## 1.2. Important choices

### 1st choice - 1st Day Sex with Anna:

1a - If you remove the condom and cum inside her you will loose her and will miss the further story with her. Her path unlocks Rebeca path.

1b - If you remove the condom but keep a little longer, you will get her pregnant (Your choice only and not important for the game.)

Before day 50, you need to call Anna (at least to been on the 3rd date, where you are visiting a massage place) . If you reach the wedding of James and Ema, but hasn't been with Anna for massage , it will end her story.

Also, if you want Anna to be present on the wedding, you need to advance with the story and visit her parents before the wedding. Otherwise, You will be on the wedding without her. The best way to accomplish it, is to not call James until you visit Anna'a parents. After the visit, call him and proceed with the wedding event.

Anna story unlocks Rebeca.

---

### 2nd choice - Sex with Ema

2a - if you make sex without condom she will get pregnant, but she will think it was James. This can be important in Chapter 2 Mohoro.

===

### **3rd choice - Breaking a condom -**

if you break a condom on the second call with Dora you select "Keep her a little longer in that position" she will get pregnant. This choice is optional and not important for the game.

To continue the story with her, you have to agree with her that she will become your girlfriend ( during the date in coffee shop). If you don't agree, you still have a chance to do it with a phone call. She will refuse to continue with you like escort, but only like a girlfriend.

===

### **4th choice - Offer help to Vicky (Oliver's sister)**

- if you agree to make sex with her, it will open her story path and unlock Moko story.

On the third call you will meet Moko. Vicky will get pregnant and this will be the last sex with her.

===

### **5th choice - Change pills of Moko -**

this will unlock the story with her. She will get pregnant and that is the only way she will be interesting of you. Otherwise she will accept you only like sex partner for the movies with Vicky and in some point this will end.

===

### **6th choice - Anna is missing after you call her.**

If you do not go to check her after a few days she will go back to her parents and this will end her story

If you check what is wrong with her, you will find her in hospital.

===

Anna: after the hospital, she will ask you to go and buy her some food. If you refuse, even if she insist that will change her status from girlfriend (If she is) to normal friend.

===

## **7th choice - Anna after the hospital**

will tell you she needs money for her mother.

If you offer help and give her the money, the story with her will continue.

===

## **8th choice - If Anna is pregnant**

you will receive a call from her and she will tell you that she is pregnant from her ex-boyfriend because she didn't know you cum a little inside her.

The choice of telling her or not, that you are responsible are not important.

===

## **9th choice - Rebeca talks with you**

when you leave the room of Anna.

To open her path, don't be rude to her.. Don't select "It's not your business". Any other option will open her path.
