General info:

In this walkthrough we will highlight the important focus points for each character and event. You can then combine them as you please. We recommend that you check each part before you start playing, as there may be important info to make your preferred combination easier. Several parts are based not only on points, but also on previous chain-events, keep that in mind while making your combinations.

Lewd News:

- Naughty scene with Daphne
- Naughty scene with Julia
- Naughty scene with Natasha

0.6 Notes:

- ¹If you slammed the door in Barbara's face or previously had no interest in her, you don't need to play again. There is a way to change it. Check it out in her section.
- ²Some choices during the game appear even if you don't have the necessary prerequisites. You'll see a note when clicking them.

0.7 Notes:

We changed the “role” of Haley to better fit our plans for her. She'll become a Stalker. If because she “loves” you or because you make her “lustful”, it's up to you.

JULIA (LOVE)

Apologize before things get complicated.

After Lori and Barbara you'll have a chance to peek at Julia in the shower, **Behave.**

After some ice-cream, in the kitchen:

Announce your presence.

Want some help in the kitchen?

Night, before sleeping:

9pm, I have an appointment with that window.

Carry Julia to her bed.

Julia and Daphne:

Need some help too...

Legs

Ask first.

Ask again.

After the bathroom, in the kitchen:

Approach her.

Make drinks for the girls at the pool.

Ask her what he does.

Night, before sleeping:

What's Julia up to?

If **Julia love** > 5 she'll call you on day 3, at dawn:

Keep driving... or **Did something happen...** Besides **+1 Love**, this will help shape your personality in future versions.

Some dialogue may also change in the current scene.

Keep Driving (You're someone who waits for others to say if there's something wrong, even if you already know.)

Did something happen (You're someone who prefers to ask and know about it, when you notice something wrong.)

Cornell's package:

Open it. (You need to keep your eyes on Cornell if you don't want to be caught off guard and you want better chances with Julia, so take every opportunity to know what he's up to.)

Yoga class:

Try to listen better.

If you're interested in Haley: **So, this Haley...** and: **No, I will come with you again on Wednesday.** (Gives +1 Lust, but choosing **I would love to.** leads to **-3 Love.**)

After yoga:

Thanks. Whenever you need it... (Accepting the money gives Lust, but it's better for future events. You can still refuse the money, it'll give you +1 Love, but you may miss an event in future versions.)

After going to the park with Lori:

Try to guess the password.

Drinking with Julia:

Eyes or **Smile.**

If you chose Smile:

It already catches my eye. (Starts the pre-romance path.)

Night:

Keep sleeping. (Or it will still happen, but it'll have been just a dream.)

Accept Cornell's invite to the bar.

Julia, in the kitchen:

If you started the pre-romance path: **Kiss her shoulder and take her cup to wash**

If not: **Take her cup to wash.**

Your room, waiting for Julia:

If you spied on Daphne during day 1 and 2, AND you started Julia's pre-romance path: **Just keep watching.**

Kitchen, after lunch:

Comfort her.

If you started the pre-romance path: **I don't know. But trust me...** (Julia will be more open to kisses, and it's an ***important*** decision for the movie night to happen.)

Dinner:

Don't worry. Pretend that I'm not here.

We can talk about it another day, if you want.

If you followed everything correctly here, at dawn you will hear moans coming from Julia's room.

Try to peek.

Masturbate or not is up to you.

After the yoga, depending on your choices you will have a snack alone or with Barbara. Regardless, you will see Cornell and Haley. There will come a time when the MC will wonder whether to investigate this or not:

Go for it.

Backing home after spending all day on the street Julia will say that Daph (you having interest on her or not) invited you two to drink at her house. Later, when Daphne asks if you want to hear about her and Cass, doesn't matter, but **Yes**, opens the last gallery set.

Day 06:

If Julia is more open to kisses, and love > 15, you'll wake up with her grinding her ass on you.

If the previous event happened: In the morning, in her room, a hot massage.

Night:

If the previous event happened:

Lick both... (+2 Lust) P.S: *She'll ask you not to do it, but there's no harm.*

Cum wherever you want, but she'll remember it.

P.S: If you have a foot fetish, that's your chance to have it, in further versions.

Day 07:

If everything went right so far. You will wake up in her room receiving a blowjob.

Cum inside her mouth or warn her, it's up to you. But if you feed her mouth, she'll start to enjoy it, in further versions.

Talking with Julia, you can skip the talk or read it. She'll tell you how she ended up with Cornell. No harm if you skip.

You both go to the pool.

Pussy.

After that, she gives you a blowjob.

Coming back from the date with Haley or from a city drive, if everything's right, you'll have sex. To cum inside or not is up to you. It's needed for future interactions, in case she ends up getting used to it.

Ordinary shower scene.

She will tell you that she'll visit Daphne, to celebrate her freedom. You'll have to choose between going with Lori to a Night Club, or convincing Lori to come with you and Julia. The only way to get the main event with Julia, is to convince Lori and later let her go home alone. Event paths:

Path A: If you're already having sex with Daphne, you 3 will have some fun.

