-----  
(during the short tutorial, click the right eye of the woman to unlock the first special render)

Mostly true (**Katie Score +1**) / Not true / I'll take it (**Katie Score +1**)

I don't think you're crazy (**Katie Score +1**) / It doesn't matter

Chase her / I'll be late

<if you picked 'Chase her'>

Follow her / Decline

(picking 'Follow her' gives you access to the 1st sex scene of the game and sets a persistent variable in the script)

(next scene has a hidden secret warning appearing on the left, you have to look at the top right where the screen matrix is located and click the 4th screen from the left on the 2nd row.)

Secrets are kept as persistent memories, so you just need to unlock them in one of your playthroughs and you'll have em available in all your saves)

(if you chose not to have sex with Chandra, you'll get a **Ellen Score +1**, otherwise you'll get the branching)

Brush her off / Reason with her (**Ellen Score +1**) / Apologize

No way (skips Ellen scene) / I need to think about it / I could be convinced (**Ellen Lust +1**)

(you only get the 'I could be convinced' option if your Ellen Score was at least 1, that option brings directly to Ellen sex scene)

<if you picked 'I need to think about it'>

More fun that way (Ellen Score +1) / I don't mean to (skips Ellen sex scene)

<if you picked 'More fun that way'>

Maybe you can convince me / I should head out (skips Ellen sex scene)

(picking 'Maybe you can convince me' will only get you to the Ellen sex scene if you have at least 2 Ellen Score points)

(if you didn't go the Ellen route, you'll get a futa scene with the MC and the branching)

Gah Fuck (stops the futa scene) / Eh fuck it

<if you picked 'Eh fuck it'>

No that's enough (stops the futa scene) / You only live once

I don't need this from you (MC Dep +1) / I know

Confront her / Sit down

<if you picked 'Confront her'>

Get more angry (MC Dep +1) / Ease up

Who are you / What's with you / Is it true about the cure / Tell me about the girl

<if you picked 'Who are you'>

Press her for more (Victoria Score +1) / Leave it be

<if you picked 'What's with you'>

Force yourself to look back up (Victoria Score +1) / Look lower

<if you picked 'Look lower'>

Yes (Victoria Lust +1) / Break away

(picking 'Yes' also sets the variable 'spellbound' in the script)

Ask for more details / Leave it be

(picking 'Ask for more details' also sets a persistent variable in the script)

(you should leave the option 'Tell me about the girl' for last)

(next scene has a hidden secret warning appearing on the left, you have to look at the center of the screen, click the bottle close to the left arm of the doctor)

Tell her you are meeting Victoria tonight / Tell he you're discussing payment tonight

<if you picked 'Tell her you are meeting Victoria tonight'>

I'll be careful / It's just drinks

(both 'Tell her you are meeting Victoria tonight and 'I'll be careful' set persistent variables in the script)

(you only get the next branching if you have at least 1 point of Katie Score)

Watch for a bit / Leave

(picking 'Watch for a bit' will bring to a Katie Score -1 if your Katie Score is lower than 2)

(next scene has a hidden secret warning appearing on the left, you have to look at center of the screen, click the cocktail.)

Ask for a lot / Ask for a reasonable amount / Screw business (Victoria Lust +1)

(you only get the 'Screw business' option if you either have a MC Dep score of at least 2 or if you have set the spellbound variable in the previous scene)

<if you picked 'Ask for a lot'>

Eigth is enough, let's keep this professional (Victoria Score +1) / How could i resist

(picking 'Ask for a reasonable amount' or 'Eigth is enough, let's keep this professional' will skip Victoria sex scene)

(if you go through the Victoria sex scene, you'll get the 'Blowjob' option and if your MC Dep score is at least 2 you'll then get a 'Use her mouth harder' option, that will bring a Victoria Score -1 and

a Victoria Lust +1)

<end of version 0.1>

Say nothing (this choice will give a Katie Lust +1 if you have at least 2 Katie Score points) /

Mention you can see her

End it quick / Show off (Katie Lust +1)

(next scene has a hidden secret warning appearing on the left, you have to look at left of the screen, click the screen inside the cell.)

Apologize (Katie Score +1) / Tell her she's fine

Tell her off (Shanlon Lust +1) / Tell her you don't appreciate her tone

Tell her / Refuse (Shanlon Lust +1) (this choice also sets a permanent variable in the script)

(next scene has a hidden secret warning appearing on the left, you have to look at center of the screen, click the little photo frame on the drawer)

(this scene will play differently whether the MC had sex with Victoria in version 0.1 or not)

< if you picked 'Screw business' or 'How could i resist' >

Yes / Break from her spell (Victoria Score +1)

Ask her what she wants / Get angry with her (MC Dep +1)

Choose Victoria / Choose someone else (you will only get this branching if you either have at least 2 Katie Score points or 1 Ellen Score point, otherwise the MC will pick Victoria as his date)

< if you didn't pick 'Screw business' or 'How could i resist' >

Go with her to keep tabs on her / Ask Victoria to go with you (you only get this option if you have at least 1 Victoria Score point) / Choose someone else (you will only get this option if you either have at least 2 Katie Score points or 1 Ellen Score point)

< if you picked 'Choose someone else' >

Choose Katie / Choose Ellen (you will only get this option if you either have at least 2 Katie Score points and 1 Ellen Score point, otherwise a choice between Katie and Ellen will be made for you)

< if you chose to attend the party with Victoria >

Not a problem with that / No (Victoria Score +1)

Let's just sit for a moment / Let's get this over with (no reason to pick the latter, by picking 'Let's just sit for a moment' you'll get all the content of the 2nd option and also set a variable in the script)

< if you chose to attend the party with Katie >

Go sit down / Approach Alexis and Shanlon (no reason to pick the latter, by picking 'Go sit down' you'll get all the content of the 2nd option and also set a variable in the script)

< if you chose to attend the party with Ellen >

Go sit down / Go talk with Alexis and Shanlon (no reason to pick the latter, by picking 'Go sit down' you'll get all the content of the 2nd option and also set a variable in the script)

Watch your mouth (Shanlon Lust +1) / Say nothing (in the 'party with Victoria' path you will only get this branching if you have at least 1 Shanlon Lust point)

(click all the options starting from left door, then center, then right)

(after clicking center door, pick 'Look Around', the next scene has a hidden secret warning appearing on the left, you have to look top left of the screen, click the book above the shelf)

< if you chose to attend the party with Ellen >

Ask if she's alright / Leave her be for a minute (Ellen Score +1)

< if you chose to attend the party with Katie >  
Make fun of her / Be nice (Katie Score +1)

< if you chose to attend the party with Victoria >  
It's not necessary / I'd like that (pick the latter if you want Victoria's sex scene)  
Something sexy / Experimental Ellen song / More easy going (pick whatever)

Just tell me the information / You really know what you want (you won't get this branching if you have less than 3 Shanlon Lust points, pick the latter if you want Shanlon scene, this also sets up a variable that will unlock a Shanlon's scene in ch8)

< if you picked 'You really know what you want' >

Slap her / This is too much

< if you picked 'Slap her' >

Seriously? There is no going back (Shannon breaking +1) / On second thought

< if you picked 'Seriously? There is no going back' >

Hit her again (Shannon breaking +1) / Don't

(during the sex scene you get the option to choke Shanlon only if MC Dep is at least at 2, picking that option gives a Shannon breaking +1)

(you will also get different branching options if you're on the Shannon breaking path, you can pick whatever, no stat changing)

(at the end of the scene, if you collected all 3 of Shannon breaking points, you get an achievement and also the choice)

Anytime / Probably not a good idea (picking 'Anytime' will unlock a Shanlon's scene in ch8)

<end of version 0.2.2>

(if Ellen Score is at least 2 and the MC had sex with Ellen in chapter 1, you'll get the branching)  
Confront her about Ellen / Let it slide (more dialog picking the 1st option)

Hold up / Let her continue

< if you picked 'Hold up' >

Fine, carry on / No, stay out of there (the latter will prevent Sonja from finding the bug)

Never / Yeah, i have / I love them (each of these 3 options sets up a variable in the script, not clear at this point if there will be consequences apart from different dialogues)

Play along / Cut the shit

< if you picked 'Play along' >

Touch Venus / Just tell me

< if you picked 'Touch Venus' >

Love to / Sorry i can't (picking 'Love to' will bring to Venus' sex scene)

(if you choose to enter the Venus' sex scene you'll get a hidden secret warning)

(in the render with the big 'Venus 4.0' sign, click mid-screen 'A Vostok Product'.)

