

Hello all,

This is an updated version of the guide **kambiz** developed a while back. He should have the credit for almost all in the guide. Since there was a need expressed many times on the LotV Patreon site and on the LotV forum on f95zone.com, the community adopted the guide and added the later parts from V0.7 onwards. The guide is work in progress as we have simply not had the time to go through all paths and all possible combinations. It focuses mainly on the sluttier/sluttiest choices. We did not test the Loving wife path much at all (remains to be done). Also, the old hyperlinks embedded in the guide do not always work (again work in progress). Anyway, here we go...

Before beginning with story let's look at the maps:

First map: central map of the game where Lily's house is in there:

Second map: The east part of the town:

Third map is the far east suburb:

Countryside Map:

And let's take a look at the events, I gather most of the events here, you can find it just by clicking on the pictures and find the walkthrough for that: ([or if you want to skip this part and want a day by day walkthrough just click here](#))

| Event | Hidden Scene 2 |
| Requirements: | Go to men's locker room and talk to Daniel, if you want to see all this event you need to see Hypnotherapist second event first |
| Day | 12th |
| Characters involved: | Daniel, Daniel's GF |

...

As of v1.3, we added color coding to the choices:

- **Green** choices will maximize sluttiness. There are so many paths through this game that it will be practically impossible to play all paths. So, following the **Green** will expose as much as possible. Sometimes several choices are **Green** and that is because it does not matter which one you take – it's simply a preference.
- **Orange** choices are still slutty but will not maximize sluttiness scores. These choices are mutually exclusive with green. They are still slutty, but you'll just see different scenes (which may be worthwhile seeing.) Also, choosing the orange may make you miss parts in future versions.

OK now begin with the story:

Day 1: After you wake up in the morning you must meet Mrs. Clarkson and help her, at first you must put on your blue dress and go out and head to west of your own apartment go inside this apartment

Use the elevator (you can watch an event if you talk to your husband before going out, the kissing event). After you go inside the apartment, there you'll meet Mike for the first time. After the conversation he'll ask you about the weather and you have two choices:

- **zTalk about the weather:** which you will increase your relationship with Mike by 5
- Don't talk about it: it won't give you anything except being rude with this guy

I recommend you choose the first one, ok by the way after that he'll want to shake your hand, so you have two choices again:

- **Meet him:** which it'll give you 5 more relationship point with Mike and it'll add 10 mood to your status
- Ignore him: It will change some event in future (nothing special)

So after that you need to meet the old woman, you'll come out of the elevator and go to the left door and meet her, after a conversation with her you need to walk to the flashing spot and change the music for her and after that you have to give her some wine and it will give you two choice:

- white: which isn't the right one and Lily will ask you to choose the red one
- **Red**: the correct one

Put the glass on the table and then go clean the mess round the house, (magazines, clothes, and the shit she has made in the kitchen)

After you did those things go and talk to her and then she'll ask you to go to the kitchen and make some hot tea. And you'll have a conversation with her and receive 50\$.

You are done with the old woman and now you must go to the restaurant and meet your friend Nichole and buy something for home. Go home to the basements and wear your bathrobe and take a bath and watch a film and sleep.

Day2: after you wake up go and change your clothes to blue dress and go to your workplace (restaurant)

Note: while you're working just do what the flashing spots are telling you to do.

After you served your customers you need to bring a cup of coffee to Rick's office and he'll tell you if you don't want to lose your job you have to change you grandma looking dress. After the conversation you need to clean the customer's tables and get the money from them. Speak to Martha and everything is

done, go to the clothing shop next to the restaurant for your new dress. As always follow the flashing spots and it will lead you to a question which the answer is yes or no.

- **Yes:** you'll see some groping scene from Giancarlo (which is about measurement) and he'll hand you some sexy dress that you'll refuse it, but you'll receive 10 Mood and 20 hotness and 20 horny points.
- No: you won't see the groping scene and you won't receive 20 horny points, that's the difference between the answers.

After the event, you can now go home and do the stuff you did the previous day like cleaning up the house and watching TV etc.

Day 3: when you wake up in the morning, you'll see your husband is masturbating and you must confront him somehow with some hand job scene, and of course the husband will ask you to give him a nice and mellow blow job

- **Yes:** you have the BJ scene and the husband think about coming inside her mouth or not if you choose yes, you'll find out he doesn't have the ball to do that, so neither you choose to come inside or not he won't cum inside.
- No: she won't give him BJ and the scene will end and you'll receive 50 horny points.

Now go to the restaurant and another day at work. Do whatever you've done before.

At this day you don't have anything to do, just go home and do whatever you like, the difference is that you can do some gardening too, because your stamina is 75 and you are free to waste your time on this. If you want to do gardening (gardening will increase your mood by 10) you need to change your clothes to the casual one, After you spend your time on some chores go and take some sleep.

Day4: at this day you must visit the hypnotherapist that Mrs. Clarkson mentioned to you, but before that you need to do your work at the restaurant. Ok after you've done the job go and meet the man, after you get out of your workplace you'll automatically go to his office and meet him and see some events.

At this point the game finally started to get more exciting because every choice you make, it will lead you to a different ending so be careful.

After the hypnotherapist scene go to your home and change your clothes. Take a shower, watch TV with you father-in-law and go and take some sleep.

Day5: like the other days you must go to the restaurant and do whatever you've done before. After the job is done, you'll go to the gym and meet your friend Nichole, of course you'll see 2 events: 1.the gym event and 2. The high school memory between Lily and her boyfriend.

After that, go home and take a bath, watch a film and good night, everything is done for today.

Day6: now you're awake and another day at work and of course a perverted scene with Rick, after you've done your workload, go to Rick's office and he'll ask you to help him with finding some documents on some perverted purpose the question you will get during this event:

Let him hold you?

- **Yes:** it will increase your relationship with Rick by 10 and give you 20 horny points and increase your whore level by 5.
- **No:** it'll decrease your mood by 40 but increase your loving wife level by 5.

Ok after the event go and clean the tables and go home, there you'll meet Fred and his friend.

Fred will ask you to go and buy them some stuff and all you must do is taking a taxi and go to grocery store and buy them and come over to your house (you can find the taxi by going to east part of this map or the other one is close to the park)

As always you change your clothes for taking a shower and the next event is there. You'll find out Fred has a two-way mirror. All you must do is watching the event, watch a movie then go and take some sleep. before you wake up for the next day, you'll see an event of the husband and his friend that they are watching some voyeur pictures of Lily which they don't know the person in the picture, and at last the event of Fred that he secretly is groping his daughter-in-law.

Day7: you wake up in the morning and don't feel ok, so you decided to go and see the doctor about this problem

Change your clothes, in this case you can choose casual clothes too

Go to eastern part of the town and you'll find the hospital in the northern part of there

Take a number and wait a little bit, after that nurse will tell you the doctor you were looking for is absent, so you must choose two other doctor Adam and Bertha

- **Adam:** increase the whore wife level by 5
- Bertha: increase the loving wife level by 5

If you choose Bertha, you'll end up visiting Dr. Adam because she's an amateur doctor and you are afraid of her the difference is that your loving wife level will go up.

At the event you'll be asked one question about letting the doctor fingering lily's ass or not?

- **Let him do the job:** increase the dirty whore wife level by 15
- Make him stop: loving wife level will increase by 10

Ok after the event go and meet with Nichole, go east and then south east.

After you've met her, she mentions that there is a pool at the north part of this area, so you must go to your house and bring you swimsuit and meet her again and then go there.

After you brought your swimsuit she'll join to your party and then go to the North West part of the area and you'll see the flashing spot.

You'll see an event there

They are about getting caught by the owner of the pool and during the Nichole's BJ scene, the owner of the pool will ask Lilly's to show her tits:

- **Show him:** dirty whore level will go up by 10, horniness increases by 20
- **Don't show him:** horniness increases by 10

Ok after you see it head to west, you can choose to go to the cinema or the massage center

Cinema is at north east part of this area

Message center is next to the cinema.

Ok you have only one choice for tonight.

- Cinema you'll see the event with the Mike, go in and buy a ticket and go and take a seat in your row, you'll meet Mike there and you'll decide to buy some soda. Buy them and go inside again see the event and you'll see Mike decided to go to the restroom after 20 minutes you feel nervous; in this case you have two choices:
 - **Go and check if he's ok:** your dirty whore level will go up by 10 and you will see him masturbating in the restroom
 - Don't go: your loving wife level will go up by 10 and nothing will happen

Note: if you didn't shake Mike's hand in the elevator in the past, you'll meet him here

V6 note: in this version you can't visit the massage center on this evening, so you can only go to the cinema

Ok now it's time for taking some rest at home, go home and watch a movie or something else and go to your bed.

Day8: Ok here we are... when you're awake in the morning you must decrease your stamina by 75 to visit your husband so all the things you need to do are going to the massage center and visit Mrs. Clarkson.

Note: in v5 if you went to the massage center your stamina would decrease by 25 but in v6 you can feel free to go there without changing the stamina state.

- Massage center: just pay and get some massage. At this event you'll be asked if you want to bow back to the Asian masseur or not:
 - **Yes:** your naive status will go up by 5 (which I don't have any idea what it is for, we will figure it out in future updates)
 - No: nothing will happen

Then you'll be asked if you don't mind lowering your underpants?

- **Yes:** Dirty whore level goes up by 5 and your horniness increases by 10%
- No: the event will end here if you want to see all part of it you have to allow him to lower your underpants a little bit

Now he'll ask you about taking the bra off

- **Yes:** dirty whore level will go up by 5
- No: loving wife level will go up by 5

Go and change your clothes and that's all for the massage center event

- Mrs. Clarkson: you go there and see the old woman having fun with a black young man
 - **If you peak:** your dirty whore level will go up by 5 and horniness goes up by 10%
 - If you decide to go home: you'll lose 25% of stamina and your loving wife level will go up by 10

*let see what will happen if you peak inside: they will catch you and they'll ask you to come inside:

If you go inside your dirty whore level goes up by 5 and if you run away the opposite will happen (I mean loving wife will go up by 5).

You go in and they ask you to help them to find lubricant

- **Help them:** dirty whore level goes up by 5
- Go home: loving wife level goes up by 5

If you choose to help them, you must follow the flashing spot and after that your horniness goes up by 10 and you'll leave the apartment.

After all of that you decided to see your husband so go to the bus station

And there you'll see a picture of a sexy girl that wearing some hot clothes, so you decided to go and buy the dress that you have refused last time when you were in the boutique. Now you have two options one is go and see the boutique next to the restaurant or the boutique of the east part of the town. But before that go to ATM and get some money.

ATM

Giancarlo's Boutique: (If you go to the Italian boutique your horniness and dirty whore level will go up by 10)

The West Part Boutique: (If you choose the boutique near the bus station at the east part of the town loving wife level will go up by 10)

Ok now it's time to meet Lily's husband, go to the bus station and you'll go there.

Head to north and you'll find the house there.

Knock on the wooden house and wait to see an event and Lily will ask where she can take a shower? The husband has two choices:

- Go with her: if you choose this one your relationship with Nick goes up by 10
- **Explain to her:** this will decrease the relationship with Nick by 10 and Lily will go by herself and of course you'll see some event with a perverted guy.

After this go south and find a building with blue roof, (the event you'll see it depends on how Nick behaved to his wife)

If Lily comes alone to the public bathroom, she'll face a perverted guy that he'll tell Lily the women's bathroom is broken so you must use the men's bathroom instead, and its risky go there without any person watching you

If you talk to that guy, he'll ask you to show Lily's ass to keep an eye on the door:

- **Show him what he wants:** dirty level goes up by 10 and your mood will decrease by 10 and after you let him see your ass he'll want more of your ass so if you choose **show him more** you dirty level will go up by 10 once again and you'll go there and take a shower, come out and go to cabin for next event
- Take a risk: if you take a risk, you'll increase your loving wife and dirty level by 10 at the same time (don't worry nothing will happen if you take a risk)
- Go back to cabin: your loving wife level will go up by 30

If Nick accepted to come with Lily to the public bathroom you won't receive or see anything.

After you took a shower go back to the cabin and now, you'll play as Nick you must bring some woods into the cabin to make a fire.

Go out of the cabin and you'll find three flashing spots just collect them and go inside and put them into your fireplace.

Again, you need to come out and bring some more woods so just go left and find another flashing spot

After you collect all go back and see the first anal scene.

Day9: you are awake and find out you are very late for work, so you must take a bus and go to work immediately.

After you got there you must face Rick your Boss and convince him to let you not to work as a waitress today because you don't wear any panties under your dress. Rick will ask you to prove you're not lying by showing him:

- **Show him:** your relationship with him will go up by 10 as your dirty level will go up by 10 too
- Don't do it: your relationship with Rick will go down by 10 but your loving wife level will go up by 10

If you don't show him, you will see an event about reviling your underpants to the customers without being aware of it.

And after these events Nicole will come and ask you to hang out with her at night. Go home, take a shower and now you have a couple of choices as your part-time job. First go to the east part of the town and see some advertisement about jobs that are available, there are two advertisements, read them both:

These are the things you can do:

Go to castor or try the leaflet job (there are chances to watch all the events so don't rush it and choose whatever you want because the next day you can try the other one)

Note: if you choose to see what kind of jobs are available in castor first, you'll unlock the library in day 9, so you have a chance to go to the library twice, it will help you to increase your intelligence to 50)

Recommend to do Castor today (not leaflets) to save time later in the game. So let's see what kinds of jobs are available in castor

Head to east and find the castor and go in

Speak to the reception girl and she'll help you with jobs you have couple of choices: cleaner, secretary, marketing. Check them out first.

In this case you can only choose cleaner, because of lack of intelligence you have. This triggers the library already today – day 9 (availability after you've finished the cleaning job).

So, choose it and go to upstairs using the elevator.

Go inside the first room in front of you and talk to the secretary.

She'll lead you to the changing room; change your dress by that locker in front of you.

After that go, out do your job by walking through the flashing spots.

After you did it, the secretary will come and ask you to buy her some times by make someone busy using your ass so all you have to do is walk through the flashing spot and watch an event about making some effort to distract the man's attention, at first he won't notice so you have two choices:

- **Make an effort:** your dirty level will go up by 5 and you'll see the rest of the event and at the end you'll have 50\$ extra money from what you did to her and your relationship with her will go up by 10 (+\$100 in total)

- Give up: your loving wife level goes up by 10 and the event will end here, and you'll have your \$50

After you've watched it, go and change your clothes and see the secretary. Now go and use the elevator and go out.

You need to improve your intelligence so sometimes you need to go and read at the library when you came out, you'll find out where the library is (it's behind the bus stop)

Go inside the library and talk to the girl, after you talked to her, you'll find out you need to find the book your own because that bitch won't help you, since it takes times for you to find what you need you decide to get some help

There is only a high school kid in that room so go and talk to him. He'll ask you to show him Lily's tits.

In this case if your whore level is high enough (80 or more – **green** choices :)) you'll have two choices:

- **Yes:** your dirty whore level will go up by 5 and your horniness will go up by 10%
- **No:** your loving wife level will go up by 5 and you'll ignore him

Note: If your whore level is less than 80, you'll ignore him automatically.

If you ignore that kid, you can find the book in the upper room inside the second bookcase from the left

After you've read the book go and meet Nichole and go to the bar together.

Head to west from Nichole's house and you'll find it across the beach.

Here you are, now the bartender will ask you girls if you are interested in the waitress job or not? So, after this event the bar waitress is available at nights.

Nichole's phone rings and you'll find out that her friends are coming; after they come, they'll ask you to have drink with them

Note: ok here we are, if you want to have sex with you father-in-law you have to be drunk and horny so just say: **yes**, to everything they want (two times)

Note2: to get really horny you must unlock the BJ scene with David so just drink a lot and lose the dart game.

Ok after you go to the restroom and after you come back to the table, Nichole will ask you about the bet (if you're drunk of course, if not you'll leave the bar), answer with: **Yes** or no

If you say no, you'll go back home, your loving wife level will go up by 10, and Lily will masturbate tonight. However, if you answer **Yes**, your dirty level will go up by 10 and you'll play the game. In the game you'll get two choices:

- **Just throw the dart:** which it will lead to the BJ scene in the restroom.
- Focus: you'll hit the center and the guys will run naked on the street.

If you chose the first one, you'll go to the restroom and have to choices:

- **Come closer:** your dirty level goes up by 10 and your horniness will be 100 and after you blow him you can access to Fred's scene (if you don't blow him, you'll go back home and masturbate)
- Run away: your loving wife level will go up by 10 and have the masturbating scene at home.

