

Warlock and Boobs

An unofficial "handbook" compiled by **Harmless Arachnid**.

Translated into Russian and supplemented by **BerowBear**, for version **0.400**

(December 2022) **Find the game developer here:**

[Busty](#)

[SubStar](#)

This "handbook" is based on the document from **Harmless Arachnid** for version 0.353, many thanks to him for the work he has done. The structure, headings, colors, links, terms in this document are similar to those in the English version, about them below. Unlike the English version, I did not hide some text behind "spoilers".

If you find an error or inaccuracy, please write to me at BerowBear@gmail.com I'll fix it, thanks in advance.

There are headings for easy document navigation, if your PDF spacer doesn't display them automatically, look for navigation bars on the View tab in your program. In addition to headings, there are links in the text that you can additionally navigate through the document. Let's go through the main points:

"Colored and highlighted words in brackets and why are they not inflected?"

- **±n Character name** - this color displays everything related to the level of relations with this character, such as increasing / decreasing the level of relations or requirements for triggering events with this character
- **[Copper ring]** - this style indicates the names of things in your inventory.
- **Fire Arrow** - this is the style of the spell in the document • **Speak** - the dialogue/ interaction options are written in bold style as they are written in the game itself.
- **[This is what the link looks like](#)** - this particular one leads to the site with the latest

version of the game. I did not inflect terms / designations along the text, so you can safely use the search:

- **HP/MP/TP/Lust/Hunger/Gold/EXP** - Denoting health / mana / tactical points / lust / hunger / gold / experience respectively.
- **[Time Rewind]** - this means that after the event the time of day changes, usually only one time stage Morning/Afternoon/Evening/Night changes. There are exceptions, but in such cases I write at what time of day the time has changed.
- **[scene image]** - two or more full-screen images accompanying the text (the number may include image variations) • **[animation scene]** - contains at least one full-screen animated image.
- **[image]** - one full-screen image with a short description text or several lines of dialogue.
- **[portrait image]** - uses one or more portrait images characters (including zoom/pan options).
- **[sprite animation]** - just animation of character sprites, without any other images.
- **[scene thumbnail]** – a text scene illustrated with one or more small images focused on certain parts of the body. • **[text scene]** – regular text scene, sometimes supplemented with sprite animation. • Scenes other than **M/F** are tagged with **F/F, M/M, Futa/M, Futa/F**. • **TODO** – revision/clarification required.

Quests

Listed in random order. You don't have to do them in this order.

The Terrible Secret of Fina Ironheart

Starts with a conversation with [Karla](#) in a tavern. She'll tell what people say [Fina](#) disappears in the evenings and no one knows where.

Answer: She swims naked under a waterfall in the forest. Approach the bushes to complete the quest (+5 EXP) and enjoy the standard consequences of seeing her naked (+30 lust).

With enough lust, you can jerk off to Fina if you agree [portrait image], -50 lust. And this is where the quest ends.

magic circle

Starts by interacting with the magic circle in Crowley's basement/laboratory. You need [Empty jar] - you can find it: • buy it in Sebastian's shop (for 30 gold); • take from the table in Crowley's house. (central room 3 jars on the table).

There is a bookcase in the inside of the church (it will be possible to approach it at night), in it you find a book from which you will learn that a circle can be created using the remains of a large slime. She can be found in the Slug Cave in the eastern part of the forest. The busty big slime will be located in the northeastern part of the cave.

- *Defeat:* Busty slime gives Crowley scottfuck ([image], -100 lust, [rewind time]).
- *Victory:*

Crowley collects the remains in [Empty jar] (+45 EXP). Interact with the circle in your basement one more time to paint it and then one more time with the completed circle to complete the quest (+100 EXP). This quest is a direct condition for completing the **Return Spell** quests and

"Summon Succubus"

You can now use [Jar with slime] while masturbating before bed. After 10 times you will get slime girl [Lizzy](#)

return spell

Starts by reading a scroll (+10 EXP) obtained from a bandit when Crowley saves [Juliet](#) (it's on a table in Crowley's basement lab). If you have a working magic circle, simply interact with the scroll again at night to complete the quest (+10 EXP). This gives Crowley the **Return spell**, which allows him to teleport back to his basement (-50 MP, out of combat) if alone or with [Eric](#). The spell can also save your ass if you hit the nest of a tentacle monster in a ruined mountain [pass](#).

Summon Succubus

Buy a magic book for 50 gold from [Sebastian](#)'s shop. She will appear in Crowley's basement. After reading the book, you will start the quest (+30 lust, +15 EXP). Re-reading the book will teach you the Rain Spell (**Ritual of rain -30 MP**) Unsurprisingly, this requires a working magic circle, but it's not enough. After completing the **Dark Night quest**, Crowley remarks that he now knows which ritual

use (+50 EXP) and that he should surround the circle with protective lights using a special fuel.

Head to the Old Tower and inside talk to [Melissa](#). After she answers [Crowley's](#) question about her house, ask her again for more information on magical barriers (+20 EXP). Apparently [*Elven root*] is

suitable fuel.

First of all, we need to defeat the Flower Girl, who is located in the fairy meadow. The entrance to the clearing is located in the northwestern part of the forest.

- **Defeat:** She uses her boobs to get some cum ([*scene image*], -50 lust, [time rewind]).
- **Victory:** It will drop [*Magic pollen*] and you can continue

quest.

After the victory, go to the elven camp and talk to [Leaf](#) at night (If you have [*Fairie dust*] in your inventory, he will first offer to buy it from you) to exchange [*Magic pollen*] for four pieces of [*Elven root (Elven root)*].

Once home, interact with each brazier around the summoning circle to start a fire, and then interact with the circle itself to summon a demon. Ironically, this turns out to be a Wrong Number case, but the demon offers a deal. The contract is magically signed with cum, so the succubus trainee jerks off Crowley ([*scene image*], -50 lust). From this moment, the quest "**Contract**" begins, after its completion, this quest will also be completed.

The night is dark

Starts by talking to [Sister Elizabeth](#) after receiving **the Summon Succubus quest**. She warns Crowley not to go out at night. After that, every night when you are outside the building in the village, after a random period of time, a succubus will attack you. This boss uses sleep, confusion, and life drain. Tips: Recommended level 2 for the Sleep spell and use of [*Clear mind potion*].

-
- **Defeat:** The succubus drags Crowley to a secluded place and rides him until dawn ([*scene image*], -100 lust, [time rewind]). In the morning his sister Elizabeth finds him.

• **Victory:** The succubus gets angry and flies away. She will no longer bother you at night. After defeating the succubus, report back to Sister Elizabeth in the church to complete quest (+150 EXP, +10 [sister Elizabeth](#) [time rewind]).

At the church's first Sunday service, after completing the quest, [Fina](#) tells the congregation that someone has summoned a succubus, and Crowley takes it upon himself to protect Elizabeth. What happens next depends on the setting of the "gay scene":

- **ON:** Fina punishes Crowley, conjures herself a cock, fucking him in the ass and cum in her mouth ([*scene image*], -100 lust, +3 [Fina](#), +3 [Sister Elizabeth](#), -5 [hunger](#)).
- **OFF:** Crowley is only allowed to watch Fina fuck Elizabeth in the ass with a magical strapon ([*sprite animation*], [*portrait*], +100 lust, +3 [Fina](#), +3 [Elizabeth's sister](#)).

the contract

Starts during the **Summon Succubus** quest when you summon a demon. The demon agreed to help Crowley in exchange for three pairs of pretty women's panties. In our case, these women are [Fina](#), her daughter [Astra](#), and our neighbor, [Alice](#).

1. [Astra](#)'s panties are the easiest to get - they are in her wardrobe;

2. *Alice* has no panties in her wardrobe. To get them in the evening, talk to her younger brother in her house;
3. *Fina's panties* will have to go outside the village, and the only way to get them is to steal them while she bathes in the waterfall in the evening. But just as Crowley tries to get to them (**+20 lust**), a group of foot elves will try to kidnap Fina, and he comes to her defense.
 - *Defeat*: Fina will deal with them herself (**+2 Fina**, [rewind time]); you can try again the next evening.
 - *Victory*: the elves run (**+5 Fina**); Crowley sneakily steals the panties; Fina orders him to mouth fuck a captured Futa Elf, who distracts them and also runs away (**Futa/M**, [scene], **-50 lust**, **+10 Fina**, **+100 EXP**, [time rewind]). You return to the village.

The result of the battle leads to access to the next stage of the quest "**Where is Fina?**". After collecting all the panties, summon the demon again to fulfill your part of the contract. The demon introduces himself as Jimm and teaches Crowley how to properly summon a succubus - at any time of the day. (**+1 Demon Reputation**) with enough lust.

Where is Fina?

Starts by entering the Ironheart Mansion in the morning or afternoon after stealing Fina's panties
Quest "**Contract**".