(you can choose between 2 sex scenes, one where Venus acts like daddy's princess, and one where she acts like a slut, you will have to play both to unlock the scenes screen in the menu)

Leave / Investigate further (no real reason to pick the 1st choice, you can explore the place by selecting each of the options)

(if you chose to attend the party with Katie in chapter 2 you get the branching)

Let your hands wander / You're a gentleman (picking the 1st option will result in a Katie Lust +1 if Katie Lust >= 1 or Katie Score >= 3)

(if you didn't attend the party with Katie but your Katie Score is at least 2, you'll get the branching)

Where is this coming from? (Katie Score +1) / Reach out to her (this option will give a Katie Lust +1 if Katie Score >= 3)

(at the start of the office scene you get a hidden secret warning, click the big T symbol up top.)  
These things take time / Piss off (MC Dep +1)

(the next scene with Victoria varies depending on your Victoria Score and whether the MC had sex with her previously)

(if Victoria Score >= 2 and you rejected Victoria in chapter 1, you get the branching)

You're not my type / I didn't trust you (Victoria Score +1) / That's not how i do business (Victoria Score +2)

(if Victoria Score >= 2 and you had sex with Victoria in chapter 1, you get the branching)

You're doing your job (Victoria Score +1) / There is more to you (Victoria Score +1) / Best to keep your enemies close

< if you picked 'There is more to you' and the MC had sex with Victoria in chapter 2 >  
I do / I don't know (Victoria Lust +1)

(if Victoria Score < 2 you'll get a scene with Victoria trying to seduce the MC)

Enter the elevator / Ditch her (Chandra score - 1) (Chandra Lust + 2)

< if you picked 'Enter the elevator' >

A lot of things / Nothing we can do here (Chandra Lust + 1)

Fine / What do you want? (picking 'Fine' gets to some sexy renders)

< if you picked 'What do you want?' >

Tell me / Ok, then, bye (MC Dep +1) (picking the latter skips the Chandra's scene)

< if you picked 'Tell me' >

Help her (Chandra score + 2) / Refuse

(if you didn't follow the path bringing to the 'Help her' option, you'll get the branching)

No / Fuck it

< if you picked 'No' >

Follow her / Leave (picking the latter skips the Chandra's scene)

(if you chose to play Chandra's scene)

(when Chandra enters the room you get a hidden secret warning, click the bottom woofer.)

(if you didn't follow the path bringing to the 'Help her' option, you'll get the branching)

Help her out / This is Chandra's problem (MC Dep +1) (picking the latter cuts short Chandra's scene)

(if you picked 'Help her out' or you were on the 'Help her' path, you will get Chandra score + 1)

(if Chandra score >= 2, you'll get the branching)

I have to go / I still have time (picking the latter will start the Chandra's sex scene, as the first thing there you'll be able to choose how Chandra calls the MC)

(after Chandra's sex scene you'll get the branching)

Only for a minute (Chandra score + 1) / You gotta go

(during the report scene you'll get 4 options to choose from, you'll only be able to pick 2 of them if you went through Chandra's sex scene, 3 otherwise. The 'Akatsuki' choice seems like the most important one)

< if you picked 'Fine, carry on' >

Disable bug / Leave it (pick the 1st to disable the bug, this choice will have consequences mostly on Victoria's path, if you are trying to either romance her or play the 'spellbound' route you'd better leave the bug there)

<end of version 0.3.1>

Go through the front / Climb to the window / Take the hatch

(all of those 3 options will give similar battle endings, choosing 'Climb to the windows' will give you the chance to find one special render, also you will get more content, so no real reason to go with the other 2 paths)

< if you picked 'Climb to the window' >

Take it slow

Check bedroom (hidden secret warning, click the blanket on the right of the boxes.)

Check stairs

Flashbang and then shoot him

Play possum

Run upstairs / Run downstairs (pick whatever, no real difference)

Throw the EMP hard at his head / Lob the EMP over his head / Tos the EMP at his feet /

Throw the EMP right at his chest (the last 2 options will always have the MC lose the battle, the 1st options might give the MC a win depending on a random variable, the 2nd guarantees a success. you can even fail on purpose, no real consequences but winning the battle will let you choose how to deal with Henry and set a variable in the script that might come to fruition in later versions)

< if you picked ' Lob the EMP over his head' >

Finish him / Try to knock him out (Gloria will prevent you from killing Henry in any case but this choice might mean something in the future, i'd guess sparing him will influence positively the relationship between the MC and Gloria)

Offer help / Sit down (the 1st option sets a variable in the script, the latter gives you the chance of increasing Henry's friendship points, no way to tell what kind of influence those will have on the story right now)

< if you picked 'Sit down' >

She's important to you (Henry\_friend +1)

Try to get some sleep / Go check downstairs / Approach Katie while she sleeps (pick option 2 first, you will still be able to pick one of the other 2 later on)

< if you picked 'Go check downstairs' >

Ask about the device on his neck / Ask about the limiter (you get one of this 2 options depending on your previous choices)

Ask about Gloria

Go to sleep

Go back upstairs / Crack a joke (the latter gives Henry\_friend +1)

Approach Katie while she sleeps

Look at photo

Check the datapad

Check the messages / Sit back down (the latter gives a MC Dep -1)

Try to get some sleep

It's a little back pain / Tease Katie (pick the latter only if you have more than 3 Katie Score points, otherwise you'll be locked out of the scene anyway)

< if you picked 'Tease Katie' >

Focus on her eyes and lips

He cared for you (Katie Score +1)

Focus on her chest

Explore a bit lower (you will only get the nipple kissing scene if you have at least 4 points of Katie Score and 2 points of Katie Lust)

Do what you need to (Henry\_friend +1)

Your powers

Your family

Mention her room (Gloria points +1) / Mention Shanlon

The dreams

Ellen

She's a demon in the sack / She hates your dad (Gloria points +1) / She told me about the first time you met (Gloria points +1)

Watch Venus ad

Be understanding (Katie Score +1) / Be blunt (Katie Lust +1)

(at the start of the Ellen's scene you get a hidden secret warning, click the highest section of the amplifiers.)

Go ahead (Gloria points +1) / Leave it be

Want a game (Henry\_friend +1) / Probably should leave it alone

< if you picked 'Want a game' >

Yes he is / Not anymore (pick whatever)

She just needs space / You're right (Ellen Score +1)

< if you picked 'You're right' >

Ask her if she means Victoria / Play dumb

What does she like

Does she have any friends

Know anything of her past

Move on

Be forceful (Henry\_friend -1) / Reason with him / Call his bluff (Henry\_friend +1)

Break in / Sneak from outside / Knock (3rd option only available if you have set the 'spellbound' variable in v0.1)

(picking 'Sneak from outside' let you discover a secret render)

< if you picked 'Sneak from outside' >

(when you get to the scene with Victoria looking at the TV you get a hidden secret warning, click the orb a bit to the left of her ass.)

Pull away / Embrace her (you only get this choice if you have at least 4 Victoria Score)

< if you picked 'Pull away' >

I did / I didn't (you only get this choice if you rejected Victoria in v0.3, picking the latter option undoes that choice and adds Victoria Score +1 and Victoria Lust +1)

< if you picked 'Embrace her' >

(Victoria's sex scene, make sure to check all options)

< if you picked 'Knock' > (go this route only if you have at least 2 points of MC Dep)

You're right / Quiet (pick the latter to stay on the spellbound path)

< if you picked 'Quiet' >

Stop this / Say nothing (the 1st ends the scene and makes you miss Victoria's hot body)

< if you picked 'Say nothing' >

No (ends the scene) / Yes (ends the scene while setting a variable in the script that will come in fruition in v0.5) / Show me you mean it (this option only available if you have at least 2 points of MC Dep, it also sets the variable like the previous one, pick this for the sex scene)

<end of version 0.4.2>

Play it

Visit Meredith's home (this plays in two different ways depending on the choice you made in v0.3.1 at the branching 'Help her' / 'Refuse': good path if you chose 'Help her', bad otherwise)

< if you are on Chandra's bad path >

Do nothing / Rap on the window (first option will have Chandra doing drugs)

< if you picked 'Do nothing' >  
Watch / Back to the car (pick the first since the latter will just end the scene)

< if you picked 'Rap on the window' >

Yes / No

< if you picked 'No' >

Yes / I said no / No (picking 'I said no' sets up a variable that most likely will have Chandra going heavy on the drug path, no way to tell if it'll have the same consequences as picking 'Watch' at the previous branching)

