

NOW & THEN

A Tale of the End

Now and Then Chapter 26 Walk-through

Choice walk-through by: Mordred93

The intent of this guide is to tell you where the points are, and in various sections of this document, how to unlock everything. There are alternate dialog trees throughout the game based on your choices, however the endings are very cut and dry (based on point counts). This Developer does a lot of work with the dialog, and lots of changes to the dialog occur if you make particular choices.

As you go through the game, some choices will give you one or all of these things; Points, Alternate Dialog, and Additional Dialog.

There are lots of choices for how you have sex (missionary, cowgirl, etc.) and I will leave that up to the player. I will only point out if there are methods to extend, or have to be done in a certain order to get points, etc.

This game has a ton of replay-ability. The Developer has approximately 170 possible ending combinations, and hundreds (if not thousands) of alternate dialog moments based on decisions made throughout. If you act like a dick, you can end up with a poor ending. If you are nice, you might get a harem.

My best advice is to play the game as you see fit, to your play style and use this guide to get you to the ending. If you are complete-ist like me - you can use this guide to get all the endings on other run throughs. On the next page is going to be a Table of Contents, so you can see the info you need.

This guide does not tell you "pick this answer to get this ending" anymore. What it does it tell you what choices alter the game, and you can see how you can use that by looking at the endings section of this document, to see what your desired ending is. There is a stats button in the game (bottom of the screen) which you can check your stats at any time.

Understanding Stats:

There are four types of points (stats):

- Love/Like: This is, of course, a measure of each girl's feelings for the MC (Jack). The higher the value, the more the girl feels for the MC. These will be used to determine the endings. The girl with the highest like will be your lover in the end.
- Trust: This is earned by being honest with each girl about your situation, and if the MC is being reliable. The higher, the more willing the girl will do things without question.
- Nerve: This is a measure of each girl's nervousness about the world around them and if they feel safe. This may alter scenes and conversations. This definitely will alter how girls react in the final showdown in CH 25, but it is not game ending if Nerve is too high.
- Conflict: Exclusive to Alice, This measures how strained Alice and Naomi's relationship is, especially when it comes to the MC. This may alter scenes and conversations, but is not used in the end to determine who is your lover.

Understanding the choices (How to read this walk-through):

Question Text (IE. what you are choosing)

Choice Text that you choose

Choice Text where you can pick multiple items (like pick #1, then #2, etc.)

Choice Text with no positive outcome (such as game over)

Alternate Dialog: Dialog that is different, and you won't get to see any other way unless you make this choice. An example of this might be if you see the bandits in CH4 instead of going bra shopping. Later you will have an internal dialog when you see them on the street at night and you will be able to identify them since you saw them earlier in the day.

Additional Dialog: This is dialog that is in addition to what is normally said. For example, you have a scene, and then if you made enough right choices, you will get some additional lines of dialog which enhances or alters the conversation in some way.

Game Characters:

The MC:

- Jack: Jack is put together at the beginning of the game (Now) but he was a wreck before he met Carol (Then). He was married to Lori, and she died and he fell apart. Then a 13 year old Carol was adopted and he got his life put back together. He prepared a little for rough times so when the end of the world hit, he was prepared better than most. He is a sentimental, loving guy who will protect those he loves.

The Girls:

- Lori: The former wife of the MC and an elementary school teacher. She died of cancer about a year before Jack adopted Carol. You will see her exclusively in flashbacks.
- Julie: A good friend of Lori and Jack's, and a school teacher. She is married to Tony and recently had a son, Kenny. There is a possibility to have sex with her, but she is not a main love interest.
- Missy: A social worker, and friend of Julie's. She handled the case of a 13 year old Carol who was looking to be adopted.
- Carol: The now 18 year old adopted daughter of the MC. She is protective of her father and will do everything to keep him safe. She loves him dearly and even to this day is seeking his approval and love, no matter what she says. She is also a lot stronger than even she realizes. She can be a main love interest in this story.
- Naomi: An 18 year old best friend of Carol. They met in school and have been friends since they were 13, and have been thick as thieves, getting into all sorts of mischief. Naomi is the instigator, and likes to stir the pot and make people more uncomfortable, and talks a lot of shit, but is still innocent. She has trust issues, especially with her mother. If you get her alone, she becomes less abrasive, and really is looking to be loved from a father figure, as her father didn't give much to her. She can be a main love interest in this story.
- Alice: The mother of Naomi, and a surrogate mother of Carol. She is a loving mother and married to Ted, who seems to be a little remote. She loves to keep a good household and hopes one day to be treated with some affection due to her husband not being that loving to her. She can be a main love interest in the story.
- Sydney: A mid twenties nurse who was trapped during the outbreak in the city. Her family told her to stay at the elementary school, and she has been living there waiting for her family to show up since. She is independent but loves her family. She is not that trusting of strangers. You find her later in the story. She can be a main love interest in the story.

- Hana: The oldest daughter of a rich tech millionaire. She is intelligent and used to getting things her own way. Since the start of the outbreak, she has been living on her own and isn't sure what her best course of action is, living alone and being in charge or trusting others. You find her late in the story. You can have sex with her, but she is not a main love interest in the story.

Walk-through:

Chapter 1

"You can help around the building.":
Carol Trust +1, Alternate Dialog

"No, it's not safe.":
Alternate Dialog

Chapter 2

"Tell her.":
Carol Trust +1, Carol Nerve +1, Additional Dialog

"Distract her.":
Alternate Dialog

"Fess up.":
Carol Trust +1, Carol Love +1, Alternate Dialog

"Don't admit to anything.":
Carol Trust -1, Alternate Dialog

"Give her the details.":
Carol Trust +1, Alternate Dialog

"Yada-yada-yada...":
Alternate Dialog

Chapter 3

Carol is going to try on 4 outfits as part of this scene. If you pick the correct answer for all 4 correctly you get +1 love and some additional dialog.

"Yes":
Correct Choice

"It's nice.":
No Points Awarded

"It's looks good.":
No Points Awarded

"You look wonderful in it.":
Correct Choice

"It's okay.":

Correct Choice

"It looks great":
No Points Awarded

"It looks nice.":
No Points Awarded

"Wow":
Correct Choice

You get a choice of outfits to wear home after this scene. It really doesn't matter you just get different random renders back home with Carol wearing what you picked. Pick what you like.

You are now going to start an event, which starts with two choices (left/right) which one way gets you more points, but the other may be more important in the future (don't know yet).

"Left: Start heading back now.":

See some bandits, alternate dialog later due to knowing who the bandits are, and that they are working in your neighborhood.

"Right: See if I can get Carol something at Burgundy Petals.":

Go to the store to get a bra for Carol, and some points

"Check out the noise.":

Pick for possibility of Love +1 and Nerve +1

"Go to my right.":

You shoot an infected, and don't end up bloody (different dialog at home)

"Go to my left.":

You end up bloody and stab an infected with your machete. You got a bra without making a lot of noise, so you will get Love +1 and Nerve +1 when home. This also helps with Sydney in Chapter 12.

