

Five of a Kind v0.3.6.1 Walkthrough

General “Pro Tips”

- You may pursue as many or as few of the girls as you like. You will not be punished if you want all of them and you will not be rewarded for being true to only one of them.
- Double-click on a non-hotspot to have MC “run” over to that point. This makes navigating the game much faster than waiting for him to walk over to an area.
- You can double-click any hotspot that gives an “Exit” icon to have MC instantly teleport, skipping the walking process.
- Most Hotspots will give you three basic actions: Magnifying Glass (Examine), Hand (Interact), and Word Bubble (Talk To).
- The Examine action gives you a basic, neutral description of what you clicked on. Think of it as “what the heck is this thing?!”
- The Interact action attempts to pick up the object, if it’s an inventory item, or some variation of push, pull, open, close, turn on, turn off.
- The Talk To action will usually result in MC giving his editorial thoughts about the object, often a hint or smartass joke. If it’s a person, MC will attempt to talk to him or her.
- Be aware that the day is divided into six segments from Morning to Midnight and that characters and events can occur at certain times.
- If you’re stuck on a specific character, check the Contacts page on the Quest Journal (the red binder icon at the top of the screen).

Meredith

Schedule

Meredith is generally found roaming the kitchen during the Morning and Midday. During the Afternoon, she is in her bedroom sleeping. During the Evening and Night, she is in the Living Room. Midnight and later, she is at work. **This will eventually change during the game, where she will be in the bathroom during Midday.**

Walkthrough

Start by picking up the six items of clutter in your bedroom: Dirty Socks, Tennis Shoes, Trash Can (beside the computer desk), Collared Shirt (hanging from bed footboard), Underwear (dangling from bed frame), Partially open dresser drawer (far side of bed, under green telephone).

Meredith will come into your room for her big introduction and a) give a couple of quests, b) spout exposition, and c) show herself off as one of the true “prizes” for completing the game (or at least her route).

Household Repairs, Spring Cleaning, and Thoughtful Gestures

There are three side quests to complete. Each has 5 tasks that can be done in any order. Completing all of them will grant you additional perks in the game.

The various tasks will need some items scattered around the house, here is a list of what you can find in each room (some of the items are not related to these tasks but will be useful later)

Bathroom: In the sink's drawer you can find a Mirror, a Lotion bottle and a Toilet Brush

Basement: here you can find a Broom and a Lightbulb in the shelf above the washer.

Living Room: there is a Blanket near the door. If you open it, you can check the mail box and find the Florist phone number. You can also find a key under the rug, it opens the drawer of the corner table. Inside you can find your Dad's old watch.

Dining Room: check the Conspicuous Plant above the large cabinet to the east to find a Rusty Key. It opens the lower cabinet, where you can find a bottle of Zinfandel wine and one of Chablis.

Toolshed: exit the kitchen from the door to the back. On the far right there is a Toolshed. Inside you can find a Ladder, a Shovel and a toolbox with an Allen Wrench, a Screwdriver and an Oil Can in it.

Household Repairs:

- 1) Go into the Basement, open the Fuse box and turn on the "M. Bedroom" switch.
- 2) Go to the bathroom, Use the toilet and select Flush Toilet from the menu. Use the toilet again and select Fix Toilet.
- 3) In the kitchen, Use the Allen Wrench on the sink to fix the garbage disposal.
- 4) Go in the Backyard, Use the Screwdriver on the outdoor Lamp, then use the select the Lightbulb to change it.
- 5) Use the Ladder on the Vent on the right of the house in the Backyard to clear it (which fixes the dryer).

Completing all these tasks will unlock the No Fair Peeking perk, which causes Meredith to peek through her hands during the handjob scene.

Spring Cleaning:

- 1) Clean the toilet in the Bathroom with the brush
- 2) Go to the front of the house and use the Broom to clean the cobwebs (you can choose to spare the spider or not)
- 3) Clean the Coffee maker in the kitchen
- 4) Clean the Cereal Bowl in the Dining Room
- 5) Clean the Fish Tank in the Living Room

Thoughtful Gestures:

- 1) In the dining room, interact with Meredith and take her to her bed.
- 2) In the kitchen, choose the Use option on Meredith to hug her.
- 3) Same as above, but use the Talk option and compliment her.
- 4) Check the mailbox outside of the Living room door to get the florist's phone number, then use the phone in your room to order a flowers for Meredith (they will arrive the next day, go to the kitchen in the morning to see her reaction).
- 5) Take the Blanket in the Living room, when you see Meredith sleeping on the couch in the Evening or Night use it to cover her.

