You can meet these orcs in the orc camp, but apart from the information that some large slime-like creature probably took the package, this will not help much. It is better to find out "on the spot". Prepare well. In the goblin cave, go down the stairs to the east, then follow the tunnel. Better dodge the goblin shamans, they are not easy opponents. Go to north and you find yourself in a village goblins. talk with the [leader goblins](#) . She says the monster took the package. This is a normal combat quest - go to the elven forest and hit any enemies until you they will not drop all three packages.

Tem not less, this is more difficult, how seems. Parcels fall out random way:

- With [foot elf](#) and [femboys](#) chance fallout ~10%,
- With [busty fairy elves](#) chance ~50%.

This means that if you want to finish the quest quickly, you need to defeat at least three times one of the strongest, if not the strongest mob in the game. Please note that parcels drop outside of the normal combat system - after you have completely dealt with the enemy.

When at you eat three package, talk With Diana, to complete quest (+300 EXP +10 Diana). AT reward she offers titfuck (**fuck her boobs** → [\[image scenes\]](#) , -50 lust , +2 Diana).

After talking about space expansion, barriers and ghosts, Melissa finally talks about the problem with her project, she asks Crowley to find her some [*Elven milk*]. There are three possible ways to fulfill her request:

- If at you already eat milk, you you can straightaway give it to her ;
- fight With [busty elf](#) in elvish forest (large titted sprite)
 - *If you win* : **Fuck Busty** → **Titfuck** → Squeeze **harder** → **Collect** (you must have [*Empty bottle*]).
- From drunk orc merchant, which sells sperm foot elf and other things in orc camp. **Yes** , you don't need to buy anything to see his products - when you close the screen trade, Crowley asks at him milk. Instead he asks about favor: you you can either deliver the letter or suck it.
 - **Yes** → M/M scene, where Crowley sucks at orca, [\[image scenes\]](#) , -50 lust , -3 hunger .
 - **No** → Crowley must deliver the letter to [List](#) ; having laughed at the contents, return to the orc for a reward.

When Crowley delivers milk, Melissa beret his, to use his in experiments with body transformation. She enlarges her breasts and then, unintentionally, her lips. Crowley must first help her reduce her lips to normal, and then test the stability of her breast transformation by massaging her boobs with a Reducto potion ([\[portrait image\]](#) , +3 Melissa).

"Ask" Melissa more once, and she asks Crowley to accompany her. "Yes" teleports both to the Witches Tea Club room, where he is introduced to Sandra, a dark-skinned human witch, and Vlena, an elven witch with huge breasts. Look around and interact with bookstores

shelves and documents to get fun lore fragments, and then talk to Sandra and Melissa. Talking to Velena triggers a scene where Sandra greatly enlarges the elf's breasts until she can't move ([image] , +30 lust). Unsurprisingly, choosing **Soscotrach** results in Crowley getting fucked by one of Velena's huge nipples (-100 lust , [scene image]).

Dialogue with all possible characters in the room causes the end of the quest (+100 lust , -10 hunger , +200 EXP , +10 Melissa) and teleports you back to Crowley's basement.

Perhaps, in future versions games developer introduce potion breast augmentation (window With text v0.400), and after this quest it will be unlocked.

Case in Order

The quest can be obtained while helping [Fina](#) with her mail after completing the quest "Milk Tea" and, if [Eric](#) received improved sword from mysterious [Priestesses](#) in time your daytime hunting.

She asks Eric and Crowley to help her find these relics before the Order does. Eric agrees and says he will be waiting for Crowley at their camp.

You can meet him there or go to alone. In the first case, if you say that you are ready, you will immediately be teleported to the map [*Eastern Ruins*]; otherwise, you'll have to navigate there on your own (it's directly east of the elven forest). This choice matters only to interact with orcs in ruined church, they dug into basement and you have to decide what to do with them:

- **Bribe with drinks** → you can choose which drink to give them (any choice spends one of these items):
 - [*Beer (Beer)*]: → too much weak.
 - [*Wine (Wine)*], [*Wine Sweet Lips*], [*Goblin ale (Goblin ale)*] → orcs get drunk and fall asleep.
 - [*Potion lust (Lust potion)*] → the orcs are excited.
 - *If Eric is with Crowley* , they should both be sucking off orcs (M/M [image] focuses on Crowley, -50 lust , -3 hunger).
 - *If Crowley is alone* , he sucks off one of the orcs (same M/M [scene image]) and then fucks another orc in the ass (M/M [scene image] , -100 lust , -3 hunger).

AT both cases orcs after this fall asleep.

- **Use - spell** (*if Crowley knows the [Sleep spell](#) and he has enough mana to use it*) → -6 MP , the orcs don't even realize what happened.

 - *If Eric With Crowley* , orcs decide what he them more Like, and penetrate in double penetration (M/M [sprite animation]). You can jerk off (-50 lust , [portrait image]) or just watch.
 - *If Crowley is alone* , the orcs enter him twice (M/M [sprite animation] ; -50 lust).

AT both cases orcs after this fall asleep.

- **leave** → at you eat chance rethink your strategy.