If she comes closer, she also gets a choice of:

- **Blow him**
- Don't

Ok! Now, go home and head to the basement and see the event you chose to see by accepting the offers or not (if you have followed the green choices you get the Fred scenes)

Fred's Scene: after he came into the basement, he'll grope Lily's ass and give you two choices:

- **Keep pretending:** dirty whore level goes up by 10
- Throw him immediately: loving wife level goes up by 20 and the event is done

If you chose: keep pretending, you will wake up after a while and ask him to continue and he will come up to the bed and you'll be angry at him you have two choices:

- **Allow him:** relationship with Fred goes up by 10 dirty level goes up by 40 and you will watch the Fred's event completely
- Throw him out: loving wife level goes up by 10

After the event you'll go to sleep and next day will start.

Day10: go to the restaurant and do your job after that if you did the cleaner job go and try another job. But before that you can go to the massage center for the second time (of course if you went there in the past)

If you go to massage center for the second time: (it costs you 60\$) go inside and talk to the receptionist and book a massage, he'll lead you to the massage room and you can go to the dressing room and change your clothes you have two choices here:

- **Take off your underwear:** (it depends on your dirty level, if it's 200 or more you can choose this if not, she'll choose to leave them on automatically) you'll take it off and you'll see an ass massage in the massage room
- Leave them on: you won't see the ass massage event just a couple of new massage scene and some new dialogues

After you decided, go out and talk to the masseur and see the event.

If you didn't wear any underwear the masseur will ask you to give you an ass massage to help you with the pain:

- **Allow him:** your dirty level will go up by 10
- Don't allow: your loving wife level will go up by 10

If you wear underwear, you'll be asked if you don't mind lowering your underpants?

- **Yes:** your horniness and mood will go up by 10
- No: your mood will increase by 10

Now for the second part time job Head to east and then north part of Nichole's house there is a kiosk that you can speak to the owner and get the job

After you've accepted the job all you need to do is to deliver them to the houses around this part of the town. While you're delivering the leaflets, you'll meet an old friend named Marcel.

He'll ask you to come inside the house, take some rest and have chat with him. Lily will go inside, and he will ask you if you don't mind helping him with the modeling on his paintings:

- **Yes:** you'll see the rest of the event
- **No:** you'll go out and have your job done

Let's assume you choose yes: now you can get ready for the painting session just go to the south part of his house to the Flashing spot and get ready.

Go to the right, enter the yard of his house and have a seat on the couch. Wait a little and watch the event until he asks you to uncover your breast a little bit:

- **Yes:** your dirty level will go up by 5, your horniness goes up by 10 and your relationship with Marcel by 10 and at the end of the event you'll see a drawing with uncovered breast
- **No:** your loving wife level goes up by 5 and at the end of the event you'll see a drawing with covered breast

Now your stamina is 50 and you can do one more thing, you can go and read a book to increase your intelligence to 50 or if you remember you can go and get the waitress job in the bar. If you want that, head to southern part of this map and find it across the beach go in and talk to the bartender.

He'll ask you what you need:

- **Ask for job:** you'll get the job
- **Have a drink:** your horniness will go up by 10

Note: every time you have a drink, you'll be asked two things pay the check and leave or ask for the job.

After you got the job, go and talk to the bartender. He'll tell you everything and go to the dressing room which is inside the kitchen. Change your clothes and come back to the bar.

Like always do your job by following the flashing spots and see some events.

At last you'll serve a guy who is overdrunk and can't move so the bartender will ask you to help him:

- **Do it:** your relationship with Jack (the bartender) will go up by 10
- Don't do it: nothing will happen

After all that go and change your clothes, go home, watch a film and then try to sleep. However, you won't be able to because it's too hot and you need to take a shower.

After you had a shower, you'll watch some events, but they depend on what you chose the night before.

**If you had sex with Fred,* you'll come out of the bathroom and confront with Fred. After you had a conversation with him, you'll find out he's looking at your breast, so you have two choices:

- **Test him:** your dirty whore level will go up by 20
- Cover your breast: loving wife level will go up by 20 and you'll go out of the room

If you try to test him, you'll have two choices:

- **Take a risk:** your dirty whore level will go up by 20 and you'll watch the H-scene with Fred
- Leave the room: your loving wife level will go up by 20 and the event will be done here

Ok, after all those scenes your husband will come, and you'll ask him to have sex with you.

- If you make love with her: you'll watch a sex scene between the husband and Lily
- **Don't do her:** If you don't make love, you can go up and have sex with Fred if you took all the risks and made all the "bad" choices

Let's think you took all the risks: after your husband decided not to have sex with you, you can go up and talk to Fred instead and have some scenes with him. If you don't want Fred's last event at this night just go inside the bathroom and take some sleep.

In Fred's last scene at this night you'll have two choices:

- **Fuck him:** it will increase your dirty whore level by +70 and your Fred relationship by +10
- If you don't fuck him, nothing will happen

After you've chosen any of those, take a shower and go get some sleep

**If you didn't have sex with Fred the night before,* after you took a shower your husband will come over and you'll ask him to have sex with you:

- **Make love with her:** you'll watch a sex scene between the husband and Lily
- Don't make love: you'll go and take a shower and go to sleep

DAY11: change your clothes to red dress and go to work. Outside you're informed that cab service is now available and that animated waling is now on. You can toggle animated walking off/on by pressing the and holding the <Shift> key down for 1 second. Cabs are good for moving larger distance for money.

At work, depending on what situation you have experienced before, you'll see some events.

If you've met Mike at the cinema, you'll meet him at the restaurant. When you meet him, his friend (Zack) will tell him he has no chance with Lily, so you can give him hope or just mind your business:

- **Give him hope** will increase your dirty level by 5, increase your relationship with Mike by 20, you can see another event in the boss's office, you'll be invited in the costume party in the future
- Mind your business won't do anything on your status just you avoid the boss and Mike's events

After you choose one of them you can go and give Rick his coffee and clean the tables and talk to Martha (buying the cos play dress).

Ok, now Lily can go home and have a picnic with the Nick.

At home, go to the basement and talk to your husband after that, talk to Fred and go back to the basement (If you didn't have sex with Fred there is no need to talk with him).

You'll go out automatically, head to north and you'll find the park there, walk through the flashing spot and watch the event

After that, go to the restroom and watch another event. An unknown person will come to the bathroom and put his dick in the glory hole for Lily. Lily will think that person is Nick, so you'll be asked:

- **Take it in your hand:** your naive girl level will go up by 1
- Go out of the toilet: you'll get out of there and nothing will happen on your status

After all of that, you'll come out of the restroom and have a talk with Nick. After that it becomes almost night and you'll have 50% of your stamina so you can go somewhere else before going to your house. You can for instance go to the bar and help Jack with the waitress job.

If you go to the bar: you'll work as a waitress, go change your clothes, talk to the men and then talk to Jack and again talk to the men.

They will ask you to give them some drinks again and again.

So, at the bar, just follow the flashing spots.

After a while, there is no more whiskey to sell them, so Jack will ask you to trick them by transparent bra.

- **If you accept the offer**, you'll see the rest of the event and your dirty whore level will go up by 10. Likewise, your relationship with Jack goes up by 10
- If you decline it, you'll give the rest of the drinks you have inside the refrigerator. The event will be done, and your loving wife level go up by 10

Note: if you didn't have sex with Fred on the 9th day, you didn't talk to Fred and you're late for home. So, you'll decline Jack's offer automatically because you're the person responsible for the meal tonight. (Loving wife +10)

Note2: ok because Fred won't make dinner tonight you need to buy it yourself, you can find it next to the river, after you bought it go home and have dinner only with your husband.

If you accepted the offer, you'll play as Jack. Go and talk to the men and after the player changed again go and change your clothes and follow the last rules (talk to the men and Jack) after calling up for three more, one of them try to finger Lily (he'll give Lily 100\$):

- **Pretend nothing's going on:** dirty +10

- Get out and go home: loving wife +10

Ok, now change your clothes and go home.

At home:

*If you had sex with Fred:

After you came back, you'll see that Fred made dinner for the family so have a seat and see the event, at this event you can see that Fred is denying his son's words about the chores and so on, so Lily can convince him somehow ;-)

- **Convince him:** Lily will give Fred a hand job while Nick isn't aware of what she's doing. Of course, both your dirty whore level and Fred relationship score will increase with 10
- Say nothing: it will increase your loving wife level by 10

After you saw the happy family event go to the basement.

Your husband will come over and Lily will ask him to have sex with her, you have two choices:

- **Keep on working:** Nick will ignore Lily and you can walk outside the house
- Fuck your wife: they will have sex and fall sleep together, the next day will start.

Ok let's think you decided not to have sex with Lily for now. You'll play as Nick, because Lily is late, go and check Nichole's house and see if Lily is there or not.

Note: if you want to see the Hidden scene here after you got out of the house go to the next house's backyard where the light is on. You'll see Nick says hmmm.... congratulations you can see the hidden scene, just remember it and let's see what will happen in the future.

Ok, now after you've (Nick) checked at Nichole's house, go back to your house and you'll see Lily is there. Now you'll switch automatically to Lily again, trying to go out of the house, but Fred will stop you and he will want to show Lily something:

- **Find out what he wants:** your relationship with Fred will go up by 10 and your dirty level will go up by 30
- Ignore him and visit Nichole: your loving wife level will increase by 10

Let's see what will happen if you choose Fred over Nichole: ok now you're out of the house and you need to go to your neighbor's house. Now you are in Nathan's house, after a conversation with Fred go and check the gasoline pump, after the event check the PC, after you watch the scene check the glass door.

Ok here is the place you'll see the Hidden event, if you followed the guide, Nick will come over and see Fred is fucking a girl and he's not aware who's that girl is.

If you didn't open the hidden scene, you'll see just Fred and Lily's sex scene.

After you've watched these scenes Lily will go back to her house and get some sleep. (You won't be able to have sex with your husband).

Let's see what will happen if you ignore Fred and go to Nichole's house: go and check on that girl, you'll find her naked at her house while Steven is shaving her pussy, after you've seen the event you'll come back to your house and talk to Nick automatically, He'll ask you to have sex with him:

- **Yes:** your loving wife level will go up by 10
- **No:** you'll ignore Nick and you'll sleep

***If you didn't have sex with Fred**

You and your husband had dinner; Lily will ask for sex:

- **Keep on working:** Nick will ignore Lily and you can walk outside the house
- **Fuck your wife:** they will have sex and fall sleep together, the next day will start.

Ok, let's think you decided not to have sex with Lily for now. You'll play as Nick now because Lily is late, go and check Nichole's house and see if Lily is there or not, after you've checked Nichole go back to your house and you'll see Lily is there, now you'll switch automatically to Lily again, go and check on that girl, you'll find her naked at her house while Steven is shaving her pussy, after you've seen the event you'll come back to your house and talk to Nick automatically, He'll ask you to have sex with him:

- **Yes:** your loving wife level will go up by 10
- **No:** you'll ignore Nick and you'll sleep

DAY12: here we are. It's morning and we have a lot of things to do (depends on the situation you've experienced). First wear your red dress and head to your workplace like always. Serve the customers and bring the coffee to Rick

- If you saw Mike's event in the restaurant on day 11, you'll see some event with Rick, he'll buy you the costume that you needed for the party and he'll ask you to put them on. (if your dirty level is under the 250 you won't have these choices and your loving wife level will go up by 5 automatically)
 1. **Yes:** you'll see the rest of the event and your dirty level will go up by 5
 2. **No:** your loving wife level will go up by 5
- If you didn't see Mike's event in the restaurant, you'll just give Rick the coffee and come out of there.

After the event go clean the tables and talk to Martha and go out.

***If you cheated on your husband with Fred last night, you must visit Dr. Mark.** Everything for this event is almost automatic: just after you came out of the restaurant, you'll visit him in his office and watch the event. The only thing Lily must do herself is to use the elevator and go to his office (Lily also receives: +100 mood, +40 horniness and -25 stamina) After this event, you'll automatically visit Nichole, **SAVE**

(you need this save to be able to play or not to play the Lily/Nicole sex path later on) go inside her house and go into the first room in front of you and you'll see that Steven is shaving Nichole's pussy. They'll ask you if Lily wants to have Steven Shave her pussy too. So, you have two options:

- **Yes:** dirty level will go up by 10 and Lily will have a shaved pussy, at the end of this event you'll have a pussy licking scene from Nichole
- **No:** loving wife level will go up by 5 and you'll go out

After that head to your house area but you'll find out you need to visit Marcel to see if he sold the painting or not? (Of course, if you said yes to the modeling job)

Let's assume that you said yes to the modeling job: after you got to Marcel's house, he'll ask you for another modeling job so when you want to change your clothes for the modeling, you'll have two choices: (if your dirty whore level is more than 250)

- **Listen to Marcel's advice:** dirty whore level goes up by 10 and you'll see some more scenes than the other choice
- **Put on a nightie:** loving wife level will go up by 10

Note: if your dirty whore level isn't enough, you'll put on the nightie automatically

After watching the event go back to your husband and you'll have to choose between two options:

1. **Fuck your wife** (best answer if you have picked **green** until now): as the answer says you'll see some sex scene between husband and wife and another day begins.
2. **Keep on working** (no sex): you'll ignore Lily once again and Lily can watch film and sleep.

***If you didn't cheat on your husband with Fred last night or anytime:** things are different in this situation, after getting out of the restaurant you must visit Nick and spend some time with him. So, when you get to the yard of the house, you'll see some scenes about taking care of flowers and so on (if you've met Mike, he's involved in this event too), go inside and change your clothes to some casual one and come out again and see some scenes (here we go!!! Mike is a peeping Tom) after the event go inside and clear the mess round the house and take a bath. When you're taking a bath, she'll shave her pussy automatically (if you said No to have Steven shaving Lily's pussy). Ok now go down to the basement and meet the hubby and have two choices:

1. **Fuck your wife:** as the answer says, you'll see some sex scene between husband and wife and another day begins.
2. **Keep on working:** you'll ignore Lily once again and Lily can watch film and sleep.

Day 13 Friday: another day begins and after you change your clothes to the red one, go to your workplace and do whatever you've done before. After that no choices but to visit Nick, so go home and talk to your husband. After you talked to your husband you can go to the park and buy some fruit:

Talk to the fruit seller and he'll give you three choices:

1. Apple: nothing will happen just you'll buy apples and Nathan will thank you for the apples
2. Orange: nothing will happen just you'll buy oranges and Nathan will thank you for the oranges
3. Cherries: there is a scene if you decide to buy cherries over the apple and orange, but nothing will happen to your status.

After you bought the fruits, go and visit Nathan at the hospital. Talk to the receptionist and go to the last room in front of you, there you'll decide to visit Dr. Adam so go and check if he's available or not:

Go and get naked and watch the scene doctor will want to use his dick instead of dildos so what do you choose?

- **Yes:** naive girl will go up by 1, dirty level will go up by 10. After you chose yes, you'll have two choices:
 1. **Accept:** dirty whore level will go up by 10, cheating big goes up by 1
 2. Refuse: loving wife goes up by 20
- No: you'll stop the scene here and go out

Note: If you've seen Doctor Mark's second scene you will be able to see this event (fucking the doctor) if you haven't seen it, you'll argue with the doctor and come out of the hospital automatically.

For every choice you make you'll see some event. After the visit you'll come out of the hospital and you'll decide to go to the gym but how about getting some massage before that? (If you like and if you have money)

If you visit the masseur (for the third time) you'll see a new scene about breast massage so after he asked you about it, you have two choices:

- **Yes:** dirty level will go up by 10
- **No:** loving wife will go up by 10

This event will cost you 60\$

After that go to the gym, there you'll find out you need some clothes for the gym, so you have two boutiques to buy from one is the **Italian guy** and the other one is beside the beach

If you want to increase your loving wife by 10 go and check the beach boutique (and you'll end up buying things from the Italian because it's closed, the difference is that your loving wife will increase)

So, everything depends on you and the way you want to end the game as a loving wife or a whore one.

After you get into the Italian boutique, he'll ask you to let him to measure you:

- **Allow him to take your measures:** will increase you dirty whore level by 5 and increase the relationship with him by 10
- **Don't allow him:** loving wife level will go up by 5

If you choose the first one, you'll see some event and if not, you'll go out.

Ok now let's go to the gym, after you changed your clothes go to the training room, there coach will come and want to help you:

- **Let him come closer:** dirty whore level goes up by 5 and watch some exercise scene
- **Don't let him:** loving wife level goes up by 5

Now go take a shower and get out of there and everything is done for v0.6

Wait a minute there is one more thing, some hidden scene, you want that, right?

So before going out go to the men's locker room and see what will happens there:

There Daniel needs help: (If you are willing to help him you need to see Doctor Mark's second scene and if you haven't seen it, you'll ignore Daniel and Lily will come out of the gym)

- **Help Daniel:** your relationship with Daniel will go up by 20 and your dirty level will go up by 5 and you'll see the rest of the event.

- Mind your own business: nothing will happen just you'll quit and that's all.