"Be smarter than the people in movies: Leave.":

You leave with nothing and go home

Chapter 4

"Stay here and tend to the stove.":

Alternate Dialog

"Send her to Roy's to get supplies.":

Trust +1

"Let Carol choose.":

Trust +1, Additional Dialog if Trust > 3

"Take care of it in the morning.":

Tomorrow you will clean up the body on the street. You miss out on a scene for getting food. If you are playing for points with girls - don't pick this.

"Maybe later. I have better things to worry about.":

You scrounge for food at the store, and may have future impact based on usage of the flag being set that the body is still there. You get a chance to clean it up in a few days with zero impact, plus you get to see the food scrounging.

This is a series event where you are drinking with Carol. One way gives you more points, the other lets you just go and jerk off (which you will do anyway)

"Gotta go before I go too far.":

Run to the bathroom to jerk off

"I can't help myself. It feels so good.":

You continue Making out

"I need to stop right here before we go too far.":

Run to the Bathroom to jerk off

"Just a little more. It feels so good.":

Make out more with Carol, and Carol Love +1, you end up Jerking off anyways

Chapter 5

"Leave it alone.":

Alternate Dialog

"Try the door.":

Additional Dialog and Carol Nerve +1

"Be patient with her.":

Alternate Dialog, Carol Nerve -1, Carol Trust +1

"Try the door.":

Alternate Dialog, Carol Nerve +1

"Fondle her.":

You grope her, Additional Dialog

"No, it's not safe.":

You don't grope her, Alternate Dialog

At this point you can have sex with Carol. The next section tells you how to get the most bang for your buck. You cannot do an infinite loop, so only pick Finger and Oral Sex one time (one run through of each option), and then go on to the next. If she gets off 3 times (Oral, Fingering, Sex), there is an additional Love point +1 and additional dialog. So make her happy and make her cum a lot :)

"Go down on her.":

If you pick this you will go down on Carol, then have the option to finger her. You will miss out on additional/alternate dialog.

"Finger her.":

If you pick this you will finger Carol, then have the option to go down on her. You will get additional/alternate dialog along the way to match the choice pairing.

If you Go Down on Carol, and haven't fingered her first, you get this choice:

"Move on to fingering her.":

Best choice as you get her off again, and can get an additional Love point after you have sex.

"Make love to her.":

You have sex, but she doesn't get off 3 times, and less Love points for you

If you Fingered Carol, and haven't Gone Down on her first, you get this choice:

"Go down on her.":

Best choice as you get her off again, and can get an additional Love point after you have sex.

"Make love to her.":

You have Sex, but she doesn't get off 3 times, and less Love points for you

At this point you have sex, you get Love +1 and Sex +1 (used later for alternate/additional dialog). If Carol got off 3 times, you get an additional Love +1

Chapter 6

If you did not move the body in chapter 4, you will be asked:

"Yeah, go move him.":

You take care of the body, then have breakfast with Carol (just like the other choice). While you don't miss out on any dialog, if you are playing for points with the girls, don't pick this, as you miss out on points in CH 7 (Trust & Nerve).

"Put it off. Breakfast is waiting to be made.":

You just go and have breakfast with Carol. There is no negative at the moment for not doing it, and no flags set if you don't.

You are given one of three options. They are separate scenes and have different outcomes, and nested options. There is a flag set about Naomi's Guilt which can add additional dialog later. Remember, the more gunshots (IE. loud) you create, the more infected that come. Also later in the game - the more gunshots you shoot - the more the bad things happen to your neighborhood.

"Wait for an opening.":

You wait a while, to assess the situation. You get the same two choices as below (Rambo, Gunfire is bad) and you eventually get Naomi Love +1 and Naomi Trust +1.

"Go Rambo: Fire on them.":

You open fire, and attract the Infected. The more bullets in subsequent choices you fire, the more Infected that come. If you straight up execute the bandit to ease his pain, you get a Naomi Nerve +1. You get some additional dialog later as well.

"Gunfire is a bad idea. Scare them off.":

Best choice as you scare off the bad guys, no bullets fired, and no one is hurt.

"Go Rambo: Fire on them.":

You open fire, and attract the Infected. The more bullets in subsequent choices you fire, the more Infected that come. If you straight up execute the bandit to ease his pain, you get a Naomi Nerve +1. You also get a Naomi Love +1. You get some additional dialog later as well.

"Gunfire is a bad idea. Scare them off.":

You get Naomi Love +1, and scare off the Bandits

"Yes.":

Alternate Dialog and Carol Trust +1, Carol Nerve +1

"No (lie).":

Alternate Dialog and Carol Nerve +1

"Tell her you're proud of her.":

Alternate Dialog and Carol Nerve -1

"Tell her you love her.":

Alternate Dialog and Carol Love +1

You will now play a game of truth or dare (but mostly truth). Carol and Naomi each have 4 questions, which you can pick in any order (no difference, no points, etc). There are some questions you cannot ask (only 6 rounds). Again it doesn't matter in terms of points which questions you ask (Naomi or Carols, etc.)

One Round - Carol will ask: "Okay .. uh .. What was the kinkiest thing you ever did with Lori?"

"Incest Play":

This sets your preferred kink to Incest Play (Calling you daddy during sex)

"Schoolgirl Play":

This sets your preferred kink to School Girl. You can get cool school girl sex later in the game (IE. Chapter 12)

"Butt Stuff":

This sets your preferred kink to Anal Play

"Nothing":

This sets your preferred kink to none

One Round Naomi will ask: "Okay .. [player_name]? Have you ever liked someone older than you?"

"Yes.":

Makes no Difference, Alternate Dialog

"No.":

Makes no Difference, Alternate Dialog

Round Six comes and you get to pick 1 person to ask a question to.

"Ask Carol a question.":

Naomi asks the MC about the length of his hair and Carol Love +1

"Ask Naomi a question.":

Naomi asks Carol about the first time she masturbated and Naomi Love +1

Naomi asks if you want to play a more R rated version of Truth or dare. Your choices are to go down this path, or to go to bed.

"Sure, why not?":

Play a little more Risque version of Dare with Naomi and get Naomi Trust +1

"Grab her boob.":

Umm - you grab Naomi's boob and Naomi Love +1

"Better not.":

Alternate Dialog and no extra points

"Actually, better not.":

Quit playing the game

Chapter 7

"Apologize."

Additional dialog and get Naomi Trust +1

"Stay silent."

Dialog

There is a scene in Chapter 4 and Chapter 6 where you had the opportunity to move a dead infected body from the street. I have

modified the "best" choices now that the outcome is fleshed out. It is best that you don't move the body if you want max love points. Otherwise you should move it in Ch 6 when there is no penalty for missing content.