Important! While you are doing these sidequest, try to enter all areas of the house to help unlock the Bedroom Teleport and Fast Travel perks. Don't miss the attic's entrance in the hallway, over MC's bedroom door.

A Favor For Scott and Meeting Aunt Irene

After completing the side quests you can help your friend Scott or meeting your Aunt Irene. The two tasks are not correlated but you can do both in the same day if you do them with the correct timing. Otherwise choose which one you want to do first.

Scott's task starts with the phone in your room ringing. Answer it and watch the ensuing cut scene.

At midnight, go to the Front Door. The doorbell should now be ringing.

Open the door and watch the cut scene with Scott.

Sleep Until Morning and watch the cut scene with Meredith.

To meet Aunt Irene (you can do the following while waiting for Scott coming at midnight):

- Use the blue jeans icon from the menu while in your Bedroom to Summon Nicole.
- Select "How is your mom doing?" from the menu to unlock a new location: Aunt Irene's House.
- Head outside to either the Front or Back Yard and open the Game Map (the treasure map icon).
- Travel to the Video Arcade and then to the Sloppy Seconds Diner (to get the Fast Travel credit).
- Open the Game Map again and travel to Aunt Irene's house. (You should unlock a perk to open the Game Map from your bedroom for traveling to all available locations)
- Click on the football repeatedly as it recoils towards the house until Aunt Irene shows up.
- When Aunt Irene is finished talking, she will present you with a dialogue tree with three choices. Pick one of them and continue through the dialogue tree. It doesn't matter what choices you select (except Never Mind). MC will recoil and flee the house.
- Keep going back, using the Front Door, continuing to select each option until you've gone down each dialogue tree option.
- When Aunt Irene invites you inside, give her the Bottle of Zinfandel (the purple wine bottle).
- Talk to her and select the "About that glass of wine..." menu option. Select Zinfandel, setting up two purple wine glasses.
- Click the glass in front of you twice and then Exit. Importantly, it will now be midnight. If you haven't helped Scott yet, you can do it now going home and opening the Front Door (see above).

Home Schooling

When you go to sleep after Meredith found out about Scott's favor, there will be a cutscene (her second phone call with Esmeralda). The next morning, Meredith will come into your room and offer to teach you how to kiss.

- Repeatedly use the Kiss icon on Meredith's face to advance through the Kissing Scene. [Kissing I Unlocked]
- The next day, head downstairs to the Kitchen and talk to Meredith. Select "Practice Kissing" from the dialogue tree.
- Exit the closeup and Teleport to your Bedroom. Meredith should enter the room and the Practice Kissing scene will happen again.
- Once again, repeatedly use the Kiss icon on Meredith's face in order to advance through the scene. [Kissing II Unlocked]

After that, Use your bed to lie down. MC will have a soliloquy reflecting on his hot kiss with Meredith. [Jerk It to Mom Unlocked]

Select "Nope!" from the menu. (If you accidentally select the wrong option, you can fix it by using the Jerk It... menu option from this scene and selecting Meredith). [Boys Will Be Boys Perk Unlocked] . Now you can enter Meredith's room.

Boys Will Be Boys (Optional)

Use the Oil Can on Meredith's bedroom to grease the hinges (Mom's Open Door Policy Perk Unlocked). Go inside.

- Click on the wicker clothes hamper twice to get a pair of Meredith's panties.
- You can lie down on Meredith's bed and defile her panties. First use the pillow behind MC's head to get in the right mood.

If you want, you can read Meredith's diary by going to the far-left side of the screen and clicking on the vanity and selecting "Just a quick peek..." menu option.

Quality Time With Mom

Head downstairs to the Living Room in the Evening. Meredith will be awake, watching TV on the couch.

Go to the kitchen. Click the wine glasses next to the cereal box on the shelf above the sink to get a Glass of Chardonnay, then go back to the Living room.