Let's think that you chose the first one (help Daniel), after he threw the phone go and pick it up, there you'll have two choices:

- **Lie to him:** will increase your dirty level and relationship with Daniel by 50 and you'll see the rest of the event.
- Tell him the truth: loving wife will go up by 30 and you'll quit

V0.6 ends after the Gym scene

V0.7 start

1st Scene - Get out of the gym and you have a choice:

- Call Nicole at the payphone
- **Go to her house without calling**

If you go without calling you get a naughty scene and a story scene.

If call you get just the story scene.

Now you have 0% stamina which means go home and sleep.

Day14 Saturday:

1st scene – coffee with Fred and Pay the bills – 100% stamina

The next day you get a Fred scene, no sex and no choice, so just do what the game tells you to do.

NOTE: there is a hidden coffee with Fred scene, but I have not been able to trigger it. I do not know the preconditions or if it is even enabled in the code, but I can see the images in the picture directory.

Instead of this scene, she automatically says no to Fred and walks down the stairs.

Dress and go and pay the bills at the building west of the gym.

2nd scene – Nick at the park – 100% stamina

Now you get control of Nick. Walk him to the park north of the house. When he arrives at the park, he first tries to sit at the park bench indicated by a flash. Ge gets two choices:

1. Clean the bench and sit at it.
2. **Don't clean the bench** but move over to the other one and sit there

NOTE: I think you can miss the park scene, by just not going, but it severely limits the choices in later scenes and cripples the story later, so make damn sure to take Nick to the park! 😊.

1. If you clean the bench you get a scene of Nick looking at two girls talking. It sounds like they are in college.

2. If you don't clean the bench you walk over to site on the other bench and get to:

- **Talk to the girl**
- Not talk to the girl

If you talk to her you get to know some useful info for a later scene.
If you don't, I guess is the same as cleaning the bench.

You also find out that the girl on Rollerblades name is **Briana** (and she turns out to be important later - another reason to make sure Nick goes to the park).

After that, you gain control of Lily again and the possibilities starts to open up.

Let's go to the other side of town first: catch the metro to see if you can get some teasing/weird scenes.

Now you have a few choices. I picked the ones for the most possible scenes. I'll cover the other once too though.

3rd scene – Old man on the bench and upskirt scene – 75% stamina

First off let's go to the hospital and approach the fence where you can see a patient (old man) on a bench. Talk to him for a side quest. He wants you to bring him some Blackberry wine. So, let's do this. You can get it at the closer market or the one to the east below the metro exit.

1. **We'll do it with the one below the metro (Mad Boom)** for an upskirt cam scene.
2. If you do the closer market, then you will not get the upskirt scene.

Go back to the old man to finish the quest.

Now this will be where the game opens some paths:

You can go to:

- A. **Castor** or
- B. The leaflets job.

Save the game so you can try both paths.

We'll do Castor, for more scenes and this also helps to advance the Castor story path which is absolutely essential later in the game. You can do the leaflets job just to see it and then reload your save to run Castor which is the main story.

5th scene – A. Castor job – 7+5% stamina

Just go there and choose to help the secretary (Lola). She'll ask you to go to her apartment and get some clothes, pay attention to the floor her apartment is at. Her building is shown in the game (see page 1).

Once at her apartment (it's on the 5th floor right door) **save** before entering,

Look at the closet where the clothes aren't to see Lily trying new outfits, she won't keep it though. Try the left most and the right most first because the middle one is the right one. Reload your save to see both outfits she will not wear.

When you are done get the right clothes (middle closet) and go back to Castor. I think it is automatic at this point, so just get through it.

5th scene – B. Leaflet job – 75% stamina (Recommend NOT to do this today – instead do Castor track A)

This is the leaflet path which has two different outcomes. I don't use it because you can't go to the library after and get scene, which makes you have 25% stamina at the end of the possibilities.

Leaflet job is very simple if you do it and go to the house w/ pool you get a scene with the guy there, or you can take advantage of him and not give him anything. If you don't go to his house Lily will pass out and wake up with a thermometer in her ass, she's in the hospital so it's okay. Again, you will be able to do these scenes later in the game but right now it is better to focus on progressing Castor = track A.

6th Scene – A. Castor path: The Library – Stamina 50%

If you did Castor (scene 5), you can now do the library (if you previously finished the 1st book). The high school asks if she needs help. Lily will say she wants to find the book on her own first. You can find the book if you look carefully, but if you find it on your own, you will miss the boy scene. So, look in the bookshelves to the left (NOT center right). After failing to find the book, you get to talk to the boy again.

You have two choices:

1. Give him a lesson
2. Try to convince him

If you choose 2. Try to convince him, you must find the book on your own. You can give up and go back and speak to him again and then choose 1. Give him a lesson. If you do find the book (4th bookshelf from the right) you get to sit down by the table automatically with no more scenes.

If you choose 1. Give him a lesson, you get two choices after the scene:

1. Sit with him
2. Sit at the table

If you sit with him, you get a shot of Lily sitting down and some comments from the boy.

If you sit at the table, you get the option for an upskirt scene.

Hidden image: After all is over, look at the table where the boy was sitting in. (That naughty boy!)

7th scene – Work at Bar – Stamina 25%

Now let's go to the bar and work. If you did the other bar scenes, you know where this is going...

You can also choose to not work, but just have drink without penalty. The rest of the evening scenes still works independently of what you choose in the bar.

I'm not a fan of the bar scene, but if you choose to do it you will improve your relationship score with Jack (the bartender) and enable more bar and other Jack scenes in the future days. I choose to just do it, because there is no downside (so far) and you can always say no to Jack in later day scenes.

If you do the bar scene you get +300 in money, so that is a bonus.

After the bar go home.

There are several paths from here on so **Save** NOW before entering the house – please do!

8th Scene – Nick going out with John or staying home – Stamina 0%

When you get home, you will have choices that will impact which scenes you get. For the first choice, it's a Nick Choice:

1. Go out with a John
2. Stay home

Going out, gives Lily an opportunity to have uninterrupted sex with Fred. But having Nick stay home have more options (with even more possible Fred sex scenes) and is imho much better for the story. By choosing to go out, Lily also get to kiss Nick's friend on the cheek which, I assume, is going to increase relationship with him and open possibilities in future updates. By having Nick go out and Lily refusing Fred you don't get to have the scene staying home. I recommend playing all different choices and paths to understand what is going on, reloading your save from before entering the home.

1. Nick choose to stay home – recommended path

9th scene Fred – Stamina 0%

Now we have some choices to make. First off, after the bath, Lily will automatically deny Fred. After gaining control of her, you can:

1. Go to sleep: Just gets you to the next day
2. **Go to Fred's Room**: Sex Scene

Let's choose 2 go to Fred's room. After a while, you can let him lick her - just let him.

10th scene Fred – Stamina 0%

During the sex scene, you get transported to Nick's room and he will try a cam site with an ironic username. Remember the college girls (especially Briana)? Now, if you talked to one of them, you can get all scenes plus a date, and if Nick didn't, he blows everything lol. For simplicity sake, let's assume you talked to one of them, then the path is the same with different outcomes. In the middle of the scene Nick will hear the noises of Fred fucking Lily and try to trace the source of the noise. You control Nick now.

11th Scene Fred – Stamina 0%

Go upstairs, Nick will not find Lily and say that he needs to check the bathroom. Nick has three choices:

1. Check the Bathroom first
2. Check Fred first and then the Bathroom
3. **Check Fred first and go back down directly** (do not check the bathroom) -

If you 1. *Check the bathroom first*, Lily will sneak through, see that Nick was in the cam site and make fun of him - Pretty funny actually 😊

If you 2. *Check Fred first and then Bathroom*, you get the same outcome, but you get a scene with Lily hiding in the closet – also pretty funny 😊

If you 3. *Check Fred first and go back down directly* (no bathroom), you get to see Lily hiding in the closet scene 😊, a scene with the webcam girl with the outcome explained in the 10th scene, BUT then you also get control over Lily and have a choice to keep fucking Fred or not:

1. **If you do**, then you get some doggystyle action (more Fred points and whore points)
2. If you don't, then you just go to back down and she goes to back and the next day starts as usual.

2. Nick choose to go out with a "friend" (John)

If you choose to have Nick go out with John, then Nick walks away and John tries to kiss her. Lily then gets the options:

1. **Kiss him (John)**
2. Don't

If you choose 1 *Kiss him (John)*, Lily kissed him, and John's relationship score goes up and, SPECULATING, this opens for a John track.

If you choose 2 *Don't*, then she does not kiss him.

Have Lily take a bath and start to watch a movie. Fred will join. After a while Fred makes a move and complains he is not getting rewarded for all his hard work in the household.

Lily has a choice of:

1. **Reward him** (Fred)
2. Don't

If you choose 1 *Reward him*, you'll get a scene. After that Lily will go downstairs and she needs to go to bed.

If you choose 2 *Don't*, Lily will give Fred an ear full and then go back downstairs. The difference is that now you can also use the vibrator before she needs to go to sleep.

v 0.7 ends here.

Day 15 Sunday

V0.8 day 1

1st scene visit Mrs. Clarkson – Stamina 100%

After dressing in casual clothes go and visit Mrs. Clarkson and clean for her.

You get to choose to **clean carefully** or carelessly.

If you choose to clean carefully Lily discovers something interesting 😊

After serving tea and chatting, Dominique arrives.

You get two choices:

1. **Answer the question**
2. Keep it to your self

If you choose to 1. *Answer the question*, you'll engage Dominique and you get some more choices:

1. **Take a closer look**
2. Don't

If you then choose 1 *Take a closer look*, you'll get to a scene...

If you choose 2 *Keep it to yourself*, the first time or answer the second question 2 *Don't*, you'll avoid the Dominique path and Dominique relationship score stays at 0.

There is no penalty either way for now, but if Lily does the scene with Dominique, Lily will improve her relationship score with Dominique +10 (opening for future scenes with Dominique probably in v1.++ something).

2nd scene stuck with Mike in elevator – Stamina 75%.

You get some conversation and you agree with Mike that you will participate in some Cosplay with him and Zach, either in 15min or in a few hours.

Go home and have a shower and dress. You get a small shower solo scene with Lily while Fred is watching.

Now you have choice of either go to Mike's place directly or go to the painter first. It does not matter which one you do first. Let's do the painter first.

3rd scene Painter – Stamina 50%

We get the usual sequence of types of choices that results in a scene or not.

You get a choice of:

1. **Allow him to penetrate you**
2. Tell him to stop right now

If you choose to 1 *Allow him to penetrate you*, you'll get the full scene (I would recommend that as it is also playing a role in v0.9) and you'll also improve your Marcel score +50 (rather a lot I think hmm...).

If you choose to 2 *Tell him to stop right now*, then the scene ends.

4th scene Mike – Stamina 25%

A hilarious scene 😊 Read the dialog carefully - it is funny lol (e.g. See Mike's face sitting in the sofa and what comes after). It's automatic with no choices and will improve the relationship scores.

5th scene watching porn a movie – Stamina 0%

Once you exit the building, the game will tell you to get some movies. You do what the game tells you to do. Get both movies in the adult section (to save time) not just one (left most and right most shelf in the adult section). If we get both, we can play either one, and we do not need to go to the video store again.

Go home change to bath robe and go back up and watch one of the porn movies (select Movies and then movie 1 or movie 2)

SAVE for future uses because Day 16 starts automatically, and you may want to re-watch the next scene.

Go to bed.

Day 16 Monday:

V 0.8 Day 2.

1st scene with Nick and John coming home

Happens automatic just read and enjoy lol 😊

2nd scene Lily leads John up

She tries to get rid of John but runs in to Fred on their way out. Hilarious! 😊 It's automatic so just enjoy, watch the pictures and follow the story.

3rd scene Lily in the bathroom

Lily decides to take a shower afterwards, but Fred shows up. Again, it's automatic so follow the story to see how the tables turns hehe 😊

Fred negotiates hard and Lily gets 2 choices:

1. **Obey his demand**

2. Make him Stop

Not sure how they'll impact the rest of the future story in v1.++, but it seems significant. SPECULATING: I think that If you:

1. "Choose obey his demand", he gets the upper hand longer term and/or Lily gets closer to him
2. "Make him stop", she keeps the upper hand and does not become submissive

However, only the choice: "Choose obey his demand" will result in Fred fucking Lily in the Bathroom, resulting in +10 to Fred relationship score, +30 to dirty whore score and +1 cheating big score. So, this is probably the way to go lol.

4th Flower bed

After she has dressed and is on her way to work, she discovers that the flowerbed is vandalized (John's handiwork). For some (inexplicable) reason, Lily decides that right now, it is more important to fix her flower bed than to go to work - so she does that. Just do what the game tells you to do. Go to the guy that sells flowers at northeast corner of the park (northeast of Lily's house) and go back and plant them.

5th Diner

Lily rushes to the diner and is late. **Save** before entering so you can try two paths with Rick. Again, hilarious dialog. After a while you get some choices with Rick. One results in a BJ the other one not. It does not matter which once you pick for the story because she quits the diner job regardless.

Go back home.

6th Couples massage

Nick has neck pain and Lily suggest they go and have a couple's massage. Do the massage and pick what you want to have happen in the choices.

Lily gets the choice to:

1. **Accept the massage treatment**
2. Reject the massage treatment

If Lily has progressed the massage maximum previously days and she 1. *Accepts the massage treatment*, we get a sex scene between the Male masseur and Lily, otherwise not.

Go back home.

7th Movie

Lily and Nick sits down for the evening to watch a movie together. Fred asks for Pizza and Lily brings over the leftovers in a pizza box. Fred comes up with a proposal.

Two choices:

1. **Take the job**
2. Refuse the job

If she chooses: 2 *Refuse the job*, she goes back to Nick and they spend the night together.

If she chooses: 1 *Take the job*, then: Fred and Lily ends up in Nathan's house, she gets rewarded with +20 to Fred relationship score and +70 to dirty whore score. After some foreplay and discussions, she gets to accept/reject another offer (to give Nathan a BJ for more cash):

1. **Accept offer**
2. Deny the offer

If she 2. *Denies the offer*, you get a scene where Lily is telling Fred off (no sex) and she leaves and goes home and sleeps in her bed with Nick until morning.

If she 1. *Accepts the offer*, the sex scenes continue, and she does a BJ on Nathan

She gets asked if Fred can join and can choose:

1. **Accept offer**
2. Deny the offer

If she chooses 1. *Accepts offer*, Fred joins... she gets rewarded with an additional +40 to Fred relationship score, +50 to dirty whore score and +1 to Cheating big score. See where this is going... hehe.

If she chooses 2. *Deny the offer*, she finishes the BJ.

After the sex scenes at Nathan's place, Lily and Fred return home together.

She goes to bed with Nick and sleeps until morning.

Day 17 Tuesday:

Start of v0.92.

She wakes up, gets dressed and goes up to the kitchen. She meets Fred and he tells her: "Nicole called, and Nicole wants her to call back urgently". She calls her back and walks over to Nicole.

1st Nicole scene - 100% stamina

Walk over to Nicole. The scene is automatic but depends on what you did on day 12.

1. If Steven shaved Lily's pussy on day 12 then you get automatic scene between Lily and Nicole
2. If Lily shaved her pussy herself on day 12 then you do not get the Nicole sex scene (I did not test this path, so I cannot guarantee what impact this choice has)

2nd scene Castor - 100% stamina

The scene is automatic with no choices and no sex but follow the story, do what you are supposed to do, take note of what's going on and what you see.

Now you have a choice before the evening dinner to go home or work. You can have Lily hand out leaflets before she goes home.

I think the intention is that Lily now should walk home, and the dinner scene will trigger, but since we are at 75% stamina, we can try something else so let's not go home but have Lily hand out some leaflets instead hehe 😊.

3rd scene Handout some leaflets - 75% stamina

Go over to the Leaflet stand in North East most corner of the map and accept handing out leaflets.

There are two outcomes here: a pool scene and/or a hospital scene.

To trigger both, we need to first hand out the leaflets and avoid the house with the pool.

Because of a change in v1.0, we cannot trigger the both scene the same day, so we have to save the pool scene for another day. But we can trigger the hospital scene today, so let's do that.

Hand out leaflets to all houses but make sure you do not hand out to the pool guy's house (his name is Martin). Eventually she will feel fatigued and she will faint.

4rd scene Hospital 75% stamina

Lily ends up at the hospital. Just follow the scene (no choices).

After she is done at the hospital, she will be asked to go back to the leaflets stand to collect her salary.

In V1.0 we cannot walk over to the pool and do that scene back to back (like we could in v0.92), so we have no choice but to walk her back and collect the \$50 at the North East stand.

However, new with 1.0, we can still do one more scene before we must go home and prepare for the evening. We can swing by the Library. Nothing interesting will happen there today, but it will save us some time in the next days so let's do it.