Path B: If you don't like Daphne, you'll have some fun with Julia at Daphne's house.

Day 08:

Coming back from Haley's house, you'll explain (*not*) everything to Lori and Julia. Later you'll check on her, and if you're following everything right, you'll get lewd scenes.

Pick your preferred choices, as Julia's only lewd scene in this version happens regardless.

If you **Go to the club with Julia and Daphne**, choose **Go to the factory**.

You need the pictures to impress Cassie later, when you'll explain everything you discovered.

Sauna:

Pick your preferred choices, they have no gameplay impact.

Day 12:

You'll wake up at 3:45am and find Julia awake in her room.

She'll apologize for her behavior, and if you've been having sex, you'll see a lewd scene.

You'll also get a feet scene, if you previously came on them.

Choose your preferred ending with no consequences. Her reaction depends on previous choices.

Day 13:

After coming back from a meeting with the lawyer and a coffee with Cassie, Julia's shows up after you take a shower.

If you've been having fun with her... she missed you, tiger.

After Cassie spoils the fun you were having, Julia will take you to a hidden spot she found when she was younger. This event will impact future talks and her solo ending, but you'll still have time to change your mind. It's very recommended if you only care about Julia, because in future versions she'll slowly act/talk more like you're a couple. She'll focus more of her attentions on you. The cumming choice has no consequences.

When that's done, she will ask for a ride to Daphne's. If you're interested in Daphne, check her section.

Day 14:

Don't worry about Julia trying to find a job, we're not pushing her out of the picture. During dinner, things will get heated, but when everything calms down and you go to her room to apologize, you'll convince her to try anal. Where to cum is up to you.

Day 15:

After dinner, you'll find Julia on the sofa, contemplating the night sky. This talk has two possible paths:

1) On Day 13 you told Julia **"I would love to make you the only one for me."**

2) If you didn't, you'll get a different dialogue than the one above and the lust path's.

Day 16:

You'll find Julia by the waterfall. If you've been having sex with her, you'll know what's coming here.

The dialogue is different if you chose **"I would love to make you the only one for me."** on day 13.

During the night, after her and Cassie take care of you and invite you to sleep with them, you'll have to chose between her, Lori or Cassandra.

You can choose to save here and see all scenes, and after that, choose your preferred one.

The choice doesn't impact any future events with those characters.
Just like by the waterfall, this talk with Julia can be different depending on the day 13 choice.

Day 18 (0.25):

You'll meet her after Cassandra's scenes. If you've been having fun with her, you'll get a sex scene. There's a skippable footjob part, added for players with that fetish. If you don't like it, there's no need to pick this option. The vaginal or anal sex choice is up to you, as well as the ending.

End of 0.25

JULIA (LUST)

Announce your presence and make fun of the situation.

Note:

If you stare and look at her again, Barbara and Lori will notice. If they do, when you peek at her showering later, it will lead to a game over. You can only Stare or Look one time. The best choice is to Stare and avoid looking at her again.

After Lori and Barbara, you'll have a chance to peek at Julia in the shower. **Peek.**

Note:

At the ice-cream parlor, if Lori asks you if she looks like Barbara's puppy: **Of course not.**

After the ice-cream parlor, in the kitchen:

Stare.

Maybe I can help.

Note:

During dinner you will get +1 Lust.

Night, before sleeping:

Join Julia in the living room. (Later she'll surprise you.)

Julia and Daphne:
Needs some help too...
Legs. or **Side of the body...**
If **Legs**: **Massage her ass.**

After the bathroom, in the kitchen:
Approach her.
Make drinks for the girls at the pool.

Note:
Having drinks means you'll lose a chance to get +1 Lust (if Daphne helps), but it's more important to know about Cornell's "job".

Ask her what he does.

Night, before sleeping:
What's Julia up to?

If you followed everything up to here, she'll call you at dawn:
Invite me to the party next time.

Cornell's package:
Open it. (You need to keep your eyes on Cornell if you don't want to be caught off guard and you want better chances with Julia, so take every opportunity to know what he's up to.)

Yoga class:
Try to listen better.
If you're interested in Haley: **So, this Haley...** and: **No, I will come with you again on Wednesday.**

After yoga:
Thanks. Whenever you need it...

After going to the park with Lori:
Try to guess the password.

Drinking with Julia:
Body or **The complete package.**
If you chose **The complete package**:
It already catches my eye. (Starts the pre-lust path.)

Night:
Keep sleeping. (Or it will still happen, but it'll have been just a dream.)

Accept Cornell's invite to the bar.

Julia, in the kitchen:
If you started the pre-lust path: **Kiss her shoulder and take her cup to wash**
If not: **Enjoy the view.**

Your room, waiting for Julia:
If you spied on Daphne during day 1 and 2, AND you started Julia's pre-lust path: **Just keep watching.**

Kitchen, after lunch:
Comfort her.
If you started the pre-lust path: **Not enough to forget what happened..** (Julia will be more open to kisses, and it's an ***important*** decision for the movie night to happen.)

Dinner:
I don't want to talk about it, just like you.
I really wouldn't comment on that kind of thing...

