-The developer walkthrough, translated by ArkadiyVicont, is located at the bottom of this walkthrough. Though some parts are missing, and it may be a bit harder to follow for some.

Therefore, this step by step walkthrough was created.

## Routes:

The first thing to note is that certain scenes will be locked based on your choices. I don't know the full exact specifics but I believe the two most important variables are Submission and Male sexual activity. If you submit yourself to characters throughout the game, your submission will rise, and if you bang dudes the other will rise. You may be forced into scenes based on how dominant or submissive you have been, or how many dudes you've boned. Keep that in mind.

## KIRA:

Important Information! The demon Kira, your boss, likes it when you suck dick to get out of problems. She doesn't like it when you beat the shit out of people and make a scene. Likely, your ending to the game is going to differ largely based on how submissive you are (Kira likes) and how dominant you are. Solve your problems with sex if you want to please Kira

## Stats:

You have 3 stats. Beauty, strength, and agility. You can tan, go to the beauty salon to raise beauty, or shave in your bathroom to increase the beauty stat. And you can raise the other 2 based on how you train at the gym. Or you can use the cheat icon in your bedroom to raise all these stats to full, and give yourself a bunch of money. You will need a certain level of these stats for certain progression points.

### Advancing Time:

Some events advance time, but the most consistent way is by resting in beds.

### Days of the Week in Russian:

Monday → понедельник

Tuesday → вторник

Wednesday → среда

Thursday → Четверг

Friday → пятница

Saturday → суббота

Sunday → Воскресенье

## Step by Step Walkthrough:

- >Get through the intro, either by skipping or by playing it through.
- >Click on the right icon to go into the city
- >Go to the supermarket
- >Click on the woman outside of it sitting on her phone
- >She is the owner of the gym
- >Go inside the market and talk to the clerk (Nika/Veronica)
- >"Ask for a map of the city"
- >Exit and now you have a map that you can use to fast travel. The game points out its location (upper right corner of the screen)
- >Fast travel to all these places to get some introductory dialogue
- >Go to the city and click on this icon

- >Click on the icon with the gym lady
- >You'll get an introductory gym scene, and you'll now notice and icon above hers. This is the beauty salon.
- >Head inside for an introductory scene and then leave
- >Fast travel to the university
- >Go inside and a scene will trigger

REI

- >Get 1 heart in attractiveness and call Rei to your office through her face icon there (just try to keep your stats high at all times)
- >Choose the option "Try to talk"

- >Ask her the next two options “Why did you move here?” and “Previous place of work”
- >Now on Tuesday or Thursday, call Rei into your office for a scene
- >Go to sleep till the next day, and call her to your office again. Choose “chat”. I think there is another stat check here, but for the purpose of this walkthrough, always keep your stats full. It’s never a bad idea.
- >Advance time (keep sleeping) until Saturday afternoon.
- >Go to the park and click on Rei sitting on the bench
- >Monday, Wednesday, or Friday return to the park in the evening with more than 3 hearts in strength and you will see a scene
- >You’ll have two typing mini games to punch some guy in the face. You have a limited amount of time to press all the keys that get displayed.
- >Advance to the next day and return to the university
- >Go to your office and call Rei in. She’ll give you a massage.
- >Now wait for Saturday Evening. Go into your living room and a call icon for Rei will be available. Click it.

>You'll go on a date with her and then get a new minigame. An empty heart will appear and you have to rapidly press "space" to fill it up

>You'll now get a sex scene with Rei. (You'll notice some of these gifs during the scene will take a long time looping before you can move on to the cum part. Hold cntrl to rapidly skip it if you want to. It will stop at the part where you can choose to come)

>Choose how Rei should call you (this can be changed at any time later)

>Go into the living room and click on Rei. Choose "sex". You can't have sex with her yet. You have to first advance Veronica's route.

## VERONICA

>Having 2 hearts in attractiveness, visit Veronica at the supermarket (not at night time)

>Choose "I'm just watching"

>The next weekday go to the university

>A scene will trigger. Rei will inform you that a medical center has been added and a nurse has been hired

>You won't be able to do her storyline for a while

>Go into your office, click on the “e” (internet explorer) and you will look up information about your death. Click on the rest of the icons. The first folder allows you to work for money. The second folder allows for upgrades to be made to the campus.

>Now click on the “e” again, choose “Porno” for a scene.

>In the future, this is where the scene replay gallery is located. Though at present, it seems incomplete.

>Your computer just got a virus

>Got back to the supermarket and ask Veronica about an antivirus

>The next day or any other weekday, go to your office in the morning

>A scene will trigger and she will fix your computer

>Go back to the supermarket and ask her about hidden cameras

>Go to the city. Click on this icon:

>Then click here:

>Then click on the hidden camera icon. A scene will trigger and you will get a free hidden camera.

>We're not going to use that just yet

>Go to the supermarket at any time except night (with at least \$100) and talk to the man sitting on the side of it:

>With at least 4 hearts of agility, wait till night and go to the park

>You'll see a cutscene and you'll have to complete a typing minigame again

>Go to sleep and return to the supermarket the next day

>Choose "Show the record"

>For some reason the version of the game I'm playing on only gives an option to delete the record (choose that). There may be content for keeping it but I don't know.

>The next day, or any day following, go to the supermarket in the evening

>You'll be taken to the beach for a scene

>You'll be taken back to her house for a game of strip "Fool". You need to win three times in a row to get her naked and advance to the sex scene. Now you can google how to play this game, but I'm gonna tell you a secret. I've beaten this about 3-4 times now and I have barely any idea how to play the game. Just basically just try to click on all the cards in your hand, and the game will play one if it is able to be played. The first one to hit 0 cards wins the game. Click the blue button with red text if nothing can be played. I think you can play repeating cards or higher cards I don't know. **SAVE AFTER EVERYTIME YOU WIN, AND LOAD THAT SAVE IF YOU LOSE.** This is because if you lose she will put clothes back on, making you need to win more times.

>Win 3 games in a row and get the sex scene

>The next day visit her at the supermarket and choose "Have fun". Enjoy the sex scene.

>Go home and rest until night

>Go to the beach. Then click this icon:

>Then click on her body. Choose any of the sex options. From now on, any night you can come to this area and have sex with her.

>That's all for her for now

>Go back to the supermarket and buy (View Products) the Kamasutra book for Rei. You can also buy two outfits that Rei can wear if you want, and a shaver (which can be used in the bathroom to increase beauty)

>Go back to your house and give Rei the kamasutra (she will be home at most times during the weekend, and evenings on the weekdays)

>You can have her sleep (literally) with you at night by telling her to sleep near her. You can also give her those outfits, and use change view to have her wear them.

