Overview

This walkthrough attempts to follow a mixed but bad boy approach, which means the main character will do (some) crime including killing off a drug dealer and may later even join the mob undercover. Won't be a complete asshole, he is ok towards family & friends, working for the mob gathering evidence...

This allows both high charisma (7) and high intimidation (9) to unlock the nice guy content as well as scenes requiring a more dominant approach (i.e. intimidation skill).

 = chosen option

Splitting later into 2 paths:

 for lover/relationship content

 for crime/undercover content

Prologue

Most choices and freeroam were removed from the prologue during the 0.5 update so the prologue is more of an intro without many choices. Still, you can gather some points:

Lauren: HEY! Didn't you forget something?

- "Give her a kiss." **Lauren+1 (1)** 
- "Don't kiss and leave."

Lauren "MC, I want an explanation now! How can you be late for school even though you left earlier than me?"

- "Lie"
- "Tell the truth" **Lauren+1 (2)** 

MC "I am so sorry about that, Mrs. Rose."

- "Tell the truth" **Rose+1 (1)** 
- "Lie"

Daves Trailer
