

Angelica's Tamptation From the beginning

Walkthrough

Ver. 0.2.7

Obs.:I'm not a native English speaker, my English is pretty broken, so I apologize for any mistakes ahead.

Understanding the need of a guide to make it easier to find all the ten routes I tried to make this walkthrough as easy to understand as I'm capable of.

Stats

The stats that are currently present in the VN fall into three types, Initial stats, route stats and the main ones.

Initial/temporary stats: The function of the initial stats is to define the route you want to follow. And temporary stats are there to follow a specific event.

Route stats: Route stats are the ones that are going to decide which type of ending you will get in the story, the more route stats you get the better the ending.

Main stats: Main stats are there to dictate Angelica's relationship with all the other three protagonists, if they are friends, lovers or love rivals, depending on the path that you are. But also to define her behavior as a nymphomaniac or as a faithful wife.

The Routes

The game is divided into ten routes, which are the following

The Slutwife Route

Faithful Wife

Cuckquean

Hotwife

Angelica's a Domme

Lesbian lovers

Slutty friends

Love Path

Mark's Harem

The Bull Path

Angelica's Route

The Slutwife Route: In this route Angelica will chase to regain her older ways and here freedom, she will turn in more of a nympho the further she walks down this path. (Cheating, Cuckolding, Gangbangs, Henry's humiliation and all that ;D)

Here are the choices to find this route

"Yes, I'll be there in 10"

Aria_love + 1

"Accept the kiss on your lips"

Aria_love + 1

Aria_intimacy + 1

"Let her do it and stay to watch it"

Aria_intimacy + 1

Angel_nympho + 1

"Sure..."

Slut_points + 1

"Offer him a taste"

Henry_humiliation + 1

"Tease him..."

Mark_love + 1

Mark_intimacy + 1

Angel_nympho + 1

Faithful_points - 2

(In here since you have a Slut_point you won't be able to kiss Mark)

"Not today, but who knows what might happen when we are on good terms, and living under the same roof?"

Mark_love + 1

"Agree with Mark, mock Henry..."

Henry_humiliation + 2

"Join then"

Mark_love + 1

Aria_love + 1

Angel_nympho + 1

After this point if you have intimacy enough with Aria you will get a scene of they Making out in the kitchen. And after this point no other choice or scene will depend on that stat.

"Take it off" (For this choice you will need at least `Mark_love = 3` and `Aria_love = 3`)

`Mark_love + 1`

`Aria_love + 1`

`Angel_nympho + 1`

"Enjoy it"

`Mark_love + 1`

`Aria_love + 1`

`Angel_nympho + 1`

"Go take a peek" (For this choice you will need at least `Angel_nympho = 5`)

`Angel_nympho + 1`

"Enjoy it" (For this choice you will need at least `Aria_love = 4`)

`Aria_love += 1`

`Angel_nympho + 1`

"No, it all because of my disorder" (This choice is important so you don't get romantically involved with Mark)

"...Alright, but just so you can feel at home ..." (This choice is important for 1 simple reason, you will need cash in the future.)

`markmoney = True`

"I guess it's the effect of having a real man in the house."

`Henry_humiliation + 3`

"It's a risk worth taking..." (This is me hating myself, because of this I'll have to render scene is double because Angie butt will grow faster after she start taking those.)

`Angel_nympho + 1`

`hormone = True`

"And who said you don't have a chance?"

`Mark_love + 1`

"So I decided, if I don't get some meat you won't either..."