If you followed everything correctly here, at dawn you will hear moans coming from Julia's room.
Try to peek.

Masturbate or not is up to you.

After the yoga, depending on your choices you will have a snack alone or with Barbara. Regardless, you will see Cornell and Haley. There will come a time when the MC will wonder whether to investigate this or not:

P.S: If you have a foot fetish, that's your chance to have it, in further versions.

Day 07:

If everything went right so far. You will wake up in her room receiving a blowjob.

Cum inside her mouth or warn her, it's up to you. But if you feed her mouth, she'll start to enjoy it, in further versions.

Talking with Julia, you can skip the talk or read it. She'll tell you how she ended up with Cornell. No harm if you skip.

You both go to the pool.

Pussy or **Ass** (Needs to have previously licked her ass during the sex event)

P.S.: Soon she'll be curious to try it in her back door, if you keep giving attention there.

After that, she'll blow you and keep going when Cornell appears. The poor cuckold catches her giving you head.

Coming back from the date with Haley, you'll tell her what you did, and she'll ask you to show her. Sex time!

To cum inside or not, is up to you. It's needed for future interactions, in case she ends up getting used to it.

Ordinary shower scene.

She will tell you that she'll visit Daphne, to celebrate her freedom. You'll have to choose between going with Lori to a Night Club, or convincing Lori to come with you and Julia. The only way to get the main event with Julia, is to convince Lori and later let her go home alone. Event paths:

Day 13:

After coming back from a meeting with the lawyer and a coffee with Cassie, Julia's shows up after you take a shower.

If you've been having fun with her... she missed you, tiger.

After Cassie spoils the fun you were having, Julia will take you to a hidden spot she found when she was younger. This event will impact future talks and her solo ending, but you'll still have time to change your mind. It's very recommended if you only care about Julia, because in future versions she'll slowly act/talk more like you're a couple and not just friends

with benefits. The cumming choice has no consequences.

When that's done, she will ask for a ride to Daphne's. If you're interested in Daphne, check her section.

Day 14:

Don't worry about Julia trying to find a job, we're not pushing her out of the picture. During dinner, things will get heated, but when everything calms down and you go to her room to apologize, you'll convince her to try anal. Where to cum is up to you.

During the night, after her and Cassie take care of you and invite you to sleep with them, you'll have to chose between her, Lori or Cassandra.

You can choose to save here and see all scenes, and after that, choose your preferred one.

The choice doesn't impact any future events with those characters.

Just like by the waterfall, this talk with Julia can be different depending on the day 13 choice.

Day 18 (0.25):

You'll meet her after Cassandra's scenes. If you've been having fun with her, you'll get a sex scene. There's a skippable footjob part, added for players with that fetish. If you don't like it, there's no need to pick this option. The vaginal or anal sex choice is up to you, as well as the ending.

End of 0.25

LORI (LOVE)

Note:

Stare and Look at Julia again. Important to get +1 Love later.

Nice. We've gone from calling me a rapist, to hugs.
Nice to meet you Babs.
What can I do to change that?

After Lori and Barbara, you'll have a chance to peek at Julia in the shower, **Behave.**

At the Ice-cream parlor:

Same as Lori.
Look at Lori.
Confront her.
React for Lori.
Be honest.

Note:

At this point you entered pre-romance with her. Like a shy little girl, she will start stealing silly kisses from you.

Day 02, morning:

Peek and Continue, no harm.

After the bathroom, in the kitchen:

Approach her.
Offer your help...

After lunch, before going to the park:

Peek, no harm.

Kiss her.

No rush. (Gives Lust. But she won't like it, if you try a French kiss.)

Evening, in her room:

Kiss her.

Day 3, park:

Are you going to cheat on me with her? *Joke* (Gives Lust, but it's the best outcome if you're following everything here. Also if Barbara isn't pissed, she'll get +1 Lust too).

No. I don't mind. (If Barbara isn't pissed, +1 Love with her too).

Night, at her door:

Peek.

Day 06:

If you choose to go outside with her, she'll ask your opinion about her body, and if **Lust = 3**, she'll let you touch her tits.

When she asks for a massage:

Sure.

Yes. (If Lust = 3) **No.** (If Lust < 3)

If **Lust = 3**, she'll let you masturbate her.

Day 07:

Morning shower:

If you followed everything correctly so far, she'll offer you a handjob.

Lori changes:

New Lori appears, and she wants to go to a Night Club with you.

Choose between **Going with her** OR **Convincing her to visit Daphne with you and Julia.**

Either way, you can still get her main event. Some notes:

Path A: **Go with her** and you'll go home together later. If everything's fine, she'll show you how she masturbates.

Path A note: You spend money with this choice. It's not a good choice if you didn't accept to deliver Cornell's package and/or didn't accept Julia's previous cash offer.

Path B: **Convince her to visit Daphne together.** At some point, she says that she's going home.

She asks if you want to go with her. If everything's right, just go with her. Same ending as Path A.
Path B note: You're saving money. Yay!

