

Amity Park

Version: 0.0.7.3

Gameplay

Amity Park is a dating / RPG / time management sim based in the world of Danny Phantom. The pace of this game is straightforward. Pay attention to the clues in the dialog and they will let you know what you must do next to progress.

Your Skills

The character icon on the top left of the screen helps you access Danny's leveling stats. It will display the character's level, Experience Points (**EXP**), Health Points (**HP**), Strength (**STR**), and Ecto-Energy (**EP**), as well as his current ghost abilities and Orgone levels, the ability to acquire new abilities down the line and level up. As you level up, you choose which skill (**HP**, **STR**, or **EP**) you can increase, but only one skill per level. Your current levels start out as such:

- **HP**: 300 (+30 for every level boost)
- **STR**: 30 (+10 for every level boost)
- **EP**: 150 (+30 for every level boost)

Your levels will increase after you reach the maximum amount of **EXP** for that level:

- Level 1 Max Level: 50
- Level 2 Max Level: 200
- Level 3 Max Level: 400
 - Unlocks Invisibility and Ghost Ray powers
- Level 4 Max Level: 600
- Level 5 Max Level: 900
- Level 6 Max Level: 1200

Ghost Battles

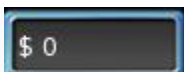

Throughout the game, Danny will battle various ghosts. Performing these battles will increase in difficulty, so leveling up with experience points (**EXP**) helps a lot.

The green bar is your hit points, while the blue bar is your Ecto-points, which are needed to use certain ghost attacks and defenses against your enemy.

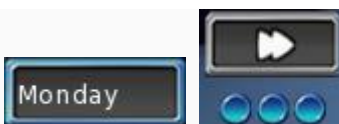

The bar in the middle is your various attacks and defenses: Punch, Block, Ecto-power (which is invisibility for defense and Ecto-blast for attack), Orgone power up (When the circle is green) and the home is retreat.

The bar underneath your opponent is their health bar.

Money

You can only gain money one way, and that is by working a part-time shift at Nasty Burger. Monday through Friday you can work in the afternoon, and Saturday and Sunday you can work in the morning and afternoon shift.

Time

Time is broken down 2 ways: by days of the week () and time of day (). The time of day is broken down to 3 periods: Morning, afternoon, and night, each represented by a dot below the fast-forward button. The fast-forward button helps accelerate time, to the next time period.

Fenton Thermos

Danny gets to use the Fenton Thermos during Episode 4. After completing *Wish You the Best* mission in Episode 4, Danny keeps Desiree in there as his own persona genie, gather information on other ghosts, and to have sex with when needed. Later in Episode 7, he traps Ember McCain inside as well, to hilarious results.

PDA

Danny receives a PDA from Tucker to text characters in the game after finishing *Tucker's PDA* mission in Episode 2. With it, you can text the following people, but only at certain times during the day:

- Tucker Foley (afternoon)
- Sam Mason (night)
- Paulina Sanchez (afternoon)
- Star Astray (morning)

Characters You Meet

Babazita

Babazita is Amity Park's native fortune teller and gatherer of supernatural trinkets. She sells Danny a magic lamp with Desiree inside.

Danny Fenton

Main character of the game. Son of Jack and Maddie Fenton, Amity Park's resident ghost hunters. Accidentally went into his parent's ghost portal while it was on and obtained ghost powers. Now with his friends, Sam Mason and Tucker Foley, he protects Amity Park from evil ghosts while trying to survive high school while getting his fuck on.

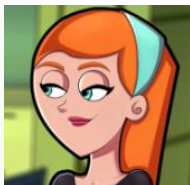

Dash Baxter

Dash is Casper High School's resident bully. He can't stand Danny or his friends because of their dweebish nature and loves his girlfriend, Paulina.

Jack Fenton

Jack is Danny and Jazz's father and Maddie's husband. An avid ghost hunter and sometimes scientific idiot, Jack invents things to catch ghosts. He's completely unaware that his son is Danny Phantom, as well as his inability to satisfy his wife in bed.

Jazz Fenton

Jazz is Danny's overbearing sister. She believes that her parent's study of ghosts is ridiculous and unscientific. She thinks her brother is an idiot and has no problem telling him so. When she is not messing with Danny or being embarrassed by her parents, she chronically masturbates to porn.

Kwan

Kwan is a member of the football team, one of Dash's buddies, and casually seeing Star. His hobbies are picking on Danny and screwing Star in the bathroom, pretty much in that order.

Mr. Lancer

Every High School must have a heavy for a teacher, and Mr. Lancer is the one for Amity Park. Thinking that all his students are lazy and incompetent, he puts on a stand-offish demeanor, yet he is terrified of ghosts in general.

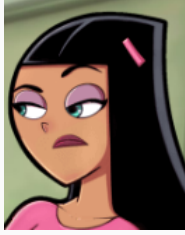

Maddie Fenton

Maddie is Jazz and Danny's insanely hot MILF, and Jack's wife. A hardcore ghost hunter like her husband, but with a lot more brains as well as beauty. Incredibly knowledgeable about ghosts, yet blind to see her son is Danny Phantom. Slightly dissatisfied with her sex life with her husband, she can be persuaded to obtain alternate means to get her orgasm.

Nurse Kate

Nurse Kate, the school's buxom nurse and (***Spoiler Alert!***) Star's mom. Has no problem taking care of young men with hard problems.

Paulina Sanchez's

Paulina is Casper High School's Queen Bee. Always the popular socialite, she thinks Danny is a loser, but his alter ego, Danny Phantom (or as she calls him, "Ghost-Boy") is a total stud. While she acts stuck up, there is a heart of gold inside... somewhere.

Sales Lady

Just like her name states, she's the sale's lady at Abyss, the trendy clothing store at the Mall, who is willing to flirt with the customer to make a sale.

Sam Mason

Sam is Danny's Goth Girl and sometimes-crush. Sarcastic and edgy, with just a touch of sass, Sam's got the hots for Danny in more ways than one yet feels scared to push their relationship as the friend-zone.

Star Astray

Star is Paulina's bitchy friend and Kwan's girlfriend. You can find her fucking him in the bathroom, picking on students with Paulina, and generally crushing on Danny Phantom, or "Inviso-Bill" as she

likes to refer to him as. Uncaring for anyone or anything, Star only looks out for herself and how to make herself even more popular.

Tiffany Snow

Tiffany is an intrepid news report for Channel 4 news. She'll tell you all the most recent ghost sightings in Amity Park.

Tucker Foley

Tucker is Danny's "Geeky and proud" best friend. Always up on anything technical, he helps Danny in both the battlefield and as his personal wingman. A self-imposed "ladies' man", he has the hardest time to score a date.
