

## About this guide

Thank you for reading this walkthrough!

This guide contains spoilers, so I recommend using this walkthrough only if you want to unlock a scene or achievement.

Although the game has several options, I believe it is very simple to play and get to the main parts (lewd scenes). However, **in order to release some photos and achievements, you will have to make certain decisions**, and that's what this document is for.

At first, the game will have **3 main routes**:

**The "Harem" route:** You will sleep with most of the girls in the game; However, in some events, you will have to decide which girl to choose. After all, you are just one person.

**Your "Soulmate" route:** you can decide to stay with a single character for the entire game. This route will unlock exclusive scenes with the character you choose.

**The "Eternal Virgin" route:** You can spend the entire game without sleeping with anyone. Some extra scenes will be on this route.

Most decisions for each chapter affect only the chapter itself. Only a few decisions affect the game as a whole. Here's all the game decisions and their impact on the story.

You must now find out which of the houses are most suspicious. While we encourage the player to interact with everyone, here are the main points:

- Talk to the main leaders: Jorge, Rachel, Chloe and Peter.
- Talk to Rina, and find out what her favorite hobby is.
- If you previously helped Peter, talk to him and he will show you Jorge's dog.

- When talking to Chloe, she will ask you if you want to sleep with her. **If you say yes, you will open up the romantic path with her. If you deny it, she will just be your friend.**
- After talking to the four leaders, talk to Emily. You can say which of the houses you found most suspicious. **To get the achievement, choose the Buckbreed house.** (Consequences will be explained later)

## Scene location: Pub (Room)

In this chapter's sex scene, there are some variations depending on the choices you've made so far:

- If you haven't slept with Emily, she will ask you one more time if you want to sleep with her.
  - If you continues to say no, you will go the "best friend route" with her.
  - If you say yes, you will follow the "lovers forever route" with her.
- If you chose to sleep with Chloe, she will come to have sex with you.
- If you chose not to sleep with Chloe, nothing happens. You and Emily will go downstairs to continue the party.
- If you haven't lied about your relationship with Emily to Chloe, she will let you come inside her (consequences in later chapters).