Day 08:

After checking in on Julia, you'll do the same with Lori. If you're following everything right, you'll get lewd scenes with her.

Pick your preferred choices. This version doesn't focus on Lori, since she'll come home with you on the next release.
Take a look at Julia, Daphne, Barbara and Haley's sections instead.

Day 09:

If you made the right choices for Lori's paths, she will give her first time to you.

Creampie her OR Cum outside

You'll also massage her naked breasts by the pool, while Cassandra takes a nap.
During the night she will come to your room to talk. It will result in a handjob.

Day 11:

If you've been having a sexual relationship with Lori, you'll have a 69 with her at dawn. If **Lust >= 2**, you'll cum in her mouth.

Tell her the truth about her father's accident.

Day 12:

Lori will be waiting in your room, together with Barbara, to watch a movie. If you also like Barbara, you can give massages to both of them. If you've been having sex with Lori, she'll do something very naughty in front of Barbara.

Day 13:

You'll catch her and Barbara going to the bathroom in the morning. Barbara will ask you a lewd question. Your choice will be taken into consideration for future versions. If you like having fun with both, choosing **Threesomes** will help you along the way. Otherwise, choosing **Anal** or **Deepthroat** may be better.
When checking Lori's notebook, the dialogue depends on your previous choice.

During the pool scene, choose your preferred path with no consequences.

After coming back from Daphne's and after talking with Jim, Lori and Barb will bet on who's your favorite girl.
Pick your favorite without consequences, both choices lead to sex scenes, if you already did it with that girl.
The ending choice is up to you.

Day 15:

While Julia and Cassandra choose to relax by the pool, Lori wants to explore nature. Get ready for some biology lessons. You know her, right? Later you'll be rewarded by taking another one of her first times; nightly sex at a beach!
Lori may surprise you... and as usual, the finishing choice is up to you.

Day 16:

While Cassie and Julia are out shopping, your bunny will come back in a naughty mood and reveal one of her fantasies.
Looks like she's turning a bold, naughty girl.
As usual, the finishing choice is up to you.

During the night, after her and Cassie take care of you and invite you to sleep with them, you'll have to choose between her, Lori or Cassandra.

You can choose to save here and see all scenes, and after that, choose your preferred one.

The choice doesn't impact any future events with those characters.

You'll take a last walk to the cave together, where she'll tease you a bit.

Not for long though, because on the next scene you'll have sex in the water.

Day 18:

During the night, you'll find her masturbating in her room, no matter if you've been having sex with her or not. The only difference is that the scene will continue for longer if you have. Choices here are up to you. If you don't like anal sex, you can choose vaginal... but if you like it, don't think twice about focusing on it. However, it's recommended to save and view all paths, if you want to get the most out of all scenes.

LORI (LUST)

Note:

Lori is a shy girl. You will have to be patient to really start her Lust path, so it doesn't have many options at the beginning. It's important to follow her Love path until you start the silly kisses. There is a way to avoid losing too many points with the other characters.

**Nice. We've gone from calling me a rapist, to hugs.
Keep your attention on Lori.
What can I do to change that?**

Ice-cream parlor:

Same as Lori.

If you want to farm Barb points: **Answer her.**

If not: **Look at Lori.** (Jump to **React**)

If **Answer her**: **Confront her.**

React for Lori.

Note:

Be honest or **Of course not**, it's up to you. You'll still go back home with her and she'll kiss you.

Day 02, after the bathroom:

Approach her.

Enjoy the view.

After lunch, before going to the park:

Peek, no harm.

Kiss her.

No rush.

Evening, in her room:

Kiss her.

Day 3, at the park:

It's up to you. IF you're interested in Barbara (and she isn't pissed), choose the outcome you prefer:

No. I don't mind. (+1 Love Barbara).

If I can come along, no problem. (+1 Lust Barbara)
Are you going to cheat on me with her? *Joke* (+1 Lust Barbara).

Night, at her door:

Peek.

Day 06:

if you choose to go outside with her, she'll ask your opinion about her body, and she'll let you touch her tits.
When she asks for a massage:

Sure.

Yes.

She'll let you masturbate her.

Day 07:

Morning shower:

If you followed everything correctly so far, you'll suggest her to give you a hand.

P.S.: If somehow you aren't changing her for Julia, she'll be the one suggesting the hand.

Lori changes:

New Lori appears, and she wants to go to a Night Club with you.

Choose between **Going with her** OR **Convincing her to visit Daphne with you and Julia.**

Either way, you can still get her main event. Some notes:

Path A: **Go with her** and you'll go home together later. If everything's fine, she'll show you how she masturbates.

Path B: **Convince her to visit Daphne together.** At some point, she says that she's going home.
She asks if you want to go with her. If everything's right, just go with her. Same ending as Path A.
Path B note: You're saving money. Yay!

Day 08:

Pick your preferred choices. This version doesn't focus on Lori, since she'll come home with you on the next release.

BARBARA (LOVE)

Whisper in her ear, asking who her hot friend is.

Nice to meet you, Barbara.

What can I do to change that?

Ice-cream parlor:

Same as Barb.

