Introduction

Date updated: 2021-06-05 for 0.40B (B is for bugfix patch)

Welcome to the official walkthrough guide for the game. Honestly, I just want people to enjoy my game and understand it, so I thought this would be the best way; this is my first time doing this, so it may be lacking or not professional.

This is a basic guide, and I will probably miss things. I tried to put the essential things.

Anyways, please use the Table of contents to jump around.

THIS WILL CONTAIN SPOILERS.

THIS GAME IS TEXT-BASED AND HAS NO CG.

F.A.Q

1. **Why don't you have a Patreon?**

You are playing my game, giving me feedback, and having fun is more important than money.

This is a text-based game, and I buy my assets which I'm okay with. No money is needed, and nor do I want to feel pressured to make the game because I'd feel like I'd "owe" my supporters.

Also, I want people to enjoy my game, and putting it behind a paywall isn't ideal for me.

2. **How do I make gold?**

Fishing/mining, Jobs, and gambling. There are multiple ways, and I'll explain them throughout the guide. (This may get buffed as gold is essential.)

3. **Why is reputation so hard to get?**

The game is in Alpha, and the only two reputation statuses are Slave status and Middle class. Do not stress about your reputation; as of today (2021-06-05), I need a better way to increase your reputation.

4. **Why does Sub/dom feel like a grind?**

For maps, 1-3 (current maps), all you really need is level 3 of each, and you will unlock everything. The game has two bigger maps, and the goal is to stop at 5. I wanted it to spread out through the game. However, it should be better now as of 2021-06-05.

The Characters guide for the village

Samantha:

Completely sub-content. Enter the mayor's House, which is above her, and you will be able to unlock more options with Samantha.

50g-Foot worship.

100g-Ass worship.

150g-Leg worship.

200g-Pussy worship.

You will gain a 1 ½ level toward your sub-level.

Cassandra:

NEEDS TO BE SPOKEN FIRST to unlock the above. She is the mayor of the village.

Once you complete Samantha's training, you will serve her for a price, but your reward is **reputation gain/loss. You have a choice here, do you want to gain or lose 50 reputations? Costs 100g.**

Elizabeth:

Content: Full sub (gain sub experience.)

Kinks: Foot fetish and fart/smell fetish.

Ashley:

Content: Sub and Dom. (can increase sub and dom experience depending on status.)

Kinks: Degradation and humiliation. Also, praise kink.

In the middle class, you can dominant her.

Jessica: W.I.P.

Kink: Foot fetish. (currently work in progress as she is turned off at middle class.)

Nicole: W.I.P.

Content: Full sub (gain sub experience.) (removed when you hit the middle class.)

Kinks: Foot fetish and body worship/cleaning.

Three mean girls:

They sit on the bench facing the mine.

Content: Full sub. (gain sub experience.)

Kinks: Group play, foot fetish, humiliation, and degradation.

You have to be slave status to unlock their content.

Secret shops in the village

Wendy-Shady dealer.

Unlock: Get Middle-class status and talk to her.

Benefits: Gain access to her shop for domination items that will be used in the future and access to drugs used for other content.

Alexis- Mine owner.

Unlock: Get middle class and talk to her.

Benefits: She will buy your gold for an extra 40g. (140g each gold).

Sarah- Fisherwomen.

Unlock: Serve her three times as a peasant OR get Middle class, and she will offer her friendship.

Benefits: She will buy your fish for an extra 15g for each one.

Sasha-Witch

Unlock: Middle class

Benefits: You will be able to buy potions cheaper from her than at the shop.

2021-06-05 Notes:

These can change at any time as balancing is an ongoing process. Increase to prices or a decrease.

Point of interests in the village

Inn:

This is full-on submissive content. You can talk to the inn keep, and depending on your status, you will either buy a regular room or the dog house.

Doghouse is complete RNG. 4 rooms, 3 RNG EACH.

Kinks can vary here from foot fetish to urination. (has skip button for such scenes.)

There is no real benefit to sleeping here unless you want to be abused. So, there is one, I guess!

House of Pleasure:

This is where all the content is connected to.

How to unlock: **Get level 3 submission and talk to Ruby. (subpath) OR choose dom path when you speak to Satan and talk to ruby, and she will invite you to the House of pleasure.**

Play through the introduction and then meet Ruby in her office; from there, it is pretty much straightforward to where the content goes.

Warning: Sub content unlocks the story and is more fleshed out compared to dom path. If you want to know, the story goes subpath. This will be improved later on. W.I.P.

Employment services building:

This is where you can get random jobs. Currently, there are only two jobs. Straight forward, really.

Auction house:

This is where you buy a home deed for 300g and later slaves. You need to buy a home deed to enter the following map.

Straight forward.

Minning and fishing:

There is a cave where you can mine for ores, and the fishing spot is on the bridge over the water.

General store: This is where you buy stuff. Did I need to tell you that? Yes, potions are currently limited.

Low-class map

Good job, you made it to the low-class map after buying a house deed.

Crossing the border:

Satan will appear, and you can select if you want to start your reign as a dominant or stay submissive. Your choice!

Home:

This is your House! Depending on your interactions with Katie in the starter area, she can offer to move in.

Benefits: You can gain complete hygiene any time you want and fill up a hunger to the max once a day. The sink is in the back, and the bread is on the Table.

Downside: Once you meet Violet, you will pay her rent weekly (every seven in-game days). 400g. This can be removed only once you hit level 10 with Katie, who deals with Violet and whores you out and takes your deed. **ONLY IF YOU HAVE KATIE IN YOUR HOUSE.**

The Middle of town:

Where you meet Penny and see the scene between her and Violet.

Penny:

Content: Both sub and Dom. Mainly Dom at first. (need level 3 submission to unlock her dom side).

Kinks: Foot fetish only.

Bar:

Here you can work for Violet and earn her trust. At level 5 trust, you can unlock the gambling section and make some money! Violet's trust is essential and will be used throughout the middle map in future content. Super easy to get, work for her, and you get a whole level.

Amber:

She lives next to the bar.

Content: Sub.

Kinks: Femdom, foot worship, and group humiliation.

You will need to unlock Wendy's shop to progress this event. (drugs are bought from wendy.)

Penny's House:

Nothing here yet.

DOM ONLY:

Melissa:

The first girl to be captured and turned into a slave after accepting Satan's deal to become dominant.

She will be in front of your House hungry. You must be dominant her and then once you have her soul, go back to Satan. Use the Satan teleporter. From there, it's straightforward.

Currently, you can only rename Melissa until I get a better slave system written.

Story content

Currently, story content is fleshed out on the sub-side of things.

Quick guide:

Unlock House of pleasure, go through that content, go to Death's office and play that content, and then eventually, you will unlock a hidden door that allows you to enter her domain; from there, she will ask you to collect souls. There are three souls to be collected; once you collect all the souls, you will unlock a history lesson from the goddesses.
