

The Naughty Captain's
Summer Scent (v0.55)
walkthrough guide

by Trapezio for F95Zone's buddies ;)

Before starting, a few words: 1) this walkthrough contains heavy spoilers, so you're warned; 2) I wouldn't have been able to write this guide without ZoeyRaven's walkthrough, the Summer Scent trigger map the Author himself provided and the in-game mod made by OscarSix, so kudos to them!

n.b.: you can rename the 2 main girls. I kept their default names (Eve, the blonde; Cassie, the brunette) in this walkthrough. Please, carefully read the introduction before jumping to any route!

HOW THE GAME WORKS

There are 5 STAT POINTS variables (you will see them by setting the *display tracker* ON in the *preferences* menu; everytime you score a point you will see it on the screen):

Cassie's (sis' friend) AFFECTION (Aff) points
Cassie's DOMINANCE (Dom) points
Eve's (sis) AFFECTION points
Eve's SUBMISSION (Sub) points
Kelly's AFFECTION points

Most importantly, during the gameplay you will have to make some KEY CHOICES that will trigger different *game paths* regarding the girls (Eve, Cassie and Kelly). There are a few choices that will make you drop out of the path you were in, too. So, you can play a game and trigger every girl, 2 girls only, 1 girl only, or no girls at all (the *neutral* path and the *hate* path).

The girls' PATHS are:

Eve: LOVE or SUB (SUB path branches into 2 *subpaths*: SUB and SUBLOVE)
Cassie: LOVE or DOM
Kelly: LOVE

Other *paths* are:

NEUTRAL path (you don't pursue anyone)
HATE path (it branches into 2 *subpaths*: HATE HERO and HATE ASSHOLE)

As the Author stated, there are 15 *different routes* implemented *at the moment* (0.55), and an *early bad endgame*, but *I feel* that he might add more routes. Let's see them:

Eve love + Cassie love (dual love path)
Eve love path
Eve sublove path
Eve sub path
Cassie love path
Cassie dom path
Kelly love path
Eve love + Cassie dom
Eve sub + Cassie love
Eve sub + Cassie dom
Eve sublove + Cassie love
Eve sublove + Cassie dom
neutral path (you don't pursue anyone)
hate hero path (you screw with Eve then you make up)
hate asshole path (you screw then you keep screwing)

I guess their names are self-explanatory.

Technically, every Eve and/or Cassie gameplay route may / may not include scoring Kelly love points. Only time, the Author and future updates will tell the difference. Anyway, *I think* you enter *Kelly's love path* when you kiss her in DAY 5, and you *must* drop Cassie and Eve to trigger this choice. Correct me if I'm wrong.

I wrote every route assuming that:

- 1) you will always refuse meeting Kelly in DAY 3, *except* in the *Kelly love path* and in the alternative *dual love + meeting Kelly path*;
- 2) you buy shades for Eve;
- 3) sometimes you sniff Eve's panties, sometimes you don't – anyway, you *must* sniff them if you want to put the cameras in the shower;
- 4) you always tell the girls the truth about Kelly;
- 5) you always think Kelly is honest.

Yes, I wrote 2 different *dual love paths*: Eve love + Cassie love only, and Eve love + Cassie love + meeting Kelly. Yes, I didn't write the *hate asshole* path. Just play *hate hero* and screw everything. If you *really* need to watch everything, of course. Wanna see the infamous *early bad ending*? Play the *dual love path* and make a mistake in DAY 5. Are you afraid of running into the *early bad ending* while playing the *dual love path*? Just check what I wrote at the beginning of DAY 5.

Anyway, keep in mind that 1) if you're pursuing a love path you'll need to score Aff points, if you're pursuing Cassie dom path you'll need to score dom points, if you're pursuing Eve sub path you'll need to score sub points, and 2) in order to enter/keep each path you *must* trigger its key choices *and* score points.

You might find out that the choice you needed to move forward/trigger a path is missing: well, most likely you couldn't trigger it because you didn't collect enough love/sub/dom points.

Just remember:

1. after you make a choice, you can *rollback* and see what happens if you select a different choice;
2. you can name your SAVES: just do it;
3. the *achievements* gallery is a picture gallery, so you might want to SAVE whenever a sex/lewd scene starts to watch it again;
4. press CTRL key to **skip**. CTRL key is your best buddy;
5. there are no sex scenes in *Kelly's path* and *neutral path*, and one sex scene only in *hate paths*, at the moment. Just to let you know.
6. **only** 0.6 update is going to tell us how *some* choices you made in 0.55 will impact.

A few words about the story before starting:

If you play most routes you'll realize that you can't fully appreciate the game unless you're after both girls. Moreover, you'll realize that at the beginning of story 1) Cassie and Eve are much more than friends; 2) they are both in love with you; 3) Cassie wants you to make up with Eve; 4) Cassie is testing you; 5) two motherfuckers out there want to hurt Cassie and Eve badly! So, you're not supposed to go after a girl only, in the end. Most of all, there are *best* choices/routes, *good* choices/routes, *wrong* choices/routes, and *bad* choices/routes with *bad* consequences. Soon you'll realize that choosing *sub path* over *sublove path* is a *wrong* choice, and a wrong choice turning into a *bad* choice when you pursue the *sub + dom path* (I guess), for example. In my own opinion every *solo path* except *Cassie love path* is a *wrong* choice. Anyway, it's up to you.