< if you are on Chandra's good path >

(slightly different outcomes depending on the choice you made in v0.3.1 at the branching 'Help her out' / 'This is Chandra's problem')

< if you picked 'Help her out' >

Truth (Abby Score +1) / Lie (Abby Lust +1)

< if you picked 'This is Chandra's problem' >

Truth / Lie

< if you picked 'Lie' >

Of Course (Abby Score +1) / Everybody gets one

(when you get to the scene where Chandra goes back inside, you get a hidden secret warning, click the second small window from the left right under the tv screen)

(again, the next scene plays differently depending on the choice you made in v0.3.1 at the branching 'Help her out' / 'This is Chandra's problem')

< if you picked 'Help her out' >

(here you will get different menu options depending on how you had the MC interacting with Chandra in v0.1 and v0.3.1: if you had the MC fucking Chandra in v0.1 but not in v0.3.1 or the other way around, the menu option will be 'I can't right now'; if the MC never fucked Chandra in your playthrough you'll also get the option 'Not going to happen ever', that rejects Chandra once and for all; if you had the MC fuck Chandra both times you get the option 'Fuck it', only way to reach Chandra's sex scene in this version)

< if you picked 'Fuck it' >

(you get to choose how Chandra will call the MC during sex if you haven't already, then you get to enjoy the sex scene)

Offer a ride (Abby Score +1) / Say nothing (the latter will just end the scene and bring back to the location menu that started the version)

< if you picked 'This is Chandra's problem' >

(if your Chandra score is less than 2 and your Abby Score is less than 1, you will be sent back to the location menu, otherwise you'll get)

Offer a ride (Abby Score +1) / Say nothing (the latter will just end the scene and bring back to the location menu that started the version)

## Meet Kay

(different scenes depending on your choice on futa content)

Brush her off / Tell her (picking the latter impact an option in ch8 that gives you a chance to gain more Sonja points)

Yes / No (pick the first to admire Sonja)

Check on doc

Ignore it / Answer it (this will play differently depending on the previous interactions with Shanlon: if you are on the Shanlon 'normal' path then just pick 'Answer it')

< if you picked 'Ignore it' >

(this will skip the scene if you are not on the Shanlon breaking path)

< if you are on Shanlon breaking path >

Answer / Ignore

< if you pick 'Ignore' >

Answer (Shanlon Lust +1) / Ignore and block (the latter will end Shanlon's content)

< if you picked 'Answer it' at any point and you are on Shanlon breaking path >

Oh yeah / You are worthless (Shanlon Lust +1)

(you'll get a better scene here if Shanlon Lust is at least 4)

(when you get to the scene where the MC enters Katie's hideout, you get a hidden secret warning, click the big pillow on the sofa up-right)

(here you will need at least 3 Katie Score points to continue the scene, otherwise it'll be cut short to the location menu)

< if you have enough Katie points >

Banchan / Medical supplies (can't tell how much this choice is important)

< if you have at least 4 Katie Score points >

Hug her (Katie Score +1) / Kiss her (Katie Lust +1)

Back to Ellen's

(you will get a Ellen Score -1 if you didn't pick 'No' in the 'No' / 'Yes' / 'Show me you mean it' branching option at the end of v0.4.2)

(to access Ellen's scenes in this version you need Ellen Score to be at least 1 and to have picked 'No' at the branching point at the end of the previous version, otherwise you'll be sent to the dream scene)

< if you are playing Ellen scene >

Fuck it, pass it over (MC Dep +1) / No thanks

(to continue Ellen's scenes in this version you need Ellen Score to be at least 2)

< if your Ellen Score is at least 2 >

Continue / Tell her to stop

< if you picked 'Tell her to stop' >

I may have met someone / You're drunk (Ellen Score +1) / Just tired (pick the first option if you don't want to be on Ellen's path and you had the MC have sexy scenes with either Katie or Victoria, the second if you don't want the sex scene now but you still want to increase Ellen's score. the 1st option will also give you a sex scene in v0.7 with Katie if you didn't have sex with Victoria)

< if you picked 'Continue' >

(to reach all the possible sex scenes pick 'Kiss her' while in the cowgirl position, that will also give you a Ellen Score +1)

I wouldn't miss this (ch5dream +1) / What are you talking about

Of course (ch5dream +1) / How are we here

(when you get to the scene where the MC turns around after Gloria asks him to, you get a hidden secret warning, click the flower on the left)

Stare at the poster (Gloria score +1) / Stare at donut / Turn around (Gloria lust +1)

This isn't real (this option will force the bad ending of the dream scene) / You're beautiful (Gloria score +1) / Kiss her (Gloria lust +1)

< if you didn't pick 'This isn't real' >

Keep going / This isn't right (Gloria score +1) (you will only get the good ending of the dream if you pick 'This isn't right' and your Gloria score is at least 2)

No Idea (Gloria score +1) / Comfort her

< if you picked 'Comfort her' >

Grab her waist / Explore a little (if you pick the latter, Gloria will be either mad or just a little mad at the MC depending on Gloria score being at least 3 and your choice on Victoria's proposal at the end of v0.3.1, getting Gloria mad will result in a Gloria score -1 and a Gloria lust -1)

< if Gloria isn't mad at the MC >

It's for rich / Hipsters love brunch (Gloria score +1) (Gloria lust +1) / It's way too fancy  
No talking / Say nothing

< if your Henry score is at least 2 and the MC visited Victoria in the previous version >

Tell him of Victoria (Henry score +1) / Nothing

< otherwise you will get the branching >

That won't work (Henry score +1) / Maybe you're right / I didn't find anything anyway (the latter only available if you accepted Victoria's proposal at the end of the previous version)

Leave her (might close future Sonja's content) / Put her on the bed

<end of version 0.5.0>

No Jokes, not now / Probably

Left / Center / Right (check all three options from left to right)

Check on Gloria / Search lockers / Talk to Katie and Henry / Talk to Betty (start by picking 'Search lockers', then the others in the following order)

< if you picked 'Search lockers' >

(you get a hidden secret warning, click the small statue in the locker to unlock the special render)

< if you picked 'Check on Gloria' >

Hopefully / May want to ease back (pick the latter if you don't want Gloria to break Venus when she wakes up)

< if you picked 'Talk to Katie and Henry' >

Need help / Talk to Henry (this choice will bring to different scenes and dialogues in this chapter, you should pick the 1<sup>st</sup> option if you want to increase Katie's lust, the latter to increase Katie's score)

< if you picked 'Talk to Henry' >

Check on Katie / Talk to Betty (pick 'Check on Katie only if you have at least 3 Katie Score points, otherwise the scene will be cut short)

< if you picked 'Check on Katie' and have at least 3 Katie Score >

Enter (Katie Score +1) / Stay outside (better scene with the 1<sup>st</sup> option... and that toes animation needs to be seen)

Talk to Betty / Check on Gloria again

< if you picked 'Need help' > (you get a Katie's scene if you have at least 3 Katie Score points)

Let her approach / Keep it friendly (both options will give a Katie Lust +1 as long as you have fewer Henry score points than 3)

Talk to Betty

Check your room / Check on Gloria again

< if you picked 'Check on Gloria again' >

Question her powers / Tell her about the Redmoon

Tell her, but leave out her involvement / Tell her everything / Lie to her (you won't get this branching point if you picked 'May want to ease back' at the start of the chapter and have less than 3 Ellen Score points, the scene in that case will default to the 1<sup>st</sup> option path)

(picking the latter will only result in losing you a Gloria score point and then force you into one of the 1<sup>st</sup> two options, not clear right now what the difference between the 1<sup>st</sup> two options is going to be in terms of effect on the relationship between the MC and Gloria)

< if you have picked 'Talk to Henry' you will have the 'Talk to Betty' scene >

Check your room (this scene will play differently whether you picked 'Touch Venus' in chapter 3)

< if you picked 'Touch Venus' >

Go back and keep an eye on her / Sure come in

< if you picked 'Sure come in' > (the scene will be cut short if your **MC Dep** score is less than 2)

< if **MC Dep** is at least 2 >

Yes / Stop (pick 'Yes' to watch Venus' sex scene)

< if you picked 'Yes' >

Just use Venus / Pretend she is Victoria (sex scene will play differently, make obviously sure to check both options, the latter will also give a **MC Dep +1** and unlock a special scene achievement in the scene gallery)

< if you didn't pick 'Touch Venus' >

Stop watching / Keep watching (pick the latter to watch Victoria's bathing scene, really cool bubbles animation)

Alright fine / Not now (you will only get this choice if you picked 'Search lockers' earlier)

< if you picked 'Alright fine' >

Alright / I can't (pick the 1<sup>st</sup> for Carli's sex scene)

< if you picked 'Alright' >

(make sure to check all options of the sex scene, it's worth it)

Go to sleep

(during the scene with Gloria in the morning you will lose 1 or 2 **Katie Score** points if you picked 'Explore a little' in chapter 5, only one if you had less than 5 **Katie Score** points, 2 otherwise)

Whatever / Want another shiner?