(Optional) You can give Meredith a foot massage if you have the Lotion. Unfortunately this doesn't lead to a Spank Bank scene (yet).

Click the Use icon on the couch to sit down next to Meredith. Then Talk to her and select "What Show is this?" from the ensuing menu.

Select "A lot on your mind?" and then "Yes I do." From the ensuing dialogue menus.

Use the Glass of Chardonnay on her. When Meredith lays against you, click the Use action on her to put your arm around her.

Talk to her to and select "Let's go upstairs." To unlock the Handjob scene.

To advance through the Handjob scene, just repeatedly talk to her.

When the scene is finished, sleep until morning.

Exit to the Upstairs Hallways and watch the cut scene with Meredith.

Financial Difficulties

Head downstairs and check the mail, getting the foreclosure notice.

Go to the Kitchen and Talk To Meredith. Select "Mom... Foreclosure?" from the dialogue tree.

Go to the Arcade at Midday and find Scott near the entrance.

Talk to Scott and select "Do you know where I can raise some quick cash?" from the dialogue tree. Select YES from the ensuing choice.

Head back home and go in the front door.

- Rest once and Scott will enter the home.
- After he's done talking, lead him down to the basement and let him buy the guitar.
- Lead Scott into the Dining Room so he can fix the Grandfather Clock.
- **(Optional)** Lead Scott into your Bedroom. You can choose to sell the figurine or not for an extra \$150. It doesn't matter either way.
- Lead Scott up to the Attic and sell him the Lilith & Sapphire record. At this point, Scott will leave.
- **(Optional)** Summon Nicole in your room and ask her about raising money.

Open the game map and travel to Aunt Irene's house. When inside, give her the Zinfandel bottle then talk to her. Select "About that glass of wine..." from the dialogue tree and select Zinfandel.

Drink twice from the purple wine glass in front of you and then Talk To her.

Select "We're getting kicked out of our home..." from the dialogue tree to get \$1000. Click Never Mind from the menu and leave the scene.

Head back home, go up to your bedroom and sleep until morning.

Head downstairs to the Kitchen and Talk To Meredith. Select "Update on financial difficulties..." from the dialogue tree.

Exit the closeup and Teleport to your Bedroom. Sleep Until Morning.

Meredith will enter your room and offer a reward scene. To advance through the scene, just repeatedly use the Talk To icon on her.

Next day, if you enter the Dining Room Meredith will show her appreciation for fixing your grandfather's clock (you can choose to take the merit or tell her that Scott did it, it doesn't really matter).

To advance through the reward scene, ask for a Blowjob and receive much more.

Shower The People You Love Quest

Around noon (Midday), head upstairs to the Bathroom. With her newfound free time, Meredith will be showering at this time every day.

Note: Unlocking the tit job is a prerequisite for Meredith to be showering at Midday.
--

You can attempt to join her in any number of ways. Click Use on the shower and select Join Meredith in the shower... OR Look At the shower and use the Zipper. This opens the "Shower the People You Love" quest.

- Exit the Bathroom and go into your Bedroom.
- Click the Use on the trunk at the foot of MC's bed to get the Gym Shorts.
- Head downstairs to the Basement and use the Gym Shorts on the washer to clean them.
- This advanced the time past Midday, so you'll need to sleep until morning and then rest until Midday to try again.
- Use the Gym Shorts on the shower to start and unlock the Meredith Shower Scene.

Progressing through the shower scene requires using a combination of your hands and your mouth (either kissing or using Dirty Talk, if you have it unlocked). Grab onto Meredith's tits, use the Kiss action on her head hotspot OR use Dirty Talk via the Talk To action. Then move your hands down to her pussy and then repeat the kissing OR Dirty Talk action. This will cause Meredith to lose control and she will yank the gym shorts down, enabling the thigh job.

Aunt Charlotte

Fish and Visitors

After the titjob scene has been unlocked, head downstairs to the Living Room. The front door should be ringing.

Open the front door to meet Aunt Charlotte.

See the Aunt Charlotte section. At this point, Meredith's story and Aunt Charlotte are one and the same. Charlotte is an obstacle that gets in the way with progress with Meredith.