If you didn't move the body - you get a ton of nested choices which you can get a few points for each girl.

"Be honest with them.":

You tell them about the body, get Naomi Trust/Nerve +1 and Carol Trust/Nerve +1. You also get alternate dialog.

"Come clean.":

You get alternate dialog

"Tell Carol a half-truth.":

You lie to Carol and get Carol Trust -1

"Fudge the truth.":

You get alternate dialog and lie to them. You get Carol Trust -1, Carol Nerve +1, Naomi Nerve +1.

If you moved the body - you get no points and alternate dialog.

If you followed this guide, you should have at least 3 (4 if you picked Naomi in the Truths game a couple nights before) Naomi Love, since you need at least 2 to get a goodnight kiss, and 3 to get the following choice.

"Keep looking.":

Additional Dialog and scene plus Naomi Love +1, plus you get alternate dialog the next day, and another scene is Ch 8.

"Probably best not to.":

You miss out, alternate dialog

If you fired 2 or more shots when saving Naomi, you get visited by multiple infected, and get a Naomi and Carol Nerve +2. Otherwise you get visited by a single infected and get a Naomi and Carol Nerve +1.

"Motion her in for a hug.":

Alternate dialog and you get Naomi Trust +1

"Maybe not. You've been too "touchy" with her lately.":

Alternate dialog and no points

"That's great, but not now.":

Alternate dialog and Carol Love +1

"(say nothing)":

Alternate Dialog and Carol Nerve +1

Chapter 8

"Four":

Carol Nerve +1 & Naomi Nerve +2

"A few":

Carol Trust -1 & Naomi Nerve +1

If you have Naomi Nerve ≥ 3 you get an additional scene with choices (You should get it if you follow this guide)

"Calm Naomi down yourself.":

Alternate Dialog & Naomi Trust +1

"Carol's got it under control.":

Alternate Dialog

At this point you are getting to a conversation about moving to a different location to live. If you followed this guide you should get the option for the GREEN path Choices. If you don't have Naomi Trust at least 3 and Carol Trust at least 5, you get alternate dialog and Naomi freaks out about having to move and not being safe, and there are no choices in the dialog.

"Bring it up":

Additional Dialog and if Carol Trust ≥ 5

"Put a hand on her shoulder.":

Alternate Dialog and Naomi Trust +1

"Maybe not.":

Alternate Dialog

"Put it off for tonight":

Alternate Dialog

"Wait the infected out.":

You wait for the Infected to leave and Alternate Dialog. It initially is the best play but eventually you get Carol Nerve +1 and Naomi Nerve +1 as the Infected is still lingering around later and scares the shit out of you.

"Go all Solid Snake and sneak up on it.":

You kill the Infected you come across and Alternate Dialog and eventually Carol Trust -1. There are several mini things that happen if you kill this guy (like an infected comes out of the blue) but no other changes in stats.

If you talked about moving to a new place, the girls are less scared when you leave to hunt for new housing. No points are give/taken but it leads to different conversations based on talking to the girls the night before.

"Put a comforting hand on her leg.":

Additional dialog and Naomi Trust + 1

"Maybe not.":

Small dialog and go to next scene

If Naomi flashed her boobs to you in the previous chapter (7) you get this choice:

"Nah, don't be a creeper.":

You don't see any naked Naomi

"Just a peek wouldn't hurt.":

You see a little Naomi skin while she sings in the shower.

You get 1 in a series of scenes based on your love points for each of the girls. Each one is a different.

- If Carol's Love is at least 5 and Naomi's Love is at least 4, Naomi messes around with you in your sleep.
- If Carol's Love is at least 5 and Naomi's Love is less than 4 Carol nestles up to you in bed
- If Carol's Love is less than 5 and Naomi's Love is at least 4 you all will sleep together and get the following choices when Naomi starts to rub your dick:
 - "Shift about":
She stops playing with you and Alternate Dialog
 - "Say something":
She stops playing with you and Alternate Dialog
- If your Carol Love is less than 5 and Naomi's love is less than 4 you sleep alone.

Okay - save here. Seriously in case I cannot read code right. If you pick the green you go down a path of sexy time with the girls. You can go through the process of watching Naomi masturbate and/or fingering Carol. It doesn't matter what order you pick, (all Carol, all Naomi, C N C N C N, C C N N N C C, etc) you can see both scenes, or one and go to dinner to not see the other's scene. For ease it is easiest to pick one girl, watch the scene through the 4 steps, then go to the next girl.

"Check up on Carol":

You check on Carol and calm her down by fingering her, get Carol Nerve -1

"See what Naomi is doing":

You can watch Naomi masturbate, then do the Carol Path.

"Continue with Carol"

You get Carol off, you can then do the Naomi path.

"Head onto the kitchen":

You don't get to see any sexy with the girls and just go to dinner.

You get to deal with an Infected. If you beat it 1, 2, 5, 10, 15, 25 times (no points penalty) you get different funny dialog:

"Give him another one.":

Alternate dialog

"He's dead. No need to drag this out.":

Alternate dialog

Chapter 9

"Be brutally honest.":

Carol Trust +1, Naomi Trust +1, Naomi Nerve +1, Alternate Dialog

"Fudge the truth a little.":

Alternate Dialog

If your Carol Trust is ≥ 4 you get some happy time with Carol which leads to the following choices:

"Pull out.":

Alternate Dialog

"Cum inside.":

Alternate Dialog, and the game remembers your choice to cream-pie (possibly for future ramifications)

If your Carol Trust is < 4 your very presence angers Carol, get Carol Love -1, and will get no happy time in the showers, and some other passive/aggressive dialog about the MC throughout the chapter.

"Yeah, it was nothing.":

Alternate Dialog

"Just smelled something odd.":

Alternate Dialog here and in the future chapters.

"Pull her in for a hug.":

if Sydney talking point = 3 or 4

Sydney Like +1, Sydney Trust +1

Else

Sydney Nerve +1

"Yes.":

Naomi Nerve -1

"No.":

Naomi Trust +1

You have a nightmare while sleeping, you will be comforted by the girl that has the highest love (Naomi or Carol). You have the same conversation with either girl.

"That monster came back.":

Alternate Dialog, Carol/Naomi Trust +1

"Just random images.":

Alternate Dialog

"Let them enjoy the moment.":

Alternate Dialog, Sydney Nerve +1

"Tell them to take it down a notch.":

Alternate Dialog

"Bring up the unlocked doors.":

Alternate Dialog, Sydney Nerve +1

"Let it slide.":

Alternate Dialog

"Just missing out on a creature comfort.":

Alternate Dialog

"I may self-medicate.":

Alternate Dialog, Sydney Nerve +1

"Better not.":

Alternate Dialog

"Offer her one.":

Alternate Dialog, Sydney Nerve +1, Sydney Trust +1

The next choice is a biggie. You basically have three choices. Have sex with Naomi, Carol, or neither. When you pick a girl (or neither), you still see the other girl and talk, but just no sex with the other one. If you picked schoolgirl as your kink you selected during the truth or date game in Chapter 7, it will play out if you pick Carol.