< if you picked 'Whatever' >

Agree (Henry score +1) / Disagree

Near door / Cell door / Far door

< if you picked 'Cell door' >

(you get a hidden secret warning, click bed inside the cell to unlock the special render)

< if you picked 'Far door' >

(scene will play quicker with this choice, MC and Henry will surprise the bolter and get their target)

< if you picked 'Near door' >

Do it / Wait and watch (1<sup>st</sup> option will have the same outcome as picking 'Far door')

< if you picked 'Wait and watch' >

Ask her name / Why are you alone / Why do this? / Calm her / Threaten her /

Threaten her with Henry (each of this option will create a score system that will decide the final outcome of the scene, MC shooting the bolter or the bolter surrendering the MC. The system will check the partial score after each choice, a negative partial score will cut the scene short with the MC killing the bolter, a positive score of at least 4 will cut the scene short with the bolter surrendering)

< Ask her name > (Sasha\_score +1)

< Why are you alone? >

Bolters, what else (Sasha\_score -1) / Need better friends  
(Sasha\_score +1)

< Why do this? > (Sasha\_score +1 if Sasha\_score >= 2, Sasha\_score -1 otherwise)

< Calm her > (Sasha\_score +1 if Sasha\_score > 1)  
< Threaten her >  
    Doubtful (Sasha\_score -1) / Worth it (Sasha\_score +2)  
< Threaten her with Henry > (Sasha\_score +1 if Sasha\_score >= 2,  
    Sasha\_score -1 otherwise)

(Ellen and Victoria's scene will play differently depending on the MC's interaction with the two women in the previous chapters: you will get a **Ellen Score +1** if the MC had no sex with Victoria, **Ellen Score -1** if the MC had sex with Victoria twice or if you picked 'Yes' or 'Show me you mean it' during the Victoria sex scene at the end of chapter 4 and you also picked 'Kiss her' during the Ellen sex scene in chapter 5, **Ellen Score -2** if the MC had sex with Victoria 3 times and you also picked 'Kiss her' during the Ellen sex scene in chapter 5)

(After the talk with Glenn you get a Katie scene if **Katie Score** is at least 4)

< if **Katie Score** >= 4 >  
    < if **Katie Score** = 4 >  
        Go back inside Katie (**Katie Score -1**) / Look at her silently (**Katie Score +1**)  
    Ask her to go / Talk (the 1<sup>st</sup> option cuts the scene short)  
    < if you picked 'Talk' >  
        Need time alone / Embrace (the 1<sup>st</sup> option cuts the scene short, the 2<sup>nd</sup> starts Katie's sex scene)  
    < if you picked ' Embrace >  
        (as usual make sure to check all sex scene options, if you pick 'Have her please you, the following scene will play differently depending on **Katie Lust** points)  
        < if you picked 'Have her please you ' and **Katie Lust** >= 2 >  
            Stay as you are / I like that (**Katie Dirty +1**)  
        < if you picked 'Grind on you' >  
            Stay just as you are / I'd like that (**Katie Lust +1**) (**Katie Dirty +1**)  
        (the sex scene will go on after the MC cums either if you are on a faithful to Katie path, that means the MC didn't have sex with Chandra in ch3 or ch5, with Victoria in ch4 and with Ellen in ch5, or if **Katie Lust** >= 3)  
        < if MC faithful to Katie or **Katie Lust** >= 3 >  
            Ride me / Blowjob  
            (you get a hidden secret warning right after the end of the 2<sup>nd</sup> sex scene, click mirror right above Katie's body to unlock the special render)

<end of version 0.6>

< if you didn't have sex with Katie in v0.6 and picked 'Yes' or 'Show me you mean it' in v0.4 >  
    Enact Victoria's plan (**Gloria score -3**) / Just take a small walk

< if you had sex with Katie in v0.6 >  
    Tell her / Hold off / It's nothing

< if you picked 'Tell her' > (the dialogue in this scene vastly depends on choices you made back in v0.1: if you picked 'Tell her you are meeting Victoria tonight' and after that 'It's just drinks' you will get a longer scene, also if you picked 'Screw business' in the Victoria's scene you will now get a **Katie Lust +1**, if you didn't you will instead get the options)

    Partial truth (**Katie Lust +1**) / Lie

    (to get Katie's sex scene next you need to have rejected Ellen in v0.5 by picking ' I may have met someone' and to have avoided Victoria's sex scene in v0.4, if both

those conditions aren't met Katie will just fall asleep ending the scene)  
< if you picked 'Hold off' >  
Tell her about Sonia (Katie Lust +1) / In time

< if you picked 'Tell her about Sonia' > (to get Katie's sex scene next you need to have rejected Ellen in v0.5 by picking 'I may have met someone' and to have avoided Victoria's sex scene in v0.4, if both those conditions aren't met Katie will just fall asleep ending the scene)

(the scene with Victoria and Ellen can play in two different ways depending mostly on two conditions, your Victoria's score and whether you picked either 'Yes' or 'Show me you mean it' in v0.4. if you picked one of those and you have a Victoria Score < 5, the scene will have Victoria still obeying her boss and trying to coerce Ellen, otherwise Victoria will start showing doubts on her operation)

(if Henry\_Score >= 4 you get the options)

Pry / Let it go (if you pick 'Pry' and your Henry\_Score is at least 5 you get a Henry's flashback)

Head to research / Head to operations / Head to the medical ward (the best outcome is to try all those 3 options in the order from left to right, you'll be able to get all of the content that way. that won't work though if you accepted Victoria's proposal in v0.4 by picking 'Yes' or 'Show me you mean it', in that case to get most of the content here you'd better pick 'Head to operations' first)

< after you pick 'Head to operations' >

Why not? (Katie Score -1) / We are counting on you / I know you're scared

< if you pick 'We are counting on you' >

Why not? / I know you're scared (the latter will give you a Katie Score +1 if your Katie Score is less than 6)

(you get a hidden secret warning right after Katie opens the door, look for the small black sign up-center in the screen and click it to unlock the special render)

(right after that you get a big NTR scene: a woman that is TOTALLY a love interest for the MC is blowing some dude, who's obviously named Eric even if the script says otherwise)

Continue forward / Head to research (pick the latter to get more content)

< if you picked 'Head to research' >

(you get a hidden secret warning right after Katie opens the door, look for the globe on the left and click it to unlock the special render)

(if you had sex with Katie in v0.6, you'll get the options)

Sure thing / I have another idea

< if you picked 'I have another idea' >

Sorry / You're cute (Katie Lust +1)

Head to the medical ward

Good enough / Damn that's hot (Katie Score -1) / You should dress that way more often (Ellen Score +1)

(if your **Victoria Score** is at least 5 or if you accepted Victoria's proposal in v0.4, you get a scene with Victoria, the scene will play differently depending on your **Victoria Score** being at least 4 or less than that. i'd advise to try both paths cause they both have great content)

(if your **Victoria Score** is less than 4, you get the options)

Tell me everything / Just get to the point

< if you picked 'Just get to the point' >

Ask her to leave / Get angry

< if you picked 'Get angry' >

Apologize / Hit her (**Victoria Score -2**) (**MC Dep +1**) (the latter will have the MC being beaten up by the Red Moon)

< if you picked 'Tell me everything' >

Yes / Just get to the point (the latter will bring you back to the 'Ask her to leave / Get angry' branching)

< if you picked 'Yes' >

Yes / No more (the latter ends the scene early and prevents you from watching some pretty neat animations, after these options you will be brought back to the 'Ask her to leave / Get angry' branching)

(if you didn't disable the bug at the end of v0.3, your **Victoria Score** is at least 4 and you had sex with her in v0.4 by picking 'Sneak from outside' and 'Embrace her', you will get the following options and a chance for Victoria's sex scene in this versions, if the previous conditions are not met, Victoria will either not show up at all or just leave MC's room ending the scene early. looking at the script at this point of the story, it would make sense to have at least two saves for Victoria, one with high score and where you picked 'Sneak from outside' and 'Embrace her' in v0.4 and another one with low score and max depravity for the MC)

