

In the walkthrough, I will describe the best path with the lowest content possible. I will describe how to avoid fetishes and how to get all that you like. Every **bold** row is a selection in the game that you will have to choose to get to the best path. Underlined rows indicate different scenes in the story where the game has different alternative content. The option that will control certain fetishes will be of this color. Content for Extended edition is marked as **Green**.

if you are on the BDSM path with Lyssa:

- Forbid her to use her dick (denial) - on this path you are forbidding her to touch her dick. This option gives more points