>The game may give you errors because it is glitched after giving her the items. Just choose 'ignore' and continue with the game

>On Monday, Wednesday, or Friday Evening she will be laying on your bed looking at a magazine. Click on her and you will get a little dialogue

>Go to sleep and you will wake up to a scene where Rei asks for a dildo. Go to the supermarket and buy one.

>When Rei is home (Weekday evenings or weekend anytime), give her the dildo

>Then on Monday, Wednesday, or Friday Evening, she will be sitting on her bed. Click on her and you will get a sex scene. Click on her when she is sitting on the bed during these times 3 TIMES for 3 SEX SCENES. The first is oral, the second is vaginal, the third is anal.

>You have now unlocked the option to have sex with Rei at home and in the office. Just click on her and choose to have sex.

>Now there is one more scene to get with Rei for now.

>Wait until Saturday at Noon, and click on the balcony of your house (in the living room it is just above the pool icon)

>She will be sitting on the balcony naked with an open robe. Click on her and choose “Have fun” for a mouth filling sex scene

>Okay we are done with Rei for now

## ANNA

>Now we are moving on to Anna

>During a weekday evening, go to the university restroom. Click on the hidden cam icon in the bottom left. You then witness a scene.

>The next weekday go into your office at the university to trigger a scene. This guy (Sasha or Alexander[the translation varies I guess]) wants to blackmail you.

>On a weekday afternoon at least a day after this last scene you must go here and click Sasha’s face:

>This place is located next to the beach

>You will see a scene

>Now on Wednesday Evening, in your living room (house center) talk to Rei about Anna

>You now have to choose who will be bait

>Supposedly this choice changes the nature of the main character. So I'm assuming choosing for Rei to go (which she will be raped if you choose this) will maybe increase the MCs dominance. However, I chose to go myself and I got locked out of a submissive scene later on. So probably as long as you chose for yourself to be the bait, and then throw off the rapist you'll still be dominant.

Conversely, if you want to be more submissive, you may

want to choose to be the bait and let yourself be raped. It may be that choosing Rei as bait has no influence on your stats, just on the scene displayed.

>So choose the bait, do the typing minigame, and if you chose yourself to be bait then choose whether to throw off the rapist

>On a weekday morning, go to your university office and call Rei

>Ask her to call the guy in; you'll see a cutscene

>Go home and click on your bed for a sex scene with Rei

>Go to the supermarket and buy the sleeping pills and the camera

>Go into your office in Morning, Noon, or Afternoon to trigger a scene where you talk to the guy about what happened after she received the photos

>Go home and in the evening walk into the living room. This will trigger a scene followed by sex scene of the guy with Ana

>The next weekday, go into Anna's classroom (redhead) and click on the hourglass. Then click on the lips to interact with her alone (this is how you have sex with the

teachers at school after you've corrupted them). Say "Yes there is something..."

>Go into your office in the evening and a scene will trigger. Followed by a sex scene with Anna

>The next day, talk to Anna alone (go to her classroom, click hourglass, click lips)

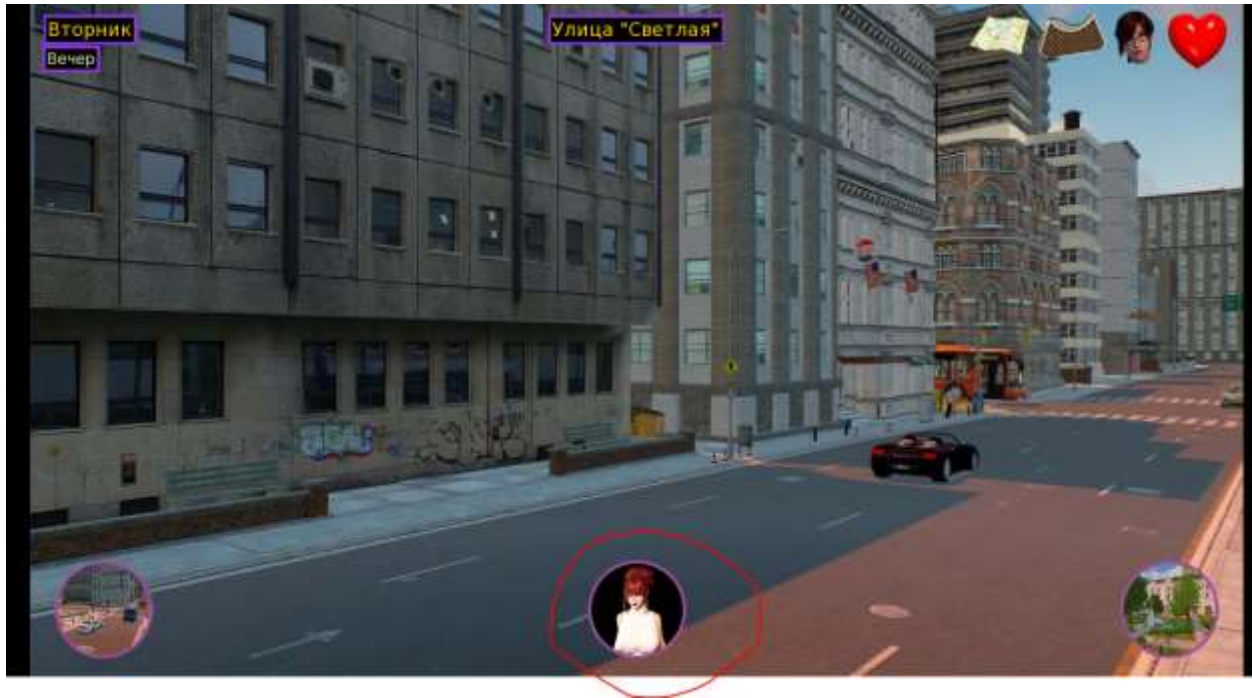

>Choose 'How is Alex doing'

>Then choose sex and pick whatever you want

>You then receive the keys to her apartment

>Go to her house in the evening on a weekday or anytime on the weekend

>Her house is located here (city, then third icon from the left):

- >Anna will be sitting on the couch, click on her and fuck boy will kick you out
- >Walk right back inside, go to the bedroom, and click on them for some short dialogue
- >Leave the apartment again
- >You can have sex with her when she is at school like Rei. Just use the method described before (repeatable sex events).
- >That's it for Anna for the moment. Now we're going to work on Megan

MEGAN

>This could have technically be done earlier I think. After the 7<sup>th</sup> gaming day I think. But we're doing it now.