5th Scene: library 50% stamina

To trigger the next interesting library session (with the High school guy) you need to first read a book alone in the library. The high school student will not show up today but if we do this library session alone today, we have enabled so that when we go to the library on day 18 - he will be there then :)

So, let's go there now. You can find the book on 4th bookcase from the right (i.e. 6th shelf position from the right). Read it and exit the library.

Lily is now done and must go directly back to her house to prepare herself for the dinner.

On her way home (when she enters her street from the east), the boss will call her.

6th scene Home preparing for dinner- 25% stamina

She goes home and talks to Nick and explains she is going out for a business dinner to get a new job.

Walk her over to Juliette's to pick up her dinner dress.

After she has picked up the dress, walk her home.

Nick tells her that he will be staying at the cabin for a few days, that John will be driving him there at 10pm, and that he is hoping to see her before he must leave. She does not yet know how long the dinner is...

She goes upstairs, have a bath and gets ready for the dinner.

Make sure you **Save** (#35) before she goes out of the house. The scene is automatic from here on. It's long before you get control over her again and can save next time (you will have to make several choices before you can save, so really do save now inside the house before exiting!).

NOTE: It looks like the mirror is implemented now from v1.3 onwards so check her out in the V-dress.

7th scene Dinner- 50% stamina

Walk her out of the house, follow the dialog and the story. A new path is being revealed and you need to make some decisions.

Lily's boss and Boones (an established Partner of the boss) are trying to recruit Luke to be a partner in their joint venture but he has resisted so far. Lily's job is to convince him somehow. The choices Lily make are important. She can behave like the boss's slut, use sex and charm to get him into the venture, or use her business skills she acquired in the library and make a business argument to convince him.

Halfway through the dinner, Lily has a choice to make to start her convincing:

1. Seduce him (looks to be very slutty and it is at first, but have less sex/scores than option 2)
2. **Keep talking to him (I consider this to be sluttier since it results in more sex but different scores)**

If she chooses 1. *Seduce him*, she starts the "career whore" track (she gets a massive +5 to the Cheating small score, indicating that from now on she'll be comfortable to cheat a bit here and there to get business done. She also gets +10 to dirty whore score) and if she keeps talking to him, she starts her "Intelligent Lily" business track. This choice decides how Lily's relationship with Luke should develop. SPECULATING here but:

- one track is when she is basically whoring herself out to make the deal (and future deals -> less respect from Luke and potentially other consequences we do not know of yet); and
- another track is where "True love" can develop between Luke and her (Luke respects her like a business partner and even as a possible life partner – guided in a later choice).

2. *Keep talking to him* ("Intelligent Lily" track) awards Lily with +10 to Loving wife score BUT has more sex with Luke in the following scene (at his house). On the other hand, 1. *Seduce him* ("career whoring" track) may have more long-term potential for more whoring sex in the future versions (my speculation), i.e. v 1.++. But for now, try both to see how they turn out. Now is when you need that previous save from inside her house so you can try all paths before progressing too far. I choose "Intelligent Lily" track.

Lilly whoring for a deal:

Choose 1. *Seduce him* and the scene transitions are automatic. Follow the dialog.

She ends up in his home and is eager to make the deal.

Luke questions if she is a whore and or professional business partner and Lily needs to make a choice:

1. Pride

2. Career (it's the sluttiest path if you want to her to be a career whore)

Choosing 1. *Pride* means she tries to prove that she is not a whore and tries to recover to become a true professional business partner. She earns +10 Luck relationship points, but nothing else.

Choosing 2. *Career* results in that she shows she will use sex to get what she desires. Luke tries to stop her, but she says she needs to go through with it... SPECULATING: Luke will remember this. She continues to add +1 to the Cheating small score since she already made the big decision to be the "career whore" at the dinner before. She also gets +10 to Dirty whore score - a small increase but since this is "bread and butter" stuff for Lily by now, it's not a big deal.

Now, if we do not want Lily to be a whoring business partner, we need to choose 1. *Keep talking to him* at the dinner. SPECULATING: This will enable the "Intelligent Lily business partner" path with an additional option of becoming romantically engaged with Luke or not.

So, let's see how that works when we choose 1. *Keep talking to him*.

Business partner and possible life partner?:

Choose 1. *Keep talking to him* and the scene transitions are automatic. Follow the dialog.

She ends up in his home in his kitchen, please **Save**(#36) again (different slot) before you walk Lily out of the kitchen. With this save you'll have the option to play the Luke's life partner path or the stay professional path in future releases v1.++.

After, she walks out of the kitchen into the living room, she eventually ends up in the swimming pool with Luke.

Luke tries to kiss her, and she can choose to:

1. *Kiss him back*
2. Refuse him

If you choose 1. *Kiss him back*, you'll get a scene and Luke is now interested in Lily also as a life partner. Lily gets +1 Cheating big score, +20 Luke relationship points.

If you choose 2. *Refuse him*, then Luke will accept her as a business partner but also respect that she is not interested in him as something more (for now 😊). Lily gets +10 Loving wife score though.

After that, she will be driven to the street close to her home.

She has a conversation with her boss on the phone who gives her a \$10,000 bonus for pulling of the job.

Walk Lily over to her house. However, Fred is not opening.

Before moving to much more, please **Save**(#38) now (different slot again). This will give you the opportunity to run the next 2 paths without too much reruns (and save you time).

Walk over to Nathan's house. Just do what the game tells you to do. Start walking her back.

She runs into Mike who is walking home. After some talk, Lily gets a choice of:

1. **Go to his place.** (Mike romance path) -> **scene 8**
2. **Wait for Fred to come back.** (Fred "you know where this is going... 😊" path) -> **scene 9**

If you choose 1, she ends up with Mike if you chose 2, she ends up with Fred. Do not worry, she can still say no to both inside each scene. However, the Mike and Fred scenes are mutually exclusive so use the previous save to run both. The choice really depends on if you want to open up for sex with Mike or not. Both paths results in the same +20 "Dirty Whore" score improvement. But either she gets +60 Mike OR +20 Fred score. Also, because it's Mike's first sex time, she gets +1 to "Cheating Big" if you choose Mike.

8th scene Mike romance - 0% stamina

Chose 1. *Go to his place* to go home with Mike and get serious with the Mike romance track (sex).

Then walk over to his place and they end up watching a movie. Halfway through the movie and their chat Mike confesses some things and Lily gets the choice of:

1. **Find out how big Mike is.**
2. Do not get into details.

If she chooses 1 *Find out how big Mike is*, you get a sex scene with Mike. SPECULATING: I think this is a significant change in relationship status, opening a "getting serious with Mike" path. After the scene, she decides to have a shower (but try the toilet seat first before entering the shower) and then stay the night in Mike's bed. Mike goes to the bathroom and then he can go back and tuck in Lily (do that). The scene ends once he is back in the hall room between the bathroom and the living room and try to walk out through the south door. She gets rewarded with +20 to "Dirty Whore" score, +1 to Cheating Big score and +60 to Mike score. After this, the day 18 dream scene kicks in automatically (see below).

NOTE: If she chooses 2. *Do not get into details*, she ends up going home, but if you do, you'll miss the scene with Mike, and you cannot recover the missed scene 9 (below) with Fred. So, she ends up going to sleep in her own bed without sex with Fred or Mike. This path had a bug but is now fixed, so safe to play.

END of Mike path in v0.92.

9th scene Fred's birthday present - 0% stamina

Now, if she chooses 2. *Wait for Fred to come back*, she gets an opportunity with Fred.

Lily goes back to her house and can now enter. She walks up to Fred and the scene starts.

Lily gets a choice of offering birthday cake to Fred:

1. **Offer him a slice**
2. Tell him he is a moron!

If Lily choose 1 *Offer him a slice*, you get a scene with Fred and Lily gets awarded with +20 Fred relationship points and +20 dirty whore score (a little low in my view given what just happened :)). She now needs to have a shower and then go to bed downstairs (no other options left).

If Lily choose: 2 *Tell him he is a moron!*, She will go downstairs directly without sex.

Since the Mike and Fred sex scenes are mutually exclusive you need to think carefully how you want this to go. If you want to get Mike deeper into the game, select his path otherwise you choose Fred.

NOTE: bug! The mirror in the hall (next to the bathroom) and the bathroom toilet scenes still does not work with her new blue dinner dress in v.092 through v1.3 (tested).

END of Fred path in v0.92.

Version 1.0 start

Day 18 Wednesday

1st scene gang bang dream - 100% stamina

The scene is automatic and starts soon after she falls asleep (at home or at Mike's place).

This is scene is a **MASTER piece!**

It's hilarious: very well written, super well designed and beautifully animated!

Recommend you take the time to really read the text and enjoy scene. Do yourself a favor and do not fast forward through this!

2nd scene breakfast at Mike's place - 100% stamina

If you stayed at Mike's place (instead of offering Fred an early birthday cake slice), you'll get an automatic breakfast scene with Mike.

After that Lily needs to go home.

If you did not stay with Mike, Lily wakes up in her own bed.

Regardless of if you stayed at home with Fred or at Mike's you will need to dress at home.

Lily thinks she needs a more appropriate business dress, so she decides to go and buy a new one. She can go over to Juliette's but that is closed so she must go to Giancarlo's regardless.

3rd scene Giancarlo's - 100% stamina

Giancarlo will pick a dress for Lily and while she dresses, Lily catches Giancarlo peeking and get to choose:

1. **Refresh his memory**
2. Take the dress

If you choose 1. *Refresh his memory*, Lily will show him her tits.

If you choose 2. *Take the dress*, she will not show her tits, but will just dress.

Lily walks outside and the walking animation is now enabled with the new business dress – AWSOME renders! Hotness score +20 points.

Remember press and hold the <Shift> key for a second to toggle on/off walking animation.

Also, remember press the <Q> key to toggle on/off the stats bar at the top if that disappears somehow.

Normally she would have more options, but today she only has the choice of walking over to Castor. Library, leaflets, Marcel, pool etc. are not available yet.

4th scene Castor - 100% stamina

This is first day at Castor and she needs orientation. Enter Castor, take the elevator and enter her office space (second door to the left upper wall). The story is automated so read the text carefully to follow the story development and do what you are supposed to do. First time Lily gets to choose is when she is about to walk up the stairs in the warehouse:

1. Tell them the break is over
2. **Don't say anything**

If you choose: 1. *Tell them the break is over*, the workers will go away, and the girls will walk up the stairs without being looked at.

If you choose: 2. *Don't say anything*, the workers will stay and will look up her skirt as she walks up the stairs, resulting in +5 to Dirty whore score and +10 to Warehouse moral score (not sure what this will be used for but +10 in worker's moral can't be that bad lol 😊).

After the warehouse visit, Lily needs to go back to her desk. She will work on a project and will get +15% to project completion score when she is finished. From now on she can work on this project every day when she returns to Castor and gain +15% every time. More of that in day 19 onwards below. Afterwards she needs to leave Castor. Out on the street she calls Nicole. They decide to go out to a night club to celebrate her new job.

NOTE 1: Free roaming is now available.

That means that from now on, you can choose the order you do quests more freely. Less forced scripted and more independent. However, certain future events are still dependent on what you have done. (e.g. # of library visits etc.)

NOTE 2: The phone is now available.

Press the <page down> key to bring up the phone.

The phone allows you see:

1. Contacts: use this to have Lily call people
2. Messages: messages from people will show up here
3. Notes:
 - a. Important stuff: activities that Lily need to complete critical to progress the game
 - b. Side Notes: quests/activities that are available to Lily at a given time not critical to progress the game story line, but activities needed to progress relationships
 - c. Daily Activities What daily activities are available to Lily (like Gym on Wednesdays etc.)

Remember to press the <Q> key to bring back up the status bar if it disappears (with the <page up> key).

Bring up the phone and you'll see:

- 1 Important stuff: visit Nicole (you cannot do this yet - needs to be evening)
- 2 Side Notes:
 - Marcel visit
 - Library (click on the phone with mouse to see Library info)
- 1 Daily activity: Gym (because the gym is available on Wednesdays)

But, Lily has actually one more thing she can do:

1. Hand out leaflets

If we choose Hand out leaflets you can trigger the continuation of the previous leaflet handout and start the pool scene (remember the hospital scene this is the continuation of that).

But it turns you will save some time if you simply follow the guidance from the Phone and DON'T deviate right now. If you deviate and do handouts you will run into trouble later on due to some bugs, so let's not do that...

Instead, let Lily go to Marcel or the Library.

If you followed the guide and squeezed in the previous library visit (on day 17), she can now go directly to the library where the high school boy will be waiting...

NOTE:

BUT before you go to the Library or Marcel you have a dressing decision to make for Lily:

1. do you want her to dress in her current business dress the V-dress; or
2. change into a more casual dress (new available skimpy red skirt and white top).

IF Lily goes back home and look for her old red dress, she will remember that it is still at Giancarlo, but if she approaches her wardrobe a second time, she looks and find the “older” skimpy skirt and top.

Both the Library scene and Marcel are fully rendered with both outfits!

So, if you want to see the library high school boy scene and/or Marcel scene in the skimpy outfit go back home and change now. If you like to see the scenes in both outfits you might as well **Save** now to save some replay time. Also, the animated walking (<Shift> button to enable/disable) is implemented and fully rendered for both outfits – Nice!

After you have decided on one of the outfits and dressed her, go to the library first and then Marcel (both are optional, but why not?).

5th Scene library 75% stamina

The Student is now in the library. Look for the book on the book shelves next to the student randomly, the student approaches Lily and eventually promises to help her in exchange for a scandalous favor.

Lily says no and continues to search. In order to trigger the next scene Lily needs to walk over and ask the Librarian for help (she is not helpful). After that, she needs to go back and ask the student for help again.

After speaking to the student Lily gets 3 choices:

1. **Flash him and get it**
2. Continue searching
3. Get out.

If you choose 1 *Flash him and get it*, she gets a scene, she gets to read the book and +10 to Dirty Whore score.

If you choose 2 *Continue searching*, she can search again and find the book (it's located on the very left bookshelf). But that's not as fun as 1.

If you choose 3 *Get out*, she leaves the Library without reading the book and without improving her intelligence. Also, not very fun.

6th scene Marcel - 50% stamina

Walk over to Marcel. Eventually he opens the door.

Walk into Marcel's backyard. **Save** so you can play the different paths – there are few combinations.

Follow the “Daddy/daughter role play” story and Lily get a choice of making him hard:

1. **Make him hard**
2. Don't do it

If you choose 1. *Make him hard*, then Lily will go over to him and show Marcel some motivational poses. You can choose from 2 different poses (it does not matter which one she chooses, so watch both. Lily gets rewarded with +10 Marcel relationship points and +5 to Dirty Whore score. The scene is automatic from here on, save for a few slaps.

If you choose 2. *Don't do it*, she still gets slapped, but you miss the motivational poses and the extra points above points.

After the slapping, Lily gets a choice to continue or not:

1. **Relax your vaginal muscles**
2. Stop him before it is too late

If you choose 1. *Relax your vaginal muscles*, the obvious animated sex scene happens (depending on the outfit she is wearing, v-dress or skimpy skirt, she gets two different scenes). At the end of this scene, Lily gets rewarded with +40 Marcel relationship points, +40 to Dirty Whore score and +1 to Cheating big score, regardless of where Marcel cums below.

Marcel can choose to:

1. **Cum in her pussy** - risk for pregnancy (suspect this play a role later on in the game)
2. Cum in her mouth

After that, the scene is over, and Lily can exit the house. If he came in her pussy, Marcel asks: “Do you want contraceptives”. It's not clear if Lily hears the question... lol.

However, what is clear is that if you choose option 1, 1 and 1 above, Lily will in total get this score improvement: +50 Marcel relationship score, +45 to Dirty Whore score and +1 to Cheating big score.

Note: The +50 to the Marcel relationship score should now result in a total of 120 if you have done everything with Marcel.

If you choose 2. *Stop him before it is too late*, the scene ends without sex and Lily can exit the house. No more score improvement.

After the Marcel visit, you can go directly to Nicole or squeeze in a gym visit. If you do the gym first, we can still go to Nicole afterwards but at the end of the day the stamina will be negative, and the stamina

“circle” will disappear. This is not causing any bug problems so it can be done. More gym visits right now do not really do anything (in v1.1), like improve her Body score. So, you would only be doing it for fun (watching her run the treadmill or bounce on the yoga ball). I’m guessing that frequent gym visits will improve her Body score in future releases (but it does not in v1.1).

So do the Gym scene 7 first OR go directly to Nicole’s scene 8.

7th scene Gym- 25% stamina

Just walk there and follow the story to increase gym visit count (when it works) to eventually improve Body score – watch her run the treadmill or bounce the yoga ball.

8th scene with Nicole at the Night Club - 0% stamina

Walk back to Nicole and enter her house after some chitchat.