Bonus Activities

After the Titjob scene, Talk to Meredith in the Kitchen and give her the Haircutting Scissors. This unlocks both the Haircutting Spank Bank scene, but also the "Mother of All Bombs" perk.

With the Mother of All Bombs perk unlocked, some scenes will let you remove Meredith's top: The Kissing Scene and the Kitchen Blowjob Scene, for example.

After jerking off to Meredith, the Boys Will Be Boys perk will be unlocked which opens a few optional, bonus activities:

- MC can crack open Meredith's door to try and get a peek of her changing. She can be seen in the Afternoon. She will not cover her breasts if the Mother of All Bombs perk is unlocked.
- You can enter Meredith's bedroom and do a few things, including fishing out a pair of her underwear from the hamper. You can lie down on her bed for a short scene where you can defile her panties.
- You can read Meredith's diary. It's in the Vanity drawer (furniture on the west side of the room).

There is a secret 3D easter egg unlocked by drinking the Scotch downstairs in the Kitchen to the point of blacking out (repeat Using the scotch until MC is transported to his bedroom) after finishing the Kissing scene.

After Meredith brings home the dirty magazines, she puts them up in the attic. You can go up to the attic and thumb through the stack of Bewbs magazines. This is basically a place for the game dev to put miscellaneous pin-up style art that doesn't fit anywhere else in the game.

Remember that upon finishing Meredith's story, there is a "Bonus" sex scene added to the Spank Bank as a reward for finishing.

Brooke

Schedule

Aside from the first time you meet her, Brooke can usually be found in her bedroom from the Afternoon until Midnight. At Night, she will be either a) on the phone, b) taking a shower, or c) changing. None of those states are useful for much outside of fan service. The most useful times to find her are Afternoon and Evening, when she is in her bedroom with her friend Jasmine.

Note: If Aunt Charlotte has accosted Brooke about her records, Brooke's schedule will change so that she is only there at Night (with Jasmine), temporarily taking away the aforementioned "fan service" time slot, but still allowing you to do her quests.

Walkthrough

Part I: Better Comebacks

Exit your bedroom into the Upstairs Hallway to meet your sister, Brooke. You will get a cut scene that appropriately, and succinctly establishes her character and introduces conflict. If her attitude left a bad taste in your mouth, you could follow her into the bathroom and watch her take a shower or flush the toilet to blast her with cold water while she's showering.

Rest until the Afternoon, then enter Brooke's bedroom (down the hall to the left from your room).

Talk to Brooke and she will insult you. No matter what you choose, you will not have a good reply. This opens the "Better Comebacks" quest. Click the Exit button to return to the bedroom.

Take a moment to meet Jasmine, the cute girl enjoying a ride on the large speaker. Run down her dialogue tree to gain a basic level of acquaintance with her (you'll need it later).

- Introduce Yourself
- Compliment Her
- Ask About Her
- Ask About Comebacks (see more below)

That's all you need from Jasmine for Brooke's route. If you want to progress more with Jasmine, see her section below. Click Exit.

Pick up the pair of Brooke's panties on the floor to add them to your inventory while you're here.

How to find better Comebacks:

- 1) Ask Jasmine (“2+2”)
- 2) Go to the living room use the couch to sit then do it again to find the remote. Use the remote on the TV and keep repeating this action until you learn the “Back of Camaro” comeback
- 3) Use the bookcase until you learn the “Borrow her Brains?” comeback.
- 4) Go to the Arcade. Ask Scott for some advice, he will teach you two replies (the “Your Mom is useless, keep asking him for something you can use on Brooke to learn the “Glory Hole” comeback
- 5) Go inside the Arcade, Use the Ace of Swords video game to get a Quarter, then use it on Dzerkhov the Fortune Teller machine. Ask for comebacks and answer his questions to get the “Desiderable after 30” comeback.
- 6) Go back home, in the bathroom use the shower and choose the “Take a LONG shower...” option. You will get the “Report Card” comeback

Go back to Brooke’s room in the Afternoon or Evening. Talk to Brooke and when you get a dialogue tree to respond to one of her insults, select the top option, which will be one of the comebacks you learned. Repeat this process another four times until she gives up.