>On a weekday Evening. Go into the teacher's lounge having at least 3 hearts in agility (dexterity). Teacher's lounge pictured here:

>This will trigger a scene where you will watch Megan masturbate

>Wait at least 3 days and come back to the teacher's lounge in the evening with those 3 dexterity points

>You'll watch her masturbate again

>Go back inside the teacher's lounge and pick up the vibrator from the table (pictured here):

>The next weekday talk to Megan in her classroom

>Choose "Show her the vibrator"

>In the evening, go to the city center, and then to the street where the gym is and click on Megan on the sidewalk:

>You'll go on a nice date with Megan

>The next weekday, go to Megan's class at noon and talk to her. Choose 'Check the plan'

>You'll go with her to a lingerie store

>Talk to her class during the next weekday (by the way. In case it hasn't been clear beforehand, every time I say 'The next weekday' that means that any weekday that is at least one day after today. You don't have to specifically do it that next day. You can grind up money or stats if need be if you don't want to use the cheat icon in your room)

>Ask her "How did everything go?"

- >Go to the supermarket and buy the aphrodisiac from Veronica
- >Go home, wait until the evening and walk into the living room
- >A scene will trigger where you go to Megan's house
- >You will need to do a typing mini game
- >If you get an error when Megan puts you in the closet choose ignore. Always try to ignore the errors.
- >Now you get a nice sex scene with Megan
- >The next weekday, attempt to enter the university and a scene will trigger with Megan.
- >You can now activate the repeatable sex scenes with Megan at school (to reiterate, go to her class, click on the hourglass, click on the lips, and choose have fun)
- >That's it for Megan for now (her apartment is supposed to open in later updates with additional scenes)
- >Now we move on to Tanisha

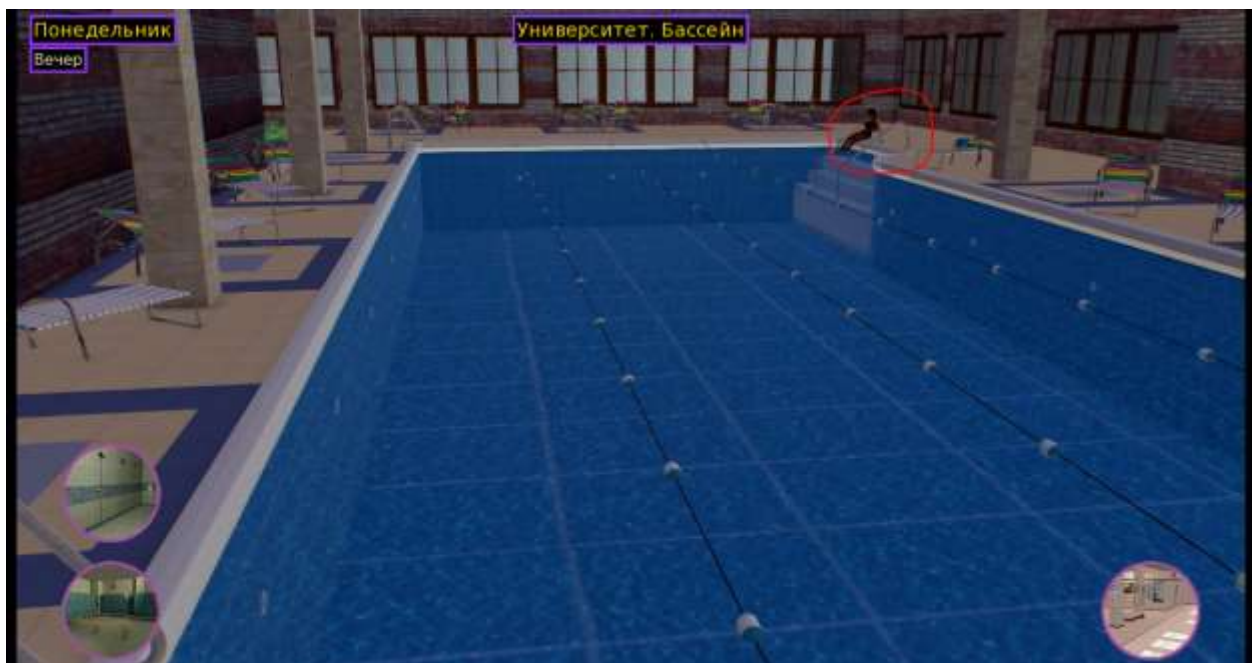

### TANISHA

- >On a weekday, during university hours, go to Tanisha's class and click the eye to watch:

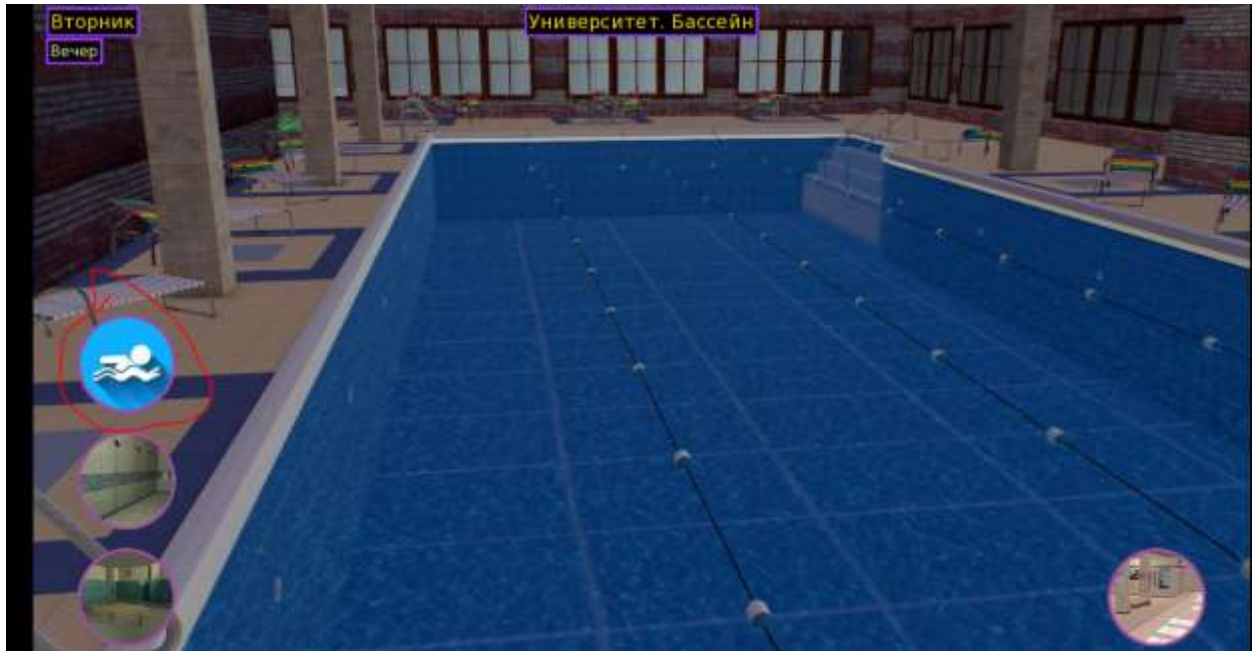

>Then in the evening, go to the university swimming pool and click on Tanisha:

