## Day 5

From this day on, you'll be nominated to be Mother Superior's right hand, taking care of the Convent while she's ill. You can now move freely through the convent.

- There's no limit on the number of days you can spend playing.
- But before the week ends (Sunday), you must have done all your chores at the convent or you'll be punished in public and you'll lose a good amount of your power. Even if you have girls to do the work for you, you still have to give the order to do the chore in the specific location.
- You have Energy that you'll spend for doing various activities in the convent. For now, the limit is 8, since you wake up with 6 and can go to the kitchen a drink some coffee for an additional 2 Energy/Day.
- You can now start accumulating Power.
- You can now start accumulating Money.
- There's an inventory where you can keep stuff you find exploring around the convent, or objects given in some scenes.

## Places

You can explore all of them and try to find objects. In some of them you'll have chores to do, in others you may visit somebody or do certain things.

### Second floor:

- **Rooms:**
  - **Your room:**
    - Sleep
    - Mirror: your reflection will change according to the amount of Power you have. Be sure to check it out every 10 Power score accumulated. 0.9 features full body pics for Layla.
    - Talk to the Rosary: I'll give you some hints if you need them. Also, if you're at least a Naughty Kitty Cat patron, you can access the cheat codes.

If you do Papa Slick Revenge 1 and 2, you can interact with him here in your room. You can talk to me and I'll tell you how to complete your revenge and access Papa Slick Revenge 3.

When taking Revenge against Father Martín, you must come here and listen to his story and advice. This way you'll be able to know the existence of the Book of spells and how to defeat the Father.

- **Look in your closet:** The first time you check your drawer, you'll find a strapon which will be added to the inventory. You can also check your Black list for the people you're plotting your revenge on. Once you acquire the Book of spells, you'll find it here.
  - **Book of spells** (+30 new images, futa content!): When reading the book for the 1<sup>st</sup> time, you'll only be able to see 3 Rituals. You have to perform the Major Sacrifice and then the Summoning to fight against Father Martín. After being victorious, you'll find the Epilogue for the Demon Queen ending. You'll earn a nice reward for defeating Father, +20 sisters corrupted. After all this, you'll return to the Chapel to start enjoying your new life as the supreme ruler! Once you've reached this ending, you'll be able to perform the other rituals on the book. The Ascension ritual has an Easter egg: the first time you have to be in your human form to be able to perform it, but if you come back later in your Demoness form you can submit the other futa Demon.
- **Masturbate:** you can spend 1 Energy to finger yourself, and, if you have a variety of sex toys, you can also use those for your fun time. This is purely cosmetic since it has no effect on gameplay.
- **Silvia's room:**
  - **Demand her presence:** Pet play with Silvia. The first 8 options cost 1 Energy and give you 1 Power (From Taking her for a walk to Make her rub herself). The following 5 (Make her masturbate in front of you and Fuck her with a strapon) cost 2 Energy and give you 3 Power). Selling her will grant you 2 coins, you need 40 Power to do this.
  - **How to complete your revenge against Silvia?** Easy. Fuck her. Nevertheless, she won't count as one of your corrupted girls.

- **Helen's room:**
  - You can knock on Helen's door once you have min 3 Power and have talked to the sisters Grace and Aitana at the Chapel. She will then be available to visit in the Laundry and you will obtain the MASSAGE OIL.
  - If you're taking revenge against Father Martín, after you talk to the Rosary about the book of spells, you may come here to find it. You can also spy on her.
- **Bathrooms:** Chores and exploration. You can now take a shower.
- **Mother Superior's desk:** The first time you enter you'll see Sonia's introduction. To access scene 1 you'll need 15 Power. To access Sonia's event 2 you need to have met Papa Slick at the Town, 50 Power and at least 35 gold coins.

