene where Chandra goes back inside, you get a hidden secret warning, click the second small window from the left right under the tv screen)

(again, the next scene plays differently depending on the choice you made in v0.3.1 at the branching 'Help her out' / 'This is Chandra's problem')

< if you picked 'Help her out' >

(here you will get different menu options depending on how you had the MC interacting with Chandra in v0.1 and v0.3.1: if you had the MC fucking Chandra in v0.1 but not in v0.3.1 or the other way around, the menu option will be 'I can't right now'; if the MC never fucked Chandra in your playthrough you'll also get the option 'Not going to happen ever', that rejects Chandra once and for all; if you had the MC fuck Chandra both times you get the option 'Fuck it', only way to reach Chandra's sex scene in this version)

< if you picked 'Fuck it' >

(you get to choose how Chandra will call the MC during sex if you haven't already, then you get to enjoy the sex scene)

Offer a ride (Abby Score +1) / Say nothing (the latter will just end the scene and bring back to the location menu that started the version)

< if you picked 'This is Chandra's problem' >

(if your Chandra score is less than 2 and your Abby Score is less than 1, you will be sent back to the location menu, otherwise you'll get)

Offer a ride (Abby Score +1) / Say nothing (the latter will just end the scene and bring back to the location menu that started the version)

Meet Kay

(different scenes depending on your choice on futa content)

Brush her off / Tell her (not sure how much impact this choice will have in the future, actually it'll have no impact at all unless the dev fixes the variable naming bug that is present in the version i'm playing, where he first names this 'ch5tellkay' and then looks for 'ch5kaytell...')

Yes / No (pick the first to admire Sonja)

Check on doc

Ignore it / Answer it (this will play differently depending on the previous interactions with Shanlon: if you are on the Shanlon 'normal' path then just pick 'Answer it')

< if you picked 'Ignore it' >

(this will skip the scene if you are not on the Shanlon breaking path)

< if you are on Shanlon breaking path >

Answer / Ignore

< if you pick 'Ignore' >

Answer (Shanlon Lust +1) / Ignore and block (the latter will end Shanlon's content)

< if you picked 'Answer it' at any point and you are on Shanlon breaking path >

Oh yeah / You are worthless (Shanlon Lust +1)

(you 'll get a better scene here if Shanlon Lust is at least 4)

(when you get to the scene where the MC enters Katie's hideout, you get a hidden secret warning, click the big pillow on the sofa up-right)

(here you will need at least 3 Katie Score points to continue the scene, otherwise it'll be cut short to the location menu)

< if you have enough Katie points >

Banchan / Medical supplies (can't tell how much this choice is important)

< if you have at least 4 Katie Score points >

Hug her (Katie Score +1) / Kiss her (Katie Lust +1)

Back to Ellen's

(you will get a Ellen Score -1 if you didn't pick 'No' in the 'No' / 'Yes' / 'Show me you mean it' branching option at the end of v0.4.2)

(to access Ellen's scenes in this version you need Ellen Score to be at least 1 and to have picked 'No' at the branching point at the end of the previous version, otherwise you'll be sent to the dream scene)

< if you are playing Ellen scene >

Fuck it, pass it over (MC Dep +1) / No thanks

(to continue Ellen's scenes in this version you need **Ellen Score** to be at least 2)

< if your **Ellen Score** is at least 2 >

Continue / Tell her to stop

< if you picked 'Tell her to stop' >

I have met someone / You're drunk (**Ellen Score +1**) / Just tired (pick the first option if you don't want to be on Ellen's path and you had the MC have sexy scenes with either Katie or Victoria, the second if you don't want the sex scene now but you still want to increase Ellen's score)

< if you picked 'Continue' >

(to reach all the possible sex scenes pick 'Kiss her' while in the cowgirl position)

I wouldn't miss this (ch5dream +1) / What are you talking about

Of course (ch5dream +1) / How are we here

(when you get to the scene where the MC turns around after Gloria asks him to, you get a hidden secret warning, click the flower on the left)

Stare at the poster (**Gloria score +1**) / Stare at donut / Turn around (**Gloria lust +1**)

This isn't real (this option will force the bad ending of the dream scene) / You're beautiful (**Gloria score +1**) / Kiss her (**Gloria lust +1**)

< if you didn't pick 'This isn't real' >

Keep going / This isn't right (**Gloria score +1**) (you will only get the good ending of the dream if you pick 'This isn't right' and your **Gloria score** is at least 2)

No Idea (**Gloria score +1**) / Comfort her

< if you picked 'Comfort her' >

Grab her waist / Explore a little (if you pick the latter, Gloria will be either mad or just a little mad at the MC depending on **Gloria score** being at least 3 and your choice on Victoria's proposal at the end of v0.3.1, getting Gloria mad will result in a **Gloria score -1** and a **Gloria lust -1**)

< if Gloria isn't mad at the MC >

It's for rich / Hipsters love brunch (**Gloria score +1**) (**Gloria lust +1**) / It's way too fancy
No talking / Say nothing

< if your Henry score is at least 2 and the MC visited Victoria in the previous version >

Tell him of Victoria (Henry score +1) / Nothing

< otherwise you will get the branching >

That won't work (Henry score +1) / Maybe you're right / I didn't find anything anyway (the latter only available if you accepted Victoria's proposal at the end of the previous version)

Leave her (might close future Sonja's content) / Put her on the bed

<end of version 0.5.0>
