3. MAIN QUEST GUIDE

Since the game lacks a proper quest log, the following is a simplified walkthrough of the main quest. This walkthrough starts after the free-play mode, which begins immediately after the conclusion of the game's linear Prologue.

Valid for version 0.99 and above.

3.1. Part 1

- 3.1.1. Return to the ruins and proceed until getting to the second elevator (go far west, then head north).
- 3.1.2. Use the elevator and return to the Shrine. Collect your reward, and return to the ruins via the second elevator.
- 3.1.3. Head south to the broken stairs. Jump down, then talk to the skeleton on the right.
- 3.1.4. Head west for the Orc village. Once in the village, talk to the orc near the cave entrance up north.
- 3.1.5. After speaking with the Love Maiden, return to the tent you escaped from and retrieve your gear. After gearing up, it's possible to leave the village with the orc. Simply backtrack to the broken stairs and get a Teleportation Crystal from the skeleton. You may pay him 500g or flash him your tits for the item.
- 3.1.6. To begin the trials, either talk to the orc near the cave entrance again or sleep for three (3) days in the tent. Choose **"Drink"** during the trials to avoid [a bad ending](#).
- 3.1.7. After completing the trials, follow the orcs to a hole (which is marked on your mini-map).
- 3.1.8. Destroy the tower, and defeat your first boss.
- 3.1.9. Return to the Summoning Shrine and collect your reward.

3.2. Part 2

- 3.2.1. Visit Aria in the hot springs / bath house until she disappears (Serena will comment on that).
- 3.2.2. Head to the Summoning Shrine and get a cutscene with Aurora. Go to the second floor to get access to the Slums (via staircase in the south-east part of Ahn).
- 3.2.3. Go to the Slum's inn for information (skippable), proceed to the flower shop (white tent).
- 3.2.4. Defeat the bandits and find the entrance to the tunnels. Destroy all the red flowers in the tunnels to avoid a bad ending.
- 3.2.5. Find Aria and escape with her. Return to the Summoning Shrine afterwards.

3.3. Part 3

- 3.3.1. Visit the Archmage's Chambers for a cutscene.
- 3.3.2. Head to the hot springs for another event with Aria plus a cutscene.
- 3.3.3. Return to Serena's home and rest.
- 3.3.4. Return to the City of Ahn and visit two (2) wells.
 - 3.3.4.1. The first well is in the south-west part of the city behind a (jumpable) fence.
 - 3.3.4.2. The second well is in the Slums behind the entrance stairs.
- 3.3.5. After the discovery of Aurora's secret, go to the Summoning Shrine.
- 3.3.6. Go back to the West District of the ruins, then go through the bridge on the south.

3.4. Part 4

- 3.4.1. Wake up in the mansion (game developer recommends creating a separate save file at this point, so please do so).
- 3.4.2. The Oracle has information on whether or not all the mansion events have been completed.
- 3.4.3. After eight (8) days in the mansion, two (2) men will appear in the south-west corner. Talking to them will end the mansion event (while going with the guard will start the mansion endings).
- 3.4.4. After getting to Vendy's house (and after a cutscene), follow them downstairs (if you didn't find your gear in the basement, use the machine in the corner).
- 3.4.5. After resting, head upstairs and speak with Vendy again.
- 3.4.6. Go through the north-east door to the dock, and return to the mansion.
- 3.4.7. Head to the cells and rescue Aria and the others. Use the lift to get to the boss room.
- 3.4.8. Defeat the boss.

3.5. Part 5

- 3.5.1. Explore the boss area for loot. Click on the cupboard in the south-east corner.
- 3.5.2. Leave the slave mansion and return to Vendy's house.
- 3.5.3. Spend the night in the basement and make preparations for your final boss battle.
- 3.5.4. After teleporting inside the well, make your way back to the hidden passage. Go inside and confront the final boss.
- 3.5.5. Defeat him and conclude the main quest for now (More will be added eventually to make a proper segue to the [sequel](#)).