### Sacred places:

- **Confessional:** After talking to Naomi for the first time (Naomi's introduction), you can go pick up food in the kitchen once/day and bring it to her to earn her trust. After 4 times and 8 Power, she'll make her first confession (Naomi scene 1) and you'll win +2 Power. Keep bringing her food (9 times + 25 Power) you'll access Naomi's event 2 and she'll become your slave, reduce the energy required for chores by 1 and reward you with +5Power. For Naomi scene 3 you need to have done scene 2 and, at least, 50 Power. This event will allow you to transform Naomi into a Princess or a Slut. After Papa Slick's Revenge 1 and 2, if you talk to the Rosary and he tells you about the Ritual, you must come back here for the Ritual Aspect of Lilith where you'll become a Futa and earn loads of Power to continue with your revenge in the Rebel's path (**WARNING: there's disturbing images during the ritual. Viewer discretion is advised**). After this, you can interact with Papa Slick in your room without being penalized.
- **Chapel:** By talking to the sisters, you trigger their introduction. By returning and talking to them again, you can eavesdrop on them. If you have the MASSAGE OIL (talk to Helen in her room after one night of sleep) and 10 or more power, you can interrupt them and

trigger another scene (Grace and Aitana Scene 1) giving you +2 Power. After doing Event 1, you can look through the keyhole and spy on them. If you have 1 Energy and 29 Power, you can access Event 2: to completely corrupt the sisters, you will have to punish them 3 times, for two of which you will need the strapon (found in the drawer in your room). Once corrupted, they will reduce the energy required to do chores by 1 and grant you +7 Power. If you trigger Papa Slick Revenge 1, you must return here to celebrate “the party” where you’ll recruit girls for the brothel (some of them you already know them, the others are new, like Maria or Trinity. If you complete the Revenge against Papa Slick (which is not required for managing the brothel), you may recruit him also and have the possibility to transform him into a bimbo or a sweet sissy). After this scene, you can go to the Brothel and start managing the girls.

### **Commons:**

- **Laundry:** Chores and exploration. Once you’ve talked to Helen in her room, you can visit her in the Laundry, punishing her (random events will fire when visiting her). When you visit her at least 8 times and have at least 30 demon power, you can initiate the process to enslave her. Once you have visited her 3 more times and have 35 power, you can mindbreak her, and then choose the “free her” option to make her your willing slave. She will now assist you in the laundry, which means you no longer have to perform that chore, plus you can also sell and torture her.
  - Torturing her gives 3, 6, or 9 Power depending on the level. “Extreme” requires having built the dungeon and having the Vibrator, which you can get from Grace and Aitana’s Event 2 (Chapel).
  - Selling her has 7 different scenes, with three possible outcomes for each: either 0, 3, or 7 Money.
- **Kitchen:** Here you can pick up Naomi’s food after her introduction. You can also drink coffee once a day to increase your current energy by 2.
- **Basement:** Chores and exploration.

- You can start clearing away space for your Dungeon when you have, at least, 3 girls corrupted and 45 Power.
  - **Dungeon** (+90 new images): To start building the dungeon, you must have cleared the space 4 times, and have 5 of each material (wood, chains, and rope), which you can find exploring the Main Hallway, Bathrooms, Rooms, and other locations.
- To finish the dungeon, you must build it 5 times and have the materials listed, which can be bought at Ben's General Store in the Town.
- Upon finishing, you will also unlock Helen's "Extreme" torture option.
- This location will allow you to trigger **The Apprentice's Path Ending**. To access it, you need to have finished the Dungeon and have, at least, 70 Power.
  - To defeat Mother Superior you must choose: Dungeon, Helen (once you've completely broken her in the Laundry) and the Cane (letting Mother decide which tool to use) in this order. However, if you choose different tools or people, you'll see slightly different scenes which will result in failure (although they're fun). Once you complete your revenge against her, you'll access the Epilogue (or Mother's Funeral) However, you still can do stuff around the convent even if you finish the main story for this path.
- After finishing your revenge against Mother Superior, you can start using the East Wing of your Dungeon to train your girls, have fun with them, or "sell" them. If you decide to remodel the Dungeon, you'll unlock the West Wing with +20 new interactions.
- Also once you've remodel, you can party with other nuns to win +2 Energy.