>The next weekday go back to the pool in the evening

>Click on the swimming icon:

>A scene will trigger

>The next weekday morning, go to Tanisha's classroom (the pool)

>A scene will trigger where you find her drugs

>The requirements for the next scene are having 6 hearts in beauty and then going to the city on any weekday except Friday. HOWEVER, you want to HAVE MAX HEARTS FOR EVERY STAT. Otherwise you won't have the option to break free, and you will be forced to be raped. You can still choose to let it happen with the max stats. Go to the area where the gym is and click this guy:

→ Also this is where Megan's apartment is

> After a bunch of dialogue, you can resist the rape or don't. It will probably affect the submission stat.

> You'll now witness a sex scene with Tanisha

> Go to the university the next day and you will see a cutscene between Rei and Tanisha

> You then get the keys to Tanisha's apartment. There are repeatable scenes there and at the university (1 in the pool, 2 in the gym). Her apartment is here:

>Note that you can rest at these girls' apartments to advance time

>This first time you meet her at her class and at her apartment there is extra dialogue

>You should meet her at each before moving on (her schedule for being in either place is the same as all the other teachers. Apartment> Weekdays in the evening, weekend all day. Classroom> Weekdays morning to afternoon)

>That's it for Tanisha. Now it's time to work on Ellie.

## ELLIE

>During university hours, go to Ellie's classroom here:

>Talk to her alone and choose 'Chat'

>The next day, go to her class and choose to watch it.  
You'll see a scene about a "disruptive" student

>Okay now we are going to take a left turn and deal with Anna bit more.

>On a weekday evening, visit Anna in her classroom (her icon will appear on it):

>You'll see a sex scene with Anna and the fuck boy. And then you'll see a sex scene with Anna and the MC.

>Okay now back to Ellie. The next weekday, talk to Rei in your office and choose 'Arrange a Meeting'

>Then, in the evening, go to the teacher's lounge and a scene will trigger

>The next day talk to Ellie in her class

>You'll want max stats for this next part (specifically I think 4 strength and maximum attractiveness) Go to her classroom in the evening (her icon will appear over the classroom)

>After a lot of dialogue you will have a choice of how to deal with the police. This will probably affect your

submissiveness and male sexual activity trackers. Beat them to be dominant, suck them for the opposite, if common sense says anything

>Go to your office the next day and a scene will trigger. You have to choose now who from your harem you will allow Ellie's husband to fuck. If you choose yourself, and then take the container of sleeping pills on your nightstand, you can prevent him from fucking anyone: pictured below. However, this choice only appear in the playthrough where I was letting everyone bone me to get out of problems. When I was beating people up to resolve my issues, I was not presented the choice to whore myself out to him. Whether this is because I let the MC fuck dudes, or because she is submissive is up in the air.

>Go home, pick up the sleeping pills, wait until the evening and walk into the living room (you don't need the sleeping pills if you didn't choose yourself or want to get fucked, however they don't hurt to pick up)

>Specifically, if you've picked up the sleeping pill and chose yourself you will be given the choices: 'Suggest yourself to Felix' (threesome unlocked) or 'Give Rei the sleeping pill' (Rei will use it to knock Felix out. Felix will fuck no one)

>Choose what you want

>No matter what you choose or who you whored out, at the end you can choose to force Ellie to get a divorce or not. If you want threesome scenes with Felix, Ellie, and

yourself in the future then choose to keep them together. If you want Ellie all to yourself then make them divorce.

>The next weekday, visit Ellie in her classroom and talk to her alone and have sex with her.

>You now have a couple repeatable scenes with Ellie in the classroom. Her apartment scenes are coming in future updates.

>That's all for Ellie for now

>Now we're going to work on Helen and Sophia

## HELEN AND SOPHIA

>Start by using the toilet in the university

>Now go talk to Helen in her classroom (the last blonde teacher uncorrupted)

>Choose the chat option (it's untranslated currently; I don't know what it says)

>Call Rei into your office and choose 'Arrange a Meeting'

>Go to the teacher's lounge in the evening

>Now you have to choose who you want to go on the Helen home invasion with you. You will get a sex scene with whoever you choose. If you choose Tanisha, I believe you can unlock some pee fetish scenes at her apartment after (I think after you have sex with Tanisha in her apartment you have a 50% chance of invoking a

special pee fetish scene if you took her to the home invasion and chose pee related choices)

>After making your choice, the next weekday go into your office and you will get a cutscene with Megan giving you Helen's home keys

>Then in the evening, go into your living room and you will see this mask icon:

>Click on it to begin the invasion

>For some reason I was given the option this time to skip the minigame, I don't know if it is because I completed it once or not. But if you have to play it, you click the locks in their proper order (#1 then #2 then #3...). If you can't see a lock because it is hidden, then just click any locks

on the screen and they will shift around a bit). This one is a tad rough, but do you best.

>You can search around and click on what you want, but in the end you need to click on the computer twice. First time examines it and the second time allows a password to be inputted. The code is her birthday “21071982”

>After that click on the TV

>After that you’ll get a sex scene with the girl you brought along. I tried all of them; it is worth it to save scum and try all of them.