Head to your room and sleep until morning. You will have an omniscient view into Brooke having a weird Wrestling Dream about MC.

Part II: Brooke’s Failing Grades

Head downstairs to the Living Room. The front door will be ringing.

Open the front door and meet Andrea Parker. It doesn’t really matter which options you select during this scene.

Rest until Afternoon and head up to Brooke’s room and Talk To her. Select “Ask About Andrea Parker...” from the dialogue tree. Select the newly opened “Ask About Grades...” option. It doesn’t matter whether you ask to see Brooke’s and Jasmine’s boobs or not.

Head to your Bedroom and Summon Nicole using the blue jeans icon from the top menu.

Select “How can I hack into the school’s computer?” from the dialogue tree to learn about War Dialers.

Head to the Video Arcade and Talk To Scott. Select “Do you know anything about War Dialers?” from the menu. Then give him Brooke’s panties to receive the War Dialer Floppy Disk.

Head back home and up to your Bedroom.

- Use the Floppy Disk on your Computer to install the War Dialer software.
- Click on L33TDIAL in the Ptree Directory to select it. Then click the Use icon on the lower part of the directory, listing the files to launch Easy D’s L33tDial.
- Click the Use icon on the top blue part of the interface to start dialing phone numbers.
- Exit the computer closeup and Sleep Until Morning three times to give the War Dialer enough time to complete.
- Click Use on the computer to return to the computer interface. The War Dialer should have finished its scan. Click on the completed phone number list (there should be five numbers listed) to transfer the phone numbers to CommPost (your outbound modem-dialing software).
- Click on COMMPOST to open your dialing software.
- Click the Use icon on the lower part of the Ptree interface that lists the files to start CommPost.
- Click on Unknown Modem #4 (which is Brooke’s school). Click through the scene. When you get the choice to do more to Brooke’s grades, “Well, since we’re in here...” is the best option.

Note: If you already have the Dirty Talk I perk, you can now get Dirty Talk II (see in the Miscellaneous activities, below).

Rest until Afternoon or Evening and go to Brooke's room. Talk to her and tell her about how you fixed her grades.

Return to your room and sleep three times until morning. You will see another scene with brook dreaming about MC and his computer skills.

Head downstairs to the Living Room. (You should get a message about commotion in the kitchen)

Head to the Kitchen and view the cut scene where Brooke gets her Report Card. [Brooke Bonus Scene Unlocked]

Bonus Activities

After Brooke has gotten her report card, if you visit her in her bedroom and click the Hand icon on the towel, she will pretend to let the towel slip, revealing her breasts.

At night, Brooke will be doing one of three "fan service" activities. She will either be changing in her room, on the phone, or taking a shower.

Charlotte

Play through Meredith's route until after the Tit Job scene is unlocked.

Head downstairs to the Living Room and the front door should be ringing.

Enter the Guest Hallway (behind the Living Room couch) and Enter the Guest Room by knocking on the door to the far left.

Click on Aunt Charlotte to talk to her.

Select any of the available options to unlock "Establishing Communications" quest.

- Exit Aunt Charlotte's closeup and click Use on the right nightstand next to the bed to get a Spare Bible.
- Open your inventory and click on the Spare Bible and select either Start With Genesis or Start With Matthew.
- **(Optional)** Summon Nicole in your room and ask her about bonding with your Aunt. She will suggest you to speak with Aunt Irene.
- Head to Aunt Irene's house and get invited inside.
- Talk to Irene and select "About that glass of wine..." and select Zinfandel.
- Click the wine glass in front of you twice to get pleasantly buzzed.
- Click the Spare Bible on Irene to get the "cheat code" for understanding it.

Since leaving Irene's house advances the time to midnight, head back home and sleep until morning.

- Open up your inventory, click on the Spare Bible and select the new Start With Mark option to unlock the secret to communicating with Aunt Charlotte.
- Talk to Aunt Charlotte in the guest room to finish the Establishing Communications quest and gain some reputation.
- Ask her repeatedly if you can take her coat to make her take off her shawl.

Leave Charlotte's closeup and exit to the Living Room. Rest until Evening or Night.

Head downstairs to the Living to find Meredith and Aunt Charlotte watching TV on the couch.