As soon as the orcs sleep, stay just take their rope and use it to go down the hole in church basement. Here Eric again joins to the group if Crowley went to alone. AT any case, they both fall through cracked floor and are separated when Eric falls on another level. In the next step, you are alone. Crowley finds himself in a dark labyrinth, some passages blocked by sliding bars operated by levers and switches scattered throughout the maze. Lots of monsters roaming around: groups slime random size, flying members and busty ghosts, which pass through the walls. The only door that is strictly required to be opened is the exit, a double grate on the east wall, but there are treasure chests in some of the locked rooms. The most notable feature is the breast altar in the room right at the entrance: drinking from it restores **HP** and **MP** (**+100 lust** ; if Crowley has breasts, lactation begins), but each a sip after first It has chance what at Crowley will increase breast (if at him her No). Another notable feature is the passage connecting the two staircases.

After the maze, Crowley catches a glimpse of Eric fighting the tentacle monsters and decides to hurry. You must open the door in the next room:

- We are greeted by the usual 3×3 puzzle on the floor: if you walk over a tile, it will switch, and also switch the tiles that are in contact with its sides, showing or hiding parts of the image. Assembling the entire image opens the door.
 - *Hint* : if the tiles are numbered as shown below, the possible solution to the puzzle is 8587139.

If Crowley has enough lust left, he can fuck her again.

After this Crowley passes more one pass, which allows to him see, what takes place in the lower level: Erik meets the mysterious [Priestess again](#) (nipple mouth fuck [**scene image**]). In the next chamber, you can finally reunite. Eric shows off his gift from the Priestess - [*Epic sword (Marvelous sword)*], or just a blessing if he already has one (from the dungeon [[Labyrinth](#)] during the hunt). Leaving the dungeon, Eric and Crowley are surrounded by a group of suspicious combat nuns who tell them to leave. Another nun is now guarding the entrance to the ruined church, so the only option is to leave the location, leaving which takes them straight back to the village. Head to the church to report to Sister Elizabeth and complete the quest (**+200 EXP** , **+15 Sister Elizabeth**); you can ask for a blowjob as a reward ([**animation scene**] , **-50 lust** , **+1 sister Elizabeth** ; **Cum on face** → [cum on face and chest]).

Professions

These are skills that Crowley uses outside of combat, in certain places. Everyone has three rank:

Beginner from 0 to 29 skill level; **Journeyman** from thirty before 59 level skill; **Master** with skill level 60 and above.

Crowley is progressing performing certain action. After everyone times [rewind time] is activated .

Gardening

Crowley progresses by working in his garden (**Care for the plants?** → **Yes**) to boost rank need to get up on free cell on field and press on shovel. Apart from Crowley gains [*Ingredients*] which can be sold to [Sebastian](#) . You can only get them if you have at least one mature plant on the field. The rank of the gardener affects the chance of successfully collecting plants and mushrooms that can be found everywhere in the locations: for a Novice 33%, for an apprentice 66%, for a Master everything is 100%, but [*Mandragora*] can only be collected at night, regardless of level skill. Together with a plant sometimes can collect them seeds, which can use in garden. Probability the fact that it will fall to you by about 33%. Do not work at night or during rain. Work costs **+1 hunger** and [rewind time] .

AT garden eat 10 cells for plants, but initially games free only four cells. Rest needs to be cleared (action button → **Clear** → [rewind time]). To plant a seed, you first need to dig a hole (**Prepare the ground for planting?** → **Yes** → **+1 hunger**). When interacting with the hole, you can select a seed to plant. Plants grow every time they are watered, either from a bucket by a well or rain.

Collecting a plant in the garden gives you that plant and at least one seed for it. The number of mature plants in the garden affects the drop rate and the amount of [*Ingredients*] obtained by working. The number of items received is affected by the rank of the profession and the number of plants in the garden.

Cooking

Progress is made by what Crowley cooks in his house. Cook **Something Simple** can use any cooking ingredient, produces a simple meal, and can only be cooked once a day. The results depend on the rank:

- Newbie → [*Lunch (Dinner)*] → **-4 hunger** .
- Apprentice → [*Delicious dinner (Tasty dinner)*] → **-7 hunger** .
- Master → [*Good dinner (Good dinner)*] → **-10 hunger** .

Same cooking may educate [Alice](#) (if help her in the morning in her house, when goes rain) and [Samantha](#) (when she is in the country, she cooks at Crowley's house in the morning).

Some ingredients can be bought from certain villagers; some of them drop randomly from enemies. They can also be eaten without cooking, but with a small benefit (**-2** or **-1 hunger** , depending on the item).

Crowley can also use a recipe to make a dish that requires more than one ingredient. All starting recipes are nutritionally equal to [*Tasty dinner (Tasty dinner)*] (**-7 hunger**).

- **Level 2 (+50 / = 50 experience) :**
 - **Fiery ball (Fireball)** — more powerful fiery spell, which since chance in 20% maybe set fire to enemies and thirty% chance on miss; With practice his can improve:

A small note about status effects: in 0.350.2, some nuances appeared. Both characters and enemies get wet if the fight starts in the rain. Wet enemies are more vulnerable to cold and electricity and less vulnerable to fire; they cannot be set on fire, but are easier to freeze, and fire spells remove the wet state on impact. Burning enemies less vulnerable for ice and water, them it is forbidden to freeze, but spells ice them extinguish. Frozen enemies are more vulnerable to ice, less vulnerable to fire, and cannot be ignited, but fire spells will thaw them. Sticky enemies (Rose's skill) can always be set on fire with a fireball.