Once you come out of Nicole’s house, the West part of the map is now available:

I suspect there will be quite a bit of new opportunities for Lily to explore here in future release, but in v1.1 we can only go to the night club at this time. Normally there are 3 ways to get to the west part:

1. Walking - You enter it from the road north west of Lily's house just north of the house where Mike lives, or
2. Subway system – you can enter any subway entrance and click on West
3. Taxi – take a taxi, but you need to pay \$10 to get here

However, this night the subway is closed (because it is too late), so let's walk to the Night Club all the way in the North West.

Enter the night club. Follow the story.

After some time, they get invited up to David and Robert. David is the guy from the biker club which Lily met (and blew or not in the biker bar bathroom) on day 9. This is a really nice scene so take note...

After some more conversation they get to play foosball.

As in the biker bar, Nicole and Lily get tempted to bet that they will win a game of foosball against David and Robert (remember how it went playing dart last time).

Lily gets a choice of:

1. **Take the bet**
2. Don't do it

If she chooses 1. *Take the bet*, we get the more interesting scenes 😊

If she chooses 2. *Don't do it*, the club scene ends, and she can walk home alone.

Let's choose 1 *Take the bet*.

The game is going predictable bad for Lily and Nicole. After some playing, Lily gets to choose to change to a more "winning" strategy:

1. Listen to Nicole and take the risk.
2. **Don't Do it.**

If Lily choose 1. *Listen to Nicole and take the risk*, they end up winning the game and the boys will be dancing naked. Fun scene perhaps, but 2 is better...

If Lily choose 2. *Don't Do it.*, Lily will use her own strategy, giving Lily and Nicole a "chance" to lose the game.

Let's choose 2. *Don't Do it.*, for some interesting scenes.

The game now allows you to **Save** – do it.

Next you are asked to predict where David and Robert will shoot so Lily can block with her defensive players.

To make Lily and Nicole loose, just **choose [Left], [middle], [left]**.

With the loss David and Robert gets some, and Lily gets +20 to Dirty Whore score.

To make Lily and Nicole win, just choose [middle], [left], [right] to stop 3 balls and turn the game around.

With the girls' win, the boys end up dancing naked. Same as if you would have chosen 1. *Listen to Nicole and take the risk* above.

After the club visit Nicole and Lily takes a cab home and Lily has to go to bed.

Day 19 Thursday

When Lily wakes up and goes over to the closet to dress, make sure she chooses the new blue V-dress because she needs to go to Castor first today (If she chooses the new skimpy outfit, she will not be allowed to enter Castor). Lily is in free roaming mode, so we can walk Lily over to Castor at the start of every working day.

NOTE: the hall mirror is now implemented (as of v.1.3) so you can see her in her v-dress.

Walk her over to Castor any working day.

1st Scene work at castor 100% stamina

Sit her down in her chair in her office.

She gets a choice of:

1. Chill
2. Work on project
3. Check on co-workers

If Lily choose: 1. *Chill*, Lily gets +1 to "Lazy at Castor" score and does not progress anything else (assume this have consequences in some future release)

If Lily choose: 2. *Work on project*, Lily gets +1 to "Diligent at Castor" score and project progress gets improved with +15% = 30% complete. In future releases we'll see what that leads to.

If Lily choose: 3. *Check on co-workers*, she can walk over to the co-workers and ask them if they need help? – but they are fine. Lily gets +1 to "Geek moral" score. In future releases we'll see what that leads to.

Right now, this choice does not result in any new scenes, so maybe just pick 2 work on project for now.

NOTE: From now on, every day she goes here, we can choose to have Lily improve her “Lazy at Castor” score, “Diligent at Castor” score + project progress %, or “Geek moral” score by having Lily choose 1, 2 or 3 while in her office chair.

After that, Lily is done with Castor for the day and she really only have one option left that results in a new scene:

1. pool scene

The Pool scene is the final bit of the leaflet handout from day 17 where she fainted. She can now go back and finish by handing out leaflets to the pool guy’s house. But the leaflet is buggy so once you have done the pool scene you need to leave and NOT try to work and hand out any more leaflets anymore. In v1.0 a bug prevents you from exiting the east area if you do. So just do the pool scene and then do not try to take more leaflet jobs again.

2nd scene Pool - 75% stamina

Walk her over to the leaflet stand and take the job.

There is a star flashing outside the pool house. Walk her there and then turn her around and walk away so the scene triggers automatically.

The pool guy comes running after her. The pool guy introduces himself as Martin and Lily gets a choice of either finishing the job herself or have Martin do it:

1. **Let him finish the job.**
2. Go out and finish the job yourself.

If you choose 2. *Go out and finish the job yourself*, Lily is back on the street, can finish and go over and collect the cash at the leaflet stand.

If you choose 1. *Let him finish the job*, Martin will finish the job and Lily will get a more interesting scene where she is relaxing at the pool.

You get a choice of having Martin putting on sunscreen:

1. **Yes**
2. No

If you choose 1. *Yes*, then you get some more pool scenes.

If you choose 2. *No*, you finish the scene and Lily leaves.

Let’s choose *Yes* for a more interesting scene.

After this, Lily can now visit Martin’s pool on Saturdays and Sundays.

Walk out of the eastern part.

Press the <page down> key and look at: notes -> side notes.

You'll see that Lily has the option of going to the library one more time (this time without the high-school boy).

3rd Scene library 50% stamina

Look for the book on the left most shelf. She will read it for a few hours and then she is allowed to leave the library. If you have followed the guide so far, Lily will now get +10% to intelligence = 70% in total.

After the library, she has no other options left than walking back home.

At home, she is free to do a bit what she wants.

She could for instance watch one of the porn videos (if you followed the guide, Lily has both).

Watch one to give her a nice start of day 20!

After that she needs to go to bed.

End of version 1.0

Version 1.0 content is available in the gallery function of v1.1, see last page guide. V1.2 scenes are not yet included in the gallery.

Version 1.2 start

Day 20 Friday

1st Scene masturbation 100% stamina

When Lily wakes up you will see that there is a second flashing star in her bed. That means she can choose to masturbate and since there is no stamina penalty, let's allow Lily to start the day with some fun. Masturbation option is available when her horny score is $\geq 80\%$.

Save first so you can have Lily run through different types of masturbations tools and techniques lol :)

After masturbation, dress Lily in the V-dress (if you choose another dress, she will not be able to enter Castor – inappropriate clothing) and walk her over to Castor.

2nd Scene work at Castor 100% stamina

At her new office desk, try different work options (1-3) you want to develop her Castro habits/scores. Consequences are not yet known though, so need to keep a few saves here for future uses. 1. *Chill*, Lily gets +1 to "Lazy at Castor" score 2. *Work on project*, Lily gets +1 to "Diligent at Castor" score and project progress gets improved with +20% (because her intelligence increased to 70% last time in library, she now gets +20% project progress every time she works. With intelligence at 60% she gets only 15% improvement each time she works. Not that it matters - so far, we have no idea what this score will do)

and 3. *Check on co-workers*, (she can walk over to the co-workers and ask them if they need help, but they are always fine so far) Lily gets +1 to “Geek moral” score.

After she is done at Castor, walk Lily outside:

Bring up the phone with <page down> and look at side notes and daily activities. You’ll find that: The Library and Gym is available. In order to trigger the first scene in version 1.2, let’s go to the library.

If you followed the guide and went to the Library on Thursday (Day 20), the High School student (who, we later will see, is called Benjamin) will be sitting in the library and Lily have a few options with him 😊

3rd Scene library 75% stamina

Walk Lily into the library. The first part of the scene is automated so just follow the conversation.

Once they get into the library bathroom, the control is turned back to the player.

Start to walk Lily to the left and the scene automation takes over again. A star starts flashing on the bathroom sink but before you go over there:

Save, because there are two paths and you definitely want to replay so you can see both lol.

So, **Save**!

Now, walk her over to the flashing star and the scene continues – hilarious 😊 – Can’t help to feel for the guy. Ben starts rambling and even talks about his best friend Josh 🤔 – not good.

After a while Lily gets a choice of:

1. **Show him the path**
2. Mind your own business

If you choose 1. *Show him the path*, Lily helps him out 😊 and get rewarded with +30 to Dirty Whore score and +1 To Cheating Big score.

If you choose 2. *Mind your own business*, Lily will teach the high school boy and different type of lesson – pretty funny 😊. When she is done, her Loving Wife score is improved with +10 points.

After trying both options, we continue the game after haven choose 1. Show him the path (to maximize sluttiness)

Back on the street we now have one more thing we can do before going home: the gym

There is no new content at the gym and I cannot see any improvement in body score no matter how many times Lily goes there. So, if you’d like to see Lily running on the treadmill or bouncing up and down on the gym ball, go ahead and walk her over there.

4th Scene gym 50% stamina – Repeat scene

Optional repeat scene. Choose what you want her to do... no score improvement.

After that, walk her home.

5th Scene watch TV/movie 50% stamina – Repeat scene

Optional repeat scene. Choose what you want her to watch... no score improvement.

After watching TV, she needs to go to bed.

Day 21 Saturday and Day 22 Sunday

There is no new content on Saturday (21) and Sunday (22) because the next that happens in version 1.2 is at Castor and Castor is only open workdays.

To get to Monday you can work through Saturday and Sunday with various activities: You can vary with a pool visit at Martin's place on Saturdays and Sundays at 100% stamina, some gardening work at 75% stamina, have a bath in the bath tub at 50% stamina and watch TV at 25% stamina and so on.

Sunday morning, she has 80% in Horny score, so she can masturbate without stamina penalties if you want. There is no more content for Mrs. Clarkson despite it being Sunday so there is no point in visiting her (she is not at home anyway).

Whatever you do: Do NOT try to hand out more leaflets (if you are using an older save) – there is a bug that prevents you from doing more of that and Lily just get stuck on the east side with no way of leaving (the taxi will also not let you leave if you've start a new leaflet handout missions).

There aren't any more v1.0-1.2 content to explore this weekend, but you can roam around and repeat things you want to see just to get through the weekend.

Day 23 Monday

Ok today is Monday so she can work at Castor and we can continue with the v1.2 content.

Walk her over to Castor and enter her/the Boss' office.

1st Scene work at Castor 100% stamina

Sit her down in her chair and the scene starts.

After some discussion Lily get the option of:

1. Take it with you and insert it at the hotel
2. **Let her help you**

If you choose 1. *Take it with you and insert it at the hotel*, then Lily gets +10 Loving Wife points and the scene ends

If you choose 2. *Let her help you*, then we get a scene and Lily gets +50! to the Lola relationship score, +20 to the Dirty Whore score.

(With the maid uniform Hotness also increase to 90 - temporarily)

Afterwards Lily needs to travel to the hotel with Hobbs to complete her secret mission.

Walk Lily down in front of the office and enter the van with Hobbs. They'll drive to the hotel on the west side. You'll get control over Lily, so walk her into the lobby and she'll enter the elevator automatically.

2nd Scene secret mission 100% stamina

When she arrives at the right floor inside the hotel, she needs to enter Elliot's (the name of the target) room which is the one furthest to the right (room 108).

After some initial conversation, she needs to go to the bathroom to clean (and to either put in the butt plug in case Lola didn't do that in scene 1 or just adjust her uniform in case it's already in).

After she is done in the bathroom, walk her out and continue.

After some dusting and a scandalous proposal, she gets the option of:

1. **Continuing your assignment**
2. Stop your assignment

If Lily choose: 1. *Continuing your assignment*, Lily the scene continuous. At the end of it all when she is back at the office, she gets rewarded with +40 to the Dirty Whore score and +1 to Cheating Big score.

If Lily choose: 2. *Stop your assignment*, Hobbs switches to plan B. At the end of it all when she is back in the office, she gets rewarded with +30 to the Loving Wife score.

Regardless of choice 1 or 2 above the mission is a success and back at the office everyone is happy, so Lily gets to take the rest of the day off and go home early.

Walk her back outside and home. At home, walk her downstairs and she will start Nick's PC to look at the content of the USB drive she copied.

But it is very technical, and she needs some help from Fred to interpret the blueprint, so walk her upstairs to Fred's room.

3rd Scene work at home 75% stamina

After entering Fred's room, the first part of the scene starts automatically.

After a while she needs to go out to buy some sexy underwear for her to show Fred - really for Nick and their anniversary but today the priority is to properly motivate Fred to cooperate.

Walk her over to the store in the west part of the city (located in the far north between the night club and the subway station).

Once done at the store, walk her back to her house and enter Fred's room.

After some conversation where Fred clearly want something more, she gets the option of:

1. **Do something for him**
2. Don't do anything

If Lily choose: 1. *Do something for him*, we get a nice scene 😊. At the end of it all she gets rewarded with +30 to Fred relationship score, +30 to the Dirty Whore score, and +1 to Cheating Big score. She now has to go to the bathroom and have a shower (do that).

If Lily choose: 2. *Don't do anything*, she rejects Fred and the scene ends. She gets “rewarded” with +10 to Loving Wife score though.

After the scene with Fred, her Stamina suddenly drops from 75% directly to 0% (v1.2 bug?) and she has to go to bed downstairs. I can imagine that she could try a few things before doing scene 2 but since there aren't any more v1.2 content (and available activities like gardening and gym does not change her scores) there is really no point in doing so right now. So off to bed it is.

End of version 1.2

NOTE: There is more v1.2 content to explore in a different path which is enable if she chooses NOT to help Lola out on day14 - 1st Scene 5 and the follow-on consequences of that. I did not play that path enough to see how the job interview unfolds and how she ended up working at Castor despite not helping Lola. There are no additional sex scenes in this path, but it might be worthwhile to try that path starting with a save from morning day 14 and not help Lola in scene 5.

Version 1.3 start

So, Version 1.3 is mainly focused on three things: Castor, pool guy and Lily/Nick relationship progression.

The Castor progression can be done during the work days but the pool and Nick progression can only be done during the week end (since he is at the cabin and she cannot get off work during the work week + pool is only available on Weekends, see end of scene 2 day 19 in v1.0). Therefore, we then have to first do the Castro progression (today Tuesday) and then “fast forward” from Wednesday to Saturday morning before we can do the rest of V1.3.

Day 24 Tuesday

So, since it is Tuesday we start with Castor, so it is important to dress Lily in the V-dress – do that.

NOTE: New for V1.3: the mirror outside the bathroom is now enabled for the V-dress – bug fixed! So, if you'd like to see her in the V-dress go there and press enter before heading outside.

1st Scene Castor and TV station 100% stamina

Walk her over to Castor and sit her down in her office chair. The scene is automatic, and Lola asks her to bring over a box to the TV station. It's located in the west part and to get there fastest, use the subway system (there is nothing else to do on the way anyway).

See the building with the red circle entrance – enter there and walk her inside and enter the door at the end of the hallway.

Once inside he meets Mr. Hudson - the marketing manager.

Follow the scene where Lily is briefing Mr. Hudson some tools to be used in an upcoming TV spot.

Once done, exit through the door to the right.

2nd Scene TV station with Antonio 100% stamina

Once outside she gets mixed up with someone else and she has the chance to get sidetracked into a different event – hehe.

She gets the choice of:

1. **Accept the two-minute job**
2. Don't

The correct choice is obviously 1. *Accept the two-minute job*. This will let her get sidetracked and involved in a fashion show – and obviously anyone who choose 2. *Don't*, should probably look to play a different game than LotV.

Enjoy the show!

At the end, she gets rewarded with a modest +5 to “Dirty Whore score”. But hey, it all adds up (٢٠).

We are now done the new v1.3 content that you can do on weekdays. The remaining scenes have to be done on the coming weekend, so we now have to get to Saturday by doing the usual activities that are available to Lily in the Free roaming mode. She can continue to:

1. work at Castor at 100% stamina (in V-dress)
2. do gardening at 75% stamina (in casual cloths)
3. go to the Gym at 75% on Wednesdays (and Fridays)
4. have a bath at 50% stamina (in Bathrobe)
5. watch TV at 25% stamina

None of these will really advance her slutty scores but she can improve her Castor stats (project progress, geek and warehouse moral as you wish)

So, do what events you want until Saturday morning.

Word of caution: AVOID handing out more leaflets. Parts of the system is fixed but, but with my old v1.2 saves, I still got stuck in the west end after trying to hand out new leaflets on day 24 – day 29 so no need to try – still buggy. Further, the Library has no new content (if you’ve followed the guide), so no point going there either. Also, pool is not available even if you see a flashing star there. You can try but it won’t let you in (until Saturday morning).

So:

Day 25 Wednesday

Pick activities you’d like from 1-5 above. Gym is available.

Day 26 Thursday

Pick activities you’d like from 1-5 above.

Day 27 Friday

Pick activities you’d like from 1-5 above.