Sit on the couch and watch the cut scene where Charlotte complains about smut on TV.

Sleep until morning.

Rest until Afternoon (when Brooke would be in her room) and head to the Upstairs hallway. You should see a message about shouting voices coming from Brooke's room.

Enter Brooke's room and watch the cut scene where Charlotte admonishes her for her "devil music."

Note: After this point, Brooke will only be available in her room at Night with Jasmine instead of Afternoon and Evening.

Rest until Evening and head downstairs to the Living Room to join Meredith and Charlotte on the couch.

Watch the cut scene where Charlotte takes control over family programming, forcing the family to watch Kenneth Copafeel Ministries.

Games People Play

Talk to Aunt Charlotte in the Guest Room to invite her playing board games.

You can select the various options, but the only relevant for now is Chess. Keep talking with her until the game ends.

Try again the next day, Charlotte will tell MC that she practices celibacy. Go to sleep.

The next day, Aunt Charlotte will have a talk with you in your room. Go through the scene to see her using her "spiritual gifts" to "exorcise" you.

Invite her to play chess again. She will offer to help you again with your demons if you need it.

The next morning, Meredith comes in your room and tells she's revoking your Practice Girlfriend privileges for the time being, since somehow Aunt Charlotte knows about your activities. (As of 0.3.6.1 you can still do them temporarily, in future updates that will change)

This is all for the Meredith/Charlotte path for this update.

Bonus Activities

In the morning, you can spy through the keyhole to peep on Charlotte studying her bible with her top down.

In the evening, you can spy through the keyhole to peep on Charlotte getting intimate with her pillow.

After the sexorcism scene is unlocked, you can repeat it by going in the Guest Room room when Charlotte is there and janking down your pants.

Lucy

Walkthrough

If you don't have them already, go in the Bathroom to take the Mirror from the drawer and in the Toolshed in the backyard to take the Shovel.

Use the Shovel on the small rock-encircled patch of dirt just beneath the stairs in the Back Yard to obtain a Silver Locket.

Go to the Front Yard. Here you can see a small rose bush on the right side of the house. Click the Use action on it to add a Rose to your inventory.

If you go in the Basement (the white door next to the staircase in the Living room) you can see a spooky glowing figure next to the washer. If you try to get near it, MC will be too scared and suggest to go back upstairs. You will also get advice on needing more courage.

In the Kitchen, on the shelf above the sink there is a brown bottle of scotch. Click the Use action on it three times, until MC says something about “curing Athlete’s Foot.”

Now that MC has enough liquid courage in his body, head to the Basement again. In your newly inebriated state, you should be able to walk to the far-left side of the screen towards the glowing, blue figure. Walk right around the corner until you meet Lucy.

- After she’s done talking, give her the Rose to gain her trust.
- Use the Talk To icon on her to open her dialogue tree. Select the “Ask About Home...” option and continue selecting each new item that opens up, ending with “Convince Her”.
- Click Never Mind and give her the Mirror. She will get upset with you and you must give her time to process things.

Head back up to your Bedroom and Sleep until morning. Do these two more times to allow three days to elapse. You’ll know if you can visit her again if your quest journal says, “Maybe now is a good time to check in on Lucy.”

Head down to the Basement and visit Lucy. She will give you a short speech thanking you and then disappear.

Head to your Bedroom and Sleep until morning. Do it one more time to allow two days to have elapsed. When your quest journal says “Maybe when it’s dark out, you can go look for her”, go to your bedroom at Night. MC will automatically walk over to the center of his room and Lucy will appear.

- You can optionally Talk with her and explore the various options until she explains you about courting, then give her the Silver Locket.
- Talk To her and run down her dialogue tree, starting with the “Compliment Her...” option, selecting each newly opened option ending with “Show Her...”. If you ask her for sex, she tells you that “The time is right... when you jerk it at Night”.
- Click Never Mind and Exit the scene. [Jerk it to Lucy perk unlocked]
- Since it’s already nighttime, Use your bed and select “Lie Down.”
- In the closeup bed scene, select “Jerk It...” and then select “Lucy” from the dialogue tree. Lucy will appear and a sex scene will ensue. To finish the scene, just use the Cum icon on her.