>Now wait until Saturday Night. Go to the area left of where Megan’s house and the gym are. This was where you got the free spy cam. There will now be a stripper icon. Click on it:

- >After the cutscene choose to 'Recruit' Sophia
- >More cutscene will follow and Sophia will come to live with you
- >Go to the beauty salon in the city (same area as the gym)
- >Come back to the beauty salon on Monday
- >After some cutscene you will corrupt Helen. You first must choose whether to allow her to keep working at the strip club or quit. I'm uncertain of the exact consequences but it is likely that if you want her to yourself you may want to play it safe and make her quit.
- >The next weekday morning go to the university

- >You'll give a speech and get blown by Helen
- >You'll automatically get a spanking scene with Helen following this
- >You won't be able to have sex with Helen in her classroom for 1 week
- >Just go home and wait a week. Choose sleep until night and then sleep 7 times
- >After you've waited a week, go to her classroom during university hours and talk to her alone
- >Choose whatever sex option you want, they are all repeatable
- >You'll get a cutscene
- >I think that's it for Helen for the current update
- >Now it's time to work on Sophia
- >On Monday, Wednesday, or Friday morning go to the toilet in your house
- >On Tuesday, Wednesday, or Thursday evening go into the living room of your house. If it doesn't work immediately, exit the house and reenter. You'll see a catfight scene between Sophia and Rei.

>On Monday, Wednesday, or Friday at any time go to the toilet at home. This scene may awaken fetishes in your main character. If you don't like pee scenes, then don't pee on her. You can choose to Forgive, Punish (spank), or Humiliate (Pee on her)

>Go to sleep at night in your house and you will see a cutscene

>In your living room in the evening click on this icon which appears:

>You are taken to a church to try to get the item that belongs to the ghost.

>Click on the fireplace and the bedside table in the first room

- >Go into the second room and click the clock. After the text click on it again and choose "Try to move the clockhands"
- >Move the first and seconds hands to 10 (10:10) (Enter 10 for each choice)
- >You'll hear a bell toll and the bathroom is unlocked
- >Next go into the bedroom and click on the TV in the bottom right corner
- >"Try to enable" the TV
- >Choose "Try to adjust the volume again"
- >Go into the bathroom and click on the rags on the shelf in the upper left corner
- >Choose "Snoop in the underwear". You get a key.
- >Go into the first room and click on the bedside table again. You get half a photo and a lever
- >Click on the fireplace
- >Go into the bathroom and click on the sink
- >Try to draw water (the only option that isn't "move away from the sink)
- >Go into the bedroom, click on the pillows, and choose "Peek under the bed". You get a poker

- >Go into the first room and click on the fireplace
- >Based on your submissiveness you will either get fucked by the possessed Sophia or you won't
- >After the cutscene you'll be put back into the room from before you fell
- >DO NOT CLICK ON THE DOOR AND LEAVE YET!
- >Go into the bedroom and click on the desk by the window
- >Choose "Insert the lock into the notch on the table door"
- >You get the other half of the photo and it is implied that you will be able to come back and fuck the nun later
- >Now go back into the first room and click the door to leave
- >Any day, in the evening, click "watch tv" at home to trigger a threesome sex scene with Rei and Sophia
- >After this event, click on Sophia at home at any time
- >You have to give her a name you will call her in private. This can be changed at any time by talking to her at home.

- >Go to sleep that night and you will get a scene about visiting Veronica for a computer
- >You can now have repeatable sex with Sophia around the house. The sex scenes are tied to a location. There is a sex scene for her when she is in the kitchen and one in the living room. Just click on her and ask to have sex. There is also supposed to be a sex with her in the bedroom after buying a “special toy” from Veronica on the second page of her list of good.
- >You can also ask her to sleep with you in bed, and you can buy her a slave and/or maid outfit
- >Go to the supermarket and talk to Veronica
- >Choose “Ask about buying a computer”
- >Choose “Pay”
- >You’ll get a sex scene with Veronica
- >The next day, in the evening, walk into the living room to trigger a scene. You’ll get a sex scene with Veronica
- >You now have a home office you can go to. You can use this computer to view the scene replay gallery (though it is extremely incomplete at the moment)
- >Now we’re moving on to the nurse Katya

## KATYA

- >Having 1 heart or more in attractiveness (again just keep your stats maxed), during university hours, go into the nurse's office and click on Katya to trigger a scene
- >The next weekday, go back to the university nurse's office and click on Katya while having at least 2 hearts in attractiveness and 3 in agility
- >This will trigger a typing minigame, and you will save her from falling
- >Now on Saturday Morning, Noon, or Afternoon go to "Solar" located next to the beach here:

- >Click on her icon. Sex scenes with other characters become temporarily locked after this.

- >After a typing minigame you will save her
- >Then you'll get a sex scene with Rei and Sophia
- >The next weekday during university hours go into your office for a scene
- >Now with 4 or more hearts in attractiveness, talk to Katya in her office (nurse's office)
- >The next weekday, visit the nurse's office in the evening and click on her
- >You'll get a sex scene with Katya
- >The next weekday during the evening, visit her office and click on her again for another sex scene
- >The next weekday, during university hours, visit the nurse's office for a sex scene
- >Katya is now corrupted and you can have sex with others again
- >The next weekday, enter the university for a scene
- >Visit Katya in the nurse's office on a weekday. You get her apartment keys and the option to have repeatable sex with her in her office (just like the rest of them).
- >You can also have repeatable sex with her in her apartment when she is there (weekday evenings and

weekends all day). You can also, like the other teachers, sleep in her bed.

>You get an introductory scene when you click on her in her apartment for the first time (as is standard)

>That's it for Katya for now. Now we're moving on to the porn studio story line.

## PORN STUDIO

>Go to the Solar on Friday at any time before the evening

>Click on this icon:

>Take a mental note because this is where the porn studio will be located going forward

>Go to your university office during university hours and call Rei to your office. Choose “Arrange a Meeting”

>In the evening, go into the teacher’s lounge to trigger a scene

>Next Friday Morning, enter the living room and a scene with Rei will trigger in the bathroom

>In the evening, go into your university office and click this icon:

>After a cutscene, you will have to do a typing minigame to hide from the guard

>The next day during the evening, go into the porn studio and talk to Goodman in his office

>Now as a side note during the playthrough where I left Ellie together with her husband, her apartment opened here and I could get 2 threesome sex scenes with her and her husband. I'm assuming the apartment scenes with just her will be added in a future update:

>After talking to Goodman, you will get another task and Rei will break the news to you

>The next weekday during university hours, call Rei into your office and "Arrange a meeting"

>Go into the teacher's lounge in the evening

>Thursday Afternoon, go to the park and click on this icon:

>A guy will walk over to your hiding place needing to take a piss. You can choose to “Get up” to avoid getting peed on, or you can choose “Wait” to get peed on

>Next you will be taken to prison where you can either “Suck” or “Resist” (you may be forced to resist if you are too dominant, I’m not certain)

>The next evening, talk to Goodman in his office at the porn studio. You will need to choose your pornstar name.