"Head to the gym (Naomi).":

Alternate Dialog, Naomi Sex +1, Carol Love -1, Naomi Love +1, Sydney also catches you, which can lead to additional dialog in other Chapters.

"Head to the West Wing (Carol).":

Alternate Dialog, Carol Sex +1, Carol Love +1, Naomi Love -1

"Check the building first.":

Alternate Dialog

"Love you, too.":

Alternate Dialog and Naomi Love +1

"You're so very special to me.":

Alternate Dialog

"She seems all right.":

Alternate Dialog

"I still don't know.":

Alternate Dialog

"I'd rather keep you all to myself.":

Alternate Dialog, you keep Naomi all to yourself, no sharing.

"Your call. You're a grown woman.":

Alternate Dialog, you let Naomi explore her bi-sexuality, and opens a route with Sydney, and others in the epilogue.

Chapter 13

I cannot emphasize how many details are in this game, and my walk-through will not address them all. Like for example, for almost every choice, there are changes in dialog throughout the game based on the choices you made. Another example, is if you picked Naomi in Chapter 12 to have sex with, you get a nice little scene where she takes a pregnancy test, and have additional dialog if you chose her again in Chapter 13.

"Yeah, she was heavier than I expected (lie)":

Alternate Dialog and Sydney Trust -1

"I took a little detour before coming back.":

Alternate Dialog and Sydney Trust +1

"A couple and only when I had to.":

Sydney Nerve -1, Alternate Dialog

"That one makes five/four (this # depends on previous factors).":

Alternate Dialog

"Yes, I have the room.":

Sydney Like +1 and Alternate Dialog

"No.":

Alternate dialog

"Let me see if I can get that door in the locker room open (Naomi).":
Sex with Naomi, Naomi Sex +1, Naomi Love +1, Carol Love -1,
Sydney catches you, and leads to Alternate Dialog later. If you
chose this, and chose Naomi in chapter 12, Sydney will only know
about MC and Naomi.

"Cum on her face.":

Alternate Dialog and Pictures

"Cum on her breasts.":

Alternate Dialog and Pictures

"I love you, too.":

Alternate Dialog

" ":

Naomi Trust -1, Alternate Dialog

"See if I can find Sydney in the library (Carol).":

Sex with Carol, Carol Sex +1, Carol Love +1, Naomi Love -1,
Sydney catches you, and leads to Alternate Dialog later. If you
chose this and chose Naomi in chapter 12, Sydney will know about
the MC, Naomi, Carol all fucking. If you chose something else,
Sydney will only know about Carol and MC fucking.

"Head up to the roof.":

Conversation on the roof with Sydney, which changes depending on
if you got smokes for her or not. No sexy time with the girls,
and Sydney doesn't know about MC and girls unless you chose
Naomi in CH 12.

"We won't be able to use it.":

Alternate Dialog

"I could hold off for right now.":

Alternate Dialog, Carol Trust +1

"No, I just need to move quickly.":

Alternate Dialog

"It might be.":

Alternate Dialog, Naomi Nerve +1

If you told Naomi she can explore being Bi, she will have a scene with Sydney here. Otherwise you will get a small apology for a prank earlier in the Chapter and move along. If you are going the Bi route with Naomi - you will see the following:

"Want to continue?":

You watch Naomi have sex with Sydney

"See what [player_name]'s up to (scene end)":

You go back to the main path of the game, no sexy time.

"Hell no. GTF0.":

Alternate Dialog and you leave

"Just a short peek will do.":

Alternate Dialog and you find an infected

At this point Sydney and Naomi have a heart to heart. Sydney asks questions about the relationships between the girls and the MC. Sydney can know nothing about the girls and the MC (depending on choices in Chapter 12 and 13), about Naomi, or about both Carol and Naomi fucking the MC. I have highlighted the choices in the WT. If Sydney likes MC > 1, a flag is set that she will ask the MC for some sexy time (in a later chapter, as not in Ch 13)

"More of the same.":

Alternate Dialog

"Talk about the fire.":

Alternate Dialog

Chapter 14

"One more building it is.":

Alternate Dialog

Carol Trust +1, Alternate dialog. If Carols Trust is >=10, You get a Carol Nerve -1

If you have had sex with Naomi 3 times, you get a small scene where you can get this choice (otherwise, you get just the vanilla scene):

"Slap her butt.":

Naomi Love +1, Alternate dialog

"Don't.":

Alternate Dialog

There is a ton of variations of scenes based on what Sydney knows, if Naomi is Bi, and how many times people have slept with whom. Just know that each play through might be different but no different values are assigned, just different dialog.

"Ignore it (end scene).":
 You go and have breakfast (boring)
"Ask her about it.":
 Carol Love +1, and sex

"I don't have the time.":
 Alternate Dialog
"No interest in dating again.":
 Alternate Dialog
"Why would I when I have you?":
 Alternate Dialog

If Sydney only knows about Carol you get a dialog and the following choice:

"I don't know, yet.":
 Carol Nerve +1, Alternate Dialog
"I'll probably shoot her down":
 Alternate Dialog
"We should head on back.":
 You leave and have a meal with Naomi
"Hug Naomi.":
 Naomi Love +1, Sex with Naomi

"Abstain":
 Alternate Dialog
"Vote aye":
 Sydney Like +1, Carol Love +1, Naomi Love +1, Alternate Dialog

If Sydney knows about both Carol and Sydney you have a conversation where if Naomi is Bi, and you have less than 2 Sydney like, you get the following choice:

Alternate Dialog

"And you haven't gone looking for them since?":

Alternate Dialog, Sydney Like -1, Sydney Nerve +1

"Let it go.":

Alternate Dialog - Keep the peace

"I want to help.":

Alternate Dialog

"Ask why she isn't going out.":

Alternate Dialog, Sydney Like -1, Sydney Nerve +1

If your Sydney Like is 2+, you get the following:

"Tell her there's a chance they're still alive.":

Chapter 15

Chapter 15 has the opportunity to sleep with all 3 of the girls, so far they are penalty free flings. There might be alternate dialog, but no points are lost for choosing to sleep with all three girls.

"Tell her.":

Alternate Dialog

"...":

Carol Trust -1

"Stay with Carol":

Carol Love +1, you have sex with Carol, and Alternate Dialog

"Go check on Naomi":

Alternate Dialog and you find Naomi taking a pee (no interaction, just hear her)

The following choice is that you are taking a girl out for a patrol. Each girl gets the opportunity to shoot an infected (if their nerve is low enough) and also have some time talking time with the girl.