Bonus Activities

If you’ve unlocked Dirty Talk Level II, you can give Lucy and orgasm by talking to her and repeatedly selecting Dirty Talk.

It is not possible to get Lucy pregnant (yet) because she’s a ghost.

After Lucy is freed from the basement, she can be found in various locations throughout the house at night. She will randomly be in any of a) Your Bedroom, b) The Upstairs Bathroom, c) The Living Room, or d) The Upstairs Hallway. Just look out for a lovely pair of ghost boobs sticking out of the walls.

Irene

Aunt Irene is a side character in Meredith’s route. She currently has one Spank Bank scene.

From your bedroom, use the blue jeans icon in the upper-left part of the screen (hereafter referred to as Summon Nicole action).

Select “How is your mom doing?” from the menu to unlock a new location: Aunt Irene’s House.

Select Never Mind and Exit to exit the closeup.

If you didn’t do it already, go to the Dining Room, click the Conspicuous Plant above the cabinet to take the Small Rusty Key. Use the Small Rusty Key on the lower cabinets and take both wine bottles.

Head outside to either the Front or Back Yard and open the Game Map to travel to Aunt Irene's house. There will be a football in the front yard by the driveway (small, elliptical brown thing). Click on the football repeatedly as it recoils towards the house until Aunt Irene shows up.

When Aunt Irene is finished talking, she will present you with a dialogue tree with three choices. Pick one of them and continue through the dialogue tree. It doesn't matter what choices you select (except Never Mind). MC will recoil and flee the house.

Keep going back, using the Front Door, continuing to select each option until you've gone down each dialogue tree option.

When Aunt Irene invites you inside, give her the Bottle of Chablis (the green wine bottle).

Talk to her and select the "About that glass of wine..." menu option. Select Chablis, setting up two yellow/green wine glasses.

Click the glass in front of you twice (the music will change).

Talk to Aunt Irene to open the dialogue tree (which has changed to a new set of options from the default tree).

- Select "You're really pretty, Aunt Irene..."
- Select "I mean it. You're a total fox!"
- Select "Your best features are..."
- Select "You want me to whip my dick out, right here?"
- Select "Show it to her..." [Aunts In the Pants Achievement Unlocked]
- Select "I... I would be honored!" [Irene Blowjob Scene Unlocked]

The blowjob scene is straightforward. Just use the Cum icon to give her a facial.

That concludes the available content for Aunt Irene, but you can now come back to her house to replay the scene if you want to (just repeat the above steps).

Jasmine

Jasmine is Brooke's best friend and currently is only found in Brooke's bedroom in the Afternoon and Evening. She has very little content in general and certainly no erotic content.

Note: After Charlotte has an argument with Brooke about her records, Brooke's (and Jasmine's) availability/schedule will change to Night time only, not Afternoon and Evening as stated above.

In the Afternoon, enter Brooke's Bedroom, which is the doorway all the way down the end of the hall on the left.

Talk to Jasmine (the dark-haired girl sitting on Brooke's giant speaker)

- In the closeup, click the Talk To icon on Jasmine to bring up the Dialogue tree.
- Select Introduce Yourself...
- Select Compliment her...
- Select Ask about Her...
- Select Ask about Games...
- Select Ask About Puzzle...
- Select Never Mind and use the Exit button to exit the closeup.

Head back to your Bedroom.

Your computer desk has three drawers, stacked vertically. Click Use on the top drawer to get the hint Jasmine needs.

Head back to Brooke's room and talk to Jasmine again.

Use Talk To to open the dialogue tree and select Ask about Puzzle...

Exit the closeup and head back to your Bedroom.

The next day, head back to Brooke's room and Talk to Jasmine when she's there. [Jasmine's Phone Number Unlocked] .Head back to your Bedroom and Use the phone to call Jasmine.

Unfortunately there is no other content after the phone call (yet).

Christmas Event

Finish the Clean Your Bedroom quest from Meredith's story.

If the current month is December, it should be snowing outside. If it's not December and you want to play the Christmas content, visit Dzherkov at the Video Arcade and Ask him about Wishes. Select "I wish it were Christmas!" Select Yes when he asks you if you're sure and you will get a "Winter Gem." While the Winter Gem is in your inventory, the game will behave as if it were December.