Finn is not at home. Talk to Astra. She also has no idea of Fina's whereabouts. A piece of paper on Fina's desk gives a clue: she was invited to the elven spa as compensation for the attack at the waterfall. Talk to Astra again to calm her down (**+3 Astra**), but Crowley is not convinced. Visiting a SPA is not as easy as it seems. During the day, the guard turns everyone back. At night, the front door is locked, but light pours in from the side windows. The synopsis shows Fina being gangbanged by the **Futa Elves (Futa/F**, [image], **+30 lust**), so Crowley decides he should grow breasts to infiltrate the spa and save her.

"A person who knows about transformation magic" is, of course, Melissa. She offers to teach Crowley how to make a breast potion if he licks her pussy. **Get on your knees** ÿ [scene image], **+100 lust**, **+1 Melissa**, **+100 EXP**.

Now you can brew the potion... if you have the ingredients:

- *[Mandragora]* - it can be collected only at night; • *[Elven futa sperm]*
- either defeat the futa elf in the elven forest and use *[Empty bottle]* to collect her sperm after winning the fuck (both options work), or buy from a drunken orc at the orc camp).

Drinking the potion gives Crowley a beautiful pair of breasts and a key item that controls whether he shows his cleavage or not. Don't worry, changes are not permanent. You can walk around to see people's reactions to the change in Crowley's appearance (especially Jill ÿ **+100 lust**). _____

At the spa, even with boobs, Crowley still has to convince the security guard to let him through:

- Give **Wine** (if you have it); • **Suck** ÿ **Futa/M** [animated scene], **+100 lust**, **-3 hunger**; • **Fuck in the ass** ÿ not in version 0.400; • **Fuck** ÿ **Futa/M** [scene image], **-100 lust**. Once inside the spa, it becomes obvious what is happening. It turns out that Fina is not being held against her will, but she realizes that she was deceived and becomes furious. After she puts on

corresponding damage, the elves give up and promise to make amends by opening the spa to outsiders (+15 Fina, +100 EXP). (From the moment you complete this quest, special events on Saturday evening become available). Completing the quest is a prerequisite to access the **Reducto** and **Futa Music** quests.

Night quest

The quest begins by talking to [Carla](#) after [Lizzy](#) is released from [the jar](#) and you haven't provided her with sperm for over three days. Carla says the village men have been looking tired lately and she hopes it's not a female vampire. Crowley decides to investigate.

After that, at night you can see [the \[sprite animation\]](#) of the culprit in action when she visits another man every night:

- *Monday and Saturday*, [Sebastian](#) (you won't actually be able to see the animation, but if you chat with him the next day, he complains about a strange dream);
- *Tuesday and Friday* [Eric](#);
- *Wednesday* Grandpa Jason;
- *Thursday and Sunday* [Derek](#) (even after marriage).

Interacting with the animation grants +15 lust, and on the first run, +100 EXP per completing the quest.

futa music

The quest starts after talking to the red-haired elf manager at the spa after his discovery as a result of the task "**Where is Fina?**".

She tells Crowley that they are looking for a musician. By now, you've probably met the right person: [Elizabeth Darkwood](#). Talk to [her in the evening in the tavern](#), she says she will check it out. Then visit the spa during the daytime to see her. As a thank you, she lets Crowley cum on her face ([\[scene image\]](#), -50 lust, +10 Elizabeth Darkwood). From now on, she is in the spa during the day, where you can flirt with her.

Show must go on

Unlocks on the first Saturday after completing **Foot of Music** + if you are in a relationship with [Elizabeth Darkwood >10](#).

The quest begins with a conversation with the manager of the elven spa (in the [afternoon](#)) or [Carla](#) (in the evening). Crowley notices that [Elizabeth Darkwood](#) is missing from her usual seat. A conversation with the quest giver reveals that she is missing, and some suspicious character is getting her. The description of said character is a clue as to who is responsible, which in turn should give you an idea of where to find her if you've explored the entire map. She is in the bandit hideout in the west of The Rock, in the center of the bandit lands.

Entering the Bandit Fortress causes conflict and a group fight. Fight quite difficult, so brace yourself.

- *Victory*: With a high enough lust, Elizabeth offers Crowley a reward. **Get reward** ÿ Crowley fucks Elizabeth in the ass on the table (**Futa/M** [\[scene image\]](#), - 100 lust). In this case, the quest is completed.
- *Defeat*: The bandits rape Crowley while Elizabeth watches (**M/M** [\[scene image\]](#), -100 lust), then the bandits steal his gold and throw him out of the area. Crowley could try to save her again at any time.

Completing the quest restores Elizabeth's previous schedule and unlocks additional flirting option... (+300 EXP, +10 Elizabeth Darkwood).

Reducto

The quest automatically starts by entering Crowley's basement after he has grown his chest, after completing the quest "**Where's Fina?**".

He remarks that an attempt should be made to reverse the effect of the boob potion. In the evening, read the book in Crowley's room, notes that *[Scarlet flower]* can reduce the effect of the transformation. Brew the potion in the lab to complete the quest.

big and green

Starts by talking to [Eric](#) in the morning after Crowley learns the sleep spell. Eric reveals that while "exploring" the goblin caves, he was attacked (and fucked) by an unusually large goblin. Crowley decides it's worth investigating. The western (left) side of the goblin cave is now unlocked. There's a goblin downstairs... and after you start the fight, a big goblin suddenly appears! Another fight with the "boss" (she has a lot of health, if her **HP** drops below 30%, she crushes you and you lose. Use ice spells).

- *Defeat*: a fat goblin will slam Crowley into the ground ([\[image\]](#), -100 lust, [rewind time]).
- *Victory*: You will receive 3 [random rewards](#).

In both cases, +100 EXP for completing the quest, and now you can meet fat goblins in other places, as ordinary monsters.

Lost Delivery

Starts by shopping with [Sebastian](#) when you have *[Strange rune]* in your inventory (found as random loot in dungeons, dropped by certain enemies or *[Ancient urn]* item if you "know" a specific [character](#)). Sebastian says that a couple of orcs he hired to deliver lost a package while making their way through the goblin caves.

You can meet these orcs in the orc camp, but apart from the information that some large slime-like creature probably took the package, this will not help much. It is better to find out "on the spot". Prepare well. In the goblin cave, go down the stairs on the east side, then follow the tunnel. Better dodge the goblin shamans, they are not easy opponents. Go north and you will find yourself in a goblin village. Talk to the [goblin chief](#). She says the monster took the package. Return to the previous location, the goblin guarding the eastern exit is gone. _____

After walking through it, Crowley finds himself in a cave with several slimes... and a big slime cube shuffling around! Time for a [boss fight](#) (lots of **HP**, he has resistance to sleep, paralysis, and fire; one of his attacks can engulf Crowley, paralyzing him until he breaks free). *Tips*: Crowley spits out the Cube immediately if it is covered with a slime repellent [potion](#) *[Slime repellent]* or equipped with *the* *[Slimes' terror]* [amulet](#). _____

- *Defeat*: Crowley wakes up naked in the goblin village. [Time Rewind]
- *Victory*: Crowley finds the key item *[Magic eye]* but not the missing package. Talk to the leader again. She admits it was a ruse to get you to get rid of the monster and gives you the merchandise.

Receiving the goods is a prerequisite for continuing the quest "**A Woman for Derek**". Returning the delivery to Sebastian ends the quest (**+100 gold, +100 EXP**). After the quest, the goblins in the caves stop attacking Crowley.

Woman for Derek

The quest begins by talking to [Derek](#) in the pub in the afternoon, after [Juliet](#) has been hired to teach the kids on *Mondays* and *Fridays* (this requires attending a Sunday morning church service), and decides to help him (this also removes the Seduce option).

Need to find him a busty wife. If you've spoken to all the goblins in their village during the **Lost Delivery** quest, you may have spotted a goblin who says she loves people. If you talk to her after receiving a delivery from the chief, she will be deeply impressed that Crowley has defeated the cube and will offer to become his wife. Now you can propose Derek instead. [Taisha](#) willingly agrees to meet him. Return to the village where [Taisha](#) meets Derek and drags him into the house to "call him". [rewind time]. After the "wedding" talk to Taisha (**+20 Taisha**) and Derek (**+100 EXP**, quest ends).

Restoration

Starts by visiting the second floor of Crowley's house.

The second floor is currently uninhabitable and Crowley decides he needs to find someone to help him fix it.

If you helped [Derek](#) find a wife, talk to him when he is near his house and ask about the second floor. It takes him seven days to complete the repairs. During the day, during this time, you can find Derek on the 2nd floor of your house at work, where you can offer him your "help" if you wish (**M/M, [scene image], -50 lust**). After remodeling the floor, Crowley notices that he needs some furniture. Go to [Sebastian](#)'s shop. You can buy furniture for **200 gold** (or only **100 gold** if you [helped Sebastian](#) with the lost delivery).

Either way, this completes the quest (**+200 EXP**), furnishes the second floor, and lets Crowley ask Jill to move in.

