

## **Princess Knight Claris Ver 1.0 Guide by MeltyQuest on F95ZONE**

Note: This guide doesn't include information on how to unlock the lewd scenes as I found that most of them were fairly straightforward on how to unlock once you have raised Claris's Control and Lewdness which is the difficult part.

### **General Tips:**

- I strongly recommend a virgin playthrough first as it makes corrupting Claris much easier. Drugs seem to be the easiest way to raise control aside from it getting raised in events which are fairly sparse.
  - Virgin End gives 10 White Powder (1-5 Control), 10 Dangerous Syringe (3-8 Control), up to 130 control depending on how much you reroll for best rolls (I believe highest control requirement in the game is 120 Control).
- The best way to farm gold is taking the ship to Pirate's Cave (-5KG or -1KG), collecting the weapon and accessory on the way to the boss, killing the boss (+2KG), taking the treasure (+15KG), then warping back home at repeating.
  - Note to get the treasure you must first kill 100 bandits, get reward at back of bandit cave, and give to guy in prison in castle.
- Claris becomes a lot weaker as you raise her lewdness (and maybe control), removes auto-healing and other buffs.
- Once you can lose to the succubus you can very easily raise your Lewdness to max. Lose to her repeatedly with no need to reset the dungeon for 1-5 Lewdness per loss to hit max quickly. Even if you need to kill her your lewdness will increase but you will need to walk back after resetting.
- Each dungeon's chests are somewhat random but tied to a specific drop category. Each dungeon has 1 chest that drops a sword, 1 chest that drops a accessory, and the rest seem to be random items.

## **Locations & Mob Drops:**

Note: These are just the drops I saw while doing my 2 playthroughs, there could be rare drops I didn't see but this at least covers any drops you might need to complete quests or make things.

## **Main Questline (Virgin Route)**

These are the three main questlines and they can be done in any order.

### **Lord Quests - Angel's Tears:**

1. Retrieve Golden Coffin (Kill 100 Bandits in Bandit Cave)
  2. Get Lord's Dog (Pirate's Cave third area)
  3. Get medicine from seller in slums (Back right of slums back area)
  4. Get Chimera Meat (8), Demonic Honey (12), Demon's Liquid (10), Succubus' Love Liquid (3)
  5. Clear monsters in the underground waterway (Entrance right next to maid who gives quest)
- Final: Talk to lord, pay up 100k gold or become a slave

### **Academy Quests - Goddess Statue**

1. Obtain bell flower from Orc Mountain – 10 pts
  2. Kill succubus in Old Castle – 20 pts
  3. Obtain Chimera Meat (5), Dark Thread (10), Virulent Grass (5) – 30 pts
  4. Collect Blackbeard's Treasure – 40 pts
  - 4.1: Kill bandits in Bandit's Cave until you can get the treasure behind the door in the final area.
  - 4.2: Turn in to guy in jail in castle (Or do the lewd option instead of getting bandit treasure)
  - 4.3: Go to port city, go to Pirate's Cave, take treasure
- Final: Take treasure from principal's room, don't need to talk to him.

### **Empire Quests - Orb of Light (Gotten from king of empire in castle)**

1. Talk to king of empire
2. Defeat the demon king
3. After defeating first time go to goddess shrine in top of "Other Continent"

#### 4. Obtain Holy Sword

4.1 Demon Sword Satan drops off demon king.

4.2 I'm 90% sure all other swords can drop from any sword chest. In a dungeon if a chest gives you a sword it can give any of the other four swords, if you are in Bandit's Cave, Old Castle, Pirate's Island, or Underground Waterway. I strongly recommend farming on Pirate's Island as you can also farm for gold which you will need a lot of (By repeatedly taking the treasure at the back). (Cursed Sword, Aqua Blade, Tyrfing, Laevateinn)

5. Go recreate the Holy Sword at the Shrine of the Goddess

6. Kill the demon king

Final: Talk to the king

Final: Talk to priest in Castle Town to end the game.

Not sure what rewards overlap with virgin end, as it said some of its rewards are exclusive. You probably also get the level up drug infinity, not sure if you get the drugs as well.
