Twisted Fates Walkthrough 0.3

This walkthrough intends to show all the paths through the game in an objective way.

Colors and styles are only meant to highlights elements, not influence your decision.

There isn't a right or wrong way through the game, only you should decide.

Only decisions that have an impact on the story or your character are shown

There are obviously many scenes that can play differently based on your choices, but "cosmetic" differences

or small alterations in the dialogues are not part of this walkthrough.