### Outside:

- **Garden:** Once you have performed Naomi's Scene 1 and have 20 Power, you can go water the plants to initiate David's introduction. After this, you can come back to smoke a blunt with him, seeing 3 different scenes, for now, with each successive visit.
- **Town:** Once you have seen Sonia's Scene 1, you can go to the Town to try to make money. There you will initially have 3 options, which are unlocked by performing the previous one:

Earning money for Sonia

- Sell bread: +1 Money, -1 Energy
- Clean the City Hall's floor: +3 Money, -2 Energy
- Panhandle: +3 Money, -1 Energy, -1 Power

**1. Brothel:** Once you have performed any one of the previous actions three times, you will meet Papa Slick, who will offer you a job in his brothel. After that you may turn tricks for Papa Slick with the following options:

- Basic service (blowjob): +2 Money, -1 Energy, -1 Power
- Complete (fuck): +5 Money, -2 Energy, -3 Power
- Multipack (gangbang): +10 Money, -3 Energy, -5 Power

You can also offer “special services” hiding from Papa Slick. These include:

- Footjob: -2 Energy, -1 Power, +2 Money.
- Enema: -1 Energy, -2 Power, +3 Money.
- Rimjob: -1 Energy, -5 Power, +8 Money.
- Bukkake: -2 Energy, -6 Power, +12 Money.
- Pegging: -1 Energy, +3 Power.
- WaterSports: -1 Energy, -8 Power, +15 Money.

If Papa Slick catches you, he'll drain your Energy, take 10 gold coins from you and reduce your Power by 15. If you have defeated/vengeance Mother Superior and have +90 Power and Papa catches you offering these, you may trigger Papa Slick Revenge 1, which will lead you to a party in the Chapel. **After the Party, you can come back and start managing the girls. If you have any doubt on how to do this, there's a short tutorial inside the game that explains the mechanics.**

You can access Papa Slick Revenge 2 after the party and with, at least, 150 Power. In this sequence you'll have to choose the correct answer from different options.

Here's the correct order:

- a) Walk behind them
- b) Reason with Papa
- c) “A useless harlot like that should get a double punishment”
- d) Play the fool just a little bit more
- e) “No, I have to end him now”

Once you get this right, Papa will be all tied up in your room. You need to speak to the rosary to know what to do next.

- If you have decided to submit to Father Martín/do the Apprentice's path and you have the Cheatcode, you may switch to play the Rebel's path, being able to take revenge now.
- If you have decided to submit to Father Martín/ do the Apprentice's path and you don't have the Cheatcode, the Rosary will offer you to stay as you are and keep being the queen inside the convent, or to turn back time where you decide to submit or not, so you can choose not to and play the Rebel's path, being able to re-think all your choices from that moment.
- If you're already playing the Rebel's path, the Rosary will ask you to do a Ritual at the Confessional.

## 2. Ben's General Store

- o Here you can buy the stuff to put in the dungeon, some furniture and bondage gear, ingredients for spells, remodel the convent and the Brothel, etc.
- o Attempting to seduce him will cost 1 Energy and Power. You can only be successful once you've transformed and completed your revenge against Papa Slick. You can choose between doing a threesome, fucking the wife with or without him (futa), or just fucking him (futa or not)

## Day 5

From this day on, Helen will be nominated to be Mother Superior's right hand, taking care of the Convent while she's ill. You can now move freely through the convent.

- There's no limit on the number of days you can spend playing.
- But before the week ends (Sunday), you must have done all your chores or you'll be punished in public and increase your Sin significantly. Even if you have friends who'll help you, you still need to go to the location and give the order to do the chore.
- You have Energy that you'll spend for doing various activities in the convent. You wake up with 4, and you can earn an additional 2 if you go to the kitchen and ask for your special breakfast after Helen gives you permission to do so.
- You can now start reducing your Sin. Your Sin level determines how other people perceive you, and will condition how they act towards you, especially when you're working.
- During narrative events, your reactions and choices will condition a "hidden" stat called "Purity/Corruption" axis, which will affect you more in long term. You can consult the Rosary in your Room to have a hint whether you're in the path of virtue or damnation. The choices which affect this stat are marked with the "♠" symbol for those that increase your Purity, and the "♥" symbol for those that increase your corruption.
- There's an inventory where you can keep stuff you find exploring around the convent, or objects given in some scenes.

## Places

You can explore all of them and try to find objects. In some of them you'll have chores to do, in others you may visit somebody or do certain things.