New laboratory

Begins by asking Melissa about her lab. (Unfinished in 0.400) After

Crowley gets the *[Magic eye]* when he enters his basement, he remembers what [Melissa](#) told him about using a powerful [magic](#) item as an anchor. He decides to saturate the "eye" with magic. In practice, this means transferring 999 mana from Crowley to the orb. There are no daily transfer limits, so if you have mana potions, you can speed up the process. When the orb is fully saturated, choose **Do this** to perform the ritual that links the orb to the laboratory (**+200 EXP**). Once bound, the orb can be used to recharge **+50 MP** once a day. If you have learned the **Return spell**, Crowley can use a magic circle to teleport to several unlockable locations for **50 MP**.

Locations are unlocked the first time you visit them (in older saves, you need to use cheat room). List of available locations:

- Melissa's room;
- Camp elves (the one with the spa);
- Orc camp (the one next to the elven forest);
- Goblin Village (deep in goblin caves);

- In front of the ruined temple (the one with the [Priestess](#)).

In version 0.400, further progress on the quest is impossible.

busty smugglers

You can get it during a conversation with [Diana](#) if you met [Iss](#). Diana _____ complains that the inhabitants of the elven forest intercepted some couriers and stole three the package she needs [*Parcel with rune*]. Crowley, of course, agrees to help.

This is a normal combat quest - go to the elven forest and hit any enemies until you they will not drop all three packages.

However, it's more difficult than it looks. Parcels drop out randomly:

- from [foot-elves](#) and [femboys](#), the chance of falling out is ~10%,
- from [busty elf-sorceresses](#), the chance is ~50%.

This means that if you want to finish the quest quickly, you need to defeat at least three times one of the strongest, if not the strongest mob in the game. Please note that parcels drop outside of the normal combat system - after you have completely dealt with the enemy.

When you have three packs, talk to Diana to complete the quest (**+300 EXP +10 Diana**). As a reward, she offers titjobs (**Fuck her tits** ÿ [*scene image*], **-50 lust, +2 Diana**).

Tea with milk

Can be obtained during [Melissa](#) 's questions in "[Ask](#)". You need to talk to her at least 3 times, on the 4th time she should start a conversation about elven milk (if you heard a lecture about ghosts, then the next day you will be able to start the quest).

After talking about space expansion, barriers and ghosts, Melissa finally talks about the problem with her project, she asks Crowley to find her some [*Elven milk*]. There are three possible ways to fulfill her request:

- If you already have milk, you can immediately give it to her; • Fight with a [busty elf](#) in the elven forest (big boobs sprite)
 - o If you win: **Fuck Busty** ÿ Tit **Fuck** ÿ Squeeze **Harder** ÿ **Collect** (you must have [*Empty bottle*]).
- From a drunken orc merchant who sells foota elf sperm and other things in the orc camp. **Yes**, you don't have to buy anything to see his wares - when you close the trade screen, Crowley asks him for milk. In return, he asks for a favor: you can either deliver the letter or suck him off.
 - o **Yes** ÿ **M/M** scene where Crowley sucks off an orc, [*scene image*], **-50 lust, -3 hunger**.
 - o **No** ÿ Crowley must deliver the letter to [Leaf](#); [laughing](#) at the content, return to the orc for a reward.

When Crowley delivers the milk, Melissa takes it to use in her body transformation experiments. She enlarges her breasts and then, unintentionally, her lips. Crowley must first help her reduce her lips to normal, and then test the stability of her breast transformation by massaging her boobs with a Reducto potion ([*portrait image*], **+3 Melissa**). "**Ask**" Melissa again and she asks Crowley to accompany her. "**Yes**" teleports both of them to the witches' tea club room, where he is introduced to Sandra, a dark-skinned human witch, and Velena, an elven witch with huge breasts. Look around and interact with bookstores

shelves and documents to get fun lore fragments, and then talk to Sandra and Melissa. Talking to Velena triggers a scene where Sandra greatly enlarges the elf's breasts until she can't move ([image], +30 lust). Not surprisingly, choosing **Soscotrach** results in Crowley fucking one of Velena's huge nipples (-100 lust, [scene image]).

Dialogue with all possible characters in the room causes the end of the quest (+100 lust, -10 hunger, +200 EXP, +10 Melissa) and teleports you back to Crowley's basement.

Perhaps in future versions of the game, the developer will introduce a breast enlargement potion (text box v0.400), and after this quest it will be unlocked.

Case in the Order

The quest can be obtained while helping [Fina](#) with her mail after completing the **Milk Tea** quest and if [Eric](#) received an upgraded sword from a mysterious [Priestess](#) during your daytime hunting.

Fina asks Crowley to deliver the Order's official letter to [Sister Elizabeth](#). (In the [\[Key Items\]](#) section, you can read the letter. Seemingly without any repercussions.) Go to the church to see Sister Elizabeth suck Eric ([image]). It is revealed that the Order is searching all the nearby ruins for relics from the Church's past, and Sister Elizabeth suggests this is for nefarious purposes. She asks Eric and Crowley to help her find these relics before the Order does. Eric agrees and says he will be waiting for Crowley at their camp.

You can meet him there or go alone. In the first case, if you say that you are ready, you will immediately be teleported to the map **[Eastern Ruins]**; otherwise, you'll have to navigate there on your own (it's directly east of the elven forest). This choice only matters for interacting with the orcs in the ruined church, they have dug into the basement and you have to decide what to do with them:

- **Bribe with drinks** ÿ you can choose which drink to give them (any choice spends one of these items): o

[Beer]: ÿ too weak. o [Wine], [Wine
"Sweet Lips"], [Goblin ale] ÿ orcs

get drunk and fall asleep.

- o [Lust potion] ÿ orcs get excited. ÿ *If Eric is with Crowley*, they should both suck off orcs (M/M [image] focuses on Crowley, -50 lust, -3 hunger). ÿ *If Crowley is alone*, he sucks off one of the orcs (same M/M [scene image]) and then fucks another orc in the ass (M/M [scene image], -100 lust, -3 hunger).

In both cases, the orcs then fall asleep. • **Cast-**

- spell** (if Crowley knows the [Sleep](#) spell and has enough mana to cast it) ÿ -6 MP, orcs don't even realize what happened. • **Seduce** (if Crowley got fucked in the ass at least 10 times) ÿ

o *If Eric is with Crowley*, the orcs decide they like him better and double penetrate him (M/M [sprite animation]). You can jerk off (-50 lust, [portrait]) or just watch.

o *If Crowley is alone*, orcs infiltrate him twice (M/M [sprite animation]; -50 lust).

In both cases, the orcs then fall asleep.

- **Leave** ÿ you have a chance to rethink your strategy.

Once the orcs are asleep, all that remains is to take their rope and use it to descend into the hole - into the basement of the church. Here, Eric rejoins the group if Crowley left alone. Either way, they both fall through the cracked floor and are separated when Eric falls to another level. In the next step, you are alone. Crowley finds himself in a dark labyrinth, some passages blocked by sliding bars operated by levers and switches scattered throughout the maze. Lots of monsters roam around: randomly sized slime groups, flying members, and busty ghosts that walk through walls. The only door that is strictly required to be opened is the exit, a double grate on the east wall, but there are treasure chests in some of the locked rooms. The most notable feature is the breast altar in the room right at the entrance: drinking from it restores **HP** and **MP (+100 lust;** if Crowley has breasts, lactation starts), but every sip after the first has a chance that Crowley will grow breasts (if he has she is not). Another notable feature is the passage connecting the two staircases.

After the maze, Crowley catches a glimpse of Eric fighting the tentacle monsters and decides to hurry. You must open the door in the next room:

- We are greeted by a regular 3x3 puzzle on the floor: if you walk over a tile, it will switch, and also switch the tiles that are in contact with it, showing or hiding parts of the image. Assembling the entire image opens the door. o *Hint:* If the tiles are numbered as shown below, the possible solution to the puzzle is 8587139.

1 2 3
4 5 6
7 8 9

- Stone ass on the wall next to the door. Interacting with her repeatedly results in increased lust (**+10 lust** ÿ **+20 lust** ÿ **+20 lust**) and finally the ability to fuck her (**[sprite animation]**, **-100 lust**), opening the door if it wasn't open. If Crowley has enough lust left, he can fuck her again.

After that, Crowley goes through another passage that allows him to see what is going on in the lower level: Eric met the mysterious **Priestess again** (nipple-mouth fuck **[scene image]**). In the next chamber, you can finally reunite. Eric shows off his gift from the Priestess - *[Epic sword (Marvelous sword)]*, or just a blessing if he already has one (from the dungeon **[Labyrinth]** during the hunt). Leaving the dungeon, Eric and Crowley are surrounded by a group of suspicious combat nuns who tell them to leave. Another nun is now guarding the entrance to the ruined church, so the only option is to leave the location, leaving which takes them straight back to the village. Head to the church to report to Sister Elizabeth and complete the quest (**+200 EXP, +15 Sister Elizabeth**); you can ask for a blowjob as a reward (**[animation scene]**, **-50 lust, +1 sister Elizabeth; Cum on face** ÿ [cum on face and chest]). After the quest, the nuns seem to have taken up residence in the ruined church, using it as some kind of base or training camp. You can visit this place again and see various events.

