

## Unofficial Day 1 Walkthrough For = Battle of the Bulges

IMPORTANT NOTE: It is impossible to see every single scene in a single playthrough, save and experiment. Also, I have zero clue how the "score" is tallied at the end of every day, this walkthrough gets you 17/20 score and the maximum number of stat increases for Lust and Strength while avoiding unnecessary Stamina loss.

INTRO NOTE: You can either buckle up and land to conserve Stamina (not necessary), or have sex with the flight attendant (+10 Lust.) Do not choose the "...buckle me up" option or you will lose lust points with your mom and your sister. There are no sex scenes with your mom or sister during the Intro.

(Airplane)

- "I need to use the restroom first"

- "Well, I could use some help in here"

- Choose either sex option <-1 Stamina> (you get to do both!)

- Choose the other sex option <-1 Stamina> (if you call her a whore there's no penalty but the plane lands)
