

Milf Resort Build 6.1 Walkthrough

Walkthrough through 4.1 written by: **Katgza**;
(4.2 through 5.4 written by CookieMonster666)

Game Creator: www.patreon.com/Milfarion

SHORTHAND: If you obtain an item in the game, it is automatically added to your inventory (unless it's something intangible like a number or other information). At times, this walkthrough will tell you to use an item somewhere, such as "Use **Blanket** on Cold Feet". In this example, you would open your inventory, click the **Blanket**, move the **Blanket** over to the Cold Feet (somewhere on screen) and then click the Cold Feet.

Additionally, sometimes it's necessary to combine items. To do this, open your inventory and click/tap on the first item. Next, move the selected item over another object in your inventory and click/tap on that second object. The two items should be automatically joined into the new item. In this walkthrough, this combining of items will be written something like this: **Combine: Toasted Bread + Butter = Buttered Toast**

RECOMMENDED: Save the game here; the following mini-game can be challenging.

*** MC Traps Alex Mini-Game ***

About the Game: This mini-game has four major factors: the MC, Alex (the NPC), the **Key** (in your inventory), and various Doors (locked and unlocked). At any given door, you may either:

1. *Knock*: Make noise to get Alex' attention.
2. *Enter*: Go into the next room; only works if the door is unlocked.
3. *Lock/Unlock*: Switch a door's status from locked to unlocked (or the reverse).

Warning: *At least twice*, the player will be required to take a series of actions decently quickly. This walkthrough will warn you when this is about to happen, giving you the full sequence. I would suggest memorizing the sequence, visualizing yourself completing all steps in the sequence. For instance, you might wish to practice a few times in the air with your finger to help you “feel” executing the sequence.

Each room will be referred to by a number. Following is the layout, so you know what number each room has. Doors will have the number of both rooms it affects: Door 1/4 means the door connecting Room 1 with Room 4. Proceed once you are ready.

| | | |
|---|---|---|
| 1 | 2 | 3 |
| 4 | 5 | |

Solution

- Use the **Key** on Door 1/2.
- Click the same Door and choose “**Enter**”. *You should now be in Room 2.*
- Click on Door 2/5.
- **SEQUENCE:**
 1. Choose “**Knock**”.
 2. Click once *(to get rid of the MC's dialogue)*.
 3. Click on Door 1/2 *(the first door you came through)*.
 4. Choose “**Enter**”.
 5. Use the **Key** on Door 1/2. *The MC will start locking the Door.*
 6. Click once *(to finish locking the door)*.

Note: Alex now jumps between Room 2 and Room 3 (the bathroom). It's safest if you avoid using Door 1/2 again; if you unlock Door 1/2, you risk Alex entering Room 1 and killing you.

- Use the **Key** on Door 1/4 *(so the bottom door instead)*.
- Click on Door 1/4 and choose “**Enter**”. *You should now be in Room 4.*
- Use Door 4/5 and choose “**Enter**”. *You should now be in Room 5.*
- **SEQUENCE:**
 1. Click on Door 2/5 but do not choose anything yet! Alex should return to Room 2.
 2. Right after Alex moves back to Room 3, choose “**Enter**”.

Note: Alex says something each time he moves to a new room. Because clicking is used to get rid of dialogue as well as making a choice (like “**Enter**”), you may need to click a few times in a row quickly to get the game to move the MC when trying to choose “**Enter**”.

3. Use the **Key** on Door 2/3.
4. Click once *(to finish locking the door)*.

If done right, Alex will be locked in the bathroom (Room 3) and unable to escape.

[Room 5 > Room 4 > Leave villa]

*** **Officer Jada Arrival Scene** ***

[End of Build 5.2.1]

[Beach (>) > Beach Parking > Hotel]

*** **Dr. Chickenchoke Describes Break-in to Officer Jada** ***

- Click on Clinic doors (on the right)

- Cleaning the Clinic office involves three object types:

- Large Items: Clicking on objects like the Doc's Desk and the Waiting Area will turn them upright for use.
- Computer: Reassemble this by adding each part — **Mouse, Keyboard, Desktop** (in the bottom right) — to your inventory. After the last is added, you obtain: **Assembled Desktop PC**.
- Small Items: Other items go on top of the Large Items:
 - Obtain: **Endoscope** by clicking on it.
 - Obtain: **Magazines** by clicking on them.
 - Use the **Endoscope** on the Doc's Desk.
 - Use the **Assembled Desktop PC** on the Doc's Desk also.

Unlike the previous mini-game, this one is actually very easy. Five boxes in the upper left represent how turned on Kelly is. Your goal is to get at least three of five boxes filled, but the following answers will get you all five boxes filled.