And the blessing of the mysterious Priestess begins to produce some strange effects on Erik...

The Amazing Miracles of Soskofuck

The quest starts with Crowley trying to fuck **Carla** 's nipple (one of the random choice in the **Talk** dialog if the relationship is **ÿ 25** and **Jill** is in the village).

Crowley only succeeds in pressing her nipple into her soft breasts, but this makes him wonder if there is a way to actually penetrate her nipples. If you have completed

quest "**Tea with milk**", you should remember ... the case with the busty elf Velena, who suggests that she might know something.

Head over to [Melissa's](#) on [Wednesday](#) afternoon to head to the next witch party. (*Tip*: Don't forget to get aroused enough beforehand or bring lust enhancing items.) Flirt with Velena to recreate the magical nipple fuck scene. After that, talk to Sandra - her topics of conversation are random, so repeat until she refuses to reveal the secret. Then talk to Velena again. She also refuses to give a direct answer, but hints to Crowley about the approximate location of the secret place. Now you can end the party whenever you want.

There are two ways to find a location; the first allows you to visit the place even after the quest:

- Using the spell "[Eye of the beholder](#)" to find a hidden entrance in the place that Velena hinted at. (*Hint*: it's south of the stream, in the southeast corner of the elven forest).
- Some cunning [character](#) may agree to take you there for **20 gold** if you have so much **(+50 lust)**. Finally

reaching the spot, Crowley is confronted by a four-breasted elf. To prove himself worthy of this secret, Crowley must pass the test by [battling](#) it. If Crowley refuses (or loses the battle), she kicks him out of the secret clearing. After winning the battle, Crowley can enter the temple and talk to her about the secret he wants.

to know:

- **Can I fuck your boobs?** and **Can I suck your boobs?** ÿ Both options are rejected by the elf, but she allows Crowley to masturbate on her boobs ÿ [\[portrait image\]](#), **-50 lust**, [cum on chest]. • **Soskofuck's Secret** ÿ she teaches him the required spell ([time rewind]),

quest ends **(+500 EXP)**. Carla's visit is

not required to complete the quest, but you're probably going anyway.
do it..

Juliet's Dungeon

Started by talking to [Juliet](#) in the morning or afternoon after Crowley visited the dungeon entrance in the bandit wasteland (the cave north of the acid pools with the tentacle monsters) and interacted with the locked door.

Juliet explains that [Iss](#) told her about a dungeon full of old relics, but she is afraid to go there alone due to possible monsters. If Crowley decides to offer help, both are instantly transported to the cave entrance.

The dungeon itself does not have a complex layout. Some enemies roam the rooms, but they are usually easy to avoid. They are either familiar tentacle monsters or swarms of magical flying members (they only use lust attacks; vulnerable to fire); losing to them reveals a short [\[sprite animation\]](#) scene of Crowley and Juliet getting fucked by the swarm. Losing to any enemy in the dungeon [rewinds time] and fails the quest, returning you to the village - you can try again the next day.

Notable Rooms: • *Northwest* -

Library: one of the bookcases contains a recipe for [\[Soothing Tea\]](#) ([cooking](#), not [alchemy](#)); one of the others has a funny piece of lore **(+30 EXP)**.

• *North Center*: Exit to the last area, but it's covered by a portcullis. • *Northeast* -

throne room: **+1 Juliet** for interacting with the ass statue; sit on the throne and face south to read the funny dialogue.

- *Southeast room*: accessed through the boulder puzzle, a lever that opens the grate to the last location.

When Crowley and Juliet enter the last location, they are interrupted by bandits who are unhappy that you looted the dungeon they dug up. The conversation reveals some facts about Juliet's family. This is the final battle of the dungeon - you face the leader (the bandit) and his two masked minions. • *Defeat*: [scene image] M/M where the bandit leader fucks Crowley in the ass (if gay scenes are enabled) while Juliet's sprite rekindles another bandit (-100 lust). You fail the quest. • *Victory*: the leader of the bandits drops a magical artifact that causes interesting changes in his ... her anatomy; the bandits flee as Crowley grabs another visible treasure, a book.

Crowley and Juliet return to Crowley's house, where they celebrate their victory with anal sex (default [scene image]). Completing the quest grants +15 Juliet and +200 EXP. The book is set in Crowley's basement - reading it gives the recipe [Big load potion]. Completing the quest also unlocks encounters with the busty versions of the bandits, including a victory scene and a new voyeuristic opportunity at the bandits' hideout on Tuesday and Sunday nights.

Witchcraft for Dummies

Access to the quest opens after completing the quest "[It's in the order.](#)" Try **Summon Jimm** in the basement. The busty demoness Agatha appears in his place and asks how Crowley summons demons outside the basement. As a result of the conversation, she shares the secrets of dark magic.

Next, we need to find three places with a high presence of demonic forces, and install beacons there. To perform the demonic beacon binding ritual, you need the **Eye of the beholder spell**, we need to look for statues: 1. In the north **of the Rocks location**, we need a destroyed head (teleport to **the Temple ruins**); 2. In the center **of the Elven Forest**, a statue of a woman on top of a waterfall 3. 3rd beacon in the Ruined Church (which you went to with [Eric](#) on the [quest](#)), as soon as you start the ritual, [mother Sabrina catches you](#). Crowley pretends who cleans the altar, for which Mother Sabrina hands him a broom, and loads [him with cleaning](#) the entire church [time rewind] While the nuns [are distracted](#), you perform the ritual. Crowley restores all mana.

Having finished with the rituals, we return to the basement and try to **Call Jimm** again (you can do this the next day). This time, Jimm answers the call and teaches Crowley demonic secrets. This is where the quest ends.

From now on [you](#) can summon [Meryl](#) in [combat](#), she has **her** own **SP** counter [like Lizzie](#) .

dildo quest

Unlocked when [Taisha's relationship level is 25](#).

When visiting [Sebastian](#) in the morning, in his shop, [Taisha](#) will follow you to [buy himself](#) a dildo for training, but the stock in the store is depleted, so the goblin leaves with nothing, Crowley decides to help Taisha with her problem.

Any dildo that is in the game will do:

- [*Jade dildo*] - can be obtained from a [random drop](#), or [knocked out of Femboy Elf](#) or [Battle Nun](#);

- *[Dildo]* - can be bought from [Reyna](#) in the evening for **20 gold**.

After you have found the dildo, it remains to give it to Taisha. This can be done in the morning or afternoon (if you have both dildos in your inventory, Crowley hands her a regular *[Dildo]*). As a reward, you will receive **+100 EXP, +10 Taisha**. After this quest, the **Anal** flirt option will be unlocked .

In service

This quest starts automatically after you enter the tavern on Friday evening, provided that you have completed the quests: "[Summoning a Succubus](#)", "[Lost Delivery](#)", "[Tea with Milk](#)", "[Juliet's Dungeon](#)", "[A Case in the Order](#)". The trinity enters the tavern: [the Great Paladin](#), [brother Volt](#), and [his golem](#). The Grand Paladin is indignant at the deplorable display of debauchery, and asks to be taken to the leader.

During the meeting at Ironheart Manor, the Grand Paladin asks Fina to provide a local "escort" who is familiar with the area around the village, and Fina assigns the responsibility to Crowley. After you regain control, head to the location with the destroyed tower, and talk to the Great Paladin, reporting your readiness to enter the service.

This completes the quest in version 0.400.

Save Topless Friday

This quest will become available after starting the quest "[In Service](#)". To activate it, go to the tavern during Topless Friday. You will notice that all the characters are dressed, after talking to [Carla](#) it turns out that they have decided not to go topless on Friday so as not to cause unnecessary problems for [Sister Elizabeth](#) until their issues with the paladin are resolved. Crowley decides to help his sister Elizabeth. Next, you need to find Sister Elizabeth and talk to her (she does not go far from the church). She worries about what is happening and says that only the manifestation of the Creator's blessing can help in the current situation, or some kind of artifact. We need to find someone who understands artifacts. We go to [Iss](#), she is usually at home in a swamp in an elven forest. Talk to her, she will take a promise from Crowley to return the favor in the future for her information about church [relics](#). She will tell you that in the ruins of the church there is a secret room that opens with a special key, where Iss himself does not know where the key is located.

The key we need can be obtained from brother Volt (if you have not spoken to the Great Paladin before, then talk to her first so that the necessary dialogue with brother Volt appears). He and the Great Paladin settled next to the old tower (between the forest and the elven camp). Brother Volt will tell you that the order is also looking for the lost relic, but he himself is skeptical about this matter. During the conversation, Crowley receives the key item *[Strange gem]*. Further in the daytime, talk to [Eric](#) in the forest and **ask about the ruins of the church**. You will come to a location with a [destroyed church](#). The passage of this location is no different from its passage during the hunt. The only difference is that you need to additionally **look behind the tapestry** in the church hall. Behind it you find a hole for a small object. Insert the *[Strange gem]* that Brother Volt gave us into it. Suddenly, Crowley falls through a hatch and finds himself in a dark room littered with crates. At the end of the room you find a portrait of the creator (**+10 lust**). With Eric's help, you get out of the "trap" and return back to your forest camp. Wait until night and hang the picture in the church, on the wall between the statue of the goddess and the bookcase. Now you can admire the image of the creator at any time (generates **+5 lust** once a day with the **Jerk off option**).

