

HUNGER FOR CHAOS Walkthrough

Created by: SuperWriter

Note: I try not to make the choices too complicated, but there may be a few tricky ones here and there.

Points

Each love interest will have points you can either gain or lose on the choices presented. And the MC has a point system, “good and bad” that affect future choices, whether you have enough, are low enough, etc.

Checks

If you do not have enough points for a certain situation or action, you will be notified so that you can go back and get the points!