>After a bunch of dialogue, you will get a sex scene with Yui.

>Talk to Goodman in his office the next evening

>In the evening, go into the porn studio lockerroom and click this icon:

>Do the first sex scene with Yui (blowjob)

>The next day, in the evening, return to the porn studio lockerroom and initiate the second sex scene with Yui (sitting anal)

>The next evening repeat that process to get the third sex scene with Yui. You will also notice a scene with a male actor open up if you've had sex with enough men

>After that you've completed the porn studio storyline for this update. Now if you go home (Wednesday evening for me) a scene with pregnant Rei will trigger

>You cannot have sex with her while she's pregnant. So scenes with her will be locked until she has that baby (later updates)

>We're going back to work more on Anna for the moment

## ANNA

>The next day, during university hours, enter the university

>A scene will trigger where the girls give you flowers after finding out that Rei is pregnant

>For two small little scenes, you can talk to Rei at home about the baby (you'll have that new dialogue choice now). And if you see Sophia on the couch watching TV, you can attempt to watch TV and she will offer herself as a footrest

>Wait 3 days (the flowers scene triggered on Thursday for me, and the new office was there on the next Monday), and enter your university office. The new office will be there.

>A cutscene will trigger and at the end of it, if you have the special addition, a threesome ass to mouth scene will be available

>There will now be a room attached to your office where you can click on the bed to rest (advance time) and there is an icon you can use to masturbate

>Walk into your office and click on the computer during university hours. Click on the spy cam, and then click on the bathroom to trigger a scene with Anna and Alexander. If it doesn't trigger, wait a day and try again.

>During university hours, talk to Anna alone about the toilet case

>During university hours talk to Tanisha 'About Alexander Popov'

>Now on Tuesday or Thursday Morning, go to the university locker room (click on the gym icon, then click the locker room icon below the shower icon)

>Click on the magnifying glass icon pictured here:

>Now on a weekday before the evening, go to Anna's apartment. In case you forgot, it is located in the city next to the university here:

>Go into the bedroom and click on the closet here:

>You'll find Alexander's flashdrive

>Now click on his computer to the right

>Go to the supermarket and talk to Veronica. Choose to "Ask for help in Anna's case"

>Now go back to Anna's apartment when she isn't there (Morning through Afternoon on a weekday)

>A cutscene will trigger where Veronica will hack into the computer

>Now go back to Anna's apartment when they are both there (weekday evenings or weekend any time) to trigger a sex scene

>Now you have to choose to “Get rid of Alexander” or “Leave him at the university”

>If you choose to GET RID OF HIM then follow these instructions:

→ During university hours, talk to Megan, then Ellie, then Hellen, and then Tanisha about spoiling Alexander Popov’s grades

→After you talk to the last teacher (Tanisha), wait 7 days

→Then during university hours, go into your office

→Now go talk to Anna about Alexander’s bad grades

→Now after 3 days talk to Anna in her classroom.

Choose ‘How is your son?’

→Anna will reveal that the military has given him a summons

→For later versions, I think you will just need to keep waiting a few days and then talk to her in her classroom until Alexander is shipped off to military school. Then I assume her apartment scenes will open. Until then however, I think this is the end of the content here.

>If you chose KEEP HIM AT THE UNIVERSITY

→Anna's apartment scenes are unlocked when she is at home. If you click on Alexander in his bedroom when he is there, you will see a small scene about Yoga, and then you can talk to him again about Threesomes if you want

→You can now use her apartment for sleeping and bathing (the usual)

\*That's all the content I could find for this version.

\*Here is the translated developer walkthrough if you want to look at that:

IMPORTANT! The main point is that the character's characteristics are acting as an "activator".

That is, the button / dialogue / event will not appear until the character gains a certain value of a particular characteristic.

Ideally, having the maximum number of "hearts" in all respects, everything that is available in the current version of the game will be revealed to you.

==== For those who play without cheats

=====  
=====

Every two days, the characteristics decrease by 1 heart.

So that the game does not turn into a "simulator of a trip to beauty salons / gym", the possibility of free "maintenance" of stats at the level at home of the main character will be added.

So far, this has only partially been implemented with "pretentiousness" - taking a bath or shower (once a day), shaving in the bathroom (once a week) or tanning by the home pool (once a week).

Performing these procedures, the character can not spend money on regular visits to the beauty salon, saving money on other things.

In future versions of the game, I will add a similar support system for "strength" \ "dexterity".

Passage of storyline characters (spoilers):

==== THE KEY WITH CHEES IS LOCATED IN THE BEDROOM OF THE MAIN HEROIN =====

=====

=====  
=====  
=====

SASAKI REY:

\*\*

\* Having at least one heart in "attractiveness" call to your office, select the option "try to talk".

\* On Tuesday or Thursday, try to call her to your office. We are watching the scene.

\* Having four or more hearts in "excellence", call to your office, select the option "chat".

\* SATURDAY AFTERNOON, enter the park. Click on Rei sitting on the bench.

\* On Monday, Wednesday or Friday, having three or more hearts in "strength", go into the park in the EVENING.

\* Call to your office, any day after the previous event.

\* The next weekday, call Rei to his office, watch the scene.

\* ON SATURDAY EVENING, at the main character's house, the "call" button Rei will appear, watch the scenes, go through.

On this, her "main quest", at the moment, ends, but not her participation in the game. After the main quest, a mini-quest becomes available, after passing which, video scenes with her participation will open.

After trying to have sex with her, we go to the store and buy her a Kama Sutra. (Provided that the seller's quest was completed at least until the underground store was unlocked.)

We give Ray a book, and then, on WEDNESDAY, FRIDAY or MONDAY, in the EVENING we go into the bedroom, click on Ray. After, she will approach herself, and will ask to buy her a dildo.

Buy-give. Further, on MONDAY, WEDNESDAY or FRIDAY, EVENING, we go into the bedroom, click on Rey, and watch the scene. After each of them, at home and in the office at work, new video scenes become available.

After the third time, the main character will announce the completion of training, as well as all videos from Rey in the current version of the game will be unlocked.

New scene at 0.6 - Saturday, noon, balcony. Also, Ray is involved in some scenes of Sofia.

=====  
=====

Veronica (seller in the supermarket):

\* Having 2 hearts in "attractiveness" to speak with Nika, select the option "I just watch"

\* After that, when the heroine finds out about the virus on her computer, we go to Nick and ask for help to cope with the infection. \* The next day (or any other day), in the MORNING, we go to our office. Nick comes, treats us a computer. (After that, a gallery of unlockable, as you progress through the images will open on your computer. But, at 0.2 I did not have time to add it.)