Day 28 Saturday

Ok, now it’s finally weekend and the new v1.3 content is available.

Dress Lily in her red skirt with the white top. Also, have her look at herself in the hall mirror on the way out. Yep, that’s right, that is now implemented - new for V1.3.

1st scene Pool - 100% stamina

Walk her over to the Pool guy’s (Martin) house on the East side. Click the flashing star at the gate to the pool yard. You get a choice of:

1. **Yes**
2. No

If you choose 2. *No*, nothing happens, and she is not entering the pool area. There is really no reason to choose 2. *No* because no other activities/quests are available, and you can't trigger the cabin without doing the pools scene. So, this is forcing you to eventually go back and choose 1. *Yes*. And yes, don't worry, you can still reject Martin (the pool guy) inside, if you want Lily to avoid him.

If you choose 1. *Yes*, Lily enters the pool yard and the scene starts.

Inside the pool yard she decides to swim naked – nice! 😊

Just follow the rest of the scene where Lily dreams of her own house with a pool until Martin arrives. After some discussion, Lily gets the choice of:

1. **Stay**
2. Leave

If you choose 2. *Leave*, the scene ends, and she leaves the pool area – (not very fun)

If you choose 1. *Stay*, the scene continues, and you add a modest +5 to “Dirty Whore score”.

Martin got a phone call from his ex while preparing a drink for Lily, asking him to meet her immediately. This does not go down well with Lily. Martin now has the dilemma of staying or going - either way he is going to piss off one of the girls.

Lily gets a choice of deciding if he stays or leaves:

1. **Make him stay**
2. Let him leave

If you choose 2. *Let him leave*, the scene ends, and she leaves the pool area (not as fun as 1)

If you choose 1. *Make him stay*, the scene continues AND it's a nice one 😊

Martin gets to make the final choice before the scene is over:

1. Cum on her tits (without asking).
2. Ask her to cum on her tits.

If you choose 2. *Ask her to cum on her tits*, Lily gives him an ear full and Martin gets blue balls – AGAIN! At this stage we should start tracking Lily's “Evil bitch” score – (there is no such score, but I think she deserves to have one now lol).

If you choose 1. *Cum on her tits (without asking)*, he does, and Lily is fine with that too.

When the scene is done and you exit the pool area, the game tells you to take Lily home and take a shower – do that!

2nd Scene Nick visit 75% stamina

Back home **save** first and then have Lily go directly and have a shower (no need to change). The save is needed so you can play with or without Briana present at the cabin. So, if you want to see both paths, **save** before entering the shower.

At the end of the shower she comes up with the idea that she should visit Nick at the cabin.

We are now pulled back in time to see what happened a week ago when Nick was using his PC to web cam with Briana (the web cam girl).

Brian is pressuring him for a date with him at the cabin (see where this is going...).

Briana gives him an ultimatum and Nick gets to choose:

1. **Arrange the date** (save 50)
2. Don't do it (save 51)

The choice does not affect Lily's scores (at least not yet) but sets up (or not) a triangle drama at the cabin. However, you may want to save both versions to play with and without Briana (for future uses).

Once Lily is done with her shower, she walks outside and ask you to walk her to the bus stop to get to the cabin. You know where it is – just south of the library entrance. Walk her there.

Once she is on the bus, she is automatically taken to the bus stop at the edge of the forest.

Remember, to see how to get to Nick's cabin look at the forest map on page 4.

3rd Scene the Cabin visit 50% stamina

If Nick choose 1. *Arrange a date* in scene 2, you get a scene with Briana and Nick. (23)

Regardless of Nick choose before: When Lily approaches the cabin, she cannot enter (it's locked) so she moves around to see if she can find Nick somewhere. Nick hear her voice and panics, but eventually pulls himself together and dresses (well halfway anyway).

If Nick choose 1. *Arrange a date* in scene 2, you get a scene with Briana hiding and Nick desperately trying to get Lily out of the cabin. After some time, he is finally able to convince her to go with him to the tavern.

If Nick choose 2. *Don't do it* in scene 2, Nick and Lily have a nice conversation and decides to go to the tavern to celebrate her new job as secretary at Castor.

4th Scene the Tavern visit 50% stamina

So, this is a complex multi-choice multi-scene set up dependent on several choice you have made before.

First walk them over to the tavern (see map on page 4).

Before you enter the tavern make sure you **Save** so you can play through the different choices. **Save 53.**

Walk them into the tavern. Lily is immediately the focus of every man's attention.

After a while nick gets invited to drink with some old "friends" upstairs. They are clearly interested in Lily. A few drinks later, one thing leads to another and Nick is considering teaching his two old "friends" a lesson by showing off them something they cannot have: Lily.

He gets the choice of:

1. **Give them a better look**
2. Don't

If you choose 2. *Don't*, he thinks they do not deserve it and he leave them to join Lily downstairs. Shortly after that, Lily and Nick leaves the tavern. **Save 54.** With this choice her horny score drops 20 points but there is no change in relationship and slutty scores at all. Outside the tavern the game flags that this is the **End of version 1.3.**

If you choose 1. *Give them a better look*, he lifts her skirt to make them drool. He proudly shows off her butt and they are in awe. Lily does not notice What Nick is doing. **Save 56.**

Lily walks away to help and serve the other guests in the tavern.

Several drinks of moonshine later the two rednecks are offering to renovate Nicks cabin if they also get to see Lily's front hairdo as well. Nick gets the choice of:

1. **Talk to Lily**
2. Don't

If you choose 2. *Don't*, he has drawn a line and he is not going put Lily through this. Shortly after that, Lily and Nick leaves the tavern. **Save 55**. With this choice her horny score drops 20 points but there is no change in relationship and slutty scores at all. Outside the tavern the game flags: **End of version 1.3**.

If you choose 1. *Talk to Lily*, Nick thinks the renovation vs. showing his wife's pussy hairdo is a great deal. So, he agrees to it and decides to go down and talk to Lily.

Well, Lily does not take that question very well – not well at all actually. I would say that this was a deciding moment for Nick, for Lily and their relationship... so Lily gets the choice of:

1. **Listen to your husband**
2. Don't

If you choose 2. *Don't*, she has drawn a line and is not putting up with this kind of shit! She gives Nick an earful and tells him: It is better if they do not see each other for a while... Lily and Nick then immediately leaves the tavern. **Save 57**. With this choice her horny score drops 20 points but there is no change in relationship and slutty scores at all – the reasons for this that that Nick made the bad choices not Lily and the scores are about Lily's choices. Outside the tavern the game flags: **End of version 1.3**.

If you choose 1. *Listen to your husband*, Lily is disappointed and kind of take the attitude that "this is where we are now."... so, she decides to go up to the two guys and close the deal for Nick's cabin. For this choice, she gets rewarded with +10 to "Dirty Whore" score. **Save 58**

Once up there she shows them the goods, but they want more (of course). They negotiate, but Lily drives a hard bargain with the hillbillies. One of them gets physical and she gets upset. She gets the choice of:

1. **Discuss a new deal**
2. Tell him to fuck off

If you choose 2. *Tell him to fuck off*, she done with them and, without giving them anything more, dictates her demands which they reluctantly agree to. Lily walks back down and tells Nick they are getting a new house with a shower because of her negotiations. Shortly after that, Lily and Nick leaves the tavern. **Save 59**. With this choice, her horny score drops 20 points but there is no additional change in relationship and slutty scores. Outside the tavern the game flags: **End of version 1.3**.

If you choose 1. *Discuss a new deal*, she tries to add a shower to the deal in exchange for some "more". We get a scene between Billy and Lilly and Lily gets rewarded with +15 to "Dirty Whore" score and +1 to "Cheating Small" score. (not bad, but she can do "better" ...)

It looks like Nick is finally passing out from idiotic mix of moonshine and beer. Lily is now even more angry at Nick getting so drunk he falls asleep after having set her off negotiating with the two hillbillies; and on top Dale also want some action. She gets the choice of:

1. Take Nick home
2. **Take care of Dale**

If you choose 1. *Take Nick home*, she now done with all of them: Nick, Dale and Billy the lot. So, without giving Billy and Dale anything more, she dictates her demands which they reluctantly agree to and walks back down to Nick. She wakes up Nick and tells him they are going home. Shortly after that Lily and Nick leaves the tavern. **Save 60**. With this choice her horny score drops 20 points but there is no additional change in relationship and slutty scores. Outside the tavern the game flags **End of version 1.3**.

If you choose 1. *Take care of Dale*, she turns her anger towards Nick and blames him for the whole situation she is in. She is so pissed at Nick that she simply goes ahead and offers herself to Dale – so we get a final scene between them too. Now, this may be the Lily/Nick relationship changer P and P have been talking about. Nonetheless, in the end Lily gets rewarded with +45 to “Dirty Whore” score and +1 to “Cheating Big” score. **Save 61**. When she is done with Dale, she goes back down, wakes up Nick and walks him outside towards the cabin. Outside the tavern we get **End of version 1.3**.

Her stamina is now 0%. **Save** so you can start v1.4 from here! Max slutty is after sex with Dale.

So, with that, it’s not possible to do anything more, so we have to wait for the next release to continue beyond this point. In the section below there is an update score card for end of v1.3

End of version 1.3

Start of version 1.4

Lily and Nick starts of v1.4 outside the tavern and now need to walk back to the cabin for the night. Walk them inside the cabin.

Day 29 Sunday

1st scene Nick’s dream - 0% stamina

This scene happens regardless of what choices Lily and Nick made at the tavern the night before. Once inside the cabin the go to bed and Nick starts dreaming. Follow the dream. The scene is automatic and is pretty good. After some dreaming, Lily needs to go to the bathroom. Do that (it’s behind the cabin with stars flashing outside). After she is done, walk her back to the bed and the story continues. Lily hears Nick mumbling out the dream he is having loud. Lily hears “too much” of Nick’s mumbling and starts to get suspicious about Nick but doesn’t quite get her suspicions right. However, she is suspicious enough, so she feels she needs to test her theory... She goes to bed again and falls asleep. No score changes. **Save 62**.

1st scene The lake - 100% stamina

John arrives early on Sunday morning and wakes them up. He wants to go to the lake with them. After some chitchat they decides to do that. Walk them outside of the cabin and through the gate (with a flashing circle) at the top right corner of the map. The Lake scene starts automatically. Lily decides to test her “Nick theory” by using John and see how Nick reacts... Follow the conversation and her messaging with Nicole. Lily sunbathes and asks John to put on some suntan lotion and after a while, she gets the choice turning over and:

1. Sunbathe your top side

2. Don't do it

If you choose 2. *Don't do it*, she's done and decides to go back to the cabin and get rewarded with +10 to "Loving Wife" score. **Save 63.**

If you choose 1. *Sunbathe your top side*, she gets rewarded with +10 to "John relationship score" (This is the first time John get a relationship score – it was 0 before) and +10 to "Dirty Whore score". They also start to discuss if this appropriate and Nick eventually gets to choose:

1. Let her sunbathe the front

2. Don't let her do it

If you choose 2. *Don't let her do it*, they have some conversation. In the end she decides to go back to the cabin to pack and get back to town. Nick gets rewarded with +1 to "He is guarding her" score. **Save 64.**

If you choose 1. *Let her sunbathe the front*, they have a different conversation. In the end she decides to go back to the cabin to pack and get back to town. Nick gets rewarded with +1 to "let it slide score" score. This score is basically the opposite of guarding Lily and keeping her to himself. **Save 66.**

Once she is done with the lake, she walks back to the cabin (automatic) where she runs in to Dale and Billy who are working on the house. They talk a bit but she needs to leave to go back to town so there is no scene. Walk her to the bus stop with the flashing circle at the south end of the map.

Back in town, she now has 50% stamina and since it is Sunday, she only has the choice of going home and bath and/or watch movies (pool and other options are closed). So, walk her home.

Back at home you need to just get through to 0% stamina so she can go to bed.

First have her do a long bath (to bring stamina to 25%), then watch a movie (to get the stamina down to 0%) and lastly have her go to bed.

Day 30 Monday

1st scene Castor 2 - 100% stamina

After she wakes up, head over to Castor. Walk her into her office room and then to the admin (geek) room to trigger the scene. The scene is automatic from here on without choices so just follow the conversation. After she is done with work, walk her out and head towards her house.

She'll get a call from her boss (Marcus), who wants her back in the office ASAP. So, walk her back to the office.

2nd scene Castor 2 - 75% stamina

This Castor scene is again automated so follow the conversation. Once she is done, walk her back home.

3rd scene Fred and the plans - 50% stamina

Once home, she needs to speak to Fred to give him the good news. **Save 67**. After some conversation, she gets the choice of:

1. **Do as he said**
2. Don't do it

If you choose 2. *Don't do it*, the scene ends without sex. Lily gets rewarded with +5 to "Loving wife score".

If you choose 1. *Do as he said*, we get a scene. At the end Lily gets rewarded with +30 to "Fred relationship score", +20 to "Dirty Whore score" and +1 to "Cheating small score".

After that Lily has 0% stamina and needs to go to bed.

Day 31 Tuesday

1st scene Castor 1 - 100% stamina

After handing Fred, the USB drive with the blue prints in the morning, Lily needs to go to Castor. Walk her over there. There is no scene today, so all you can do is the usual sit her down in her chair and choose from:

1. Chill
2. Work on project
3. Check on co-workers

If Lily choose: 1. *Chill*, Lily gets +1 to "Lazy at Castor" score and does not progress anything else (assume this have consequences in some future release)

If Lily choose: 2. *Work on project*, Lily gets +1 to "Diligent at Castor" score and project progress gets improved with +15% = 30% complete. In future releases we'll see what that leads to.

If Lily choose: 3. *Check on co-workers*, she can walk over to the co-workers and ask them if they need help? – but they are fine. Lily gets +1 to "Geek moral" score. In future releases we'll see what that leads to.

Once done, walk her back home.

2nd scene Fred 2 - 75% stamina

Walk her downstairs to kick of the scene with Fred.

Follow the conversation it's pretty funny and the sex scene is very good so pay attention. After some time, she gets the choice of:

1. **Fuck your employee**

2. Don't do it

If you choose 2. *Don't do it*, the scene ends without sex. Lily walks upstairs (automatic) and Nick comes home, surprisingly. After some talk, Nick needs to go back to the cabin and leaves Lily alone. Lily gets rewarded with +10 to "Loving wife score". Lily sees Nick goodbye outside and v1.4 ends.

If you choose 1. *Fuck your employee*, we get a great scene! After the scene, she wants to go after Nick who's heading for the secret strip bar in the West, but the v1.4 ends before she can leave the area outside the house. At the end, Lily gets rewarded with +40 to "Fred relationship score", +20 to "Dirty Whore score" and +1 to "Cheating big score". **Save 69.**

End of version 1.4

Start of version 1.5

Lily is now chasing after Nick so she need to get to the north west corner of the West map (red circle) and take the path straight north next to the Night club (where Nicole and Lily celebrated earlier).

Once she's there, walk her straight north and the scene starts automatically.

3rd scene Strip bar - 0% stamina

After a while you will regain control over Lily. Walk her on stage (left door) and eventual she ends up with Nick. Lily ask him what's wrong and Nick gets a choice of:

1. **Say you're not married**
2. Tell her you're married

If Nick choose 1. Say you're not married, lily gets +1 to "letting her go" score

Lily then gets the choice of:

1. **Go to Rick**
2. Go home

If Lily choose 1. *Go to Rick*, we get a scene with Rick in front of Nick and Lily gets +1 to "cheating big" and +50 to "Dirty Whore" scores. **Save 41.**

If Lily instead choose 2. *Go home*, then she immediately leaves for home and Lily gets +10 to "Loving Wife" score. **Save 40.**

However, if Nick instead choose 2. *Tell her you're married*, in the first question, Lily gets +1 to "He keeps her" score, but all other scores are unchanged. **Save 42.**

Regardless of choice she arrives home with a taxi and now needs to get to bed before Nick arrives. Move her inside and in bed asap.

Day 32 Wednesday

1st scene Castor 1 - 100% stamina

There is no scene today, so all you can do is the usual sit her down in her chair and choose from:

1. Chill
2. Work on project
3. Check on co-workers

If Lily choose: 1. *Chill*, Lily gets +1 to "Lazy at Castor" score and does not progress anything else (assume this have consequences in some future release)

If Lily choose: 2. *Work on project*, Lily gets +1 to "Diligent at Castor" score and project progress gets improved with +15% = 30% complete. In future releases we'll see what that leads to.

If Lily choose: 3. *Check on co-workers*, she can walk over to the co-workers and ask them if they need help? – but they are fine. Lily gets +1 to "Geek moral" score. In future releases we'll see what that leads to.

Once done, walk her back home.

2nd scene Home with Nick - 75% stamina

Once home walk Lily to Nick who is sitting in the sofa. After some talk there's someone at the door. Walk Lily over to and answer the door and then back to finish the conversation with Nick.

