I know, honey. But you need to have some sense. You should be able to feel what a woman wants by the way she is moaning, how heavy her breathing is, the way she positions her body... Do you understand?
You'll have to figure out that answer yourself, smart guy!
Mom, I did what I did because I promised to stop as soon as you said to.
Hmmm... So, when you asked me to stop, you didn't actually want me to stop?
