The characters.

Berry

Berry is the MC's teacher. Before the quarantine, they used to share a deeper relationship than a simple student-teacher relationship. She cares a lot for him.

Berry loves to be in control, she is the one in charge and wants to take care of the man she loves. Once she decides she wants to take care of you, you don't have the rights to refuse.

Key to make her love you: Be a good boy, very kind and obedient.

Emma

Emma is Berry's youngest daughter. She is your classmate, but doesn't like you that much, and used to call you "The loser". She always wears mini-skirts, giving you a wonderful view of her thongs.

Key to make her love you: Make her jealous, challenge her.

Sarena

Sarena is the oldest daughter of Berry, and also your best friend. She is supposed to be completely lesbian, but she has doubts about it, even though she doesn't admit it.

Key to make her love you: Be kind and keep as much physical contact as you can.

Valerie

She is your dad's girlfriend (not married yet). She used to mistreat you for a long time, but she stopped, seeing you became a strong man. You hate her and she also talks to you dirty.

Key to make her love you: Be rough, dominant.

Girl's desire

The girl's desire will grow up during the game, it will be a requirement for progression but also an indication of their current state.

Player's statistics

The player has 3 statistics:

- Hand skill
- Tongue skill
- Cock skill

These skills will affect whether you pass an event or not.

Example: If your "Tongue skill" isn't high enough, the girl won't cum fast enough in the cunnilingus action, then it won't let you progress, you'll have to increase your score and pass the action again. Every action that requires skill should be repeatable until you pass.

How to increase these skills: Study on the internet on the pc (not available in 0.1), or by practicing with girls (when you could).

The choices

In the game you can make choices at very different moments.

Every choice is saved and has an impact on the scenario at big or small scale, and can also give different values of desire depending on the girl.

Choices also appear during sexual scenes, most of the time it will be for having fun and customising what is happening, it won't have a real impact on the future.

0.1

Zoe cunnilingus action:

no impact of the choices, you could see every option.

"Peek or not in the box":

You should peek.

"What do you answer?":

"Zoe just sent me a nude." More *desire*, it starts to increase her jealousy.

Map navigation: Very little quest, talk to each girl about what they do. Quests are **Orange**. Once you finish this quest you'll be ready for the next update.

Upcoming for 0.1.1:

Access to the PC, stats interface with the girls's infos and player.

Time of day system, girls will move into the house depending on the time of the day, different interactions will be possible.

Continuation of the story.