Lily and Nick decides to find out more about the win a vacation competition and decides to walk over to the TV studio participate in - do that. Enter the TV producers office The rest of the scene is automatic.

3rd scene – Guess your wife - 50% stamina

Nick and Lily decides (or get fooled into) participating in the TV show hoping to win a free vacation.

This is a really good scene so follow the conversation. After surviving the first round Nick goes to the bath room **Save 44 (said I'm married), Save 46 (said I'm not married)**! After some time, it's Nick's turn to guess who is wife is by choosing if she is behind:

1. A
2. B
3. C
4. D

Lily is behind A.

If Nick choose 1. A, then he gets to do Lily on stage in front of the cameras. They win the competition. There is no change to the score. The only thing remaining is to leave the TV studio, talk to Lily, walk home and go to bed.

If Nick choose 1. *B, C or D*, then things turns out quite differently (does not matter if you pick B, C or D). Nick fucks someone else's wife but lose the game. However, the TV hostess introduces a Joker option so that Nick can win anyway. Nick wins if the Joker does not guess where Lily is.

So Nick get to choose:

1. **Winner**
2. **Looser**

If Nick choose 1. *Winner*, then the Joker gets his turn with trying and guessing who's Nick's wife. Of course the Joke guesses right and Nick loses, but Lily has a nice time. There is not change to Lily's scores but Nick gets a well-deserved +1 to the "cuckold" score. Afterwards Nick and Lily have a serious conversation outside before they walk home and go to bed. **Save 47 (D path)**.

If Nick choose 2. *Looser*, then the game ends so Nick and Lily walks back home. Lily gets +1 to "He keeps her" score. **Save 53 (C path)**.

Day 33 Thursday **Save 33 (D path + Rick at bar)**

1st scene Castor 1 - 100% stamina

There is **hidden scene today** that you can enable if you picked the joker path yesterday:

1. **Chill – hidden scene**
2. Work on project
3. Check on co-workers

If Lily choose: 1. *Chill*, Lily gets +1 to "Lazy at Castor" score AND IF the Joker did Lily in the TV show then you'll get a great **hidden scene** – enjoy!

If Lily choose: 2. *Work on project*, Lily gets +1 to "Diligent at Castor" score and project progress gets improved with +15% = 30% complete. In future releases we'll see what that leads to.

If Lily choose: 3. *Check on co-workers*, she can walk over to the co-workers and ask them if they need help? – but they are fine. Lily gets +1 to "Geek moral" score. In future releases we'll see what that leads to.

Once done, walk her back home.

2nd scene Home with Nick and gardening - 75% stamina

Once home, walk Lily to Nick who is sitting downstairs working. Change Lily into casual cloths and walk her back out to do some gardening work.

After she is done with gardening, take her back downstairs and change her into bathrobe and walk her into the bathroom upstairs. **Save 48 (A path), Save 54 (C path no joker) save 57 (D path with joker)**.

3rd scene – Bathroom with Fred - 50% stamina

This is a critical scene and the choices made here are fundamental to the game, Nick and Lily's so here we go!

Walk Lily into the bathroom and into the bath tub. After a while, Fred comes rushing in... follow the conversation. Lily gets a choice of:

1. Put it in
2. Don't

If Lily choose: 2. *Don't*, Lily gets +10 to "loving wife" score. She then leaves the bathroom and walks down stairs. No sex with Fred so she does not get caught. **Save 52 (A path)**.

If Lily choose: 1. *Put it in*, Lily gets +40 to "Dirty Whore", +20 to "Relationship Fred" and +1 to "Cheating big" score. you get a scene with Fred and Lily, BUT Nick starts looking for Fred and comes up stairs. **Save 49 (A path)**. Once there, you can have him knock on the bathroom door, but Lily responds and say she is having a bath. So continue to search for Fred by walking Nick first in to Fred's room then to Fred's back room. He finds a bottle of whiskey that he thinks is his and after some time Nick gets a choice of:

1. Taste will tell
2. Turn on light and see

If Nick choose: 1. *Taste will tell*, everything is revealed and THE cat is out of the bag! The scene continues until the both cum but then Nick rushes over to the bathroom door and we get a cliffhanger end for v1.5... There is no score change for Lily with this choice (since it is Nick choice). To trigger the end of v1.5 sign, simply walk Lily to the door. **Save 50 (A path), (Save 55 = C path, Looser), Save 59 (D path with joker)**.

If Nick choose: 2. *Turn on light and see*, Nick does NOT find out through the one way mirror, so he remains clueless. He goes downstairs and continue with his computer. After a while, Lily comes back down the stairs too, pretending nothing happened. **Save 51 (A path), Save 58 (D path with joker)**.

Stamina is now at 0% so put on her sleep wear and walk her to bed to trigger the end of v1.5 sign.

END of version 1.5

START of version 1.6

V1.6 was deliberately planned to be delivered faster and to be shorter than v1.5. Therefore only one path was prioritized and fully developed in V1.6. That path is obviously the path where Fred and Lily get caught, so to trigger this path you needed to have chosen: "1. Put it in" followed by "2. Taste will tell" in scene 3 above.

So with this path at the beginning of V1.6, Nick is standing out side and is trying to speak with Lily. The conversation is automatic so follow the triangle drama. In the end, Lily manages to calm Nick down

enough so she can get him to go to couples therapy together, but stamina is now at 0%. So, only one thing left to do: Walk Lily to bed downstairs but poor Nick is decides to sleep on the couch upstairs.

Day 34 Friday Save 34 (Caught + D path + Rick at bar)

Dress Lily and walk her up to Nick, who is sleeping in the sofa upstairs. Once both are dressed and ready, walk them outside and to the east until you see the cab (that is always there). Enter the cab. When arrived at the therapist office, walk them inside and into the elevator.

1st scene – Couples Therapy with Nick - 100% stamina

Enter the therapist office (left office) and walk inside. The therapist agree to see them at once. Once you get control back inside the therapist reception, before walking upstairs, save so you can play both paths of what comes next. **Save 60 (Caught + D path + Rick at bar)**. Walk them upstairs. The scene is automatic so follow the conversation until you get control back for a choice...

Once comfortable in the therapist's sofa, Lily explain the situation and the therapist start to work them (or Nick rather). After a while Lily gets a choice of:

1. Risk Less..
2. Risk More..

If Lily choose: 1. *Risk Less..*, we get a sex scene with the therapist, and Lily gets +30 to "Dirty Whore", +50 to "Relationship Dr. Mark", +1 to "Cheating big" score, and +1 to "Naïve girl" score.

If Lily choose: 2. *Risk More..*, we get a lesser scene with the therapist, and Lily gets +10 to "Loving wife" score and +1 to "Cheating small" score.

We do not know if there is a consequence for choosing 2. *Risk more* later in the game, (maybe Nick will not fully believe it was all a dream), but we'll have to wait for a future release to figure that out. For now we will choose one of them: 1 (sluttiest) if you want to see Mark have full sex with Lily or 2. If you don't.

The scene ends when Lily and Nick are back at their street with the taxi. Once you've walked them back home inside, Nick is so tired that needs to sleep. Lily now gets control and wants to talk to Fred about getting rid of the one way mirror, so walk her upstairs (no other choice possible) and save. **Save 61 (Risk less + Caught + D path + Rick at bar)**. Once saved, walk her to Fred's door to start the next scene.

2nd scene – Fake wedding with Fred 😊 - 75% stamina

Follow the dialog carefully – it's hilarious!

After the ceremony is over, Fred want's to consummate the marriage and get a wedding night preview, so Lily gets a choice of:

1. Tell him you are not in the mood.
2. Tell him to fuck off.

If Lily choose: 1. *Tell him you are not in the mood.*, we get a scene with Fred, and Lily gets +30 to “Dirty Whore”, +50 to “Relationship Fred”, +1 to “Cheating big” score, and +1 to “Arguing/Together with Fred” score. **Save 63 Not in the mood + Risk less + Caught + D path + Rick at bar.**

If Lily choose: 2. *Tell him to fuck off.*, Lily gives Fred and earful of how things are going work now that they are married, but she does not get any score changes. **Save 64 Fuck off + Risk less + Caught + D path + Rick at bar.**

When you try to walk her back down stairs you get the “End of V1.6” sign.

END of version 1.6

START of version 1.7

Walk her back down stairs and have her go to bed as usual.

Nick wakes up early (still on Friday) and is confused about happened. Walk nick upstairs and to Fred’s backroom and check on whether there really is a see through mirror to the bath room.

Day 35 Sunday

Lilly wakes up and for some reason we jump over Saturday and we are now on Sunday?

Anyway, dress Lily (casual red skirt) and walk her upstairs and outside.

Since it is Sunday, she could normally walk over to Mrs. Clarkson or go to the pool, but if you try Mrs. Clarkson, you will see she is not home so you might as well save time and go directly to the pool.

1st scene – Pool - 100% stamina

Enter the pool guy’s property. The scene is automatic from here on. Enjoy Lily bathing. After a while Martin (the pool guy) comes home and finds Lily.

Martin gets a choice of:

1. **Approach her**
2. Don’t

Doesn’t matter what Martin choose, Lily will still give him shit (the guy can’t win 🤡), so after delivering the usual verbal abuse, Lily sends Martin of to the kitchen to make her some drinks. When he comes back with the drinks, Lily gets the choice to:

1. **Reward him**
2. Don’t

If Lily choose: 1. **Reward him**, we get a sex scene with Martin , and Lily gets +30 to “Dirty Whore”, +50 to “Relationship Martin”, and +1 to “Cheating big” score. Lily in top Femdom form 🤡

If Lily choose: 2. *Don’t*, the scene ends and Lily gets +10 to “Loving wife” score.

After the pool scene Lily's stamina is 50% and there is nothing more outside Lily can do today (Leaflets, Mrs. Clarkson, Castor etc. are all blocked), so simply take Lily home, have her take a bath, watch TV and put her to bed at 0%.

Day 36 Monday

Monday morning and that means Castor so get her ready (V dress) and walk her over to Castor and set her down in her office chair.

1st scene – Castor - 100% stamina

Lily gets a choice of:

1. **Chill – side scene**
2. Work on project
3. Check on co-workers

If Lily choose: 1. **Chill**, Lily gets +1 to “Lazy at Castor” score AND IF the Joker/Jamal did Lily in the TV show then you'll get to start Lily's side scene with Jamal or, as we now find out is actually called, Kevin!

If Lily choose: 2. *Work on project*, nothing happens since she has already finished her project so she needs to choose 1 or 3 instead.

If Lily choose: 3. *Check on co-workers*, she can walk over to the co-workers and ask them if they need help? – but they are fine. Lily gets +1 to “Geek moral” score. However if you choose this you'll miss a scene so this choice is not recommended today.

2nd scene – Photographer - 75% stamina

After a conversation with Kevin (Jamal), they decide to walk over to the photographer, located on the west side. Fastest way to get there is through the subway system (chose *West side*). Walk them to the **Modeling Agency** building (see West side map below).

Once they enter, the scene starts automatically and the stereotypical “French” photographer Julian leads the hilarious conversation – make sure to take time and read the scene dialog throughout 🎮 .

After a while, Lily calls Nick to get his opinion (permission) to do the ad photo shoot and Nick gets to choose:

1. **Tell her you’re ok with whatever she decides.**
2. Tell her it’s not a good idea.

If Nick choose: 2. *Tell her it’s not a good idea*, the scene ends, and Lily gets +1 to “He keeps her” score.

If Nick choose: 1. ***Tell her you’re ok with whatever she decides***, the scene moves on and Lily gets to change to the modeling outfit. She/Nick gets rewarded with +1 to “letting her go” score. After walking Lily into the dressing room, the scene starts automatically.

After a while, Lily gets to go back into the dressing room and put on a new outfit. Once done, walk her to the flashing circle on the set. The scene continues, Kevin joins and Lily gets another offer.

After some negotiation, Lily gets a choice of:

1. **Take the job**
2. Reject the job

If Lily choose: 2. *Reject the job*, the scene ends, and Lily gets +20 to “Loving wife” score.

If Lily choose: 1. ***Take the job***, the scene moves on and Lily gets rewarded with +20 to “Relationship Kevin” score. The scene continues and after a while Lily gets a choice of taking things further:

1. **Yes**
2. No

If Lily choose: 2. *No*, the scene ends, and Lily gets +10 to “Loving wife” score.

If Lily choose: 1. ***Yes***, we get a Kevin BJ scene, and Lily gets +40 to “Dirty Whore”, +30 to “Relationship Kevin”, and +2 to “Cheating small” score.

After this the scene ends and Lily is back on the street outside the photo studio.

If you look on the phone you notice that Lily has the gym left as a daily activity today. You can try to enter Lily’s house instead, but the system will remind Lily to go to the gym so you might as well go to gym directly.

3rd scene – Gym - 50% stamina

Enter the gym and try to dress Lily, she does not have her gym outfit she borrows from another girl. Walk Lily in to the exercise room.

Read the dialog carefully, it's just a hilarious parody of the stupid stereotypical "bro" talk 🤔. "That's some serious chest you got there bro. How much do you beach press?... That's one hell of a forehand you got there bro!" Love it! No sex but Lily gets awarded with +10 to "Body" score though 😊.

After the Gym scene, Lily is at 25% stamina and needs to go home.

4th scene Fred Betting the house - 25% stamina

At home, Lily finds Fred in the sofa bitching that he has not seen much of her lately. After some talk Fred offering his house in a bet with Lily. Lily will now try everything to win the bet and Fred's house. After she has automatically changed into something more provocative, take her back upstairs. Lily now tries to seduce Fred as much as she can to win the bet, while Fred is fighting a losing battle to resist her 🤔. Of course weak minded Fred loose the bet and ask Lily a key question.

Lily gets a choice of:

1. **Tell him is wasn't all fake**
2. Tell him it was only for the bet

If Lily choose: 2. *Tell him it was only for the bet*, the scene ends, and there is no change to score but I feel a big sad for poor Fred – Lily screwed him over royally

However.

If Lily choose: 1. ***Tell him is wasn't all fake***, we get a sex scene that I think poor Fred deserves 🤔. There is no change to the score with this choice wither. Maybe Fred is maxed out now and Lily cannot earn more relationship points or whore points with Fred...don't' know? (save 65)

When you try to walk her back down stairs you get the "End of V1.7" sign.

END of version 1.7

That's it folks!

Thx!

Stats at end of V1.2

Since there has been some posts on Patreon that are indicating that Lily may now be ready to enter some sort of different phase regarding her relationship with Nick (and others?) etc., it may be a good time to check the score of how Lily is doing. We assume that her readiness to change her relationship with Nick (and others) depends on all the decision she has made over the last 23 days. Some decisions have had big impacts on various relationships and other essential scores. If you more or less followed the guide, you would get a very high “Sluttiness” scores and very low Nick/Loving wife scores.

Let’s have a look at where we stand:

| Variable #: Relationship with | Score Value | Variable #: “Sluttiness” | Score Value |
|--------------------------------|-------------|-----------------------------------|-------------|
| 21: Mike (Cosplay friend+) | 30 (max 90) | 61: Dirty Whore | 1075 |
| 22: Fred (father in law) | 190 | 62: Loving Wife | 20 (min 0) |
| 23: Rick (restaurant owner) | 50 | 68: Cheating small | 5 (10 max) |
| 24: Nick (husband) | -10 | 69: Cheating big | 14 (max 16) |
| 25: Giancarlo (boutique owner) | 10 | | |
| 26: Marcel (painter) | 120 | | |
| 27: Lola (Castor coworker) | 70 | | |
| 28: Jack (bar keeper) | 55 | | |
| 30: Daniel (Personal Trainer) | 70 | | |
| 31: Dan (a guy in the bar) | 10 | | |
| 32: Dominique (Mrs. Clarkson) | 10 | | |
| 33: Luke (Business partner) | 10 (max 30) | | |
| | | Variable #: Other | Score Value |
| | | 44: body | 40 |
| | | 46: Intelligence | 70 |
| | | 65: Letting her go | 7 |
| | | 281: “Arguing/Together” with Fred | 8 |

Notes on Relationships:

In the game walkthrough, we have tried to maximize the relationships score Lily has with everyone (to enable as much sex as possible) at the expense of Nick’s relationship score (can’t maximize both).

There are of course tradeoffs:

- It is for instance not possible to maximize Fred (max: 190) and Mike (max: 90) relationship score at the same time since there are some mutually exclusive scenes. So, in the walkthrough I choose Fred over Mike (at the expense of 1 Cheating Big point) but you could also have done it the other way.
- Took the intelligent Lily route and choose not to make Lily have sex with Luke - costed Lily 20 Luke relationship points, 5 Cheating Small points and 1 Cheating Big point.
- Did some early choices that that rewarded Lily with 20 Loving Wife points (they are still there).