No matter what girl you take, If their nerve is ≥ 6 , they get a Trust point, otherwise, their Nerve is raised by 1.

"Carol":

Take Carol on patrol

Alternate Dialog

"Wait it out.":

You wait it out, and the infected goes away, Alternate Dialog

"Kill it now.":

You kill the infected, Sydney Nerve +1, Alternate Dialog

The following is a hard choice as no matter what you pick - someone loses trust. Since this WT is primarily a Carol/Naomi run through - I would pick the top choice as the pick. If you are going on a Sydney run - pick the second.

"Yes. They should know.":

Alternate Dialog, Carol Nerve +1, Naomi Nerve +1, Sydney Trust +1

"Maybe not now. Later.":

Alternate Dialog, Sydney Nerve +1, Carol Trust -1, Naomi Trust -1, also in chapter 21, you get Carol Trust -1 and Carol Nerve +1

Chapter 16

This opening sequence has five ways this can play out. Four ways based on the next set of choices, and a fifth depending on a choice made in chapter 14. "Take your time.":

The end of the chapter happens the same way no matter what choices you make along the way. There are no further choices. Basically you now lose Sydney and leave Julie behind, but take Alice, Naomi, and Carol with you to the next adventure.

Unless there is something in the future, all the points that you scored with Sydney are "wasted" because you won't see her again.

"He should've thought of his loved ones first.":

Hana Like +1, Alternate Dialog

If Hana's like is ≥ 4 , you get the following Dialog Option:

"Yes.":

Alternate Dialog

"No.":

Alternate Dialog

"Yes.":

If Hana Trust ≤ 2 Hana then Nerve +1, If Hana's Like ≥ 2 , you get a much longer conversation, Alternate Dialog

"Best not to.":

Alternate Dialog

If you have read all the emails - you get a choice to see some family pictures. If you read those, you get this choice:

"Sure, why not.":

You get to see a picture of Hana in a bathing suit

"Nah.":

You don't see a picture of Hana in a bathing suit

"Just some emails and files about the pandemic.":

Alice Nerve +1, Alternate Dialog

"Just some boring technical stuff (lie).":

Alternate Dialog

"Mention her robe.":

Alice Nerve -1, Alternate Dialog

"Skip it.":

Alternate Dialog

If your Alice Love is 3 or less you don't get the option to have sex with Alice. If you didn't have sex with Alice in Chapter 19, and you choose (or can't) not to have sex with her here, you can never have the option to have sex with her again. If you have sex with Alice, you get the following stats: Alice Love +1, Alice Conflict +1

If Alice Love \geq 4 and You had sex with Alice in Chapter 19 you get the following choices:

"We probably shouldn't.":

Alice Conflict -1, and Alternate Dialog

"I don't see why not.":

You have sex with Alice, and Alternate Dialog

If Alice Love \geq 4 and You didn't have sex in chapter 19 you get the following choices:

"It was very romantic.":

"We probably shouldn't.":

Alice Conflict -1, Alternate Dialog

"I don't see why not.":

You have sex with Alice, and Alternate Dialog

"I think we were both a little drunk.":

Alice Conflict -1, Alternate Dialog

This is another key choice in the future. If you have never had sex with Naomi, this is your last chance. If you deny her here, you will never have sex with her again.

"Maybe not today.":

Naomi Love -1, Alternate Dialog, and if you had sex with Alice (and never Naomi) you get Naomi Love -1 and Alice Conflict +1.

"Well, you convinced me.":

Naomi Love +1, Alice Conflict -1, You skinny dip and have sex with Naomi in the pool

"Yes, I do.":

Naomi Trust +1, Alice Conflict -1, Alternate Dialog

"I think the world of you.":

Alternate Dialog

There is a scene with Sydney and Julie. If you had sex with Sydney in Chapter 16, she might be pregnant as she appears to have morning sickness. Otherwise she is chilling with a cup of coffee when Julie shows up (instead of throwing up)

Chapter 21

As stated in the previous chapter - if you have not had sex with Alice or Naomi prior to this chapter - you are are Shit Out of Luck, it ain't going to happen here. I have had sex with Alice prior to this chapter, you are an Alice_Lover. If you have sex with Naomi, you are a Naomi_Lover .. Makes it easier to follow as paths start to diverge here and different content.

If you are Alice_Lover:

"Sure, why not?":

Alice Love +1, Alice Conflict +1, You have sex with Alice

"Let me give you your bathtime.":

Alice Conflict -1, based on your Alice Love, you get different dialogs but no sex with Alice.

You play a game, select all the girls (no points). If Hana's like is high enough - she will stop by and answer the question as well.

"You're too hard on yourself.":

Naomi Nerve -1, Alternate Dialog

"Because I love you.":

Naomi Love +1, Alice Conflict -1, Alternate Dialog

The next major scenes breaks down based on your status Naomi_Lover status:

- If you are not Naomi_Lover, you confess to Carol you are no longer banging Naomi. No points, Alternate Dialog, No sex with Naomi in the morning and move on to talking to Hana.
- If you are a Naomi_Lover, you get different dialog based on which (Carol or Naomi) Love value is higher. You get the following choice in the AM.

"How about a kiss and we get some breakfast?":

Alice Conflict +1, Alternate Dialog

"It could be both.":

Naomi Love +1, Alice Conflict -1, Morning sex with Naomi,
Alternate Dialog

"At some point, you'll run out of food.":

Hana Nerve +1, Alternate Dialog

"Maybe find yourself a place in the community.":

Alternate Dialog

"I'm sure you'll figure it out.":

Alternate Dialog

"You're smart and resourceful.":

Hana Like +1, Alternate Dialog

The next scene is with Julie and Sydney. If your Sydney Like is 10 or higher you get a lot more conversation. She also admits she is pregnant if you had sex with her in Chapter 16.

"You're right.":

Carol Love +1, Carol Distance -1, Alternate Dialog and sex with
Carol

"Maybe, but not here.":

Carol Distance +1, Alternate Dialog

If you chose "Cum inside.", you have a higher chance to get her pregnant.

"Stay.":

You stay, have a longer dialog with her, more points, better
options

"Be patient.":

Hana Like +1, You take her to bed, Alternate Dialog

"Snap at her.":

Hana Like -2, You take her to bed, Alternate Dialog

"Fuck this. I'm out of here.":

Hana Like -2, You leave, and no naked Hana

If you take Hana to bed, and Hana Like is 4 or more, she will strip and show you her ass and ask you to fuck her. Being the gentleman you are, you say no. :(

The next morning Hana wakes up, hungover and Carol finds her. If you calmed her down (didn't snap or blow up at her), they have a nice conversation. Otherwise, they are bitchy to one another.

