

Summer of Love

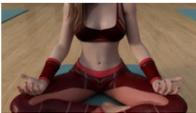

Version 0.13

2020, a new bright decade! At least that was what people thought. The virus destroyed everything. You lost your job as a yoga instructor. But it was lucky for you that another yoga center in a small town hired you. You moved there with your girlfriend, who was also a yoga instructor. One day, she asked you if you could let a guy work there with you. And your mother also asked you if you could let her boyfriend stay with you when she was busy helping people in the global pandemic. You could deny (**Harem Route**) or agree (**Netorase Route** / **Netorare Route**) to let them join the story. But deny or not, you still could choose to swap couples (**Swinging Route**) with your new neighbors. Your choices will take you to different endings.

Summer of Love contains:

- ✓ **Harem (No Girl on Girl)**: You dominate Nina and make all women fall for you. You will decide to choose Nina or a girl to end up with, or you will have a harem for yourself at the end of the story.
- ✓ **Harem (Allow Girl on Girl)**: You enjoy watching intimacies between the women.
- ✓ **Swinging Route (without Kanye & Joe)**: You have new adventures with other couples without the appearance of Kanye and Joe.
- ✓ **Swinging Route (with Kanye & Joe)**: You have new adventures with other couples with the appearance of Kanye and Joe.
- ✓ **Netorase Route**: You encourage Nina to sleep with other men.
- ✓ **Netorare Route**: Nina cheats on you behind your back.