Answer her.

Note:

The rest of the conversation is up to you. Reacting for Lori gives +1 Lust.

Day 02, evening:

Okay.

Be nice.

P.S. Look at Lori's routes for a chance to get +1s.

Day 05, backing from the Yoga with Julia, Barbara will invite you to lunch with her.

Yes.

¹If you aren't interested in Daphne, didn't visited her at day 4: **Why would I do that?** OR ²If you are interested in

Daphne, visited her at day 4: **I don't focus on age...**

She will invite you to show you a place she likes to go.

Let me pay the check...

What I'm enjoying the most...

Maybe the first option...

She will kiss you and run away.

Day 06:

if you kissed during day 4, and she ran away from the old factory:

Don't worry about it...

For a few minutes I hoped that...

Give me!

Continuation of day 06:

If she isn't pissed at you: Handjob in the pool. Else, you can refuse or accept her (It's up to you).

If you choose to stay in the sauna with her: (Do it if you want to change your relationship with her)

Just massage her.

If barb is pissed:

Yes (Not pissed anymore). **No** (Still pissed)

When Lori asks for a massage:

¹ **This could be my chance...** (You'll go to barb) ² **Not today, sorry...** (Barb comes to you)

If her **Lust** is high enough, she'll give you a blowjob.

Day 07:

You go to Daphne's house. The initial talk is based on your path with Daphne. If none, your role will be the sub.

But the ending is the same:

Barb wants to lose her virginity to you. If you don't want that, you can skip it.

*P.S.: Keep in mind this, for further versions: If **Barb is pissed** AND **you skipped this scene** = She'll only appear for plot purposes, no lewd content. Soon you'll be going back home.*

Day 08:

Go the club.

You'll give her a ride, stop at a cafe, and if you made enough progress with her, she'll invite you back to her house.

Lewd Time!

Go to the factory alone.

You need the pictures to impress Cassie later, when you'll explain everything you discovered.

Day 12:

Barbara will be waiting in your room, together with Lori, to watch a movie. You can give a massage to whichever girl you like, or both. If you've been having sex with Lori and if you only want to see Barbara's path, choose to do Barbara's massage only.

Day 13:

You'll catch her and Lori going to the bathroom in the morning. She'll ask you a lewd question.

Your choice will be taken into consideration for future versions. If you like having fun with both, choosing **Threesomes** will help you along the way. Otherwise, choosing **Anal** or **Deepthroat** may be better.

When checking Lori's notebook, the dialogue depends on your previous choice.

During the pool scene, choose your preferred path with no consequences.

After coming back from Daphne's and after talking with Jim, Lori and Barb will bet on who's your favorite girl. Pick your favorite without consequences, both choices lead to sex scenes, if you already did it with that girl. The ending choice is up to you.

Day 16:

You'll have a chance to text her during the night. Just do it!

End of 0.25

BARBARA (LUST)

Ice-cream parlor:

Answer her.

Stay cool.

You're not that kind of girl, right?

React for Lori.

Day 02, evening:

Okay.

Be rude.

P.S. Look at Lori's routes for a chance to get +1s.

Day 05, backing from the Yoga with Julia, Barbara will invite you to lunch with her.

Yes.

¹If you aren't interested in Daphne, didn't visited her at day 4: **Yes, I'm thinking of hiring...** OR ²If you are interested in Daphne, visited her at day 4: **As long as it's over eighteen...**

She will invite you to show you a place she likes to go.

Let me pay the check...

Yes, it's a good place...

Don't worry, you probably would...

She will kiss you and run away.

Day 06:

if you kissed during day 4, and she ran away from the old factory:

Are you just sorry...

Since that one was too fast...

Give me.

Continuation of day 06:

If she isn't pissed: Handjob in the pool. Else, you can refuse or accept her (It's up to you).

Day 16:

You'll have a chance to text her during the night. Just do it!

DAPHNE (SUBMISSIVE)

Day 01 at night, before sleeping:
9pm, I have an appointment with that window.

Pool:
Ignore her, and look at Julia.
Need some help too...

After Julia:
Side of the body, near the breasts.

Relieve yourself.

Day 02 at night, before sleeping:
Window.

Day 07:
After you have sex (or not, if you skipped it) with Barbara, you'll see a very submissive and jealous Daphne. You'll fuck her in the ass. You can skip this too, if you're tired of her and this Dom/Sub play.

*P.S.: Keep this in mind, for further versions: If NOT **dom or sub** AND **You skipped this scene** = She'll only appear for plot purposes, no lewd content. Soon you'll be going back home.*

Day 08:
To get her event, look at Julia's Walkthrough.

Pick your preferred choices, as Daphne's only lewd scene in this version happens regardless.
If you **Go to the club with Julia and Daphne**, choose **Go to the factory**.
You need the pictures to impress Cassie later, when you'll explain everything you discovered.

Agree to include Daphne when Julia asks you.

Day 13:
Whether you're having sex with Julia or not, you'll soon decide to tell her the truth about you and Daphne. Instead of having negative consequences, you'll find out they had a surprise in store for you. You can have lewd interactions with Julia even if you're not having sex with her.

