Talk to Astra again to calm her down (**+3 Astra**), but Crowley is not convinced.

Visiting a SPA is not as easy as it seems. During the day, the guard turns everyone back. At night, the front door is locked, but light pours in from the side windows. A brief overview shows that Fina is exposed gangbang With foot elfs (**[image]** , **+30 lust**), that's why Crowley decides he should grow breasts in order to infiltrate the spa and save her.

There is a goblin downstairs... and after you start the fight, all of a sudden appears big goblin! More one fight With "boss" (at there is a lot of it health, if her **HP** drops below 30%, she crushes you and you lose).

Sebastian says a couple orcs, which he hired for delivery, lost parcel, when made her way through goblin caves.

You can meet these orcs in the orc camp, but apart from the information that some large slime-like creature probably took the package, this will not help much. It is better to find out "on the spot". Prepare well. In the goblin cave, go down the stairs to the east, then follow the tunnel. Better dodge the goblin shamans, they are not easy. Go north and you will find yourself in a goblin village. Talk to the [goblin chief](#) . She says the monster took the package. Return to the previous location, the goblin guarding the eastern exit is gone.

After walking through it, Crowley finds himself in a cave with several slimes... and a big slime cube shuffling around! Time for a boss fight (lots of **HP** , he has resistance to sleep, paralysis, and fire; one of his attacks can engulf Crowley, paralyzing him until he breaks free). On the practice this means transferring 999 mana from Crowley's sphere. Daily restrictions on the transfer No, that's why, if you there is mana potions, you can speed up the process. When the orb is fully saturated, choose - **Do this** to perform the ritual that links the orb to the lab (**+200 EXP**).

Once bound, the orb can be used to recharge **+50 MP** once a day. If you have learned the *Return spell* , Crowley can use a magic circle to teleport to several unlockable locations for **50 MP** .

Busty smugglers

Get can in time conversation With [Diana](#) , if you met [Iss](#) .

Diana complains that the inhabitants of the elven forest intercepted some couriers and stole the three packages she needed [*Parcel with rune*]. Crowley, of course, agrees to help.

This is a normal combat quest - go to the elven forest and hit any enemies until you they will not drop all three packages.

Tem not less, this is more difficult, how seems. Parcels fall out random way:

- With foot elf and femboys chance fallout ~10%
- With busty fairy elves chance ~50%,

This means that if you want to finish the quest quickly, you need to defeat at least three times one of the strongest, if not the strongest mob in the game. Please note that parcels drop outside of the normal combat system - after you have completely dealt with the enemy.

When at you there is three package, talk With Diana, to to complete quest (+300 EXP +10 [Diana](#)). AT reward she is offers titfuck (**fuck her boobs** → [\[image scenes\]](#) , **-fifty lust** , +2 [Diana](#))

Tea With milk

Can be obtained during [Melissa's inquiries](#) in "Ask" (until she was involved in " [Summoning a Succubus](#) " and talking about ghosts).

After Togo, how Crowley proposed her service Melissa asks his find her a little [*elven milk (Elven milk)*]. There are three possible ways to fulfill her request:

- If a at you already eat milk, you you can straightaway give it to her .
- fight With [busty elf](#) in elvish forest (big titted sprite).
 - *If you win* : **Fuck Busty** → **Titfuck** → Squeeze **harder** → **Collect** (you must have [*Empty bottle*]).
- From drunk orc merchant, which the sells sperm foot elf and other things in orc camp. Yes, to see his goods; no need to buy anything - when you close the screen, Crowley asks him for milk. In return, he asks for a favor: you can either deliver the letter or suck him off.
 - **Yes** → MM scene, where Crowley sucks at orca, [\[image scenes\]](#) , **-fifty lust** , **-3 hunger** .
 - **No** → Crowley must deliver the letter to [List](#) ; having laughed at the contents, return to the orc for a reward.

When Crowley delivers milk, Melissa beret his, to use his in experiments with body transformation. She enlarges her breasts and then, unintentionally, her lips. Crowley must first help her reduce her lips to normal, and then test the stability of her breast transformation by massaging her boobs with a Reducto potion ([\[portrait image\]](#) , +3 [Melissa](#)).

"Ask" Melissa more once, and she is asks Crowley to accompany her. "Yes" teleports both to the Witches Tea Club room, where he is introduced to Sandra, a dark-skinned human witch, and Vena, an elven witch with huge breasts. Look around and interact with bookshelves and documents to get fun lore snippets, then talk to Sandra and Melissa. Talking to Vena triggers a scene where Sandra greatly enlarges the elf's breasts until she can't move ([\[image\]](#) , +30 **lust**). Unsurprisingly, choosing **Soscotrach** results in Crowley getting fucked by one of Vena's huge nipples (**-100 lust** , [\[scene image\]](#)).

Dialogue with all possible characters in the room causes the end of the quest (**+100 lust** , **-10 hunger** , **+200 EXP** , **+10 Melissa**) and teleports you back to Crowley's basement.

