

THE SHRINK – 0.2 Walkthrough

Defining Relationships- Just leave the first option blank on each to stick with the default name or change them to whatever you like.

These are the options I feel fit best. Remember not to capitalize.

Name	Who is she to you?	Who are you to her?
Leliana	mom	son
Melissa	sis	bro
Alice	sis	bro
Aiko	sis	bro

1st choice - "ATTENTION: This scene may contain content that is not intended for all audiences."

If you do not like trans content, hit skip.

Let me in on that action! : You see the scene

Nope! (Skip it.): You don't

This decision has no impact on what happens later in the game. All trans content is optional and a such will not be included in this walkthrough. If you don't want trans content hit skip when the options come up, if you do then don't hit skip. Pretty simple.

2nd choice – Alice morning

This is where earning points starts to come into effect. It's best to pick a route for each girl and stick to it.

Grab her ass: perv points +1

Pat her head and joke: affection points +1, **Alice points +1**

3rd choice – Alice pool

Can't wait for the French version! : perv pts +1

I have never tasted anything sweeter than your lips: affection pts +1 **Alice points +1**

4th choice – Mel poolside

Be aggressive: dom points +1

Beg for mercy: femdom points +1, **Mel points +1**

5th choice – Melissa or Alice

This is the first choice between girls and can lead to earning extra points with whichever one you choose.

I choose **blurple!** : Leads to Mel bedroom scene

Must unload now! : dom points +1

Nah, I'll wait here and get caught: femdom points +1 **Mel points +1**

(One choice sends you further down the dom route and 1 down the femdom route)

I choose the **angell!** : Leads to Alice shower scene

I came to see if you wanted me to wash your back: perv points +1

(Leads to a shower scene with Alice)

I'm sorry! I thought I heard you shout on me: affection points +1, **Alice points +1**

(Leads to a bedroom scene with Alice)

Define Relationship choice – When meeting Brenda at the gym you have the chance to define the relationship as you do with others in the game. She's a friend from school that was called Brandon back then so the default setting works but change it if you like.

6th choice – Aiko couch

I laugh in the face of death! : punching bag +1

(leads to an ass kicking from an angry little demon with an option to pussy out half way or antagonize her further)

I think I'll go up to her room instead: panty sniffer +1

(panty sniffer choice leads to the option of a scene at the end of the day)

Define Relationship choice – When meeting Vanessa you get another chance to define a relationship. The best choice here in my opinion is cuz (cousin)

4 girl choice – To end the day you can choose only one of them

I choose team Angel! (Alice 10 requires affection 3)

Alice pts +1

Alice will only stay with max affection points

Or

I choose team MILF! (Leliana 10):

Leliana pts +1

1st chance to earn points with Leliana

Or

I choose team BLURPLE! (Melissa 10 Requires dom-p or femdom-p at 2)":

Melissa points +1

Different scene depending on route choice (dom/femdom)

Or

I choose team EVIL SPAWN! (Aiko 10 requires ps1)":

Aiko points +1

Only available on the panty sniffer route