When Daphne asks for your help in the bathroom: **Stay.**
(If you care about any of them.)

Soon after:

Ask Julia to leave: leads to a sex scene with Daphne.

Walk to the shower: leads to a double blowjob with both of them.

On Daphne's solo path, where to cum is up to you. Daphne will show signs of wanting a future with you.

Day 16:

She'll text you during the night. Is she missing her friend, or... you?

Day 18:

Daphne will show up to make peace with Cassandra. After a rough start, it will turn for the better. She's not used to apologizing, right? But it looks like our ginger witch is changing. Could you be the one influencing such changes? Anyway, Cassandra will get a call from Lillian, summoning her to the office. You'll have a moment alone with Daphne and, again, you'll see a side of her that she only showed when she was with you. Of course, every now and then she'll raise her shield again, but you'll know how to deal with it.
The sex choices are up to your tastes.

CASSANDRA (LOVE)

Day 04, phone texts:

About the ugly face, it's easy to ignore it...
...I'd love to know how the trip was going for you.
...I bet one of the programs he picked to do together...
...I'm not proud of what I said...
...I'd be happy to read your messages...

Result: **+2 Love**

Day 09:

When you're by the pool, choose to **Look at her** for some extra options needed to earn points with her.

Stop! Don't think about it! (+1 Love) OR **Massaging those beautiful breasts. (+1 Lust)**

She's so beautiful... (+1 Love) OR **She's so damn hot! (+1 Lust)**

Keep in mind that the Love route will have you try and fight any impure thought.

Julia's and Lori's Love paths (You're helping her change herself / Julia wants Lori to change) will give **+2 Love** each at some point. Don't worry about missing those 2 points, they won't lock you out of scenes, if you follow the routes properly.

Day 11:

If you've **taken pictures of Cornell at the Fight Club** AND Cassandra has more Love than Lust = **+2 Love**

Day 12:

After watching the movie, you'll find Cassie in the kitchen. She's feeling lonely tonight, so after comforting her, she won't want to sleep alone and will ask you to join her.

While talking in bed, IF **you're having sex with Lori** AND **you gave a little push to her changes** = **+1 Love**

After you both fall asleep, two scenes will happen; one will be unknown to MC, one to her.

Day 13:

Back from the bathroom, Cassie finally tells you what really happened with your father. She kisses you at the end of it.

After catching you masturbating, you both visit the lawyer working on Julia's case, a new character. Then you have a weird but good talk with her, in a coffee shop. Looks like things are changing between you two.

Day 15 (v0.18):

MC finally figures out that Lillian is the woman appearing in his dreams. Speaking of, what was that behavior in the dream, Cassie? Anyways, you'll reveal her what you learned, and you, the player (not the MC) will notice that Cassandra

has been having dreams like yours. At least the ones that involved both of you.

On the trip everybody else goes to sleep, except her and MC... you'll see what happens.
You can choose to push her a bit, there is no harm... you both need what's coming!

Thoroughly praise her breasts and 'Accidentally' touch her pussy.

Unless you don't feel like doing it. It won't have any impact except in future dialogue, as your relationship keeps growing.

Day 16:

You'll get some alone time with her, and while applying suntan lotion to her body, you'll have an interesting conversation sparked by a curiosity of hers, that will put you in the mood to try more.
Looks like little by little her defenses are breaking.

After coming back from the cave with Lori, everybody gets together to play volleyball, and no matter your choices, you'll notice a strange behavior by her... one you'll enjoy, of course.

During the night, after her and Julia take care of you and invite you to sleep with them, you'll have to choose between her, Lori or Julia.

You can choose to save here and see all scenes, and after that, choose your preferred one.
The choice doesn't impact any future events with those characters. Is she really sleeping though?

Day 18:

In the morning, you'll find her awake making breakfast. She'll say that you may have the whole day together home alone, since Julia went to a job interview, and Lori is at college. Looks like someone was, in a way, eager to have a whole day alone with you, huh? She'll invite you to do yoga together. At some point you'll notice that she's teasing you on purpose.
That leads to a dirty talk, while jerking off near her (with her consent). She'll give you some visual stimulation and assume she's almost ready to go one step further.

You'll help her tidy up in the house and after that, you'll sit down and talk. A normal conversation that will turn into something more, which will be interrupted with the arrival of Daphne. At least you're sure now that you both just need a moment alone, and with some sweet talk, something may happen.

(0.25):

You'll have a dream about Cassandra giving you a handjob, and... you'll get a real one soon after. Offering to also make her feel good leads to a cunnilingus scene.

Day 19:

In the early morning you'll find Cassandra by the pool. If you offer to help with the lotion on her chest, it will lead to a lewd scene. You'll then go to your room, and a few minutes later she'll step in with a new offer. Accepting or declining is up to you, based on whether you're interested in her or not.

Keep in mind that by not accepting her help, in the future the system may think you're not interested in her. You'll have a second chance later to really turn her down as a LI.