Go back to church the next morning. Sister Elizabeth rejoices at the sudden appearance of the lost relic of the Maker and decides that this is a sign that the Maker favors this church and decides to be more outspoken by exposing her breasts **+10 lust, +300 EXP**. This quest ends, from now on, sister Elizabeth will rest in the tavern on Friday evenings.

Repeatable quests

These tasks can be completed more than once, but nevertheless they are indicated in the journal.

Treasure Hunt

Start by talking to [Sebastian](#) after completing the [quest](#) and if you've met [Iss](#). He says she might have a similar job for Crowley. The next part of the quest is repeatable:

Find Iss at her home in the swamp in the elven forest. If you agree to take the job, she will ask you to find a certain item. Item is randomly selected when you accept exercise:

- *[Emerald]*; • *[Topaz (Topaz)]*; • *[Ancient urn]*;
- *[Blue amber]*; • *[Jade dildo (Jade dildo)]*; • *[Ancient tablet]*; • *[Golden idol]*.

All of them can be found as [random loot](#) when [defeating](#) enemies in dungeons or in dungeon chests.

As a reward, Iss buys the quest item at full price (rather than half price like Sebastian); you also get **+10 EXP** and **+3 Iss**. If the thing is too cheap, she decides that more compensation is needed, and Crowley gets a free siscot fuck. There is also a chance that her nipple will slip out of the top when she pays you ([\[portrait image\]](#); **Your nipple** ÿ Iss showing all her breasts **+20 lust** or **Don't tell her** ÿ only **+10 lust**).

The quest can be repeated once a week (for this quest, the week starts on Sunday in the morning), but you must complete the previous task to be able to start a new one.

MILF Next Door Obtained

by talking to [sister Elizabeth](#) during the [daytime](#), on [Friday](#), [Saturday](#) or [Sunday](#) if you [helped her](#), and after catching [Jenna](#) and [Eric](#) on Thursday night this week. _____

Sister Elizabeth tells Crowley that she is worried that Jenna might get Eric's cum in her vagina. She asks Crowley to help Jenna satisfy her lust and redirect her attention to a safer hole by fucking her in the ass.

If your relationship level is high enough with Jenna (ÿ 50), you just need to select the **"Anal"** option when you flirt with her during the daytime until next Thursday. (This disables the Thursday scene this week.) Tell Sister Elizabeth to complete the quest and get her reward (**+20 EXP, +2 Sister Elizabeth**, auto quick blow [\[animation scene\]](#) **-50 lust**).

One-time events

Events that can only happen once and are not part of other quests, dungeon or hunting events.

Saving Juliet

Crowley meets Juliet in the woods (southernmost east path, then upper dead end) when she is anally raped by a bandit ([sprite animation]). You can **Leave** or **Intervene**, after which a fight with the bandit will begin. You better win because...

- *Defeat:* The bandit anally fucks Crowley (M/M [scene image], -100 lust) before Juliet attacks the bandit and chases him away.
- *Victory:* The bandit runs

away. In both cases, you get +10 EXP and Juliet's Gratitude (+20 Juliet). Talk to her, if your lust is high, you can ask her for sex ([scene image], -100 lust). If you defeated the bandit, you will find +40 gold. In any case, you will be able to find a magical scroll that activates the **Return Spells** quest.

Nest of tentacles

In the "ruined passage" that connects the northwest exit of the forest to the mountainous region, stepping on cracked ground will cause Crowley to fall into a cave full of tentacle monsters.

- (If Crowley has learned **the Return spell**) he can **Teleport** home (at no MP cost or requirement, as opposed to normal use) by only pulling one tentacle monster along with him.
 - o *Victory:* Crowley remarks on the dangers of mountain travel.
 - o *Defeat:* The monster fills all of Crowley's holes; [scene image], -100 lust, -7 hunger, [rewind time].
- If you choose to **Resist**, all the tentacle monsters in the cave follow him ([scene], -100 lust, -7 hunger, [rewind time], increase sex stats more than usual).

Kaaren: battle and forgiveness

Kaaren is a non-hostile lamia who has short hair and unusually large breasts for a lamia. Two events are associated with her: the victory over her and the subsequent apology of Crowley following this victory. She

can be found on *Tuesdays* and *Saturdays* bathing in the lake south of the temple of the mysterious Priestess: **Leave** or **Keep Staring** ÿ +10 Lust and she attacks. Her attacks and weaknesses can be viewed in the [mini-bosses section](#). • *Defeat:* Crowley passes out ([rewind time]). • *Victory:* +200 EXP, [Naga's bracelet],

After defeating the beast, we wait for Monday morning and go to [Fina's estate](#), where [Kaaren](#) complains about Crowley and demands an apology. Fina offers an apologetic tiffuck ÿ [scene image], -50 lust. After this event, on *Tuesdays* and *Saturdays*, Kaaren will unlock the **Flirting variant**.

Conlan's Trouble

Thursday afternoon, location "Gate of Palla" (where Diana stands with her partner).

Conlan complains about the fairies, they prevent him from walking in the forest. Crowley suggests that *[Shovel]* will help him (you can get it from [random loot](#) or buy it from [Reyna](#)). If you already have it, he offers him his: **Give him a shovel** ÿ as a reward, he will give you a random reward.

Hungover Elf If you go to

the Elf camp on Friday, Saturday or Sunday evening, you can find a Hangover [Red Elf](#) who will suffer sitting near the fire: • (if wine is in inventory) **Offer wine** ÿ titfuck as a reward [\[scene image\]](#),

-100 lust, [rewind time to morning].

Hunting events and dungeons

Every day except *Thursday*, during the daytime, [Eric](#) can be found at your "base" in the forest. If you agree to join him, you will be prompted to go **Hunt** or **Go Dungeon** - to revisit any dungeon you have discovered during previous hunts. Hunting gives you up to three consecutive random events, and you can return to the village after each one. For low-level characters, the events focus heavily on general fights with slimes and fairies; they become rarer at level 3 and disappear completely at level 6. Entering a dungeon while hunting means forfeiting the following random events for that day. Completing a hunt or completing a dungeon [rewinds time]. Not all dungeons and events are available from the start - some are unlocked by completing quests, other activities, or leveling up the character.

hunting events

While hunting, Eric and Crowley are ambushed by bandits in a canyon.

When Eric warns her that the thugs can

rape, she replies that she hopes so.

(orcs are hardy and somewhat resistant to both ice and fire; male orcs raise their axes to deal a powerful blow on the next turn). *Tips:* With Crowley's Dream and Rose's Snowball, you should have no problem taking most of them out of action as long as Eric and Jaina focus on the same target.

- *Victory:* **+5 EXP, +3 Jaina, +3 Rose**, and it turns out that the wrath of the orcs was justified.
- *Defeat:* *The orcs are pleased to have beaten you.*

Mystery Dungeon

Eric and Crowley explore the cave and find [Jaina](#) and [Rose](#) in a room with a locked door. To to open it, you can:

- If you have lust, look at the left statue and select **Masturbate** (standard masturbation [[scene image](#)], **-50 lust**).

Ruined Church Event Unlocked after

completing the quest "**Tea with Milk**" (**the battle nuns appear** on different locations).

While hunting, Eric and Crowley stumble upon the ruins of a church. It doesn't take a genius to figure out how to get inside (push back the angel statue on the right). Chest contains 3 x *[Wine]*. If you take the bottles, our adventurous duo run into a pair of **combat nuns** as they leave the church, **unhappy with your robbery**. • *Victory*: exit from the dungeon map, **+1 Eric, +1 EXP**. • *Defeat*: the nuns will "punish you properly"... or by giving a tiresome lecture (**-100 lust**, [time rewind])

Labyrinth ŷ with random opponents

Unlocked by "donating" at least once to the mysterious **Priestess** in the **dungeon _____ destroyed temple**.

Eric and Crowley find another interesting cave. This time, the entrance to the dungeon itself must be opened by solving a simple puzzle with moving tiles. Pieces of the image must be moved to collect the image of the Priestess on the four middle tiles. (Hint: Make sure the left side of the face is in the top left slot and the right chest is in the bottom right slot by using the center four slots to swap the other two tiles.)

Unlike the first random dungeon, the layout of the dungeon itself does not change - only what treasure chests appear, enemies appear (a mixture of slimes, tentacles, ghosts) and the position of the entrance to the second floor and the switch that opens it. Three entry/exit positions are possible (inactive ones are littered with heaps of dirt):

- A room in the northwest corner surrounded by gargoyle statues.
- The room in the northeast corner, next to the room with the winged statue.
- A room in the center of the east end containing a winged statue and broken bases.