Jack has a shower scene, and depending on who's love is the highest (Carol, Naomi, or Alice), depends on who sneaks in to the shower with him (assuming you slept with that person this chapter). Otherwise take a shower by yourself sucker.

If you didn't calm Hana down when she was drunk, you have a different dialog with her where you get the following choice, and if your Hana Like is not 4 or higher, she might be pissed for a while with Jack.

"I don't have the energy to keep at this with you.":

Hana Like -1, Alternate Dialog

"I don't want us to fight anymore.":

Alternate Dialog

If you calmed Hana down when she was drunk, and she showed you her ass in her room, you get the following choice.

"Speaking of your ass..":

You're a little bolder, Alternate Dialog (here and later)

"We're sometimes too honest when drunk.":

Alternate Dialog

If you calmed Hana down when she was drunk, and Hana Like is 5 or higher, you get the following choice.

"Sure.":

Carol Distance +1, Hana Like +1, you have sex with Hana. So far I am thinking this is the best pick (well porn game) but I am not sure how the Carol Distance parameter will play out.

"I don't think so.":

Hana Like -1, No sex with Hana, Alternate Dialog

Chapter 22

There is a lot of reflection points in this chapter based on previous chapters conversations and actions. There is a ton of different dialog variations whether you did some actions and I am not going into all those variations, just know that your choices change the dialog. I am only going into the choices based on what happens to outcomes and which ones have variables flagged. If you get a choice not listed, it means there is no variables set and it doesn't make a difference.

If you turned down sex Hana in CH 21, you get some brief dialog with Carol in the morning, and move along.

If you had sex with Hana in CH 21, and your trust with Carol is < 6, you get the following options:

"It was late.":

Carol Trust -1, Carol Love -1, Carol Distance +1, Alternate Dialog

"You're right.":

Alternate Dialog

"Apologize.":

Carol Trust +1

"Blame Hana.":

Carol Trust -1

If you get neither of the two above, you get this choice:

"I do, too.":

If Carol Love < 7 then Carol Nerve +1, Alternate Dialog

"I wonder how she and Julie are doing.":

Alternate Dialog

"Hana."

Dialog changes based on previous actions, No points

"Not a big deal.":

Alice Nerve +1, Alternate Dialog

If you have had sex with Alice before, you get this choice:

"I could use a little loving.":

Alice Love +1, Alice Conflict +1, Sex with Alice, Alternate Dialog

"Probably not after the recent drama.":

Alice Conflict -1, No sex with Alice, Alternate Dialog

If your Sydney Like is > 9, She, Julie and Kenny will leave the city to come and find you via a daring escape in a car. If not, everyone stays in the camp.

"Let her do the work.":

Hana Nerve +1, ditch her and Alternate Dialog

"Stay and help.":

Hana Like +1, You help her and Additional Dialog

"Really tear into her.":

Hana Like -1, Hana Nerve +1, You yell at her

"Hold your tongue.":

Hana Nerve +1, You don't yell just tell her off

"Maybe not tonight.":

Naomi Nerve +1, and Alternate Dialog

"Sure.":

Naomi Nerve -1, Alternate Dialog, and possible sex if you haven't rejected Naomi permanently.

"See where this is going (*You know...*).":

Naomi Love +1, Alice Conflict -1, Sex w/ Naomi

"We should call it a night.":

Alice Conflict +1, Go to bed

If Sydney/Julie/Kenny left the camp, you get a scene here at the hotel you stayed at previously. If Sydney is pregnant she tells Julie, otherwise she professes her feelings for the MC.

"Keep it together.":

Carol Love +1, Carol distance -1, You have sex with Carol. If you cum inside, you increase the chance she is pregnant

"Gonna barf.":

You barf - and no sex with Carol

"I think not.":

Hana Like -1, She goes off and masturbates

"Sure.":

Sex with Hana and Hanasexfriend = "yes"

"Let her cum.":

You are just being a Gentleman

"Time for sex.":

Hana Like -1, Hana Nerve +1

In the morning - the girl with the highest love (Carol or Naomi) comes out to talk while you are having coffee.

Chapter 23

This chapter doesn't have much in terms of choices but they complexities of your choices are starting to come to fruition and dictating scenes and interactions.

It finally happened, if you have cum in Carol 3 times or more, she is officially pregnant. You get alternate scenes and dialog based on if she is pregnant or not.

Alice is also starting to crack up. If her nerve is 6 or higher, things start going badly for her.

If you are a Hanasexfriend and not angry with you, you get the following choice:

"Yeah.":

Hana Like +1, and you have sex with Hana

"I'm going to have to pass.":

You have some banter and don't have sex with Hana

There is a scene with Sydney, Julie, Kenny or just Sydney depending on if your Sydney Like was 10 or more. Last Chapter, they left Haven if the like was high enough, or another scene in Haven if not.

"Suggest a little fun.":

Carol Love +1, and have sex with Carol. (Note: If you lift her leg, and Cum in her, you get another chance to impregnate her)

"We should start back.":

Carol Distance +1, and no sex for you

The next scene is very similar, but a little different if you are on the Naomi Path or not. If you are **not** on the path you get these choices:

"Confide in Naomi.":

Naomi Trust +1, Alternate Dialog

"It's nothing.":

Naomi Nerve +1, Alternate Dialog

If you **are on** the Naomi path you get the following 2 choices:

"Confide in Naomi.":

Alternate Dialog

"It's nothing.":

Alternate Dialog

"I could use feeling better.":

Naomi Love +1, Alice Conflict -1, you have sex with Naomi (Note: If you are not on the Alice path, there is a funny scene where she watches you have sex with Naomi vs leaving the room)

"I'm not feeling it.":

You don't have sex with Naomi and go to bed.

If you had a threesome in Chapter 15 (Naomi, Sydney and MC), and you have had sex with Alice at least once, then you get the following choice:

"Carol.":

Choose Carol to maybe have a threesome with in the epilogue.

"Your Mom.":

Choose Alice to maybe have a threesome with in the epilogue.

"Hana." (if you have had sex with her)

Not going to happen in epilogue.

"Of course not.":

Naomi Love +1, Alternate Dialog

"Not better, different.":

Naomi Trust -1, Alternate Dialog

"Sydney (I'm kidding)." (If you had threesome with her in the past)
Choose Sydney to maybe have a threesome with in the epilogue.

"No one.":

Shutdown threesome action going forward in the epilogue.

"Ask about Ted.":

Alice Nerve +1, Alternate Dialog

"Skip it.":

Alternate Dialog

If you have had sex with Alice, you get the following two choices:

"Push her into the pool.":

Alice Love +1, Alice Conflict +1, Sex with Alice

"Don't. She might not appreciate it.":

No sex with Alice

"I love you, too, Alice.":

Alice Love +1, Alternate Dialog

"I love being with you, Alice.":

Alternate Dialog

If you have had sex with Hana, you ask her to the docks with the other girls, otherwise she stays home.

