

## Guide

This is a simple guide to Daily Lives of my Countryside where it contains the schedules of the characters and how to get the events/scenes. I'll try to update it as the game gets more content.

Daily Lives of my Countryside is a game where the protagonist is a male and moves to his aunt's farm where Daisy (Aunt) and Ana (Cousin) live in a simple life. The progression is based on the affection between the women characters and the protagonist, and raising it will give you "rewards".

**I recommend that you play the game first before reading this guide and just use it when you feel stuck.**

## Scenes

### Daisy

- **Barn**  
Approach her while she is in the barn. If Ana is there, you will be able to see the scene only once.
- **Apron**  
On Friday (6h - 10h), pick up the **clothes on Daisy's bed** and all the dirty clothes and put it in the laundry. Must talk with her at least once to be able to pick up clothes. Talk with her after putting it in the laundry to increase affection (optional). After that, find her in the kitchen at 11h.
- **Massage**  
You must have 20+ affection with Daisy and talk with her at least once in her bedroom. Visit her at 21h. Select “Massage” and it will play an interactable scene. This increases affection with her by 2.

- **Sleeping**

Visit Daisy while she is sleeping (22h) and interact with her in bed. If you have 20+ you can interact with the scene.

- **Sleep with her (and play)**

After you give her a massage for the first time, you can select the “Sleep” option in the next interaction with her at 21h. To use the “Play” option you must have 30+ affection and sleep at least once with her to see the event at dinner where the protagonist talks about his height. “Playing” with her increases affection by 3 (no increase in the first time).

- **Taking a shower**

Peep her while she’s taking a shower. To enter, you must have seen the scene where you play with her in bed.

- **After shower (2nd and 3rd shower scenes)**

See the first shower scene. At 13h, talk with Theo near the vending machine to get a drink and shower with her.

- **4th shower scene**

Take a shower with her after the 2nd and 3rd shower scenes.

## **Ana**

- **Milking**

Interact with Ana while she is in front of the barn with the cows.

- **Sleeping**

Visit Ana while she is sleeping (22h). If you have 20+ affection you can interact with the scene. If you have seen the event where Ana milks cows and has 30+ affection with her, an event will play when interacting with her while she sleeps. You can now interact with her hand.

- **Changing room**

At 15h on weekdays, go to the changing room. If you choose “Keep watching” two times, you will get caught by her and affection will increase by 3.

- **Peeping in the shower**

At 19h, peep her while she’s taking a shower.

## **Mrs. Emmi**

- **Focus**

Focus when in class.

- **“Look out to the window”**

Choose the “Poke” option to... well...

- **Helping hand**

Go to class on Friday after **NOT** doing your homework. After class, find Mrs. Emmi in the classroom at 13h.

## **Other**

- **Peeping tom (Mrs. Betty)**

At 13h go to the pool and interact with the bush on the left. This scene will play only once, after that you can interact with the bush at 13h on weekdays with no interruptions (once per day).

- **Caught peeping again (Kate)**

At 17h, talk with Nina at the pool to “join” the swimming club (Choose “I love swimming” option). After that, peep Nina at 13h or 14h (bush on the right) and keep watching. The second time peeping you’ll hear footsteps. Choose “Hide behind tree” and get caught by Kate. You’ll get away. Peep for the third time and hide behind the tree again. Scene will play.
