The walkthrough is fan made and is not attempting to define a "best" way to play the game but simply an efficient way to unlock all the scenes. This walkthrough has been broken into two paths "Romancing Evelyn" and "Thaddeus and Evelyn (NTR)" Future updates (including the next one) might require you to have done something completely different from what is in this walkthrough in order to unlock specific content. So expect to need to do a new playthrough if following this walkthrough but you want a specific outcome. Choices marked with an * are optional.
