

## Version 0.7 Walkthrough

**Remember, your choices matter.** The actions of every family member will have a reaction on the paths you play. Not all of them, but some of those choices will be more important for your well-being than others. With that said! HAVE FUN!

- Touching or not touching mom's boobs will give you different scenes, but they do not affect the plot at all.
- Grandma's route can be accessed via Lori's route (lets you impregnate both grandmas) or by rejecting all girls and choosing to go to Grandma's after Mom and her friends' scenes.
- Dad touching Marion's vagina while she is asleep, gives you a bad ending.

Gwen:

- Take her hand: You get locked with Gwen and can't reject her later. You get an anal scene that can only be seen with this option.
- Do not take her hand: You get the chance to reject her later and get a bj animation.
- Marion's choice doesn't affect this route yet.
- Alex's choice doesn't affect this route yet.
- Carmen's choice: (This will decide who you fuck in the future and how muscular Gwen will be).
  - o Cum Inside: Carmen wants nothing to do with you.
    - If you decide to poison Leona, you get a bad ending.
    - If you tell Leona about the poison, you get to dominate Mrs. Hanayama.
  - o Cum outside: Carmen will want to share you with her sister.

- Since Carmen is helping with the semen extraction process, Gwen will become far more muscular. Victoria is the ending lady if you make this choice.
- Poisoning Candace gives you a bad ending.

Lily:

- Cumming in her mouth or face has no impact on the story.
- Mom choice:
  - If you fuck the MC: He wakes up, you get a series of scenes that involve both of them fucking indiscriminately.
  - If you blow the MC: Well, mom will rape MC several times.
- Taking the LSD: You impregnate the Nurse, doctor and aunt. You get a bad ending.
- Not taking the LSD: Lily's master will take responsibility and give birth to your child.
- If you rejected Lori and jumped into Lily's: Lori will force an answer out of Lily's master and find a way to get her pregnant.
- If Dad didn't fuck Marion. He will come to the rescue and save you from Jenny.

Michelle:

- Telling you like her or that you like her as a friend, does not impact the story (the option to tell her that "you like her" is only available if you start with her. Not if you jump into her story from Eve's or Gwen's.).
- Marion's choice doesn't affect this route yet.
- Alex's choice doesn't affect this route yet.
- If you convince her to wear them: She gets a makeover and becomes more confident. Kaoru one shots you which causes you to become less confident and more aggressive.
  - Mei Ling's offer:
    - Decline: You don't cheat on Michelle but you don't have access to the sex slaves. You get a scene with her Scottish friend.
      - None of the choices regarding the slaves in the sex party have an impact in the story.
      - If you didn't reject mom, Michelle's dad has an extra scene in the ending. If you did, then you get another scene.
    - Accept: You get to fuck the slaves.
- If you let her be (glasses): Michelle cheats on you. You can get revenge later.
  - Jasmine's proposal:
    - Get Revenge: You fuck Jasmine.
    - Don't do it: You fuck Michelle's mom and Natasha.

Eve:

- Fuck her: You get a bad ending.
- Don't fuck her: You continue her route.
- Art trivia:
  - o Vinci.
  - o Mona Lisa has no eyebrows.
  - o La Pieta.
  - o I honestly don't care... but it's atrium.
- Terry's choice:
  - o No deal:
    - Bad Ending.
  - o Deal
    - Story continues.
- THERE IS SUPPOSED TO BE AN EASTER EGG HUNT. BUT DUE TO USA RIOTS MESSING UP THE SITUATION A BIT, WE HAD TO POSTPONE IT UNTIL THINGS CALM DOWN A BIT. YOU MAY SEE IT ON 0.7.1.
- History Trivia:
  - o 1975.
  - o Eighteenth.
- The story is pretty straightforward. What would matter in this route, is if Alex and Marion cheated on each other. If they both cheated, Alex comes to save your butt later on and you get extra scenes with the principal and the PEd teacher.
- If started with Gwen's or Michelle's path and jump straight into this one, you get extra scenes with them and a different ending.
- Choosing to be bisexual doesn't impact the story. If you choose the other option and Alex and Marion cheated on each other, Alex will come to save you a second time.