There are also three possible switch positions:

- Southeast corner room
- Central hall with pool.
- North central room with pots.

Unsurprisingly, the Priestess is waiting for you on the second floor with another reward for Eric (*[Epic sword (Marvelous sword)]*); if you already have it, she will bless you with replenishing **HP** and MP) if you agree to the "donation" fee (**-100 lust**, [image scene]), or **+50 lust** if you refuse.

Characters

In developing. Characters that Crowley can gain relationship points with or interact with in some way to create scenes.

Agnieszka

Default relationship level: 0.

Grandmother Agnieszka (or Agnieszka) is an old, very old village woman, the wife of Jason's grandfather. They live together in their house in the southwest corner of the village, right at the exit.

If the weather is clear, Agnieszka spends the morning and afternoon herding sheep in a small meadow just outside the village. If it rains she stays inside the house with Jason. In the evening, you can find her at home (while her husband is in the tavern). At night they sleep (... except [on Saturday](#)). When she is in the house, you can buy from

her:

- *[Milk]* - 3 gold; • *[Cheese]* - 3 gold;

Agnieszka is one of the characters affected by the [\[Big load potion\]](#) effect, [vaginal sex with her gives her a big puffy belly visible in all of her illustrations for three days](#) (permanently if the PREGNANCY setting is enabled). If you visit Agnieszka on a Friday night, you can ask her to join

[Topless Friday](#) if you have an **Agnieszka relationship level** ≥ 10

Relationship boost from 0:

+1 Agnieszka on **Monday** and/or **Thursday** after talking to her in the *morning/afternoon* (or **Flirt**), she will say, that one of her sheep, Marvin (presumably a ram), is missing and will ask to be found.

Looking for Marvin: his location is randomly selected from the list:

- *In the village*, next to the Ironheart Mansion.
- *In the forest*, near the waterfall.
- *In the forest*, the last east turn before the exit to the old tower, the southern dead end.
- *At the Old Tower*, northwest corner.
- *In the "Ruined passage"* north of the location with a nest of tectacles.

Since interacting with him instantly returns you back to Agnieszka at no cost to **MP** or [Time Rewind], you can use him as a makeshift vehicle. **+3 Agnieszka** in the *morning* or *afternoon*, when it rains, she sits at home, while talking asks to bring *[Soothing tea]* (see [here](#)) for Jason. **Give tea** $\geq +3$ **Agnieszka**, 3 x *[Bread]* and, if the ratio is high enough, + a more intimate reward. **Scenes with Agnieszka:**

Every *morning* and *afternoon*, if there is no rain, *Agnieszka tends*

Aster

Default relationship level: **-15.**

Astra is [Fina Ironheart](#)'s spoiled daughter and [Eric](#)'s obvious love interest (who can't even work up the courage to ask her to a dance). She lives with her mother in their mansion in the northeast corner of the village, above the church. She spends the morning at home. During the day, she looks after Jessie (Alice's younger brother) and Charlotte (Derek's daughter). When [Juliet](#) asks for the education of children, [this](#) frees up some of the time for her. In the evening she is in the tavern, waiting for Eric to finally ask her to dance. At night she sleeps at home.

Astra really dislikes Crowley (she's the only character who starts with a negative relationship level) because she thinks he's a pervert. She is also not entirely happy with her mother's behavior and her relationship with Crowley. In turn, if Crowley gets close to Fina, she will try to improve her daughter's attitude towards him. jill

Default relationship level: 0.

Jill is Crowley's half-sister, an adventurer who travels widely. Due to some circumstances, she decided to spend some time in her native village.

Jill arrives at Crowley's house on the Sunday after Crowley has solved Sister Elizabeth's overnight problem, but she decides to stay at the Stone Dragon Tavern. At the first Sunday church service after Jill arrives (which may be the same day), Sister Elizabeth asks her to find a way to justify living in the country. Jill is at a loss and Crowley intervenes and points out

that she can be considered a member of his family.

Jill loves to drink and can be found at the Stone Dragon's Bar anytime except Wednesday and Friday mornings when she can't get out of bed. Diana

Default relationship level: 0.

Diana is a female soldier who guards the gates of Pala with a male soldier named Conlan.

Both are on guard duty during daylight hours, then take turns resting: in the evening, Conlan is on duty while Diana sleeps, and vice versa at night (except Sunday). Most of the time, nothing much happens, so Diana tries to break the boredom with an occasional blowjob (Tuesday and Friday). And on Monday morning, she tries to get a free drink from a wine merchant.

After Crowley helps Diana retrieve the stolen packages, **Flirting** with her is unlocked.

Diana and Conlan change their duties after the arrival of the **Grand Paladin**. Now they do not guard the passage, but constantly perform various missions that brother Volt gives them (this can be observed in the paladin camp on Thursday and Friday mornings). Instead, the Gates of Palla are guarded by two random guards of the order. On *Monday* and *Wednesday*, she and her partner return early and relax by the fire, where they can **Flirt with her**. Thursday

Night: Voyeurism:

Friday Night: Voyeurism:

- (unlocked Astra/Eric) **Astra** gives Eric a deepthroat for the night (**[scene image]**). **Jerk Off** ÿ **-50 Lust, -50 Erica Lust**, Just Watching ÿ **+50 Lust**.

Sunday morning:

Voyeurism: • Eric

has anal sex with Jenna in the chicken coop (**[scene image], +20 lust**), the ability to masturbate ÿ **-50 lust**.

In addition, Eric can be interacted with during the day while hunting (see [this](#) section) **Eric's Transformation**: Eric receives too many blessings from the mysterious Priestess during the events of a certain **quest**. As a result, he begins a gradual transformation into a more feminine form, although the process is both partially and completely reversible. The stages of transformation are determined by how many transformation points the character has accumulated before

the morning of that day; Crowley reacts to them when talking to Eric at the hunting camp:

1. **7 points** ÿ more feminine physique with narrower waist and wider hips;
2. **14 points** ÿ longer haircut: Crowley may suggest keeping the haircut or cut your hair short (cancels the change, but the points remain);
3. **21 points** ÿ big breasts: Crowley can't miss the opportunity to touch (**+5 lust, +10 Eric's lust**);
4. **28 points** ÿ larger and more feminine lips; 5. **35 points** ÿ huge lips of a girl. The process of feminization

does not go so far as to remove a penis or add a vagina. Eric gains one transformation point every night. Some other factors may also

affect the number of points:

- After the first conversion:

- o **+1 point** for every time Crowley cums in Eric's ass or Eric swallows his sperm.
- o **+1 point** for every time Eric is anally or orally fucked during events hunting and dungeons.
- o **+1 point** for each item [*Minotaur sperm*] or [*Cum futa elf (Elven futa sperm)*], eaten by Eric. • **+5 points** if

Eric drinks [*Boobs potion*] (but without immediate growth chest).

- **-10 points** if Eric drinks [*Reducto potion*]. You can choose to **Just drink it**, **Rub it on your boobs** (removes breasts and disables breast transformation) or **Rub it on your lips** (removes one stage of lip transformation and disables this stage). Some characters have one-time

reactions to Eric's transformations (starting from 0.352: [Astra](#), [Jenna](#) and [Jill](#)).

Lust generators and scenes

Repeated daily increase and decrease in lust (for example, sex scenes). This excludes one-shot scenes during [quests](#), winning or losing against [enemies](#) (described in a separate [section](#)), and scenes during [hunting or adventures](#) (as they are random).

Events tied to a specific day and/or time can usually only happen once per day, for example you can only masturbate to a painting once. All flirting options have relationship conditions. All voyeur scenes ask you if you want to masturbate only if your lust is high enough.

Night:

- (if in the countryside) [Samantha](#) undresses before going to bed. (see [Friday](#) night). • Guards' Tent: Conlan anally fucks [Diana](#) (**[sprite animation], +30 lust**). **Do this** ÿ to join and add a second cock to Diana's ass (**[scene image], -100 lust, [time rewind]**). • Elf Camp: [Leaf](#) was cornered by a pair of Futa Elfs: o **Observe** ÿ **Futa/M** [text scene], **[sprite animation], +20 lust;**
_____ ÿ
with sufficient arousal, the ability to **Jerk off** ÿ **-50 lust;** or **Just observe** ÿ **+30 lust.** ÿ **Intervene** ÿ A fight will start against two foot-elves, regardless of the result of the fight: Reyna comes out, complains about the noise and the elves run away **+3 Leaf;**
 - o **Join** ÿ **Join Leaf** ÿ **Futa/M** [text scene]; or **Join the ft** ÿ **Futa/M** [text scene]. Either choice gives **-50 Lust, +1 Leaf**. • *Voyeurism*: o Goblin Tribbing (leftmost cave house in goblin village) ÿ **+10 lust; Yes** ÿ **-50 lust.**
 - o (after [quest](#)) combat nuns rub their feet (ruined church) ÿ **+10 lust; Yes** ÿ **-50 lust.**

Scenes with party members

Scenes available when other characters join Crowley's party, usually while [hunting and dungeon crawling](#). In all cases, the scenes are available through the game **Menu** ÿ

Talk to party (Talk to party) ÿ (select character) ÿ **Let's have sex**. New options are usually unlocked as the relationship with that character develops, although there are other conditions. Most variants reuse scenes and images originally used elsewhere. If Juliet, Eric, Jaina are near you and they are not doing anything, then during the sex scene with another character, these characters begin to play **[sprite animation]** of masturbation.