Move closer to her / Agree with her (the latter ends the scene early)

< if you picked 'Move closer to her' >

Let her pleasure you / Pleasure her instead (obviously try all the options but if you pick 'Pleasure her instead' first, that will award you a **Victoria lust +1**)

< if you picked 'Let her pleasure you' >

(if your **MC Dep** is at least 1 you get the options)

Let her keep the lead / Force yourself in harder (**Victoria lust -1**)

We will lose her on the road / Confront her

< if you picked 'Confront her' >

Help her up (**Sasha\_score +1**) / Leave her on the floor

(right after the scene with Sasha you get a phone call with Chandra, if your **Chandra score** is at least 2 or your **Abby score** is at least 1, you get the options)

On my way (**Chandra Score +1**) / No time (pick the 1st to get Chandra's scene)

< if you picked 'On my way' >

(you get a hidden secret warning, click the cup close to Chandra to unlock the special render)

A girl i'm trying to protect / A girl like you (**Abby score +1**)

Check on Ellen / Wait (pick the 1st for Ellen's scene)

< if you picked 'Check on Ellen' >

(if you picked 'You're right' and also 'Play dumb' in v0.4, you get the options)

Apologize (Ellen Score -1) / I didn't want you to know

(if you had sex with Victoria at least once you get the options)

She's not what you think / Couldn't resist her / I had to

< if you picked 'Couldn't resist her' >

Charms (Ellen Score -1) / The high class (the 1st option will end the scene early)

< if you picked 'She's not what you think' >

(you get a Ellen Score -2 and an early end of the scene if your Victoria Score isn't at least 5, if it is you will instead get a Ellen lust +1)

(if you didn't end early Ellen's scene you get the options)

Flirt. but drop the talk of Victoria / Flirt with her about Victoria / Go check on Betty (the latter ends the scene early, the 2nd might bring to a 3some with Ellen and Victoria down the road)

(if you didn't have sex with Victoria at all you get a Ellen score +1 and a Ellen lust +1, if your Ellen score is at least 3, you get the options)

Flirt with Ellen / Go check on Betty (the latter ends the scene early)

Softly touch / Pinch (Ellen lust +1)

(during the sex scene you will get the anal option only if your Ellen lust is at least 2)

< end of version 0.7 >

I tried (Sonja score +1)/ I even tried to tell Kay (Sonja score +2)/ I knew it would hurt (the second option will only be available if you picked 'Tell her' in ch5 instead of 'Brush her off' )

Push her / Apologies (pick whatever)

(during the scene with Sonja and Kay if MC Dep is at least 1 you get the options)

Drink / Knock it away (no real difference)

Go to Mil-Town / Meet Shanlon (make sure to pick the latter if you're on Shanlon's breaking path, trust me, the first animation of Shanlon's new young model alone makes it worth, and there's no way you'd forgive yourself for missing the sex scene with her)

< if you picked 'Meet Shanlon' >

(you will get the Shanlon's scene cut short if in ch2 you didn't pick the options 'You really know what you want', to start the Shanlon's scene there, and then 'Anytime', to get on Shanlon's breaking path. You will also need to be on the MC depravity path to fully enjoy the scene, if you're not some important options in the dialogues won't be available)

< if you picked 'Anytime' at the end of Shanlon's scene in ch2 >

Yes / No (Shanlon Lust -1) (picking the latter will cut the scene short)

< if you picked 'Yes' >

Get her back here / Just give me the info (picking the latter cuts the scene short)

< if you picked 'Get her back here' >

Yeah (Teri score -1) / Just Professional / Fuck no (Teri score +1)

(if you picked 'You really know what you want' in ch2 you get the options)

That we could (Teri score +1)/ Let her go

Punish you (Teri score +1) / Everything / Whatever you like

(Teri score -1) (the first option will only be available if MC Dep is at least 2)

(make sure to try all the options in the sex scene, you will

need a **MC Dep** of at least 2 for that and a **Teri score** of at least 2, make also sure to pick 'Yes she is' and 'Harder' instead while Teri is on the couch)

(if those two conditions are satisfied, you will get the options)

Fuck her ass now / Watch (while you should always try both paths, the first brings to rougher sex scenes with Teri and a 3some with her and Shanlon)

< if you picked 'Fuck her ass now' >

Correct / If i can (pick the latter if you want to share Shanlon with other men in the future)

Actually / Yes (the first sets up a variable, not clear at this moment how much impact it will have)

Confront her (**Sonja score +2**)(**Sonja p\_var +1**) / Whatever

Put the gun away / Put Carli away (**Sonja score -1**) / Put Judy away (**Sonja score +1**) / Put Christina away (**Sonja score -1**)

We knock and say hello / Can you sneak in and scout? (you can try both paths, they will all end with the MC asking Todd some questions, each of those will change the Todd's score for the scene, a final score under 0 will bring to failure, final score of at least 3 for success)

< if you picked 'We knock and say hello' >

(if you want to end the scene in good terms with Todd pick the options: 'Ask about the car', 'Sasha is in danger', 'Not this time', 'Baynard wants Gloria', 'Wait, did you see her?')

< if you picked 'Can you sneak in and scout?' >

(if you want to end the scene in good terms with Todd pick the options: 'Sorry about sneaking in', 'Looking for you', 'We need help', 'Describe the bolter', you will need the MC to know Sasha's name to collect the last point)

(you get a hidden secret warning at the start of Sasha's scene, click the bottle of liquor at the left of sleeping Sasha to unlock the special render)

(if **MC Dep** is at least 2, you get the options)

Stop this and sit down / Turn around (the first option cuts the scene short)

Check on Ellen / Check on Katie / Get cleaned up (you can pick all options one after another)

< if you picked 'Check on Ellen' >

(if you picked 'Kiss her' during the Ellen sex scene in ch5, you will get the options)

I had my own problems (**Ellen Score -1**)/ I was hurt and out of it (**Ellen Score +1**)

< if you picked 'Check on Katie' >

(you get a hidden secret warning right at the start of Katie's scene, click the top window on the right to unlock the special render)

(scene will play in a different way depending on the MC having sex with Katie in ch6, if you didn't no sex scene for you with Katie in this chapter, obviously make sure to check all the sex scene's options)

< if you picked 'Get cleaned up' >

(the scene with Venus has different dialogues whether you picked 'Hopefully' in ch6 or not)

You probably should / You can come in (the first option cuts the scene short)

< if you picked 'You can come in' >

Alright / You should go (the latter cuts the scene short)

We both do / You did what you thought you had to do (**Sonja p\_var +1**)

That's not fair (Sonja score +1)(Ellen score -1) / We all made mistakes (Sonja score +1)(Ellen score +1) / We can't change that (Sonja p\_var -1)  
Fire power / Friendly face / Option C (the latter is only available if your Abby score is at least 2)  
(the consequences of this decision will only be fully available in the next chapter)

< if you picked 'Option C' >

(you get a hidden secret warning right at the start of the scene, click the red neon at the bottom left of the screen unlock the special render)

(after the scene with Sonja, Ellen and Katie you will get a short Victoria scene if your Victoria Score is at least 4)

< end of version 1.0.8 >

(the first scene of v1.0.9 will play differently depending on the path you chose at the end of the previous version, i.e. going to the pit with either Ellen, Sonja or Abby, and each path can also be played in different ways. i will outline what the best choices are for each path, i.e. the ones that bring to the best scenes, and also make sure to point out when different choices might lead to scenes that you should check out at least once before moving on in your gameplay)

< Ellen's path >

Forward / Left / Right (\* BEST CHOICE \* pick 'Left'. before you go left though, make sure to check the 'Right' route, cause it will allow you to unlock a special render and also to have a pretty sexy scene with the Pit's twins)

< if you picked 'Right' >

Keep looking around / Open it (the 1st sends you back to the previous branching, the latter starts the crate scene)

< if you picked 'Open it' >

(you get a hidden secret warning right at the moment when the MC opens the crate to get out, click the top crate near the ceiling of the room to unlock the special render)

Stop this (Ellen score +1) / Hold off for a minute (pick the 1st to increase your Ellen's score but check the other options first cause the renders there are pretty nice)

Head to the noise / Check the old section / Check out the back area (you can complete the mission and rescue Gloria by picking 'Check the old section' then 'Check out the back area' and finally 'Start the fire', but in this case you'd be losing a lot of good content; if you pick 'Head to the noise' you reconnect with the go 'Forward' route, with the only difference that entering through the crate instead that through the main gate will have you lose some points with the side characters inside the Pit)