Maybe, in future versions games developer introduce potion breast augmentation (window With text v0.358), and after this quest it will be unlocked,

A business in Order

The quest can be obtained while helping [Fina](#) with her mail after completing the quest "Milk Tea" and, if [Eric](#) received improved sword from mysterious Priestesses in time your daytime hunting.

Fina asks Crowley to deliver the Order's official letter to [Sister Elizabeth](#). (In the [Key Items] section, you can read the letter. Seemingly without any consequences.) Go to the church to see Sister Elizabeth blowing Eric (**[image]**). It turns out that the Order is looking for relics in all the nearby ruins. from the past of the Church, and Sister Elizabeth suggests that this is for nefarious purposes. She asks Eric and Crowley to help her find these relics before the Order does. Eric agrees and says he will be waiting for Crowley at their camp.

You can meet him there or go to alone. In the first case, if you say that you are ready, you will immediately be teleported to the map [**Eastern Ruins**]; otherwise, you'll have to navigate there on your own (it's directly east of the elven forest). This choice matters only to interact with orcs in ruined church, they dug into basement and you have to decide what to do with them:

 - If Crowley is alone , the orcs enter him twice (**M/M [sprite animation]** ; **-50 lust**).

AT both cases orcs after this fall asleep.

- **leave** → at you there is chance rethink its strategy

As soon as the orcs sleep, stay just take their rope and use it to go down the hole in church basement. Here Eric again joins to the group if Crowley went to alone. AT any case, they both fall through cracked floor and are separated when Eric falls on the another level. In the next step, you are alone. Crowley finds himself in a dark labyrinth, some passages blocked by sliding bars operated by levers and switches, scattered on everything labyrinth. Around wanders lots of monsters:

groups slime random size, flying members and busty ghosts, which pass through the walls. The only door that is strictly required to be opened is the exit, a double grate on the east wall, but there are treasure chests in some of the locked rooms. The most notable feature is the breast altar in the room right at the entrance: drinking from it restores **HP** and **MP** (**+100 lust** ; if Crowley has breasts, lactation begins), but each a sip after first It has chance what at Crowley will increase breast (if at him her No). Another notable feature is the passage connecting the two staircases.

After the maze, Crowley catches a glimpse of Eric fighting the tentacle monsters and decides to hurry. You must open the door in the next room:

- We are greeted by the usual 3×3 puzzle on the floor: if you walk over a tile, it will switch, and also switch the tiles that are in contact with its sides, showing or hiding parts of the image. Assembling the entire image opens the door.

If Crowley has enough lust left, he can fuck her again.

After this Crowley passes more one pass, which the allows to him see, what takes place in the lower level: Erik meets the mysterious [Priestess again](#) (nipple mouth fuck **[scene image]**). In the next chamber, you can finally reunite. Eric shows off his gift from the Priestess - [*Marvelous sword*) , or just a blessing if he already has one (from the [[Labyrinth](#)] dungeon during the hunt). Leaving the dungeon, Eric and Crowley are surrounded by a group of suspicious battle nuns, who tell them to leave. Another nun is now guarding the entrance to the ruined church, so the only option is to leave the location, the passage from which returns them immediately to the village. Work costs **+1 hunger** and [rewind time] .

AT garden there is ten cells for plants, but at first games free only four cells. Rest needs to be cleared (action button → **Clear** → [rewind time]). To plant a seed, you first need to dig a hole (**Prepare the ground for planting?** → **Yes** → **+1 hunger**). When interacting with the hole, you can select a seed to plant. Plants grow every time they are watered, either from a bucket by a well or rain.

Collecting a plant in the garden gives you that plant and at least one seed for it. The number of mature plants in the garden affects the drop rate and the amount of [*Ingredients*] obtained by working. The number of items received is affected by the rank of the profession and the number of plants in the garden.

Cooking

Progress is made by what Crowley cooks in his house. Cook **Something Simple** can use any cooking ingredient, produces a simple meal, and can only be cooked once a day. The results depend on the rank:

- Newbie → [*Lunch (Dinner)*] → **-4 hunger**
- Apprentice → [*Delicious dinner (Tasty dinner)*] → **-7 hunger**
- Master → [*Good lunch dinner*] → **-ten hunger**

Also cooking may educate [Alice](#) (if help her in the morning in her house, when goes rain) and [Samantha](#) (when she is in the country, she cooks at Crowley's house in the morning)

Some ingredients can be bought from certain villagers; some of them drop randomly from enemies. They can also be eaten without cooking, but with a small benefit (**-2** or **-1 hunger** , depending on the item).

Crowley can also use a recipe to make a dish that requires more than one ingredient. All starting recipes are nutritionally equal to [*Tasty dinner (Tasty dinner)*] (**-7 hunger**).