Juliet: She will temporarily join the party if you talk to her in the tavern in the morning or afternoon ÿ **Come with me**. • **(Juliet ÿ 30) Tifuck** ÿ even if it's in the middle of a village; **[scene image]** - **50 lust**, **+3 Juliet**.

Eric: No wonder most of these are **M/M** scenes and are not available if the GAY SCENES are turned off.

- **(Eric ÿ 30) Blowjob** ÿ Eric sucking Crowley's cock, **[scene image]**, **-50 lust**, **-50 lust of Eric**, **Cum in mouth** or **Cum on face** ([facial]). • **(Eric ÿ 30) Between the tits** (if Crowley has breasts) ÿ **[scene image]**, **-50 lust**, **-50 Eric lust**, **+2 Eric**, **+1 hunger**. • **(Eric ÿ 50) In the ass** ÿ (if the second option is not unlocked, this is the first scene in

default) o

Fuck me ÿ Crowley gets anally fucked in missionary position. **[scene image]**, **-100 Lust**, **-100 Erik's Lust**, **+2 Eric**. o (if unlocked) **Fuck Eric** ÿ Crowley anally fucks Eric **[scene image]**, **-100 Lust**, **-100 Eric Lust**, **+5 Eric**. Unlocked by meeting **Juliet** while **hunting** in the Friendly Fairy Field, with a pregnant flower girl.

Eric also has a couple options that appear when his personal lust meter reaches its maximum and he can no longer fight. There are no relationship requirements. Talk to him and choose **Help Eric**:

- **Use my dick** and **Use my ass** are the same as the corresponding scenes higher.
- **Use your hand** ÿ "Think of Astra kissing Fina" [image] - **50 Lust Eric**.
- **Use Lizzie** (if banked) ÿ **slime girl** feeding **[scene image]**, **-50 Eric's lust**, **+1 Lizzie SP**

o If you use this item first, it will be possible to deal with Eric more once.

Jaina is a futa and it's no surprise that most of her scenes are not available if GAY SCENES are turned off. • **(Jaina ÿ 5) Suck** ÿ Crowley deepthroats Jaina. **Futa/M** [image

scenes], **-50 lust**, **-50 Jaina lust**, **+2 Jaina**, **-3 hunger**.

- **(Jaina ÿ 10) Between tits** (if Crowley has breasts) ÿ **[scene image]**, **-50 lust**, **-50 Jaina lust**, **+3 Jaina**, **+1 hunger**. **Futa/M**, or is it considered **Futa/Futa?** • **(Jaina ÿ 15) Fuck** ÿ Jaina fucks Crowley's ass from behind. **Futa/M** **[scene image]**, **-100 Lust**, **-100 Jaina Lust**, **+3 Jaina**. If Jaina has

reached maximum lust, you can talk to her and choose **Help Jaina**: • **Just jerk off** ÿ "Think of tight goblin assholes." [image], **-50 lust**

Jains. •

And the same options as above.

Rose: In both a normal situation and a situation where Rose's lust is at its peak, the options are interactions do not change:

- **(Rose ÿ 20) Blowjob ÿ [image scene], -50 lust, -50 lust Rose, +2 Rose,** [cum on the face].

Professions

These are skills that Crowley uses outside of combat, in certain places. Each has three ranks: **Novice** from 0 to 29 skill levels; **Journeyman** from 30 to 59 skill levels; **Master** with skill level 60 and above. Crowley progresses by performing a certain action. After every time it activates

[rewind time].

Gardening

Crowley progresses by working in his garden (**Take care of the plants?** ÿ Yes), to increase the rank you need to stand on a free cell on the field and click on the shovel. In addition to increasing the level of the profession, Crowley receives *[Ingredients]* that can be sold to [Sebastian](#). You can only get them if you have at least one mature plant on the field. The rank of the gardener affects the chance of successfully collecting plants and mushrooms, which can be found everywhere in the locations: for the Beginner 33%, for the journeyman 66%, for the Master everything is 100%, but *[Mandragora]* can only be collected at night, regardless of level skill. Together with the plant, you can sometimes collect their seeds, which can be used in the garden. The probability that it will fall to you is approximately 33%. Do not work at night or during rain. Work costs **+1 hunger** and [Time Rewind].

There are 10 spaces for plants in the garden, but only 4 spaces are free at the beginning of the game. The rest needs to be cleared (action button ÿ **Clear** ÿ [rewind time]). To plant a seed, you first need to dig a hole (**Prepare the ground for planting?** ÿ **Yes** ÿ **+1 hunger**). When interacting with the hole, you can select a seed to plant. Plants grow every time they are watered, either from a bucket by a well or rain.

Collecting a plant in the garden gives you that plant and at least one seed for it. The number of mature plants in the garden affects the drop rate and the amount of *[Ingredients]* obtained by working. The number of items received is affected by the rank of the profession and the number of plants in the garden.

Cooking

Progress is made by what Crowley cooks in his house. Cook **Something Simple** can use any cooking ingredient, produces a simple meal, and can only be cooked once a day. Results depend on rank: • Beginner ÿ *[Dinner]* ÿ **-4 hunger**. • Apprentice ÿ *[Tasty dinner]* ÿ **-7 hunger**. • Master ÿ

[Good dinner] ÿ **-10 hunger**. Cooking can also be taught to [Alice](#) (if you help her in the morning in her house when it rains) and [Samantha](#) (when she is in the country, she cooks in the Crowley house in the morning).

Some ingredients can be bought from certain villagers; some of them drop randomly from enemies. They can also be eaten without cooking, but with little benefit (**-2** or **-1 hunger**, depending on the item). Crowley can also use a recipe to make a dish that requires more than one ingredient.

All starting recipes are nutritionally equal *[Tasty dinner]* (**-7 hunger**). **Starter Recipes:**

- *[Omelette]*: o *[Milk]*, o *[Egg]*. • *[Sandwich with cheese]*: o *[Cheese]*, o *[Bread]*. • *[Sandwich with meat]*: o *[Meat]*, o *[Bread]*. • *[Fish with vegetable]*: o *[Fish]*, o *[Vegetables]*.

Special Recipes. In

In addition to the usual recipes that Crowley knows by default, you can get more elaborate recipes for dishes that give an extra kick. As of 0.357 of them

just two:

- *[Goblin stew]* - drops from fat goblins. Required: rank apprentices. Effects: **-20 hunger**, +3 max. **MP:** o 3x - *[Blue mushroom]*, o 1x - *[Elven milk]*, o 1x - *[Goblin ale]*, o 2x - *[Wild carrot]*.
- *[Soothing tea]* - can be found during the [quest](#). Starting rank required. Effects: **-200 Lust:** o 1x - *[Orc's grass]*, o 1x - *[Centaur's mint]*,

Alchemy

Leveled up when Crowley brews any potion in his basement lab. This potion requires an *[Empty bottle]* and ingredients specific to that potion. Rank only affects the power of health and mana potions:

- Beginner ÿ *[Health potion]* (**+100** HP), *[Mana potion]* (**+60** MP). Can be bought from Rose. • Apprentice ÿ *[Good health potion]* (**+200** HP), *[Good mana potion]* (**+120** MP). • Master ÿ *[Strong health potion]* (**+300** HP), *[Strong mana potion*

(Strong mana potion)] (**+180** MP).

([wild carrot](#))]. _____

Leveling and skills

Crowley does not gain experience from defeating normal enemies. The only way to gain experience:

- In the evenings, read a book in the bedroom (+5 EXP, [rewind time]).
- Book in [Melissa](#)'s room (+5 EXP, [rewind time]).
- Completing [quests](#).

- Go hunting and explore dungeons with Eric.
- Cooking in the morning with [Samantha](#) (+20 EXP, [rewind time]).

Leveling up not only increases Crowley's stats, but also unlocks new skills (and some quests). Unlike other games, Crowley does not automatically gain skills upon reaching a new level. Instead, he must learn these skills at home, at his desk, there are other conditions. (A tiny, almost invisible candle on the table should serve as a visual indicator of whether there is something new to learn.) Skills are learned in the sequence below - you learn lower level skills first, even if you meet the level requirements for higher ones. Since you can only learn once a day, you can also only learn one new skill per day. Learning a new skill gives +5 EXP.

• Level 1 (0/0 exp):

Crowley's initial skills (no need to learn):
• **Fap** (non-combat) allows Crowley to masturbate at any time if he is very aroused.
• **Meditation** (non-combat) -50 Lust, +30 MP, +5 Hunger, [Time Rewind]. It cannot be used in some dungeons,

related to quests.