< if you picked 'Left' >

Keep looking around / Hide weapon here (pick the latter and go back to the initial branching)

< if you picked 'Hide weapon here' >

Forward / Left / Right (pick 'Forward')

< if you picked 'Forward' > (go "forward" but don't click too fast, make sure to enjoy the scene with Ellen walking, that animation alone is worth the waiting of this new version)

(if in the previous version you succeeded in gaining Todd's trust, you will get the branching)

Go to Todd / Go to the strippers (the first options won't be available if you failed with Todd in v1.0.8. here you can check both routes, talk with Todd first then go to the strippers)

< if you picked 'Go to Todd' >

I'm a ghost / The front door (pick the latter if you followed this route and entered the Pit from the front door, it will give you a Todd trust +1, if instead you reached this branching by entering in the crate and picking 'Head to the noise' then the latter would give you a Todd trust -1, in this case you should pick the first option)

Fight them / Screw that (the latter gives you Todd trust +1)

Go to the strippers / Look around out back / Go to the meet  
(pick the second first, then go back for the strippers)

< if you picked 'Look around out back' >

Main room / Check the old section / Check out the back area  
(pick the latter, then go back to the main room. having checked the back area will have the MC knowing about the drugs and that will have him gaining an additional trust point later on in the meeting with the boss of the Pit)

(after you go back to the main area pick 'Go to the strippers')

Pay / Personal (what you want here is to gain Bambi's trust points: if at the start of v1.0.7 you picked 'Enact Victoria's plan' going with 'Pay' here will give you Bambi trust +1, if you didn't then to gain the point you have to go with the latter. picking 'Pay' also sets a variable in the script that up to now though only produces a one line variation in the next dialogue, no way to tell if this choice will have some consequences in the next versions)

Tell her Gloria is special / No idea what you mean (the first gives you Bambi trust +1)

Try and reject her (Ellen score +1) / Consider it (picking the latter will bring you to a sex scene providing that you meet two requirements for it: you need to have picked 'Enact Victoria's plan' at the start of v1.0.7 and you need a MC Dep score of at least 2)

< if you picked 'Consider it' >

Go off with her / Wait (i'm positive you didn't get to this point in the game just to wait and miss the Krista's ass, so pick the first)

< if you picked 'Try and reject her' >

Look around out back / Go to the meet (pick the latter)

< if you picked 'Go to the meet' >

(you will gain right at the start a King trust +1 if you picked the right choices when speaking with Todd, another King trust +1 if back in chapter 5 you picked 'No talking' in the Gloria's scene and another point if your Henry score is more than 5)

I can take her by force / She shouldn't be here (go with the latter)

She's just a girl / She's danger to you (the first option will give you a Ellen score +1 while the latter a King trust +1, you don't really need a point for the king here)

She won't / You sound like Banyard (the latter gives you a King trust +1)

(at the end of this scene you will need just 2 points of King trust to reach the good ending where you save Gloria with the blessing of the king of the Pit)

< Sonja's path >

Forward / Left / Right (\* BEST CHOICE \* pick 'Left', then 'Open it'. going right this time around won't give you a scene as good as the one you got in the Ellen's path, you can check that route anyway, the branching you'll get there is perfectly equivalent to what you've already seen in the Ellen's path. if you haven't already got the special render following Ellen's path in the 'Right' route, you can get it here going right, the render is exactly in the same spot)

< if you picked 'Left' >

Main Room / Check the old section / Back to the lab (check the old section and then go to the main room, once you are in the main room you get the same option you had for the Ellen's path: you can talk to Todd if you won his trust in the previous version, talking to the strippers won't do you any good in this case though, so if you don't get the choice to talk to Todd and then to the king in your playthrough, your only option is to pick 'Back to the lab' and then 'Start the fire')

< Abby's path >

Forward / Left / Right (\* Best choice \* pick 'Forward', then 'Left', 'Hide weapon here', finally 'Forward' again. you won't be able to go right and enter in the crate with Abby, you could enter going 'Left' but the scene you get there is not as good as the one in the Sonja's path and also you would miss the animation of Abby walking towards the gate that you get in the 'Forward' path)

Go to Todd / Go to the strippers (same as in the Ellen's path for Todd, talk with him first if you have the option)

< if you picked 'Go to the strippers' >

Pay for a show / Just need information (Abby score +1)

I did (Bambi trust +1) / She asked to help

< if you picked 'She asked to help' >

I did (Bambi trust +1) / I said she wanted to help

Pay / Personal (same as in the Ellen's path)

Tell her Gloria is special (same as in the Ellen's path)

(as you did in the Ellen's path, pick 'Look around out back', then 'Check the old section', then 'Check out the back area', finally go back to the 'Main room' and 'Go to the meet'. in the meeting with the king you'll get the same dialogue option you had in the Ellen's path, just pick the same choices outlined there. when you pick 'She's just a girl' that choice will give you a Abby score +1)

< if you are on Abby's path and you visited the lab inside the Pit you get the options >

People are complicated (Abby score +1) / Fuck them, they aren't worth it

(you get a hidden secret warning during the scene where the MC brings Abby back home, after the animation where the car stops, click the part of the engine at the back of the car to unlock the special render)

< if your Abby score is at least 3 you get the options >

Tell her you need to go / Sit with her

< if you picked 'Sit with her' >

Tell her to stop / Let her continue (picking 'Tell her you need to go' or 'Tell her to stop' will have the same effect of not having enough points, it'll end the scene earlier. obviously pick 'Let her continue' and make sure to check all the options in the sex scene)

(after this the three paths all unite back into one)

Check with Kay / Check with Sonja / Check on Sasha (you can pick each one of the options right in that order)

(when you pick either 'Check with Sonja' or 'Check on Sasha', if back in v1.0.3 you picked during

Chandra's scene either 'Help her' or 'Help her out', you'll get a scene with a call from Chandra: this will play in two different ways depending on what path you picked with Chandra back in v1.0.3 and in v1.0.5: if you are on her good route than you get a scene with Chandra helping the MC spying on Meredith; if instead you are on her bad route and picked 'Yes' when Chandra offered the MC a deal in v1.0.5, then the MC will now go and track Josh in the den and you'll get the options)

Beat the shit out of him (MC Dep +1) / Reason with him

(if you didn't pick 'Yes', you'll have a scene with Meredith playing with herself. after that is over, pick 'Check with Sonja' and you'll get the options)

Ask about up north / Move on

< if you picked 'Ask about up north' >

Glad you're back (Sonya score +1) / I Understand

< if you picked 'Check with Sasha' >

Keep approaching (Sasha\_score +1) / Apologize

Explain the entire situation / Brush it off (pick whatever)

Not now / Sounds good (Sasha\_score +1)

(after all the scenes are over click 'Hit the hay', you now have two possible dream sequences)

Think on the present / Think on the past (you won't get this choice if these two conditions are not both met: you need either Victoria Score to be at least 5 or Victoria Lust to be at least 3 and Gloria Lust to be at least 1, otherwise you will get by default Ellen's dream scene)

< if you picked 'Think on the present' >

Stop this / Continue (picking 'Continue' will get you to a great sex scene, it will also give you a Gloria Score -1 though, usually the scoring system in Philly's games is not that strict, you may be able to absorb this point loss without falling out from Gloria's path)

< if you picked 'Continue' >

Fuck Victoria / Fuck Victoria's breast / Fuck Gloria (you won't get the latter if Gloria Lust is not at least 2, make sure to check all options)

Truth (Gloria Score +1) / Lie (Gloria Score -1)

< if you picked 'Think on the past' >

Stop this / Fuck her (you know what to do)

(here you get an additional teasing scene with Gloria if Gloria Score is at least 5)

(you get a hidden secret warning right at the end of the dream scene when the MC look at the tv screen, click on Gloria's face in the screen to unlock the special render)

< end of version 1.0.9 >

It can wait / You're right (pick whatever)

Use some of the nano fluid / Just stitch her up (you won't get this option if back in v1.0.7 you didn't pick 'Head to research' to grab the nano fluid from the facility, not sure if this choice will make any real difference at all apart from a slightly different dialogue in this chapter)

(you get a hidden secret warning right at the end of the Red Moon scene, click on the light at the center of the screen to unlock the special render)

Don't feel bad (Gloria Score +1) / Beautiful like you (Gloria lust +1) (you only get this choice if your Henry\_friend score is at least 4)