\* Having cured the computer, the heroine decides to get hidden cameras. We go to Veronica, we ask. (The quest for cameras opens, which is also a quest for one of the characters 0.3, in this regard, it will be finalized by the time it is released.)

\* If GG has 100 units or more, local currency, an NPC will appear on the left of the entrance to the supermarket, near the wall. Sits all the time, except for the night. It can be difficult to notice, but if the virus is cured, you asked about Veronica's cameras and you have 100 "credits" - it will appear 100%.

\* We speak with him. Further, having 4 "hearts" in agility, enter the park at night.

\* The next morning, we go to Veronica, show the record. After the dialogue, select the "erase" option. You can select and "leave a record", but, at 0.2, there is no content in this option yet.

\* On any other day, go to her EVENING, watch the scene.

\* In the last stage, you will need to defeat Nika in the card "fool" 3 times. If it does not work out at all, after 3 defeats a menu pops up where you can skip the game. (Yes, she plays well, but I defeated her myself)

After the game, we watch the scene.

The next day, go to her, select the option "fool around"

After that, all video scenes with her participation will become available. Every night, she will be waiting for you on a distant beach.

After Ray suggests that you buy a computer, we'll go to work at Nick's place, WE PAY 1.5 thousand local shekels, and watch the scene. 2) The next day, in the EVENING, we go into the central room of the house of GG. After that, a "home office" will open at home with all the computer functions at work.

=====  
=====

Anna Popova:

After installing the hidden camera in the toilet, the next day, a student will enter the office. We are watching the scene.

In the afternoon, on a weekday, we go to Solnechnaya St., click on the icon of Sasha, and watch the scene.

After that, to advance on Anna's quest, you need to complete the Ray quest. Including training.

When Rei is "finished," talk to her IN THE HOUSE CENTER, ON WEDNESDAY, select the "talk about Anna" option.

The following is a selection. Visually, it does not differ too much, and the final result will be the same. But, the choice will affect the change in the nature of the GG.

On a weekday morning, we call Rei into the office and ask to call that guy. watching the scene.

We come home - we go to bed.

The next day, we go to the store, buy sleeping pills and a video camera.

We leave in the central room of the house, in the EVENING. We are watching the scene.

The next weekday, we go to Anna's class, we talk. Choose the option "there is something."

We go into the office in the evening - we watch the scene.

After that, 3 video scenes are opened in the classroom, with the participation of Anna. Choose any, we get the keys to her apartment.

We go to her house, in the evening on a weekday, or at any time on the weekend. We say we watch the scene.

We go to her at night, go to the bedroom - watch a mini-sketch.

After, we periodically check in the evening her class, sooner or later, another scene will appear (at the right time, Anna's icon will appear under the icon of her audience)

Next, we wait until the new office appears in GG.

After, we wait another 1 day, we go into the NEW office on a WEEKDAY, poke on the computer => hidden cameras => toilet camera. We are watching the scene.

Next, you need to find incriminating evidence. The actions below can be done in any order.

1) We go to Tanisha, and ask to look after Alexander at the physical re. Physical education at Sasha's TUESDAY AND THURSDAY, in the MORNING. We go into the locker room at this time, and poke around on his phone.

2) We go home to Anna (when she and Sasha will be at the university. That is, during the day on a weekday) and search the apartment. (just click on everything that you can click on. Sooner or later, GG will find what you need)

We find the flash drive, and find out that the computer is password-protected.

We go to Veronica, and ask to help us with a computer.

We go to Anna's home when it's empty, we watch the scene.

Next, we go to Anna when they are both at home. We are watching the scene.

After, the choice follows:

1) Leave the guy.

2) Get rid of him.

There is no "bad" choice. Both options end "well", and the option "get rid" of Sasha, added only for those players who simply want to "remove all competitors and leave the woman just for themselves."

If you choose this option - you need to talk with all the teachers (after their conquest) about Sasha, and ask spoil his grades. Then we wait a week and go to the office, watch the scene. Next - go talk with Anna.

Waiting again, talking again. And so several times.

When you need to talk, and when to wait, it will be written in Anna's statistics (a "heart" with statistics and tips for all heroines)

If you choose to "leave" Alexander, you don't need to do anything. All scenes of Anna's house are unlocked, and all functions (rest, sleep, shower, etc.) The scenes "together" are selected through dialogue with Anna. To choose a triple, you will need to talk with Sasha in the bedroom when he is at home.

Megan Cross:

On the seventh gaming day after the start of the game, or any other, from this moment, having 3 "hearts" in agility, we go into the teacher's evening.

Three days later, again, having three hearts of dexterity, we go into the teacher's office again.

We pick from the table in the teacher's vibrator.

The next day, talk to Megan.

In the evening, we come to the "Youth", click on Meg, watch the scene.

The next weekday, we go to Megan in the class at NOON, wait for the end of the couple, we say. Choose the option - "discuss the plan." We are watching the scene.

We come to her again on a weekday, we ask how everything went.

We go to the store, buy an aphrodisiac.

We are waiting for the evening at home, watching the scene.

Victory: D

The next weekday, after a short scene, 3 video scenes from Meg open (4 for \$ 10 and above rounds)

So far, only in her class. Megan's apartment, and new content with it will appear in 1.0

=====  
=====  
=====

Tanisha Simmons:

1. When the quests Rei, Megan and Anna are finished, we come to Banisha to Tanisha for a lesson, click on the eye.
2. We arrive at the pool in the evening, click on the noticeable icon of Tanishi sitting on the edge of the pool.
3. Again we arrive at the pool in the evening, click on the swimmer's icon
4. In the morning we go to the tanish for classes. We are watching the scene.
5. Having 6 hearts in attractiveness, we go to the "Youth" in the evening. This should be done on any WEEKDAY, except Friday, click on the Chinese, or Japanese ... Or Korean ... For your taste.  
(It will be highlighted if you move the mouse over it, only about this to anyone!)  
If not, wait one day and return to Youth in the evening.  
An alternative scenario will be available ONLY IF GG has MAXIMUM STRENGTH AND AGILITY.

After that, scenes with Tanisha will open. 3 for \$ 1 and 5% of cartridges, and 4 for \$ 10 and above of cartridges, and also GG will receive the keys to her apartment.  
She lives on Mirnaya Street.

In her apartment, for now, there is one common scene, and one bonus scene for subscribers from \$ 10 and above.

