Most Powers do not work when Exploring with currently 3 exceptions
Drift - Find Goblin Witch(?) Hat
Endure - Samantha's Apartment
Aura - Car Wash Girls, Ice-cream Girls, and College Classes

The random odds of Find/Lose events are not currently favorable to the player. Allegedly more training will be available at a later date (Yet to be determined). So trying to farm money (Human, Fey, or Eldritch) has a chance to have you lose money instead.

Car Wash Girls - Ask to borrow Jessica's Car.

Oddly Jessica will not mention you getting her car cleaned
Get the Car Washed for $2
Maybe I could get more with the Power Aura

Ice-cream Girls - Simply use Power Aura

Town Random Prostitute
Travel in any direction that takes you nowhere, Look Around, either pay or use powers
She also demonstrates the Speech System and has different outfits

Town Random Lyx, Goblin Witch, Encounter (After Chloe Event v0.7.3)
Travel in any direction that takes you nowhere

The Goblin Witch is called Lyx. Why the game tries so hard to not have her introduce herself is a mystery... Why isn't she categorized with Other Girls in the Gallery? Is she Main Girl material? Only time will tell
Everything else is teaser art, cute teaser art...

Fish girls – after you get endless air explore mountains W > W > S –> dive in to lake -> go to marina and think about fish girls -> go to nexus and whistle

Bomb construction
highly flammable liquid – Lily Bar
powdered rock – mountains lake
activating agent – Lyx
timing mechanism – school - clock
casing – Jessica office – property buy – visit property – fey merchant

Act 3 – starts with church no return mission (Mystery lead – Return to church), make sure you have done it all cause all changes, no more access to old sexy time for who knows how long

War Room: New room: the War Room! Talk to Jessica (Front Door on Sunday afternoon) and select "Strategise with Jessica" – new with v0.17.6 – after you will see room in bottom left corner in house

Lily – park sat/sun morning

First Encounter (Unlocking Her) – make sure you don't miss rescue chance
Explore Outskirts:
North > West > South: Goblin Witch(?) Meeting

South > South > South : Goblin Witch(?) Hat
Hint: Use Drift Power

West > West > West : Goblin Witch(?) Cottage
Hint: Look at the Hat in the Inventory

Cottage will become available on the Outskirts Map

Power Up Magic to the next level 1 (Unlocks Power Endure)
* Talk to Goblin Witch in her Cottage
* Write down her instructions on the type of Mushroom she wants you to gather
* Go to the Mushroom Glen and pick up Mushroom
* Give it to her at her Cottage

Congrats, you are now given the Power Endure!
right after you get endure go to sleep and visit cottage back so rescue might trigger – don not cheese daytime

Rescue the Goblin Witch Lyx with Power Endure
* This may trigger right after you get Endure or you might have to go back to her Cottage first

Congrats, you finally been properly introduced to Lyx

Maybe she can help with Pixie's problem?
* Option becomes available after you Rescue Lyx

It's rather straight forward and will unlock new Pixie Options.

To follow up on this go back to the Manor and Talk with Pixie

## Power Up Magic to the next level 2 (Unlocks Power Aura)
* Talk to Goblin Witch in her Cottage
* Write down her instructions on the type of Mushroom she wants you to gather
* Go to the Mushroom Glen and pick up Mushroom
* Give it to her at her Cottage