You'll also find out, if you didn't guess it yet, that your dreams are linked with Cassandra and Lilly.

End of 0.25

CASSANDRA (LUST)

Day 09:

When you're by the pool, choose to **Look at her** for some extra options needed to earn points with her.

Stop! Don't think about it! (+1 Love) OR **Massaging those beautiful breasts.** (+1 Lust)

She's so beautiful... (+1 Love) OR **She's so damn hot!** (+1 Lust)

Keep in mind that the Lust route will have you indulge in your impure thoughts.

Julia's and Lori's Lust paths (You're helping her change herself / Julia wants Lori to change) will give +2 Lust each at some point. Don't worry about missing those 2 points, they won't lock you out of any scene if you follow the routes properly.

Day 11:

If you've **taken pictures of Cornell at the Fight Club** AND Cassandra has more Lust than Love = +2 Lust

(0.25):

You'll have a dream about her giving you a handjob, BUT... you'll REALLY get a handjob after it. Offer to make her feel good to lead a cunnilingus scene. Up to you.

Day 19:

In the early morning you'll find Cassandra by the pool. If you offer to help with the lotion on her chest, it will lead to a lewd scene. HALEY (LOVE STALKER)

If you chose at the first yoga class: **So, this Haley...**
After the second class she'll come to talk to you while Julia is in the shower:
I'm in.

Day07:
Morning in the Kitchen, if you aren't on Julia's lust path, even if you already accepted a date with her:
Yes. (Will have the date) **No. I changed my mind.** (If you aren't really interested in her)

Date:
Why not? I can't get you out of my head.
Spank that ass.
The nickname thing is up to you.
Spank that ass.
Again, the nickname thing.
Spank that ass.

In your car:

¹If you don't have any interest in her and/or was only doing it because of Julia: **Get out!**

²If you're interested in her, don't worry, there's no harm with Julia if you want to keep banging Haley: **Take her home** and **Sure.**

³If you don't have any interest in her and/or was only doing it because of Julia, but don't want to treat her like shit: **Take her home** and **Go back home.**

If you take her home and follow her inside, you'll have Round 2 and fuck her while she eats her roommate's pussy.

Day 08:

During the next night, you'll be woken up by Haley's call no matter your past choices. That's part of the plot, but if you didn't leave her in the middle of nowhere after your date, you'll get lewd scenes with her when you're done talking.

Day 09:

Go the club.
Go to the factory alone.
OR

Go with Lori and Barb, later Haley will call you.

You'll visit her home and get a lewd scene **IF** you had a date with her **AND** didn't leave her in the middle of nowhere.

Day 12:

Visiting her after the library scene:

You'll notice the first hint of her stalker behavior, and if you've showed interest in her, you'll have sex.

She'll drain you to the last drop! That fucking lovely nympho...

Choose you preferred ending with no consequences.

Day 14:

This version is your best opportunity to get to know her better. In the morning you'll take a cafe detour together, before bringing her to the Police station. When she's done testifying, you'll take her to the hotel she'll stay in, where Cassandra is waiting for you. That night you'll wake up to a call from Haley; the lovely stalker is in front of your house. You'll spend more time together and if you've been having sex, you'll have a lewd moment. Where to cum is up to you.

Day 16:

You have a chance to text her during the night. Just do it!

Day 18:

After Daphne leaves your house, you'll meet Haley for a walk. You'll talk to her about working again. To be a yoga personal instructor for Cassandra, Natasha, you and maybe Julia in the future. After some time, you'll take her home.

During a naughty scene she'll ask something unusual and you'll play along.

OTHERS

Day07:

While coming back home from a date with Haley or a ride in the city, Natasha will call you. A lewd video call will happen.

Day11:

You'll go back to meet Natasha after the party. The choices during her scene are up to you and your tastes.

Day13:

Lillian appears for the first time.

Coming back from Daphne's, Jim will have a talk with you. Choose whether to read the full dialogue or a summary, with the full being recommended if you're interested in the story.
After giving a massage to Lori or Barbara, Natasha will call you.

- You can **Reject her twice** IF you really don't care about her. You'll need to confirm your choice in future versions.
- You can **Reject her once** (and then agree) **or twice** IF you're interested, but don't think you should have sex with her since Jim is your best friend. In future versions you'll have the chance to decide your fate with her.
- **Don't reject her** IF you want to keep fucking your best friend's mother.

Not rejecting her OR doing it once both lead to a sex scene.

Day 16:

You have a chance to text Natasha during the night. Just do it!

Day 18:

You'll be able to see a talk between Cassandra and Lillian. Looks like your dreams are connected, somehow. What this means and what it will influence, we'll only know in the future.

With Natasha, if you didn't end your fun with her, she'll tell you how she ended up "cheating" on her husband with you. Looks like he knew since the beginning and, somehow, it was even his own idea.
If you don't like it you can end everything with them, or you can keep listening. What her husband will propose to you, will be revealed in the next version, but you can already imagine what's coming.

First and second choices only change the reaction and subsequent dialogue, and it's just for you to express your tastes so that they may be used in future talks.