!!!!!! The third scene is a "random event", and opens ONLY if you select Tanishu in the quest about "going to Helen's home", and at the right time, select the option "hide in the bathroom". If all the conditions are met, after any sex scene at Tanisha's house, there is a 50% chance of getting into a special "sequel". The development of this scene already depends on the preferences of the GG itself. Ideally, if you choose the option so that Tanisha "drank everything" when she and HG were hiding in the cabinet, in the bathroom of Helen's house - the scene will be guaranteed to be unlocked, and it will be invoked, as has already been written, after any sex scene at Tanisha's house, with a 50% chance. A WARNING! The scene is very specific and may not be suitable for everyone. If you are embarrassed by a "pi-fetish" -

Ellie Fisher:

1. Having 2 hearts in attractiveness, talk to her after a couple.
2. In a day or two, on a weekday, select the option "watch" on her pair.
3. Wait for the completion of the stories Rei, Tanishi, Megan and Anna. Call Rei at the office (the next day) and ask to arrange a meeting.
4. Chat with Ally after a couple.
5. Go to her class in the evening.  
At the end of this story, GG will have a choice of three options: Fight (need strength - 4 hearts), pay off (GG lose all money) or "persuade" (need maximum attractiveness)

6. Go to the office the next day, watch a sketch. Choose one of the heroines. If you choose yourself, you will be able to get on the first triple in the game.

And if you choose yourself, and on the same day, before evening, go into the bedroom of GG and find on the table a can of sleeping pills left over from Anka, the option to "save" everyone, including GG's ass: D

7. look at the scene, choose the fate of the Fisher family.

Until the end: D

Ellie's apartment, a new scene with her and her husband, or only with her (if you chose to separate them) - at 1.0

I recommend skipping it.

SOFIA:

Sophia has already been conquered by us, so for her plot, characterization does not matter.

\* On Monday, Wednesday or Friday, in the MORNING, go to the toilet. watching the scene.

\* On Tuesday, Wednesday or Thursday, EVENING, go into the central room of the house of GG. Just GO. That is, just waiting in the hall until the evening does not work.

You need to go out and go back.  
watching the scene.

\* On Monday, Wednesday or Friday, AT ANY TIME OF DAY, go to the toilet at home.

watch the scene, select the option. The possible "birth" of some fetishes in Sofia will depend on the choice.

\* Go to bed. We are watching the scene.

\* In the evening, click on the new button in the central room of the house of GG.

- \ - \

- \ - PASSING A MINI GAME - \

\* Click on the fireplace and bedside table in the first room

\* We go into the second room, poke on the clock. After the text, poke again - enter: hours - 10, minutes - 10. (a hint for entering numbers - a piece of newspaper in the bedroom "October 10 fire occurred (10/10)")

This action unlocks the bathroom door. Next, go to the bedroom - turn on the TV, adjust the volume again.

\* We go to the bathroom, under the rags in the upper left corner we find the key.

\* We go to the first room, open the box with the key on the nightstand by the window, get the lever and half of the photo.

\* Insert the lever into the recess under the fireplace.

\* We try to draw water in the bathroom - it does not work out. We go into the bedroom, look under the bed.

\* We get the poker to the button - the mini-game is over, we watch the scene. There are two outcomes of events, but the worldview of the GG has already changed, and one of the options will not be available to you, depending on the style of passage.

After the scene, to unlock the secret scenes (will be added in the future) before leaving, we go into the third room and work with the table.

We insert the medallion into the door, take out the second half of the photograph.

- \ - \ - \ - \ - \ - \ - \ - \ - \ - \ - \ - \ - \ - \ - \ - \

\* Returning home, on any day, in the evening we press "watch TV" at home, we watch the scene.

\* Later, at any time, click on Sofia at home, watch the scene. Victory: D

After that, 4 scenes open with her. Unlike sex at home with Rei, Sofia does not have a scene selection menu. Each scene with it is tied to a specific location.

So, just select the appropriate item in different rooms. (kitchen - 2 scenes, hall - 1 scene, bedroom - bonus scene)

The bonus scene opens after the purchase of a special toy from Veronica, on the "second page" of the list of goods.

Also, Veronica opens 2 outfits for Sofochka, after completing her plot. The costumes, for now, are the same as Rei's, but with differences.

In the future, I plan to slowly expand both the wardrobe.

Katya (nurse):

\* After passing the story of Rei, a nurse is arranged for us.

\* When we have passed the chain of Sofia, having 1 heart or more in attractiveness, we go to Katya. Click on it, look at the scene.

\* Having at least 2 hearts in attractiveness, and 3 in agility we go to Katka. (If Helene's story is completed)

\* On Saturday morning, at noon, or in the afternoon, we go to the "Solar", and click on the Katya icon.

(After this event, all unlockable scenes of ALL characters will become temporarily unavailable)

\* We go to the office, watch the scene. Next, with 4 hearts in attractiveness, we go to Katya at work, click on her, look at the scene.

\* On any other day, except weekends, go to Katya in the evening, click on it, watch the scene.

\* Repeat the previous paragraph.

\* We go to Kate at any time, on a weekday, watch the scene. Victory: D

After, with Katya, 3 video scenes open, and again all already open, all the other characters become available.

PORN STUDIO:

\* After completing the story of Katie, go to the "Solar" on Friday, at any time of the day, except for the evening. Click on the desired icon. We are watching the scene.

\* We ask Rei to arrange a meeting. In the evening, we go into the teacher's room and watch a sketch.

\* Rei will "get sick" next Friday. All scenes with her participation will temporarily become unavailable. In the evening we go to the office in the university, click on the new icon, watch the scene.

\* We go to Goodman, at any time.

\* We arrange another meeting.

\* Next Thursday, AFTERNOON, we go to the park, click on the icon with the naked GG. We are watching the scene.

(Akhtung. Depending on the elections, some fetishes will slowly appear in the GG. Well, or they won't.: D)

Also, depending on how you went through the game, some options \ video scenes \ options may not be available.

\* The next day, again going to Goodman. We are watching the scene.

\* And again we go to him, we speak.

\* We go to the porn studio, go to the locker room, click on the new button. From this moment, the plot is interrupted, and a gradual unlocking of the opened video scenes takes place.

The button appears in the evenings, daily.

First, three scenes with Yui, in turn. One a day.

Then, with a certain passage, one (for now) scene with a male character opens.

Achtung N2. At some point, Ray's stomach will grow back, and all the scenes with her participation will be blocked. So far, permanently. She will give birth in future updates, then they will open.