Solution

- "Tell her the truth" > "Lingerie" (+1 Horniness)
- "Yes, I could see everything" (+1 Horniness)
- "It was hard as a rock" (+1 Horniness)
- "She saw my boner" (+1 Horniness)

*** **Mom Explains Conversation with Aunt** ***

- Click on the Bed, then click on the **TV Remote**.

*** **Arousing Mom Mini-Game** ***

This is the same game as with Dr. Chickenchoke earlier. Some channels you choose to watch will increase mom's horniness, while others will do nothing or even decrease her horniness. These five channels will fill all five of her horniness boxes.

Solution

- Passion TV (+1 Horniness)
- Sensual Night (+1 Horniness)
- Milflixxx (+1 Horniness)
- Erozone (+1 Horniness)
- IncestTV (+1 Horniness: despite her protests, she likes it)

*** **Mutual Masturbation and Grinding with Mom** ***

[End of Build 5.4]

Click "**End Scene**" to finish. After a couple of lines, the MC will ask "who has sweet cheeks now". Pause here!

Right after the line of dialogue, there will be a timed event. You can either turn your cheek or kiss your mom on the lips.

- Choose to "**Turn your cheek**": mom will keep thinking about her experience with the MC. (Kissing her lips surprises her, and the MC doesn't linger in her thoughts.)

*** **MC's Dream** ***

*** **Escape from the Bathroom** ***

The next scene begins as a dream where the MC is in school, trapped in the bathroom.

- Click the closest stall door on the right four times.

- Obtain: **Broken door** by clicking on it (i.e., the stall door now on the floor).

- Obtain: **Dustpan** by clicking on it (in the bottom right).
- Click on the open toilet stall (where the broken door was), and examine the green wad in the top left.
- Use the **Dustpan** on the green wad to obtain: **Gum and nail**.
- “**Exit**” the stall (at the bottom of the screen) and go to the Sinks on the left.
- Click on the Sink Plug first, then click on the Faucet to fill the sink with warm water.
- Use the **Gum and nail** on the warm water; they will separate.
- Obtain: **Nail** by clicking on it.
- Leave the Sink (“**Exit**” at the bottom of the screen).
- Open the last two (farthest back) stall doors.
- Use the **Broken door** on the stall doors (that you just opened).
- Use the **Nail** on one of the screws (any of them should work).

*** **Teacher-Mom's Lesson** ***

Watch a brief cutscene, where you'll be required to answer questions. She will say the name of a body part in Latin; hover over the correct body part to proceed; you need to see “Point at” and then click.

Solution

1. **Foot** (*either one*)
2. **Hip**: Follow the top of her closest leg until you get to a slight point (*where it climbs and then starts to descend again*). Hover above that, and then click.
3. **Knee** (*you can only point to one of them*)

Things progress with her undressing. It is the same mechanic to proceed, but without needing to know vocabulary.

Solution

1. Find the clasp of her bra and click when you see “**Unhook her bra**”.
2. Go to her breasts; click when the text “**Study carefully**” shows.
3. Choose almost anywhere on her and click when you see “**Continue**”.
4. Locate her shoe; when “**Take off shoe**” is shown, click.

There is a footjob, followed by vaginal sex. The choice just determines the positions.

Solution: *Pick whatever you wish; you can always replay the scene if you want.*

- “**Act Rough**”: For the footjob, she lies sideways on the desk, the MC standing to the side. The vaginal sex is with her sitting on the desk and the MC in front of her, thrusting forward.
- “**Do nothing**”: The footjob is with her sitting on the desk, feet forward while the MC sits in the chair. She then straddles the MC, facing him, for the vaginal sex.

----- Day 05 -----

When finished, the MC wakes to find a note from his mom, saying she's shopping. So, the MC is off to find Jada.

[Hall > Corridor > Elevator > 1st Floor > Lobby > Exit > Street]

- *The general direction you should have traveled (once outside) is towards Maria's store again.*

- Click on Officer Jada

New Info: Jada says that one of the criminals mentioned the cave from earlier.

***** Knife-vs-Rock Mini-Game *****

This should be a relatively easy mini-game, as long as you keep your fingers on the keys you'll need. Use arrow keys (← ↑ → ↓) when prompted on the screen. **Note:** You must use arrow keys; W A S D will not work.

The **SEQUENCE** is always as follows.

| | | | | | | | | | | | |
|----|------|-------|------|------|-------|------|------|-------|------|-------|------|
| ↑ | ↓ | → | ↓ | ← | → | ← | ← | → | ← | → | ↓ |