Third choice: **Keep listening** leads to you being interested in the way things are going.
Saying that you **aren't comfortable** leads to the end of Natasha's path, or her **cheater path**.

A (Keep listening):

Of course! = **Natasha's cuckold** path and keeps open a possibility for her **cheater path**.
Not comfortable = Closes **Natasha's cuckold** path but keeps open a possibility for her **cheater path**.

B (Not comfortable):

Yes = ends everything with her.

Unfortunately = Keeps open a possibility for her **cheater path**.

P.s.:

- 1 – While reading, you'll get some hints that as much as her husband also wants to see you and her having sex, he's a busy man. It may take a while to happen, if it ever happens, depending on the amount of people liking this part.
- 2 - It would be good to receive some feedback from players about it. No need to worry about Natasha's husband's role, in the events with her. Even if it happens, he won't participate actively, and will just keep watching.
As for actually participating... same as point 1. It depends on the amount of people liking it.
- 3 – Her cheater path has no harm to it, you'll just keep fucking her.
- 4 – James/Jim won't be a problem. There won't be any conflict and he won't know about it until after the end of the game and only if he plays it.
- 5 – Why? Natasha isn't a primary character, but it doesn't mean that she isn't good, hot and perfect for whoever would like to fuck a married woman OR a married woman in front of her husband OR your best friend's mother.
- 6 – You can expect more sub-paths within the cuckold path, in the future. For instance, a submissive husband, being

humiliated by you and her, or a 'director' husband... or just a silent husband watching, like he wasn't even there.

Day 19 (0.25):

If you accepted Natasha's proposal to keep having sex behind her husband's back, you'll fuck her in her kitchen. The dialogue changes depending on whether you accepted to fuck her while her husband watches or if she's just cheating on him with you.

- **Sign:** Aquarius
- **Music:** Pop
- **Info:** Thoughtful and distracted, Julia likes to listen to music, drink and take care of her body. Life was perfect until many years ago, after the incident, everything changed. She grasped at any opportunity that appeared in front of her. She likes competing and, mostly, winning at that. Not that she couldn't handle being the loser, but she prefers the taste of a win. Since childhood, she always enjoyed being the center of attention. She was always akin to the typical popular girl, where she lived and where she studied, but that started changing as she matured, and especially after giving birth to her daughter. She is entering the phase of being afraid of age, as it's inevitable, and she finds herself in a relationship where her boyfriend barely spends time with her. Is she becoming less interesting than she was before? She didn't go to college because she wanted to spend her time taking care of her daughter, while Lori's father took care of the rest. That however doesn't bother her, she believes studying is something meant for people that like it, which isn't her case.

- **Name:** Lori
- **Nickname(s):** none
- **Age:** 18
- **Sign:** Sagittarius
- **Music:** Anything romantic
- **Info:** Shy and studious, Lori likes to learn new things and get good grades. Those who know both her and her mother, don't understand how they could be so different, apart from their physical appearance. She loves science, especially biology, and she is specializing in embryology. She fell in love with biology thanks to her childhood's curiosity. She enjoyed exploring nature, catching insects and animals, to later watch them in her room... which Julia always hated, making her throw them away or return them to their original habitat. In college she could do and have anything that she couldn't in her own room. She marvels at all the details that exist in every living being: the differences, the things in common between different species, evolution, transformation and so on. Thanks to Julia, she thinks that spending so much time studying made her lose the ability to socialize with people, but that's not the case.

- **Name:** Barbara
- **Nickname(s):** Babs, Barb
- **Age:** 19
- **Sign:** Gemini
- **Music:** Rock
- **Info:** Intolerant and with a strong personality, Barbara cares a lot about Lori, just like a younger sister who needs the protection of her older sister to keep her innocence, like it should be. She always had to deal with bad people, even at home, and she learned that being strong helps to keep malicious people as far away as possible. For her, women with no attitude always bring trouble to themselves, then not knowing how to work things out. Modern times show how important feminism is in the fight against sexism. Sometimes she takes it too literally, or maybe it's just her way of dealing with the world. Who knows? She doesn't go to college, she's never been a good student, so she admires Lori a lot for being so studious and liking it. Barbara actually works. She's Daphne's maid. Knowing Daph, we could assume that it maybe wouldn't be the best place for Barbara to work at... Or maybe it would.

- **Name:** Daphne
- **Nickname(s):** Daph, Mistress Daphne
- **Age:** 38
- **Sign:** Scorpio
- **Music:** Pop, Hip-Hop and Rock
- **Info:** A tempting woman, Daphne learned early the art of seduction to get what she wanted, to ensure that people (not just men) would do her bidding. She likes challenges, teasing, and pushing people towards the bad side... That's right. If a woman claims to be straight to her, she'll poke the devil with a short stick. Daphne will try to make her 'eat the apple', just to show she was wrong about that. If a married man claims to be faithful, and would never betray his wife... The same. It's easy to understand that this woman is the devil in person. But what if she misses someone doing the same to her? Testing her, teasing her... Or maybe her devious personality might just be the result of being taught that way by someone else.