When you are all in the lake, this scene plays out differently whether or not you are sleeping with which girl, other other things. Dialogs change a lot between girls, no scene is the same. This is basically also a last chance to get a love/like point for who is the winner of the Jack Sweepstakes at the end of the game:

"Join Carol.":

Carol Love +1, Alternate Dialog

"Join Naomi.":

Naomi Love +1, Alternate Dialog

"Join Alice.":

Alice Love +1, Alternate Dialog

"Join Hana.": (if you are hanasexfriend)

Hana Like +1, Alternate Dialog

If you pick Hana - you get the some/all following choices (based on previous choices). None of them give points/flags and are all just alternate dialog:

"Definitely Carol."

"Just Carol."

"Naomi."

"Both Carol and Naomi."
"Certainly Alice."
"All three of them."
"I'd rather not say.":

If Sydney and Julie left Haven, guess who shows up? Dialog plays differently based on who is sleeping with whom. If not, then skip to the last scenes in the chapter.

Chapter 24

This chapter has a ton of permutations of how stuff is playing out based on previous choices. Each one has different dialog. I am not going to go through each one, the big swing in conversations is if Sydney, Carol are pregnant and who they tell. Also if Sydney/Julie are there, you have alternate scenes from if they are not.

If you are on the Sydney path (ie. she showed up), you get a Sydney Like +1 just by starting the chapter and get the following choices. You skip to the next morning if you say yes. If you deny Sydney, you will see Hana in the shower.

"Yes.":
 Sydney Like +1, and you have sex with Sydney
"No.":
 You don't have sex with Sydney
 "I will.":
 Denied sex, Alternate Dialog
 "...":
 Alternate Dialog, Sydney Like -1, Sydney Trust -1

If you deny Sydney, you see Hana in the shower. If you are on her path, you can have the following conversations.

"Yes.":
 You have a longer conversation with Hana, Possible Sex
 "Sure. Let's do this.":
 Hana Like +1, and Sex with Hana
 "I'll pass.":
 Deny her, and go to Carol's room for a conversation
"No.":
 Go to Carol's room for a conversation

If you deny both Sydney and Hana (or are not on their paths) you go to Carol's room and have a conversation. If Sydney is there, and pregnant, you get the following choice:

"She's pregnant.":
Alternate Dialog, and Carol knows
"She confessed to me.":
Alternate Dialog
"Nothing.":
Alternate Dialog

The following morning you have a scene with Julie or Alice depending on who is there (Julie if they are there, otherwise Alice). You get the following choice if your morning conversation is Alice, if you are sleeping with Hana:

"No, because I care for you, Alice.":
Alternate Dialog
"No, because I love you, Alice.":
Alice Love +1, Alternate Dialog

If Sydney is there and pregnant you get this choice with Naomi:

"...":
Alternate Dialog
"Yes, I have thought about that.":
Alternate Dialog

If you haven't locked out Naomi, you get the following possible choices based on previous choices:

"Sure.":
Naomi Love +1, Alice Conflict -1, Have sex with Naomi
"Might as well make it two for two.":
Naomi Love +1, Alice Conflict -1, Have sex with Naomi
"Nope. Time to go back.":
Deny sex and head back

If Sydney and Julie are not there, you have a conversation with everyone in the meeting room and get the choice to dance with a girl (Carol, Naomi, Alice, or Hana) and get a Like +1 for whomever you choose.

You have a conversation with Alice:

"Reassure her.":
Alice Nerve -1, Alternate Dialog
"Speak the truth.":
Alice Nerve +1, Alternate Dialog

If you haven't denied the Alice path, you get the following choice:

"Yes. We should.":

Alice Love +1, Alice Conflict +1, Have sex with Alice
"Not tonight.":
Alternate Dialog, you go to sleep

The next day you have a chance to see 3 girls (only 3 of the 6 if Julie/Sydney are there, otherwise 4). If you are on the Sydney or Alice paths, pick them (get extra points), other wise I would pick anyone but Julie - as you get no points for her.

"Carol":
Carol Nerve -1, Dialog

"Naomi":
Naomi Nerve -1, Dialog

"Alice":
Alice Nerve -1, Dialog
"Give her a hug.":
Alice Love +1
"Give her some pointers.":

Carol Love +1, Carol Distance -1, Sex with Carol, and higher chance to impregnate her if you haven't already

"Not tonight. Too tired.":

If you are sleeping with Hana, you will get the following choices:

"Not right now.":

No sex with Hana

"Cum inside.":

Alternate Dialog, no points

"Cum on her tits.":

Alternate Dialog, no points

Alternate Dialog, no points

If you are sleeping with Naomi, you get the following choices:

"Let's head back to the house.":

Deny sex with Naomi and skip to the pool party

Naomi Love +1, Alice Conflict -1, have sex with Naomi. Pick your favorite position, makes no difference.

"I love you, Naomi.":

Naomi Love +1, Alternate Dialog

"It's okay, Naomi.":

Naomi Nerve +1, Alternate Dialog

Depending on how your points are set between Carol and Naomi, you will get 2 of the three choices. Makes no difference, no points.

"You're never number two.":

Alternate Dialog

"You and Carol will always be equal to me.":

Alternate Dialog

"I still love you just as much.":

Alternate Dialog

The next scene is a pool swim party. You get a choice to hang around with a girl if they are there. The interactions are short and funny, so playing each can be fun if you are not hard up for points to get your best girl.

"Carol.":
 Alternate Dialog, Carol Love +1
"Naomi.":
 Alternate Dialog, Naomi Love +1
"Alice."
 Alternate Dialog, Alice Love +1
"Julie and Kenny."
 Alternate Dialog
"Sydney."
 Alternate Dialog, Sydney Like +1

Same thing as above, Pick a girl, get a love point. Interactions are different and fun, pick who you want, unless you need to get the points to get your girl over the top. Last chance for points.

"Carol.":
 Alternate Dialog, Carol Love +1
"Naomi.":
 Alternate Dialog, Naomi Love +1
"Alice."
 Alternate Dialog, Alice Love +1

 "I'll come with you and help."
 Alternate Dialog, pick your choice, no points
"But, they can feed themselves.":
 Alternate Dialog, pick your choice, no points

Now we get to the final gun fight. Several (7) bandits are in the house. Each of the girls Nerve points come into play, and if they are too high, things get a little more difficult, as they miss their shots. The MC only has 3 bullets in his gun, so if you have to kill more bandits, things get tougher. There is a way to get through this if all the girl's nerves are too high.

Carol Nerve >=7
Hana Nerve >=6
Naomi Nerve >=6
Alice Nerve >=5

"Take the steps.":

Game Over

"Flank them.":

You take out two guys

"Go for the rifle.":

Game Over

"Grab the bottle.":

Keep fighting

"Defend myself.":

Alternate Dialog

"Take it to him.":

Alternate Dialog

"Fight back.":

Game Over

"Dodge out of the way.":

You win, all 7 are dead

If you are on the Carol Distance path (ie. you are ignoring her and want to have another girl be your main), this is where you can close her route for good.