• **Fire Arrow** - A magical fire attack.
• **Clear feelings** (non-combat) displays numeric values of hunger and lust.

• **Mindreading** (non-combat) Displays character relationship value and lust level (if any) for a short period of time when Crowley talks to these characters.

• **Protective circle** - Increases defensive stats for multiple turns. It can be cast outside of combat as a preparation, in which case it lasts as long as you don't move.

• Level 2 (+50 / = 50 exp):

• **Fireball** (Fireball) - a more powerful fire spell that with a 20% chance can set fire to enemies and 30% chance to miss; with practice it can be upgraded: After 50 casts, the spell upgrades to

Fireball +

(Fireball+) 20% set target on fire, 20% chance to miss.

After 100 casts, the spell upgrades to **Fireball ++ (Fireball**

++) 20% set target on fire, 10% chance to miss.

• **Sleep (Sleep)** - To learn it, you need some *[Fairie dust]* in your inventory.

• Level 3 (+112 / =162 exp):

• **Icy needles** - requires *[Beer]* in inventory to learn.
• **Concentration** (non-combat) - Spell MP cost is halved for several turns. It can be cast outside of combat, as a preparation, in which case it will last until you have walked 30 steps.

• Crowley mentions heroes meditating under waterfalls when he is studying. After that, interact with the base of the village waterfall to learn the spell.
• **Level 4 (+204 / =366 experience):**

- o **Freezing** - a more powerful ice spell that can paralyze enemies; it can be improved with practice by upgrading to **Freezing +** and then to **Freezing ++**. To improve, you need to use the spell 50 and 100 times, respectively:

- After 50 casts, the spell upgrades to **Freezing +**

- 20% freeze target, 20% chance to miss.

- After 100 casts, the spell upgrades to **Freezing ++**

- 20% freeze target, 20% chance to miss.

- To learn it, you need [*Snowball potion*] (sold by [Rose](#)) in your inventory. • **Level 5 (+329 / =695 exp):**

- o **Darkness** - An area-of-effect dark magic attack. Deals more damage at night or when attacking sleeping enemies.

- Requires completion of the quest "[Contract](#)". During his studies, Crowley mentions that Jimm never taught him dark magic. After that, call the demon to help with the spell. o (non-combat) **Wicked mind** - **+50 lust**, removes silence, blindness

and confusion.

- Requires completion of the quest "[Contract](#)". While studying, Crowley mentions that [Meryl](#) can teach him some succubus tricks. After that, call her and select the option to **Talk**. o **Magic shield** - Until the end of the turn, reduces the damage of

enemy spells, increases the chances of dodging them or reflecting them back at the attacker. • Requires [Jill](#) to be in the village. • **Level 6 (+485 / =1180 exp):** o **Dark thoughts (Dark thoughts)** - with a 65% chance introduces enemies into a state of confusion, effective against a group of enemies, lasts 2-4 rounds.

- Need to talk to the magic eye. Crowley says he should try the spell in his magic circle, so go to the basement and do it. • **Level 7 (+672/=1852 XP):**

- o **Vampire touch** - Drains **HP** from the target enemy, 20% on miss, -20% magic and physical defense, Crowley also gains **+15 to lust**.

- Starting at 0.353, stub scene - the developer said that in the future this skill will be learned from a character that has not yet been added to the game.

A small note about status effects: in 0.350.2, some nuances appeared. Both characters and enemies get wet if the fight starts in the rain. Wet enemies are more vulnerable to cold and electricity and less vulnerable to fire; they cannot be set on fire, but are easier to freeze, and fire spells remove the wet state on impact. Burning enemies are less vulnerable to ice and water, they cannot be frozen, but ice spells douse them. Frozen enemies are more vulnerable to ice, less vulnerable to fire, and cannot be ignited, but fire spells will thaw them. Sticky enemies (Rose's skill) can always be set on fire with a fireball.

Skills learned in a different way

Some skills can be obtained from other sources:

- (non-combat) **Return (Return)** - getting it is a separate small [quest](#). It cannot be used in [combat](#) or in some quest dungeons, even if Crowley is alone.

- (non-combat) **Ritual of rain** - it is learned from the same magical **tome** as the succubus **summoning** spell. It can only be performed in Crowley's basement and causes or stops rain.
- (non-combat) **Eye of the beholder** (4th level) is learned by repeatedly studying the book in Melissa's room. This allows Crowley to see the invisible for a short time, such as doors in hidden sections of some **dungeons**. The effect lasts until you have walked 30 steps. • (non-combat) **Secret of Nipplefucking** - learned during the **quest**. Allows Crowley to fuck a girl in the nipple. Applied automatically during a specific event. For a fortune of 0.400, only Karla can be fucked in the nipple .

Party Skills

All teammates' skills require **TP** (Tactical points) instead of mana, they are accumulated during the battle for any action of the character or the enemy (attack, defense, taking damage from the enemy). The number is saved after the end of the battle.

Eric:

- **Strong attack (Strong Attack)** - **10 TP** - a strong blow against one enemy (normal attack);
- **Counterattack** - **15 TP** - Eric responds to all melee attacks, directed against him (duration 2 rounds);
- **Sweep Kick** - **0 TP** - 50% chance to stun the enemy (stun 1-2 round);
- **Provocation (Provoke)** - **10 TP** - For 5 rounds Eric has more chance to be attacked enemy;
- **Call to battle** - **15 TP** - Buffs the attack of all party members. Can be applied twice outside of battle: *the first level* - **+ 25% ATK** and **MAT**, *the second level* - **+ 50% ATK** and **MAT**, respectively. There is one fight (5 rounds). **Jaina:**

- **Kick (Kick)** - **0 TP** - Kicks the enemy, causing damage and slowing him down; • **Cover (Cover)** - **5 TP** - For one turn, protects one ally with the lowest **HP**;
- **Precise hit** - **10 TP** - Deals damage, ignoring the defense of one target; • **Dirty move** - **15 TP** - Temporarily blinds the enemy (reduces the enemy's accuracy by 60%, duration 3-5 rounds);
- **Jump attack** - **20 TP** - Strong hit, but reduces your defense (by 5 rounds).

Jaina has a passive skill: when her **lust is > 200**, she gains the **Lustful** effect **berserk (Lusty berserk)** in battle, she becomes uncontrollable.

Rose:

- **Grenade (Grenade)** - **5 TP** - Explodes and deals fire damage to all enemies; • **Firefly (Firefly)** - **15 TP** - Sets fire to one target (increases the enemy's resistance to ice and water, cannot be frozen, reduces health regeneration, lasts until the end of the battle);
- **Snowball (Snowball)** - **30 TP** - Freezes the target (adds enemy resistance to fire, the enemy cannot dodge, increases ice damage, cannot set fire to the target, lasts 4-6 rounds);

- **Sticky potion (Sticky potion) - 5 TP** - Covers the enemy with a sticky substance and slows him down. Also, the enemy can be set on fire more easily. Does not cancel freeze on the target. (valid 4-6 rounds);
- **Preparing potions - 0 TP** - Rose increases her TP **+20 TP**.

Summon Monster Girls

These are special "skills" that can be obtained by completing some quests. For now moment (v0.400) there are only two summons ([Lizzie](#), [Meryl](#)): •

Lizzie – Uses **TP** in combat : o **Heal** – she heals an ally, but he also gains **+30 lust**; o **Boobslam** - hits the enemy with his boobs, hangs a condition

"wet" and there is a 30% chance to stun.

• **Meryl** - Uses **MP** in combat :

o **Succubus' Voice** - her... flirting weakens the physical and magical protection of all enemies; each has a 10% chance of confusion; o **Darkness** - An area-of-effect dark magic attack. Deals more damage at night or when attacking sleeping enemies;

o **Life Drain** - pumps **HP** from one enemy to yourself; o **Dream (Dream)** - attack with a 50% chance to put to sleep. Each call of these girls consumes

three units of a special internal "resource" (SP) the corresponding character. These points are replenished by having sex with that character.

If he is under the effect of *[Boobs potion]*, you can use the *[Cleavage Switch]* key item to choose whether or not his main outfit will have cleavage.

Since version 0.340.1, all characters that can join a party are supported by the same clothing system - Eric, Jaina, Juliet and Rose (they can be dressed (in their regular clothes), in underwear (*[Black lace underwear (Black lingerie)]*) or naked).

Enemies

These are creatures hostile to the player, which are present in almost all locations, each type of creature has its own respawn timer, even if the player has not left the location, the monster will reappear. For open locations and for dungeons / hunting locations, the situation is different, somewhere the enemies respawn very quickly, and somewhere they don't respawn at all.

Some enemies, except for physical attacks, use lust attacks that directly affect the lust level of the player or his party members, when it reaches the maximum (300 units), the player automatically loses the battle. Losing battles plays an image of the sex scene (for each enemy, it's different) Crowley loses **lust** as a result of this and activates [time rewind].
