

Hey! This file concerns Flirty F 0.1.3

Walkthrough

To progress through the main story, you just have to click on the “continue” button, pretty simple.

However, between each story, you can find secret scenes.

NEW on 0.1.3: Some scenes are not optional anymore you have to trigger them before continuing.

The house has “levels” that increase each time you click on continue, and what you’ll find on the house is different on each level.

Here is a list of the current things to find depending on each level.

Latest elements are in **red**.

Level X = the scene trigger by the continue button.