WALKTHROUGH

Firstly, the game branches in the *morning* of DAY 2, so you'll want to make a SAVE where the game starts branching and restart from it in order to complete more than one route.

Secondly, Eve submissive route branches into *sub path* and *sublove path* in the evening of DAY 3, so you'll want to make a SAVE there because they turn into 2 very different stories in DAY 5 (mostly when mixing with Cassie's paths!!).

Anyway, if you want to pursue Eve *sub/sublove* only you have to drop out of Cassie's route: you can get it by 1) kissing her, then lie while drinking, so she will reject you after the pool scene at night or 2) massaging her foot, then joining Eve while shopping or 3) doing nothing and thanking her. I chose to massage her foot. You might see the difference in the dialogues at the very end of DAY 5.

Moreover, you might need to SAVE whenever you have to make a KEY CHOICE: you'll have some "short cuts" and spare some time this way.

My personal opinion is that *you'd better collect the more Cassie Aff points you can get before branching*, so this is what I'm going to do in this walkthrough.

I will always point out sex/lewd scenes, key choices and stat points you'd better score in your paths, stat points, final scene you got at the end of each DAY in every route.

First of all, check *preferences* and make sure the *display tracker* is ON. Let's play now.

DAY 1

- help her
- wine [Cassie Aff +2; 1 now and 1 later]
- it suits you [Cassie Aff +1]
- *any choice, can't tell the difference at the moment*
- *any choice, can't tell the difference at the moment*
- yes, for safety reasons, of course [Achievements, DAY 1, rewards: "what did you expect"]
- any choice
- I'll have to admit she is [Cassie Aff +1]
- well... none of you is prettier [Cassie Aff +1]
- she's like a sister to me [Cassie Aff +1]
- it's tempting but I'll have to decline [Cassie Aff +1]
- I should go help her find a bed [Cassie Aff +2]

SAVE when the dream starts [sex scene; SAVE 0]

- can't I have both?
- then I'll do Cassie first / then I'll do Eve first [you can't see both scenes: choose a girl, then load SAVE 0 and watch the other scene]

end of DAY 1

stat points: Cassie Aff 9 [Eve Aff 1, Cassie Aff 8 if you grabbed the beer]

final scene: you sleep in your bed

DAY 2

- my favorite breakfast. That will be perfect [Cassie Aff +1]

SAVE now, and “check her ass” [Achievements, DAY 2, rewards: “it looks firm but not hard”], then “look at her boobs” [Achievements, DAY 2, rewards: “she can’t believe it”]

Load your previous SAVE and choose “don’t” instead of “check her ass”:

- don’t [Cassie Aff +1]

- they intended to rape her. I’m going to kill those son of bitches [Cassie Aff +2]

- any choice

- she’s like a sister to me. And I don’t hate her [Cassie Aff +1]

Now you have 14 *Cassie Aff* point. This is where the common path ends, the game starts branching and you have to make your first KEY CHOICE. So SAVE 1 now:

SAVE 1

EVE LOVE PATH + CASSIE LOVE PATH (DUAL LOVE PATH)

Load SAVE 1

- no. I'll go [KEY CHOICE: you drop *hate path* and move on; **Cassie Aff +1**]
- knock again [KEY CHOICE: you drop *Eve sub path*]

- I like it [**Eve Aff +2; Cassie Aff +1**]
- you don't have to ask me, just take it [**Eve Aff +2; Cassie Aff +1**]

- you can keep them [**Eve Aff +2; Cassie Aff +2**]

- let's find some shades for my princess
- no, I didn't. For now [**Eve Aff +1; Eve sub +2**]
- kiss her [KEY CHOICE: you enter *Cassie love path* and keep *Eve love path*; **Eve Aff +2; Cassie Aff +5**; Achievements, DAY 2, rewards: "when in doubt, try"]
- I don't know what you're talking about [**Eve Aff +2; Cassie Aff +2**]

Fun fact: you'll see and drink beer/wine/vodka: it depends on what you bought at the beginning of DAY 1.

- any choice
- a couple times (truth) [**Eve Aff +1; Cassie Aff +1**]
[**Eve Aff +1**]
- I am (truth) [KEY CHOICE: tell the truth and you won't disappoint Cassie later; **Eve Aff +2; Cassie Aff +2**]
- 4 to 5 times a week maybe (truth) [**Eve Aff +1; Eve sub +1; Cassie Aff +1**]
- I should join her [KEY CHOICE: you must choose it and continue *Eve love path*]
- kiss her [KEY CHOICE: you must choose it and continue *Eve love path*; **Eve Aff +5**; Achievements, DAY 2, rewards: "it's a free country"]

end of DAY 2

- it's delicious [Cassie Aff +1]

[sex scene: you might want to SAVE here]

- don't shake [Eve Aff +4; Eve sub +4; Cassie Aff +4]

You might check the other choice: "shake his hand", then "so, you're the guy from Saturday night" [Eve Aff +3; Eve sub +3; Cassie Aff +3; Achievements, DAY 3, rewards: "how do you like my company?"], then rollback and choose the right one.

[another sex scene: you might want to SAVE here]
