

Character Achievements Guide v.4.0.0

❖ Reading Comprehension Techniques (for Dummies):

- ❖ Have fun, *not everything is 100% accurate*
 - The sentences in **Green** are personal Advices and Suggestions. You can ignore them if you feel like it because there will be no consequences. However, they can help you a lot if you do what they say.
 - The sentences in **Red** are strict rules that you **must** follow. In some cases, ignoring them will result in a very bad consequence: One or more features are completely disabled (Harem girls, options or achievements...) and there's no way to fix it.
 - The meanings of Bullets:
 - (✓) – A condition you need to satisfy.
 - (➤) – A step or a series of steps in fixed order.
 - (➡) – A new feature has been unlocked.
 - Any steps or series of steps (➤) marked **(Random)** are events that will be triggered by chance. If you don't meet such event in first try, keep repeating that (➤) again and again until you finally meet it.
 - Follow the instructions from left to right, from first to last, in that order.
 - What “Second Trimester” means in different Pregnancy Durations:
 - 3 Weeks: 2 weeks away from birth.
 - 7 Weeks: 2 - 4 weeks away from birth.
 - We don't talk about last three.
 - “Use Harem Menu” means “open Harem Menu and tap on the girl you want to visit”.

[IMPORTANT]: Navigate to “Kurumi” section first and carefully study about how to unlock her before you start.

- ❖ If you're not that lucky -> She'll get mad at you for your betrayal and will avoid you for the next 10 weeks before she eventually forgives you -> You won't be able to interact with her as long as she's still mad.
