### **Introduction**

This walkthrough will go through the quests individually, but you can do multiple quests at the one time. If you reach a point where you do not have enough money to buy something you need to progress, grind out the cases on the PC in the MC's room or edit the save/cheat etc. If people would prefer a day-by-day walkthrough, I will do that but it seems people are getting stuck on specific parts of quests rather than having day to day issues. To find where

you are stuck in this walkthrough quickly use CTRL+F and search for it. For example, if you are stuck in Maeve's lab use CTRL+F and type "Maeve".

### **Trait selection**

Name your character whatever you want, as for the trait selection I have always used smooth operator it has benefits with Beatrice + Moe I'm not quite sure what benefits you get with street fighter and intellectual genius but feel free to experiment.

Smooth operator = +3 charm.

Street fighter = +3 power.

Intellectual Genius = +3 brains.

Rummage through the trash + fix the photo.

The photo tells you she was fired 2 days before her birthday = October 12<sup>th</sup>.

### **End of Sophia's Exams Quest**

At some point Sophia will be chilling on the couch but MC will be concerned that she's not doing anything. This will happen on 2 occasions when MC says he'll get the controller fixed.

I believe this quest is incomplete but you can't really choose not to do it...

Back to the bar at night.

Fourth Spanking session – Max pain + shame. Pleasure can be filled to around 3/4 or 4/5 of the way before it stops raising and you have to leave it there.

Back to the bar at night and leave after the MC notices she's not there.

Night time = bar time. She's still not there, leave.

Return the next night and talk to Chanel about Eleanor.

Return to the bar next night time. Play through the scene however you like just make sure to max out pain, pleasure + shame in the spanking scene.

Visit the café to let Moon know about your date.

Text her on your phone – the event will now happen the next Saturday

For the date you have to pick what restaurant it is it's the one at the top on the right. 2<sup>nd</sup> row down 2<sup>nd</sup> from the right.

Go right, go right, click on Moon – lunch and dinner – your choice

Moon flashback:

Go right click on the area near the fallen stool – head inside

Your choice – your choice again

Look around for flowers – interact with everything but don't climb to the roof yet

When you find Mr Ganzo give it back to the little girl

Once you collect the flowers the quest ends I'm pretty sure it is incomplete.
