This game has 5 endings Happy, Swinger, Dark, Cucked and Corrupted, right now only the Happy and Swinger endings have an epilogue. I recommend you to play the game without this walkthrough in your first run and then come back and use it to unlock the Memories and Clips that you are missing but if you still want to use it I suggest you to start with the Dark/Corrupted path that way you can use CTRL to skip the text your already have read in the other paths.

*DARK/CORRUPTED? *

NOTE→ These paths are not finish and the next options may or may not lead to a 100% Dark or 100% Corrupted Endings. All the save files are not require to make but a mere suggestion***
