**Define Relationship choice** – When meeting Brenda at the gym you have the chance to define the relationship as you do with others in the game. She's a friend from school that was called Brandon back then so the default setting works but change it if you like.

Scene currently skipped with trans off.

**6<sup>th</sup> choice** – Aiko couch

I laugh in the face of death! : punching bag +1

(leads to an ass kicking from an angry little demon with an option to pussy out half way or antagonize her further)

**4 girl choice** – To end the day you can choose only one of them

Or

I choose team MILF! (Leliana 10):

Or

I choose team BLURPLE! (Melissa 10 Requires dom-p or femdom-p at 2)":

(scene not yet available at this time)

5<sup>th</sup> – After going to see a movie with Alice, if trans is on, you get the option to go see Brenda. If not you stay with Alice

This can lead to multiple sex scenes with Brenda and the option to bite the pillow and go trans on male if you input the trifacta password (iaskedforthis)

The Brenda scene is a pretty **major** one and lasts to the end of the update

\*\*\*\*end of 0.4\*\*\*\*

If you stay with Alice you get a bonus scene if you have 3 affection points  
(plus she swallows 😊)

After a quick nap you join the girls downstairs and the pizza arrives

Pizza arrives and with it new girl **Morgana**

Be stingy: Ends things before they begin and locks off Morgana

Keep the change: Gets your first Morgana point (mop +1)

I'll give you the tip if you want it. (Just the tip?): Sets the variable 'MorganaKnowsYouAPerv' and gets you 1 Morgana perv point (mprv +1)

For the second choice with her

I would skip the pizza if I could have the dessert: mop +1 (2 total)

No points for the other answer

Next is a scene with Karishma

'Stay' for your first Karishma point (kp +1)

**Major choice** - Stay for the girls, or follow Karishma

\*\*\*SPOILERS AHEAD!\*\*\*

**Option1-** I'm going to take the easy route. (Follow)

Following leads to shower sex with Karishma

Then later leads to another scene in your room with her

You get the option to get the female version pregnant here

\*\*\*\*end of 0.4\*\*\*\*

**Option 2-** Hmm. I'd love to but my girls matter more.(Stay)

Alice pts +1 (6 total)

Aiko pts +1 (2 total)

Mel points +1 (5 total)

Leliana points +1 (2 total)

Vanessa points +1

Skip Karishma for these bonus points

You can still get a bonus Karishma scene on the Aiko route

You then get to pick a... roomie. Either Alice, Mel or Aiko-

There is only one choice here! (Alice)

If you're at maximum points with her (6) the next line will be:

(The sweetest of them all should be my first.)

Which sets Alice as your main girl

If not you get an extra Alice point

This leads to a series of scenes with Alice with the chance to get her pregnant

Or

Team Blurple all the way! (Mel)

If you're at maximum points with her (5) the next line will be:

(I've decided. She will be my first.)

Which sets Mel as your main girl

If not you get an extra Mel point

This leads to 2 scenes with Mel and a chance to get her pregnant if you accept her as the dom

The route with MC as the dom will be added next update

Or

The tiny demon is my one true love (Aiko)

If you're at maximum points with her (2) the next line will be:

(This is going to be a risky move, but she is worth it.)

This just gets you an extra point with her and sets Aiko points at a max of 3

You get the bonus point whether you're at 2 or not

This leads to a scene with Aiko followed by an optional scene with Karishma

\*\*\*\*end of 0.4\*\*\*