Comfort her / This is not right (you only get this choice if your Gloria Score is at least 4)

< if you picked 'Comfort her' >

Sure / Another time (pick the first for the Gloria's scene)

< if you picked 'Sure' >

You're sweet and optimistic (Gloria Score +2) / You're sexy and independent (Gloria

Score +1) (Gloria lust +1)

(during the sex scene you won't get the BJ if Gloria lust is not at least 3)

(during the sex scene Gloria will ask you for a sex nickname, you can pick whatever but if you choose Henry that will get you a Gloria Score -1)

(some part of the sex scene are locked depending on your Gloria lust, you need to have that at least 3 to unlock all the scenes)

(if you had sex with Shanlon back in v1.0.8, you will get a longer Shanlon scene here and the options)

Keep watching / Gotta go (pick the first obviously)

Interject / Say nothing (pick the latter, it gives you access to a scene later on)

I don't have time for this / Trust me on this (pick the latter to access Ellen's scene)

< if you picked 'Trust me on this' >

Explain Caracas / Leave it (pick the first to access Ellen's scene)

< if you picked 'Explain Caracas' >

(you get a hidden secret warning when the scene turns to the TV News, click the letter N on the TV screen to unlock the special render, this render will be available no matter if you chose to watch the Ellen scene or you decided to skip that)

(during the scene with Ellen you will be awarded a Ellen lust +1 if you had sex with Ellen back in v1.0.1 and if in v1.0.3 you picked 'Confront her about Ellen')

Say nothing / Ask her to stay (you won't get this option if your Ellen Score is not at least 5, pick the latter for Ellen's sex scene)

< if you picked 'Ask her to stay' >

(during the sex scene you will have the option for anal if your Ellen lust is at least 3)

< if you picked 'Say nothing' >

Turn it off / Be curious and watch (pick the latter for a voyeur scene between Glenn and Venus, you should keep watching just for the animation of Venus slapping her tits)

Let's see the clubwear / Let's see the professional look (you only get this option if your Katie Score is at least 6, obviously make sure to check both)

Club look / Pro look (not sure if this choice will have consequences in the next versions)

(Katie's scene will be cut short if your Katie Score is under 5, otherwise you'll get the options)

You punched me (Katie Lust +1) / You were nervous (Katie Score +1)

Take her up on the offer / We shouldn't (pick the first for the sex scene)

< if you picked 'Take her up on the offer' >

(during the sex scene obviously try all the options, you'll also need to pick 'Reverse cowgirl' and have at least 3 points of Katie Lust to unlock the anal scene)

Accept what Gloria did (Gloria Score +1) / Be stern (Gloria lust +1)

Reason with her (Sasha Score +1) / Be mean

Take Sasha back and check on Sonja / Take Sasha back and check on Gloria (you're going to get the first scene anyway, so here pick the latter: in order to get the most out of the scene with Gloria you'll need to either have had sex with her at the start of this version and to have at least 3 Gloria lust points or to have at least 4 Gloria Score points, otherwise the scene will be cut short)

Wipe the glass / Stay back (you get this option if you aren't fulfilling the first of the two conditions explained above, pick the first to continue the scene but it'll end up being cut short anyway if you cannot fulfill at least the second condition)

(if you didn't get cut short, you get the options)

Sure / I should leave (the latter ends the scene early)

Accept her kiss / Reject her (you get this option if your **Sonjia Score** is at least 2, pick the first to access Sonja's sex scene)

< if you picked 'Accept her kiss' >

Yeah / Not sure (the first might close Sonja's path in future versions)

(you get a hidden secret warning right when the MC enters the Tanaka's house, click the framed picture on the right of the screen to unlock the special render)

(during the scene with Victoria, you will need at least 5 **Victoria Score** points for a better dialogue)

< end of version 1.0.10 >

(two different scenes will play out at the start of v1.0.11: if you picked 'Enact Victoria's plan' at the start of v0.7, the MC will ride alone following Victoria, if you didn't then the MC will ride the bike with Victoria.

in the latter case, the scene will also play out in two different ways depending on your **Victoria Score** points: if you have fewer than 6 you get the options)

Maybe, but not anymore / You did what you thought was right (pick whatever)

(if instead you have at least 6 **Victoria Score** points, you are on Victoria's love path and you get the choices)

You chose to be different (**Victoria Lust +1**) / You did what you thought was right (**Victoria Score +1**) / We really should get back (pick one of the first 2 options for Victoria's sex scene and as usual make sure to check all the options of the scene, during the doggy if your **Victoria Lust** score is at least 2, you get an anal scene as a bonus)

< if you picked 'We really should get back' >

Maybe, but not anymore / You did what you thought was right (pick whatever)

(if back in v0.7 you did pick 'Enact Victoria's plan', you are on Victoria's bad path and you get the options)

Lead the way / This is a bad idea (the latter ends the scene early, pick the first for Victoria's sex scene. after you check all options, you will be able to close the scene by cumming either on Victoria's tits or while bending her over, pick the latter to unlock the scene in the gallery)

(after the part with Victoria, if in v0.8 you picked 'Meet Shanlon', now you get a new scene with her)

(you get a hidden secret warning right at the start of the scene with Shanlon when she gets back into the car, click the screen inside the car to unlock the special render)

(this scene will be cut short if back in v0.2 you didn't pick 'You really know what you want' to start sex with Shanlon, if you did pick that option instead you get)

Yes / No (pick the first for Shanlon's sex scene)

< if you picked 'Yes' >

(if in v0.8 you picked 'Option C' to choose Abby as your partner for the mission, here you'll get the options)

Check window / Ignore it

< if you picked 'Check window' >

I need to go / That can wait (picking the first here will skip the sex scene with Shanlon and bring you over to the part with Abby, you should go Check the window -> That can wait, if you want to both have sex with Shanlon and then get the scene

with Abby)

(if in v0.8 you picked 'Option C' to choose Abby as your partner for the mission now you get a scene with her and Chandra)

(you get a hidden secret warning when Abby and Chandra get in the nightclub, click the screen at the bottom left of the multi-screen panel up top to unlock the special render)

(if your **Abby score** is at least 3 you then get the options)

Move closer to Abby (**Abby Lust +1**) / Keep things civil

Let it play out / Break it up (the first ends the scene early)

< if you picked 'Break it up ' >

Chandra's ass / Abby's ass / Fuck that

< if you picked 'Chandra's ass' >

I mean it (**Chandra Score +1**) / I don't know what to think

< if you picked 'Abby's ass' >

I mean it (**Abby Score +1**) / I don't know what to think

(in both cases, if you choose 'I don't know what to think', you won't get a point awarded, you will get though a scene with Abby stripping on the pole, i strongly suggest you to check that first then roll back and get the point)

I can think of something / No games (the latter ends the scene early, pick the first for sex with Chandra)

< if you picked 'I can think of something' >

(you get a hidden secret warning when the MC gets inside Chandra's house, click the tv screen to unlock the special render)

(during the sex scene, to have the option of anal sex, you will need at least 2 **Chandra Lust** points)

See Gloria / Find Kleo (you can do both in that order)

< if you picked 'See Gloria' >

(if your **Gloria Score** is at least 3, you get the options)

Go to sleep / Wake Gloria (pick the latter for Gloria's scene)

< if you picked 'Wake Gloria' >

(this scene has a small sexy content and you'll need to fulfill multiple requirements to access it:

- you need a **Gloria Score** of at least 4 or a **Gloria Lust** of at least 3,
- you need to have picked 'Comfort her' in the motel scene in v0.10
- you need **MC Dep** at least at 3

fulfilling those requirements will also get you automatically to Gloria's sex scene on the next day.

if you don't, you may still be able to get access to next day's content:

- you will first need a **Gloria Score** of at least 3 to get the options

Get some rest / Embrace her

- you'll then need to pick 'Embrace her' and have a **Gloria Lust** of at least 2, cause if your **Gloria Lust** is not at least at 2 when pick 'Embrace her', not only you won't access the sex scene but you'll also get a **Gloria Score -1**. failing to meet those requirements will bring you directly to Kleo's scene)

< if you picked 'Find Kleo' >

(if you didn't pick 'Eh fuck it' back in v0.1 to access the futa scene, here you'll get the options)

Apologize and stay / Apologize and leave / Leave quick (the first will keep the scene going and most likely bring to futa content with Kleo in one of the next versions)

(if you did pick 'Eh fuck it' you will access the full scene with Kleo directly)

