She herself does not know how to work and does not want to, so she is looking for men who will support her needs and shower her with gifts. She recently broke up with her boyfriend and he left her with but two suitcases so she needs her Sisters' Boyfriend (the MC) to help her.

A sports girl, which you can regularly meet in the gym or stadium. Her main hobby is football, but she also likes to play any other sports. Not to say that such hobbies affect her studies. She has a knack for remembering things, especially memorizing all sorts of dates. Fira is studying the same subject as Oksana, meaning she is also older than me and looks quite a bit younger than some would initially think.

- 1) Arrive at university alone between 8-12 with at least 100 P (if you walked to university with your sister exit to the city then go back to the university to trigger the scene). Pay 100 or 1000. Currently neither affect stats only the follow up scene.
- 2) Speak to Vova after completing 2 of his events. (When you approach Vova there is a random chance it will be blocked by a scene of him talking to a girl, just try again)

a) After at least 170 hours from step 7 speak to Vova "Learn about sister"
b) Either sell Vova ecstasy or advance the [Lizaveta+Vova](#) chain
If you activate a) before b) is ready "Learn about sister" will return to Vova's talk menu the next day so you wont get locked out.

-Fira can be kissed leading to sex in the lecture hall - Check required flags

-Can stay at Vova's and have sex with Fira - Check required flags

University hall 17:00 say next time to Vova. If you own an apartment, Fira love chain 1+, sasha pet = 0, Fira talk menu gets invite to apartment (random chance for Fira to be present in hall at 17:00, can be rerolled without taking time by opening and closing options menu)