Starting recipes :

- [*Omelet (Omelette)*]:
 - [*Milk*] _

pumping and skills

Crowley not receives an experience, winning conventional enemies. The only ways receiving experience:

- Book in room [Melissa](#) (+5 EXP , [rewind time])
- Performance [quests](#) .
- set off on the hunting and research dungeons together With Eric.
- Cooking on in the morning With [Samantha](#) (+20 EXP , [rewind time])

Leveling up not only increases Crowley's stats, but also unlocks new skills (and some quests). AT difference from others games, Crowley not receives skills automatically when you reach a new level. Instead, he must learn these skills at home, at his desk, there are other conditions. (A tiny, almost invisible candle on the table should serve as a visual indicator of whether there is something new to learn.) Skills are learned in the following below sequences - first you study skills more low level, even if you meet the level requirements for higher ones. Because you can only learn one once in day, you also you can study only one new skill in day. The study new skill gives +5 EXP .

 - *fiery arrow (Fire arrow)* - magical fiery attack.
 - (non-combat) *Clear feelings* → displays hunger and lust numbers.
 - (non-combat) *Mindreading* → Displays character relationship value and lust level (if any) for a short period of time when Crowley talks to these characters.
 - *Protective Circle* - Increases defensive stats by several moves. His can cast outside fight, how training — in this case it lasts as long as you don't move.
- **Level 2 (+50 / = 50 experience) :**
 - *Fiery ball (Fireball)* — more powerful fiery spell, which since chance in 20% maybe set fire to enemies and thirty% chance on the miss; With practice his can improve by updating to
 - After 50 casts, the spell upgrades to *Fireball+* → 20% set target on fire, 20% chance to miss.
 - After 100 applications spell getting better up *fiery ball ++ (Fireball ++)* → 20% set target on fire, 10% chance on the miss.
 - *Sleep (Sleep)* - to learn it, you need some [*Fairie dust*] in your inventory, in the process of learning there is a [rewind time to morning] .
- **Level 3 (+112 / =162 experience) :**
 - *Ice needles (Icy needles)* — for study required [*Beer (beer)*] in inventory.
 - (not combat) *Concentration (concentration)* — price spells in MP is halved for several turns. It can be cast outside of combat, as a preparation, in which case it will last until you have walked 30 steps.

- Crowley mentions heroes meditating under waterfalls when he is studying. After that, interact with the base of the village waterfall to learn the spell.
- **Level 4 (+204 / = 366 experience) :**
 - **Freezing** - a more powerful ice spell that can paralyze enemies; it can be improved with practice by upgrading to **Freezing + (Freezing +)** and then to **Freezing ++ (Freezing ++)** . To improve, you need to use the spell 50 and 100 times, respectively.
 - After 50ti applications spell getting better before **Freeze + (Freezing +)** → twenty% to freeze goal, twenty% chance on the miss.
 - After 100 applications spell getting better before **Freeze ++ (Freezing ++)** → twenty% to freeze goal, twenty% chance on the miss.

 - Requires completion of the quest " [Contract](#) " . While studying, Crowley mentions that [Meryl](#) can teach him some succubus tricks. After that, call her and select the option to **Talk** .
 - **Magic shield** - until the end of the turn, reduces the damage of enemy spells, increases the chances of dodging them or reflecting them back at the attacker.
 - Required presence [jill](#) in the village.

- **Level 7 (+672/=1852 experience) :**
 - **Vampire touch** - Drains **HP** from the target enemy, 20% on miss, -20% magic and physical defense, Crowley also gains **+15 lust** .
 - Starting at 0.353, Stub Scene - The developer said that in the future this skill will be learned from a character that has not yet been added to the game.

A quick note about status effects: 0.350.2 introduces some complications. Both characters and enemies get wet if the fight starts in the rain. Wet enemies are more vulnerable to cold and electricity and less vulnerable to fire; they cannot be set on fire, but are easier to freeze, and fire spells remove the wet state on impact. Burning enemies less vulnerable for ice and water, them it is forbidden to freeze, but spells ice them extinguish. Frozen enemies are more vulnerable to ice, less vulnerable to fire, and cannot be ignited, but fire spells will thaw them. Sticky enemies (Rose's skill) can always be set on fire with a fireball.

Some skills can get out others sources:

- (non-combat) **Return (Return)** - its receipt is a separate small [quest](#). His it is forbidden use in combat or in some quest dungeons, even if Crowley is alone.
- (non-combat) **Ritual of rain** - it is learned from the same magical [tome](#) as the spell to summon a succubus. It can only be performed in Crowley's basement and causes or stops rain.
- (non-combat) **Eye of the beholder** - (4th level) is learned by repeatedly examining the book in Melissa's room. This allows Crowley to see the invisible for a short time, such as doors in hidden sections of some [dungeons](#). The effect lasts until you have walked 30 steps.
- (not combat) **Soskofuck's Secret (Secret of Nipplefucking)** - studied in progress completing the [quest](#). Allows Crowley to fuck a girl in the nipple. Applied automatically during a specific event. At a fortune of 0.358, only Karla can be fucked in the [nipple](#).
