4 Opportunities so far:

- 1) You get this automatically when texting with chris before seeing Kiras number
- 2) You have to go bowling with kira for this to activate
- 3) Go as far as possible with Steph making her orgasm
- 4) Text Steph before taking a nap. Options do not matter, you just have to text her

1 bonus scene so far:

- 1) When chatting to Kira the following day, respond with "Nah, I'll be thinking of you" when given the chance  
- There seems to be a bug though, you don't always get to see the scene but the flag gets updated non the less. Probably tied in with how flirty you are. I have tried many different things but cannot get it to activate... but the code is there to support it