### Main Hallway:

- **Mother Superior's Funeral:** You must have witnessed her death, as well as finished Dalia Event C (buying the habit), Maria Event 2 and the scene with Helen and Father Martín in the Chapel. After the funeral, you will be confronted by Helen and Father Martín. If you choose the option "♥ I'm sorry... If I'm given the ability to choose, I choose them" this will trigger the DARK FLOCK Ending sequence. Choosing the other option will put you on the path to a different ending, which is currently not implemented. After this, you will be able to access new events with Silvia, Naomi, Grace and Aitana, and Dalia.

### Second floor:

- **Rooms:** Exploring here after David's introduction will net you the LINGERIE.
  - **Your room:**
    - Sleep
      - You'll occasionally be rudely awoken by Helen, who will attempt to enslave you. The strategy here is to have at least 1 Will by the end while accumulating as little Sin as possible. You should, in general, Resist Red or Orange requests, while choosing "Yes Mistress" for Green requests, but considering requests are random you might be stuck choosing "Yes Mistress" for Red requests, since running out of Will means a severe penalty (+70 Sin and Energy set to 0)
    - **Mirror:** your reflection will change according to the amount of Sin you have. Be sure to check it out every 20 Sin score reduced/gained.
    - **Talk to the Rosary:** He'll give you some hints if you need them. Also, if you're at least a Naughty Kitty Cat patron, you can access the cheat codes.

- Look in your drawer: The first time you check your drawer, you'll find a strapon which will be added to the inventory. You can also check your Purification list for the people you're plotting to "purify".
- **Silvia's room:**
  - Knock at the door: Here you can engage in seven different activities to reduce your Sin. They have random outcomes with different images and Sin reductions, though they all reduce Sin, some reduce them more than others.
  - Look through the keyhole: Three outcomes can happen
    - You find Silvia masturbating (+5 Sin)
    - You find Silvia praying (no effect)
    - Silvia is away. This means you can explore her room. If you have done David's intro event you will find the CHASTITY CAGE (which you need for David Scene 2).
  - To trigger Silvia's final scene for the DARK FLOCK Ending, simply "Call her" after triggering the ending sequence in Mother Superior's Funeral.
- **Helen's room:**
  - You can knock on Helen's door and beg for food once you have performed Maria's introduction in the Kitchen and 60 Sin or less. This will trigger Maria Scene 1
  - If you've done David's event 1 in the Garden, you must come here to talk to Helen. She'll give you permission to build a room for Dalia.
  - If you've visited Mother Superior in her Office for the last time, you need to come here to give the news to Helen.
  - Look through the keyhole: Three outcomes can happen
    - You find Helen fucking Adele (+5 Sin)
    - You find Helen "praying" (actually reading porn, no effect)
    - Helen is away. This means you can enter her room and explore, finding the DOUBLE DILDO and the VIBRATOR if you have done Grace and Aitana's introduction in the Chapel.
  - Once you have witnessed Mother's death in her office, you can announce it to Helen, where you'll witness a small scene featuring her reaction to the news.

- **Bathrooms:** Chores and exploration. If you explore having done David's introduction you will find the BAG OF MAKEUP. You can also take a shower once daily to reduce Sin by 2.
- **Mother Superior's desk:** You can spy on Sonia through the keyhole, though the scene will only be available if you have seen Grace and Aitana's Scene 1. After doing the Chapel scene with Helen and Father Martín, you may come visit her for the last time.

### Sacred places:

- **Confessional:** Try to confess. This will trigger Naomi's introduction if you have 90 Sin or less. You can also explore, if you have done Grace and Aitana's introduction in the Chapel you will find the latex DILDO. Once you have done Naomi's Introduction you can come back and ask her for a job if you have at least 1 Energy, triggering Naomi's Scene 1. After that, if you have 80 Sin or more you can work in the confessional, either giving strangers blowjobs or cleaning it up for some cash. To access Naomi's scene 2 you need 40 or less Sin. To trigger Naomi's final scene for the DARK FLOCK Ending, simply "☉ Pay a visit to Sister Naomi" after triggering the ending sequence in Mother Superior's Funeral.