`Henry_humiliation + 3`

"Wear something revealing..." (Because you have no feelings for Mark, Angel will only tease him by peaking this choice, and will also open the relationship between Mark and Claudia, if you want to see that choose this one, otherwise pick those second option)

`Mark_love + 1`

`Angel_nympho + 1`

(Now you will have three choices that will also define the future of the route)

"Although I really like you, it's only as friend..." (This choice will put Mark in the friendzone, which is the best option for this path if you want interactions with Mark without any future drama, with this he will basically treat Angelica like he treats Aria.)

fzmark = True

"Like I said before, it's all my disorder Mark..." (This choice is the best if you don't want Angelica to have any sexual contact with Mark)

killmark = True

"I'm too confused to give you a clear answer right now..." (This one can bring future drama with Mark, since you will be leading him on)

Mark_love + 1

"Insist for Henry to come with you too" (This choice is important so you don't start a relationship with Aria and don't raise your Faithful_points.)

"Stay with Henry"

"Don't do anything"

"Accept his proposition" This is where the Slutwife route start from here on it will be pretty straight forward, but to choose this you will need your Faithful_points to be less than 5)

There are other ways of achieving this path, but this is the more coherent.

Henry's Routes

Faithful Wife: In this route Angelica will fight for her marriage and try to make things work with her husband despite her nymphomania and Henry's ED, A path with a lot of temptation and struggles. (Not much sex in this path, more focus in her struggle to resist temptation and saving her marriage).

"I'll be there in 10, I'll be waiting for you in the car"

"Ask him to forget it, since it's all in the past"

Faithful_points + 1

"Agree with Henry, we need boundaries..."

Henry_Love + 1

"Stay with Henry" (you will need at least Henry_Love = 1)

Henry_Love + 1

"Just try to go to sleep" (If you did everything right this should be the only option)

Angel_nympho - 1

"No, is she crazy? I'm married..." (If you did everything right this should be the only option)

Faithful_points + 1

"But Henry needs you!"

Henry_Love + 1

"No, I can't and I won't"

Mark_love - 1

"Yeah, I guess it's better not to risk it..."

Angel_nympho - 1

"Look all you want because that's all you're going to get."

Faithful_points + 1

(There are two alternative path in this route, let's call it Path 1 and 2)

Path 1 Has more Sex!

"Wear something more conservative"

Faithful_points + 2

"It means I'm tired!" (There used to be other choice here but it was leading nowhere.)

faithfulwife = True

"Reject this Madness!"

Henry_Love + 2

There are other ways of achieving this path, but this is the more coherent.

Path 2 the ED path.

"Wear something revealing..." (Since you have no feeling for Mark choosing this option will push Mark to Claudia)

Mark_love + 1

Mark_intimacy + 1

Angel_nympho + 1

(Now you will have three choices that will also define the future of the route)

"Although I really like you, it's only as friend..."(This choice will put Mark in the friendzone, which is the best option for this path if you want interactions with Mark without any future drama, with this he will basically treat Angelica like he treats Aria.)

"Like I said before, it's all my disorder Mark..." (This choice is the best if you don't want Angelica to have any sexual contact with Mark)

"Go to the Club"

And this is where the cuckquean route starts, it will be pretty straight forward from here own, and the choices will be a matter of how far you want Angelica to go so most choices will be like "Yes" or "No" from here on.

There are other ways of achieving this path, but this is the more coherent.

And this is where the Mark's Harem route really starts, it will be pretty straight forward from here on, and the choices will be a matter of how far you want Angelica to go so most choices will be like "Yes" or "No" from here on, but there is the first addition to Mark's Harem, after the girls that are in it already (Angelica, Alice, Melinda, and Aria), and this is Claudia.

If you do everything right you should get the following option at some point.

"Give her a show." MHpoint Needs to be at least 6

MHpoint + 3

Haremclaudiain = True

This will start the events on making Claudia into one of Mark and Angel's girls.

This is all for now in this route.

The Bull: Angelica will seek a relationship with Mark while staying married with Henry putting him into a submissive cuckold position. (Cheating in the beginning only, Cuckolding, Avoidable Husband Humiliation, BBC dominance, Sub-husband, maybe pregnancy, I keep having this idea of Henry having to explain to his friends why their babies are Black, but didn't decided on this yet)

There are other ways of achieving this path, but this is the more coherent.