Release Sasha

(you get a hidden secret warning when the MC looks up to Sasha's house, click the 2nd window from the right to unlock the special render)

Like you (Sasha Score -1)(Sasha Lust +1) / I won't

(if you picked 'Disable bug' in v0.3 and got the ammos in v0.7, you get now the option to use those, if you didn't Venus will fight the red moon)

Use your special ammo / Let Venus fight him

< end of version 1.0.11 >

Agree with Ellen (Ellen Score +1) (MC Dep +1) / Agree with Katie (Katie Score +1)

Check on Gloria and Katie / Check on Ellen / Check on Katie / Check on Venus / Find a place to sleep (you are able to Check on Katie only after you checked on Gloria and you will only be able to check on Venus if you didn't pick 'Let Venus fight him' at the end of v0.11, you can play all the paths in the order)

< if you picked 'Check on Gloria and Katie' >

< if your is MC Dep at least 2, you get the options >

Get a closer look at that ass (Katie Score -1)(Katie Lust +1) / Keep engaged with Katie

< if you picked 'Check on Ellen' >

(if your Ellen Score is at least 4, you get the options)

Just get some sleep / Move towards Ellen (pick the latter for Ellen's sex scene: you can try all the options there, for the anal scene you need Ellen Lust to be at least 3)

< if you picked 'Check on Katie' >

(you get a hidden secret warning right at the start of the scene, click the bottle on the table to unlock the secret render)

It's my fault / It's in your DNA / No idea (Katie Score -1, picking this option will close the scene early if your Katie Score is not at least 6)

(choosing 'It's in your DNA' will give a Katie Score +1 if back in v0.4 you picked 'Check the messages' and 'Help her up')

< if you picked 'It's in your DNA' >

< if your Katie Score is at least 8, you get the options >

Could be married by now / When you just stitched me up (the latter ends the scene early)

< if you picked 'Could be married by now' >

Yes, tell her how you feel / On second thought (pick the first to start Katie LI path)

< if you picked 'Check on Venus' >

(you get a hidden secret warning right at the start of the scene, click the bigger pillar to unlock the secret render)

(here you will get a small nude scene with Venus if back in v0.3 you picked 'Touch Venus' and you treated her like 'daddy's princess')

(pick 'Find a place to sleep' to end the scenes)

(the Victoria's scene that comes next can play in three different ways depending on your previous choices: to have the best possible outcome of those you need a **Victoria Score** of at least 6 and to either have had sex with Victoria back in v0.4 or to have picked 'Pull away' or "Stop this' during that part, if that's the case, you are on Victoria's romance path and, right at the start of this scene, you get a hidden secret warning, click the red lampshade to unlock the secret render)

< if you are on Victoria's romance path >

Not yet / Yes, we need to talk (the latter cuts the scene short)

< if you picked 'Not yet' >

It doesn't have to end / You are probably right (the latter cuts the scene short)

< if you picked 'It doesn't have to end' >

Then we see where it leads / I don't know (pick the first option to start **Victoria's LI path**, no way to tell right now if picking more than one LI will have nefarious consequences down the road)

< if you are not on Victoria's love path and you picked 'Enact Victoria's plan' back in v0.7, you get the options >

Demand she offers herself to you / Go inside (pick the first for Victoria's shower scene)

< if none of the previous conditions are fulfilled, you get the third outcome >

Go on / Just skip to the end (i would guess this option is there cause the dev was worried about folks in a *certain* forum starting to scream NTR when a drone lightly touches Victoria's ass, you can avoid seeing that by picking the second option)

Side with Victoria (**Victoria Score +1**) / Side with Ellen (**Ellen Score +1**)

See Sonia and Victoria / See Gloria and Ellen / See Katie (you can try all the options in order)

< if you picked 'See Sonia and Victoria' >

Be an even fight (Lie) / No need, Sonja will win (Truth) (**Victoria Score +1**)

< if you picked 'See Gloria and Ellen' >

(you get a hidden secret warning right at the start of the scene, click the mattress on the right to unlock the secret render)

(during the scene with Gloria, the dialogue will be different depending on the choice of LI you made or didn't make in this chapter: if you've already picked either Katie or Victoria, you will get the options)

Be honest / Lie (the latter will result in a **Gloria Score -1** if you picked, back in v0.10, 'Comfort her' and then 'Sure')

(if you hadn't picked any LI yet and your **Ellen Score** is at least 7, you get the options)

I'd like that / I like our current relationship / Rather be with you (you only get the third option if your **Gloria Score** is at least 7)

< if you picked 'I'd like that' >

I would like that / Probably best not to (the first will start **Ellen LI path**)

(if the previous conditions aren't met and your **Gloria Score** is at least 6, you get)

Get Closer / Take your leave (the latter will end the scene)

< if you picked 'Get Closer' and your **Gloria Score** is at least 7 >  
Tell her how much you care / Continue (picking the first has the same effect of picking 'Rather be with you' in the other menu)  
< if you picked 'Tell her how much you care' or 'Rather be with you' >  
Yes, tell her / Not right now (the first will put you on **Gloria LI path**)

< if you picked 'See Katie' >  
Ask to stay / Leave (pick the first for Katie's sex scene)  
< if you picked 'Ask to stay' >  
(the scene will start in two different ways depending on a choice you made back in v0.10 between club look or pro look for Katie's roleplay, you should check both)  
(to have access to Katie's anal scene you need a **Katie Lust** of at least 3)

Maybe (**Ellen Lust +1** if **Ellen Score** is at least 4) / Yes (**Ellen Score +1**)  
(if your **MC Dep** is at least 3, you get the options)  
Pay her cab / Walk away(**Ellen Score -1**) (the latter will unlock a sex scene in this chapter)

Stay with Ellen / Buy her food  
< if you picked 'Buy her food' >  
(if you went with 'Walk away' previously, here you get the options)  
Come on / Just call a cab (pick the first for the sex scene)

< if you picked 'Stay with Ellen' >  
Very weird / They still are hot (the second adds a variable that could lead to a scene with the twins in a future version)

< end of version 1.0.12 >

< if you are on **Victoria's LI path** you get the options >  
Continue / We should wait on Sonia (pick the first for Victoria's sex scene)  
< if you picked 'Continue' >  
Your pretty face and eyes / That ass / Those breasts (not sure if this choice will have any consequences. after this make obviously sure to check all the options of the sex scene)

Check on Katie / Check on Gloria (do both in whatever order)

< if you picked 'Check on Katie' >  
(you get a hidden secret warning right after you open Katie's door, click the panel on the center-top, above the white light to unlock the secret render)

(if your **Katie Score** is at least 6 you get the options)  
We are / Second thoughts (**Katie Score +1**)

< if you picked 'Check on Gloria' >  
(if you are on **Gloria LI path** or you have a **Gloria Score** of at least 3 and **Gloria Lust** of at least 2, you get the options)  
I like being with you more / Maybe you should get dressed  
< if you picked 'I like being with you more' >  
(the scene will be cut short if you are on **Katie LI path**)  
< if you're not on **Katie LI path** you get >  
Tell her to take her clothes off / Just get dressed (pick the first for Gloria sex scene, to get the option for anal you need a **Gloria Lust** of at least 2, and if your **Gloria Lust** is at least 3 you'll gag

Gloria after you cum)

Speak to Ellen

(you get a hidden secret warning right at the start of the scene, click the first beer tap from the right to unlock the secret render)

(the scene with Ellen has a richer dialogue if your **Abby Score** is at least 1, and you also get the options)

Let them plan / Sure, why not? (the first cut the scene short)

< if you picked 'Sure, why not?' >

Move closer / Should leave (pick the first for Chandra and Abby sex scene, to get the anal scene you need a **Chandra Lust** of at least 2, if your **Abby Lust** score is not at least 1 she will refuse anal)

Head home to get more supplies / Don't risk it (go for the first)

(next, during the phone call with Shanlon, if you had sex with her back in v1.0.8, you get the options)

No, you have your fun / If you insist (pick the latter for a short BDSM scene with Shanlon and Teri)

(if you picked 'Use your special ammo' at the end of v.1.0.11 so that Venus is still alive, you get a scene with her next)

(if you picked 'Touch Venus' back in v1.0.3, you get the options)

Bad idea / Right now? (pick the latter for Venus sex scene)

(you get a hidden secret warning during the Noir scene when Ellen says: "just take a load off for a few", click Sonja's gun to unlock the secret render)

(the scene after that varies according to which LI you chose in v1.0.12)

< end of version 1.0.13 >