**Chapel:** By praying for soul and having 90 Sin or less you will trigger Grace and Aitana's introduction, which will start the quest to find sex toys for them. You can check the list of sex toys to obtain in the inventory once you have triggered this event. Once you have them all [ANAL BEADS (kitchen), DOUBLE DILDO (Helen's room), VIBRATOR (Helen's room) and DILDO (basement)], and have 80 Sin or less, you can return to the Chapel and trigger Grand and Aitana's Scene 1. After that, you can now return to the Chapel and work, either performing the Disgrace show or confessing the villagers. This second option will yield different results depending on your current Sin, with High Sin generally yielding more money and more extreme sex scenes (increasing Sin along the way), and Low Sin yielding less money but Sin reductions, with more vanilla sex scenes. There's also a random chance when choosing to work that you'll find Sonia sucking someone's dick. To access Scene 2 you should've done María's scene 2 in the kitchen and 40 or less Sin. Even though the scene is in the Chapel, it'll involve Helen and Father Martín. To trigger Grace and Aitana's final scene for the DARK FLOCK Ending, simply "☉ Visit the new chapel" after triggering the ending sequence in Mother Superior's Funeral.

### Commons:

- **Laundry:** Chores and exploration. You can also find the SCHOOLGIRL OUTFIT for David if you explore once you have done David's introduction.
- **Kitchen:** If you have 90 Sin or less you can ask Maria for food, which will trigger her introduction and allow you to go to Helen's room to ask *her* for food (Maria Event 1). After performing Maria Event 1, you can go back to the kitchen and ask her for food again if you have 40 Sin or less, which will trigger Maria Event 2. You can also explore once you have done Grace and Aitana's introduction to find the ANAL BEADS.
  - You can also order “special” food to be prepared once you have talked to Helen about Dalia (see Garden section for details)
  - After building Dalia’s room, you may come here and pick up her breakfast.
- **Basement:** Chores and exploration. Exploring after doing Grace and Aitana's or David's introduction will net you the BUTTPLUG. Future updates will include Purification Chamber.
  - After talking to Helen in her room about Dalia, you can go to the General store to buy construction materials to build Dalia’s room in the basement. You’ll need at least 3 girls to start working on it. It’ll take 5 cleaning and building sessions to finish the room.
  - Dalia’s room: You have to start bringing Dalia breakfast to increase your friendship with her. The first day you’ll see a welcome scene. The 3rd day you’ll trigger event A, the 6<sup>th</sup> day you’ll trigger event B, the 9<sup>th</sup> day you’ll trigger event C, the 18<sup>th</sup> day you’ll trigger event D. For now, only event A, B, and C are implemented. The options you’ll find in them will condition heavily your relationship with Dalia and her personality. Event C (buying the Habit) has three main options: Pure (Wait! I have the money!), Corrupt (I don’t have the money...) or Hypercorrupt (I think it’s time for Dalia...). The Corrupt option will also give you the choice on whether to sell Dalia to Ben or not, choosing yes will give you some money and corruption, whereas insisting until the end will show a secret scene where you fuck Dalia with a strapon lovingly. To witness the final Epilogue of the DARK FLOCK Ending and see the ascension of Dalia, bring her food 12 or more times and have triggered the DARK FLOCK ending sequence in Mother Superior’s Funeral.

## Outside:

- **Garden:** Watering the flowers with 90 or less Sin will trigger David's introduction. Returning to the Garden with SCHOOLGIRL OUTFIT (Laundry), MAKEUP (Bathroom), and LINGERIE (Rooms) and 60 Sin or less and choosing to Look for David will trigger David Scene 1.
  - To trigger David/Dalia's Scene 2, you must talk to Helen about Dalia by visiting her in her room after participating in David's Scene 1. You must then go back to the Garden and have 40 Sin or less, as well as the Chastity Cage to trigger Dalia's Scene 2. You can find the Chastity Cage in Silvia's room by exploring it when she's not there having performed David's introduction.
  
- **Town:** After doing Dalia's scene 2, you can go to the General Store to ask for the items you need. To be able to purchase them, Alice (Ben's wife) will give you some chores to perform. You must do 1 chore per item. These will cost you money, but won't give you any Sin or Corruption.
  
- **Brothel:** Once you've talked to Helen after the Mother Superior event, you will meet Papa Slick, who'll offer you a job at the local brothel. You can choose between different services to offer. You earn a basic rate but also a commission depending on your Purity/Corruption. These are marked as: ++Corruption or ++Purity.
  - 📄 Basic service (blowjob): +2 Money (++Corruption), -1 Energy, +2 Sin.