NOTE: several characters are not tracked: Library Student, Martin, Nicole, etc..., instead library, pool, Nicole scenes are.

Notes on “Sluttiness” and “other” scores:

Thanks to the many library and gym visits, we also have close to max *Intelligence* and *Body* scores. (Hotness, Horny and Stamina goes up and/or down daily so there is no point in listing them). I am not sure *Together with Fred* scores and *Letting her go* scores “mean” anything for her next phases, but they might so I listed them her too (pretty close to max I think). We have to wait to see where this goes 🤔.

At the end of V1.3 we have these max/min values if we have consistently made the sluttiest choices for both Nick and Lily.

Notes:

1. **Δ** columns = the score difference, comparing end of v1.3 to v1.2 (blank means no change).
2. There is no change in relationship score or new relationships formed. In other words, all sex was casual.
3. The sluttiest choices in the tavern is to go all the way and do a BJ on Billy and have sex with Dale. That, I think (speculating here), is the one path that truly puts Lily's and Nick's relationship in danger v1.4 confirms that so far...
4. The consequence of Nick having Briana over for a date in the cabin when Lily is arriving does not change the scores – SO FAR.
5. Risk of pregnancy is starting to become a thing. Speculating, but maybe this could actually happen at some point now...

103

Stats at end of V1.4

At the end of V1.4 we have these max/min values if we have consistently made the sluttiest choices for both Nick and Lily. In V1.4 we saw primarily saw Lily getting confused about Nick's intention if he actually want her to have sex with others, and scenes sex scenes with Fred. This is pretty much reflected in the score changes below.

| Variable #: Relationship with | Score | Δ | Variable #: "Sluttiness" | Score | Δ |
|--------------------------------|-------------|-----|-----------------------------------|-------------|-----|
| 21: Mike (Cosplay friend+) | 30 (max 90) | +60 | 61: Dirty Whore | 1190 | +50 |
| 22: Fred (father in law) | 250 | | 62: Loving Wife | 20 (min 0) | |
| 23: Rick (restaurant owner) | 50 | | 68: Cheating small | 7 (max 12) | +1 |
| 24: Nick (husband) | -10 | | 69: Cheating big | 16 (max 18) | +1 |
| 25: Giancarlo (boutique owner) | 10 | | Variable #: Other | | |
| 26: Marcel (painter) | 120 | | 44: Body | 40 | +1 |
| 27: Lola (Castor coworker) | 70 | | 46: Intelligence | 70 | |
| 28: Jack (bar keeper) | 55 | | 65: Letting her go | 10 | |
| 30: Daniel (Personal Trainer) | 70 | | 281: "Arguing/Together" with Fred | 8 | |
| 31: Dan (a guy in the bar) | 10 | | | | |
| 32: Dominique (Mrs. Clarkson) | 10 | +10 | | | |
| 33: Luke (Business partner) | 10 (max 30) | | | | |
| 34: John | 10 | | | | |

Notes:

1. Δ columns = the score difference, comparing end of v1.4 to v1.3 (blank means no change).
2. Fred relationship got improved dramatically +60 and John finally got 10 points on the board.
3. The sluttiest choices are obvious in this release so need to comment on them.
4. V1.4 ends with that Lily is about to chase after Nick (who is going to the strip bar), so we'll see how that goes next.
5. The Fred/Lily relationship is starting to become a deeper "thing" so we will see how that works out in the next releases when they are working together more actively...

Again, we now know what the scores are, but we still do not how they determine what comes next... So, the sensible thing would be to stop speculation now and simply wait for the next releases lol 😊.

Stats at end of V1.5

At the end of V1.5 we have these max/min values if we have consistently made the sluttiest choices for both Nick and Lily. If we did max slutty path we saw Lily fucking Rick at the strip bar, having fun with Jamal at the TV show, and bathroom sex with Fred. We also had a choice of having letting nick find out of Lily and Fred or not in the very last scene. This is pretty much reflected in the score changes below.

| Variable #: Relationship with | Score | Δ | Variable #: "Sluttiness" | Score | Δ |
|--------------------------------|-------------|-----|-----------------------------------|-------------|-----|
| 21: Mike (Cosplay friend+) | 30 (max 90) | +20 | 61: Dirty Whore | 1280 | +90 |
| 22: Fred (father in law) | 270 | | 62: Loving Wife | 20 (min 0) | |
| 23: Rick (restaurant owner) | 50 | | 68: Cheating small | 7 (max 12) | +1 |
| 24: Nick (husband) | -10 | | 69: Cheating big | 18 (max 20) | +2 |
| 25: Giancarlo (boutique owner) | 10 | | 78: Cuckold Nick | 3 | +1 |
| 26: Marcel (painter) | 120 | | Variable #: Other | | |
| 27: Lola (Castor coworker) | 70 | | Score Value | | |
| 28: Jack (bar keeper) | 55 | | 44: Body | 40 | |
| 30: Daniel (Personal Trainer) | 70 | | 46: Intelligence | 70 | |
| 31: Dan (a guy in the bar) | 10 | | 65: Letting her go | 12 | +2 |
| 32: Dominique (Mrs. Clarkson) | 10 | | 281: "Arguing/Together" with Fred | 9 | +1 |
| 33: Luke (Business partner) | 10 (max 30) | | | | |
| 34: John | 10 | | | | |

Notes:

1. Δ columns = the score difference, comparing end of v1.5 to v1.4 (blank means no change).
2. Fred relationship got improved +20 and Nick put another +1 to the cuckold score on the board.
3. The sluttiest choices are to fuck Rick (who does not get any relationship points for it), have Nick choose B, C or D (not A) at the TV show, choose "Chill" at Castor, and "Do it" with Fred in the bath tub.
4. V1.5 ends with that Nick catches them in the act and is now standing outside the bathroom door OR he does not catch them so he is sitting down stairs instead. We'll see what those two paths leads to in the next release...
5. The cat is now out of the bag in the "worst" case for Lily...

Again, we now know what the scores are, but we still do not how they determine what comes next... we'll wait for the next releases to see what happens 😊.

Stats at end of V1.6

At the end of V1.6 we have these max/min values if we have consistently made the sluttiest choices for both Nick and Lily. If we did max slutty path we saw sex with Dr. Mark, and “fake wedding night” sex with Fred. This is pretty much reflected in the score changes below.

| Variable #: Relationship with | Score | Δ | Variable #: “Sluttiness” | Score | Δ |
|--------------------------------|-------------|-----|--------------------------------------|-------------|-----|
| 21: Mike (Cosplay friend+) | 30 (max 90) | +50 | 61: Dirty Whore | 1280 | +60 |
| 22: Fred (father in law) | 320 | | 62: Loving Wife | 20 (min 0) | +2 |
| 23: Rick (restaurant owner) | 50 | | 68: Cheating small | 7 (max 13) | |
| 24: Nick (husband) | -10 | | 69: Cheating big | 20 (max 22) | |
| 25: Giancarlo (boutique owner) | 10 | | 78: Cuckold Nick | 3 | |
| 26: Marcel (painter) | 120 | +50 | Variable #: Other | | +1 |
| 27: Lola (Castor coworker) | 70 | | 44: Body | 40 | |
| 28: Jack (bar keeper) | 55 | | 46: Intelligence | 70 | |
| 29: Relationship Dr. Mark | 50 | | 65: Letting her go | 12 | |
| 30: Daniel (Personal Trainer) | 70 | | 281: “Arguing/Together” with Fred | 10 | |
| 31: Dan (a guy in the bar) | 10 | | | | |
| 32: Dominique (Mrs. Clarkson) | 10 | | | | |
| 33: Luke (Business partner) | 10 (max 30) | | | | |
| 34: John | 10 | | | | |

Notes:

1. Δ columns = the score difference, comparing end of v1.6 to v1.5 (blank means no change).
2. Fred relationship got improved +50 and Dr. Mark finally got himself on the board (+50).
3. The sluttiest choices are to fuck Dr. Mark, and tell Fred 1. *Tell him you are not in the mood*, when Fred wants a preview of the wedding night.
4. V1.6 ends with that Lily is at 0% stamina and want’s to walk down stairs but is blocked by the end of V1.6 sign.

Since v1.6 only contains the path of what happens after Nick catches them (there is no new content for what happens if Nick does not catch them), there is a lot left to play out of what happens in the other combinations of paths. We’ll have to wait for the next release to see what all of this leads too.

Again, we now know what the scores are, but we still do not how they determine what comes next... we’ll wait for the next releases to see what happens 😊.

Stats at end of V1.7

At the end of V1.7 we have these max/min values if we have consistently made the sluttiest choices for both Nick and Lily. If we did max slutty path, we saw sex with Martin, Kevin (BJ) and Fred. This is pretty much reflected in the score changes below. Curiously, Fred did not get any score changes for his scene?

| Variable #: Relationship with | Score | Δ | Variable #: "Sluttiness" | Score | Δ |
|--------------------------------|-------------|-----|--------------------------------------|-------------|------|
| 21: Mike (Cosplay friend+) | 30 (max 90) | | 61: Dirty Whore | 1410 | +130 |
| 22: Fred (father in law) | 320 | | 62: Loving Wife | 20 (min 0) | |
| 23: Rick (restaurant owner) | 50 | | 68: Cheating small | 9 (max 15) | +2 |
| 24: Nick (husband) | -10 | | 69: Cheating big | 21 (max 23) | +1 |
| 25: Giancarlo (boutique owner) | 10 | | 78: Cuckold Nick | 3 | |
| 26: Marcel (painter) | 120 | | Variable #: Other | | |
| 27: Lola (Castor coworker) | 70 | | Score Value | | |
| 28: Jack (bar keeper) | 55 | | 44: Body | 50 | +10 |
| 29: Relationship Dr. Mark | 50 | | 46: Intelligence | 70 | |
| 30: Daniel (Personal Trainer) | 70 | | 65: Letting her go | 13 | |
| 31: Dan (a guy in the bar) | 10 | | 281: "Arguing/Together" with Fred | 10 | |
| 32: Dominique (Mrs. Clarkson) | 10 | | | | |
| 33: Luke (Business partner) | 10 (max 30) | | | | |
| 34: John | 10 | | | | |
| 35: Relationship Martin | 50 | +50 | | | |
| 36: Relationship Kevin | 50 | +50 | | | |

Notes:

1. Δ columns = the score difference, comparing end of v1.7 to v1.6 (blank means no change).
2. Martin and Kevin finally got themselves on the board (+50 each).
3. The sluttiest choices are to: fuck Martin, give Kevin a BJ and tell Fred it wasn't all fake.
4. V1.7 ends with that Lily is at 0% stamina and want's to walk down stairs but is blocked by the end of V1.7 sign.

The game opened up for two more players this release: Martin and Kevin. This broadens the game opportunities for Lily to pursue. This is a good thing because, while Fred is has been the most important character for Lily's "development" so far, it's good for the story to now broaden Lily's "hunting" options.

She now has 50+ relationship scores (= had sex with) with Fred, Rick, Marcel, Lola, Jack, Dr. Mark, Daniel, Martin and Kevin, so plenty of options for Lily to explore now. Maybe one or two of them can emerge as (a) credible rival(s) to Fred. I think this would make things more interesting! The questions are: who is it going to be? How is Lily going to decide? What's most important to her? Money, cock size, sex quality, sex quantity, fitness, true love, men she can sub, men who can sub her, etc.?

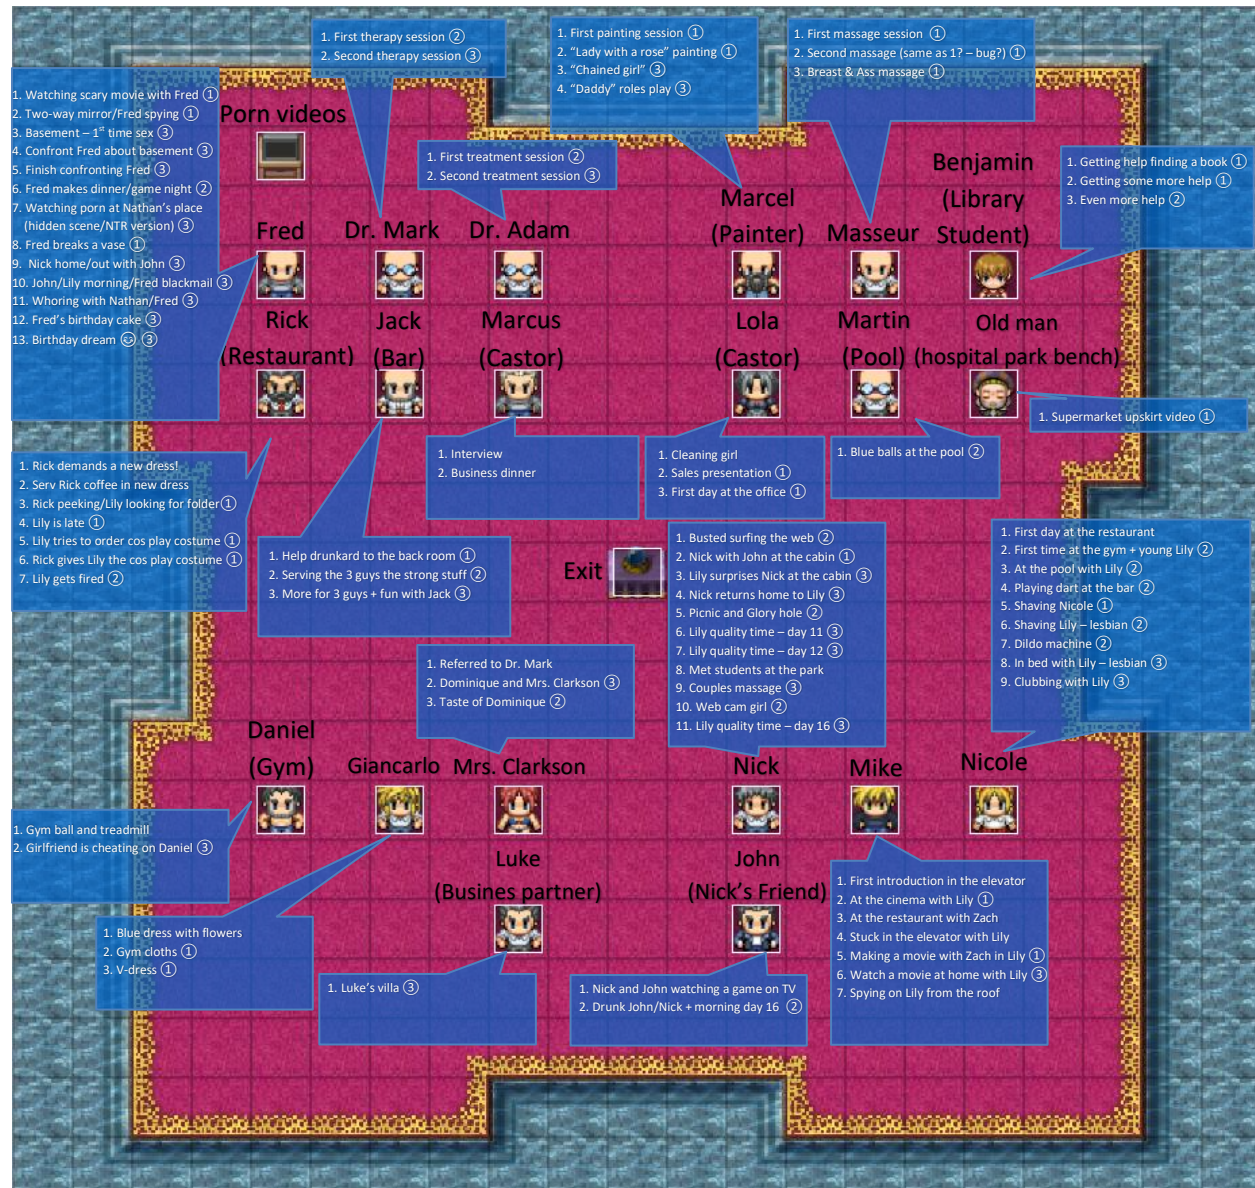

We'll have to wait for the next release to see what all of this leads too. (25).

V1.1 Gallery:

With version v1.1, P and P added a scene gallery function. The gallery function can be accessed through Lily's bedroom by accessing the flashing star on the right bookshelf. Pass code is: **8652**

Use the up and down arrows per digit to change and dial in the pass code. After the pass code is entered once, you do no longer need to do that again. All scenes up to end of v1.1 are available to view, even the once that you have not done yet. We assume V1.2 - v1.6+ and later scenes will be added at some point.

Key: ① Some nudity (also sexy under wear/upskirt etc.)
 ② Some simple sex like: HJ, BJ etc.
 ③ Full blown/complex sex

That's all folks! Thx!