Exit the home to the front yard to see the snowfall in the front yard. MC will give a short soliloquy about wanting to decorate the house for Christmas.

Head up to the Attic.

Click the Use action on the cylindrical bin underneath the window.

Take the Wreath, Tangled Christmas Lights, and Wrapping Paper from the container.

Enter your Bedroom.

- Summon Nicole using the jeans icon from the HUD.
- Select Never Mind from the ensuing dialogue.
- Click on Nicole and use the Tangled Christmas Lights.
- View the ensuing cut scene. [Untangled Christmas Lights Obtained]

Go outside the house. If you don't have the Ladder already, go to the Backyard, enter the Toolshed and find the Ladder inside, then come back to the Front Yard.

Click on the front door or any of the windows and use the Christmas Lights. You will get a short cut scene where MC hangs the Christmas decorations on the house.

Click on the front door or any of the windows and use the Wreath. You will get a short cut scene where MC hangs the Christmas decorations on the house and Meredith will come outside and view your handiwork.

The next morning, head down to the Living Room and watch the cut scene where Meredith has decorated the Living Room. She will give you The Perfect Gift quest.

(Optional) If you summon Nicole and ask her advice, she will suggest you to ask Aunt Irene for the best gift for Meredith.

Head to Aunt Irene's house. (See the Irene section to get past all the initial barriers from her story)

- Knock on Aunt Irene's door to talk to her.
- Talk to Aunt Irene and ask her "What should I get Mom for Christmas?" She will give you an Electronic Back Massager.

- Click the Exit button to leave.

Open the Inventory (cardboard box) and use the Wrapping Paper on the Electronic Back Massager to wrap it.

Head back to the house and find Meredith in the kitchen in the morning. Give her the Wrapped Christmas Present.

Watch the ensuing cut scene and unlock the Good Vibrations Perk.

With this perk unlocked, if you peek through the keyhole of Meredith's bedroom you can see her using the vibrator.

Be warned that this happens only in the Afternoon and that Meredith has a cycle of activities she does in that time slot: she can alternatively

- be sleeping (you can see her peeking through the keyhole)
- trying lingerie in front of the mirror (crack the door open to see her)
- using the vibrator

So if you find her doing a different activity from the one you are interested in, just try again the following day.

(If you see her sleeping, leave the closeup and come back.

Miscellaneous Activities

Dirty Talk

Dirty Talk is a Skill that can be unlocked, essentially giving MC the confidence to say dirty things to his partners during sex and then getting equally dirty responses back (which is where the value comes from). Currently, it's only enabled in a few scenes.

To unlock Level 1:

- Get the TV Remote from the Couch
- Use the TV Remote on the Television to flip through the different channels until you find the Late Nite Phone Sex Operator commercial (Wet Wendy)
- Go upstairs to your Bedroom and use the telephone to call Wet Wendy (It must be later than Midday for her to answer).
- Sleep Until Morning
- Call her again (after Midday)

Repeat this process until you get the Dirty Talk I Unlocked banner.

To Unlock Level 2:

- Make sure you have Level 1 Unlocked, first.
- Complete Brooke's story, at least up until you transfer the five phone numbers found via the War Dialer.
- Repeatedly click on Unknown Phone Number #5 (Lady Aloria's Love Den) and keep reading erotic fiction stories until Dirty Talk II Unlocked banner appears.

Interact with Jorogr

- If you check the ASCII drawing of a girl on the computer desk in your room, you can find Jorogr's phone number. Call him for some funny dialogues.

- If you go to the Diner, you can see Jorogr discussing with Danael. Interact with them to help them solve the eternal dilemma of every man and leave constructive criticism about the game.

Useless (for now) items:

- If you get a Quarter from the Ace of Swords videogame in the Arcade and use it with the Claw Dad Game, you will win a small prize. Open it to obtain a pair of Fake Moustache.
- In the Diner's men restroom, you can find a condom.
- If you search the second from top drawer of your computer desk, you can find a Vase of Lube.
- If you search under the rug in the Livingroom you find a Small Key. You can use it to open the small cabinet behind the couch to find a Fancy Watch.