"Not tonight.":

No sex with Carol, and if you have denied her 5 times, you can get the "just a friend ending". If you have not denied her that many times, you just snuggle.

"Yeah. Me, too.":

Carol Love +1, Carol Distance -1, Sex with Carol

If you say "Not Tonight above" and your distance is 5 or more, you get a Carol Love -1, and you get the following choices:

"Like a daughter? Yes.":

Carol Love -2, This is it, you have officially made Carol your daughter and closed her route.

"Like a lover? Yes.":

You don't close the door on romance with Carol

"Sure.":

Carol Love +1, Carol Distance -1, Sex with Carol

"I can't.":

No sex tonight, but you still have the option later

Epilogue

At this point, the game calculates "how you done" and figures out what the endings are going to be.

There are several choices related to sex scenes (cum in or out, who do you cum on, switch positions, etc.) but don't make a difference on the ending, or points.

The only choice outside of sex, is if Sydney is pregnant:

"Well if you ever want to find out..":

Alternate Dialog

"Nature... uh, uh... finds a way.":

Alternate Dialog

Endings:

There are a few things that need to be clarified from an ending stand point. There is a main lover designation, specific girl lover designations, variations, bad endings, and others in between. I am going to break them all down for you and how you get each.

Girls Endings:

- Carol: Carol can be the MCs main lover, a regular lover, or just a daughter. Her variation is she can be pregnant, and if you chose her, she can be part of a 3 way with Naomi and the MC.
- Naomi: Naomi can be the MCs main lover, a regular lover, or broken hearted. Her variation is she can be bi-sexual and can have a relationship with Sydney, Alice, or Carol (with the MC).
- Alice: Alice can be the MCs main lover, a regular lover, or a friend. Her variation is she can have a 3 way with Naomi and the MC.
- Sydney: Sydney can be the MCs main lover, a regular lover, a friend, or can still have remained in Grantsboro. Her variation is if she is pregnant, or she can be part of a 2 way with Naomi and the MC (3 way).
- Hana: Hana can not be the MCs main lover, however she can be a friends with benefits, pissed at you, or just a friend depending on how you have done in the game.
- Julie: Julie can not be the MCs main lover, however you can be friends with benefits.
- Bad Endings: The MC can really screw things up. He can make Carol only his daughter, Naomi brokenhearted, Alice is just a friend, Sydney not his lover (and Julie doesn't come to town), and Hana basically pissed at him. If this happens, you are just alone.
- Harem Ending: You need to have a main lover, and be a lover with Carol, Naomi, Alice, and Sydney

Main Lover Endings:

The main lover is basically who you live with, and who your happily ever after is with from an endings standpoint. Like Highlander, there can be only 1. The logic tests in this order.

- Carol: If your love is 15 or higher, you haven't designated her your daughter (and not lover, by ignoring her), and your love is higher (or equal) to Naomi, Alice, and Sydney.
- Naomi: If her love is 15 or higher, you haven't broken her heart and closed her route, and her love is higher (or equal) to Carol, Alice, and Sydney.
- Alice: if her love is 15 or higher, you have her as a lover (not closed her route), and her love is higher (or equal) to Carol, Naomi, and Sydney.

- Sydney: If Sydney showed up at the house and her like is higher (or equal) to Carol, Naomi, and Alice.
- None: You played a porn game and didn't get enough points with any of the girls, you really messed up, but there is an ending for this.

Lover Designation:

Just because you have a main lover, you still will see the others, and if you are still a lover may have some happy fun time.

- Carol: If her love is 15 or higher and you have not designated her your daughter (and not lover, by ignoring her).
- Naomi: If her love is 15 or higher and not broken her heart by closing her route.
- Alice: If her love is 15 or higher and you have her as a lover (and not close her route).
- Sydney: If Sydney showed up at the house, she is considered a lover.

Unique Variations:

- Carol: Carol's variation of pregnancy depends on you having sex with her and cumming inside of her.
- Naomi: Naomi's variation, you have to let her explore her sexuality and let her be Bi-sexual ("you are grown woman" in chapter 12). Also to pick who she has a scene with here at the, in Chapter 23, you had to pick which girl you wanted the 3 way with in the end.
- Sydney: You have to have sex with Sydney in Chapter 16 to get her pregnant.
- Hana: If you have had sex with her before, and her like is above 3, you can "visit" her from time to time and have some sex.
- Julie: If you had sex with Julie in Chapter 16, you can have some grown adult time with her as well as being friends with her.

Examples for endless variation:

- Carol is your main, you are lovers with Naomi (who is bi), but not Sydney, Alice nor Hana. You chose Carol as your threesome, and Carol is pregnant.
- Sydney is your main and not pregnant, you are lovers with Hana, Julie, Alice, Carol, and Naomi (who is not bi).
- Alice is your main, you are lovers only with Naomi who is bi and you are living with these two girls, and not lovers with the rest.

Unfinished Alternate Run:

There are alternate scenes that have been created for the game based on how you make some decisions. However at this point, the scenes are there, and some of the wording (and logic) but they are not accessible without console access. The day may finish them one day but so far they are not part of the game.

Chapter 11, To get this, and access the scenes you have to have Carol's love 2 or less and Naomi's Love 4 or more. You also have to set a flag in the ren'py dev console (do a search) and set "persistent.ch8naomi_alt_unlock = true", "naomi_relationship_tier = 1", "persistent.ch11_alt_unlock = true"

Chapter 12 has some code for Alternate Scenes, but it is not finished. The flags are: persistent.ch12s08naomi_alt_unlock, persistent.ch12s15sydney_alt_unlock

Chapter 13 has some code for Alternate Scenes, but it is not finished. The flags are: persistent.ch13s08naomi_alt_unlock, persistent.ch13s09carol_alt_unlock, persistent.ch13s15sydney_alt_unlock

Chapter 14 has some code for Alternate Scenes, but it is not finished. The flags are: persistent.ch14s02naomi_alt_unlock, persistent.ch14s14sydneysex

Chapter 15 has code for Alternate Scenes, but it is not finished. The flags are: persistent.ch15_carol_alt_unlock, persistent.ch15_sydneynaomi_alt_unlock

Chapter 18 has a code for Alternate Scenes, but it is not finished. The flags are: persistent.hana_alt_unlock

Chapter 19 has a code for Alternate Scenes, but it is not finished. The flags are: persistent.hana_alt_unlock

Chapter 20 has a code for Alternate Scenes, but it is not finished. The flags are: persistent.hana_alt_unlock

You need to get these variables set just after she sings in the shower above. You will see these alternate/additional choices after that point.
