

Guide for Misfits (Clara loyal paths)

Since many players asked about it, I started making a walkthrough of Misfits for the a bit complicated loyal paths. I hope it will help you! This is my personal walkthrough, I cannot guarantee that it is 100% correct, but it works for me.

A few things to know first

There are 4 variants of the loyal path for Clara:

- Clara loyal, no daring dress subpath, white party dress
- Clara loyal, no daring dress subpath, black party dress

- Clara loyal, daring dress subpath, white party dress
- Clara loyal, daring dress subpath, black party dress

Generally the white dress leads to a more reserved Clara, the black dress to a more outgoing Clara. The white dress is better for those who want Clara more holding back, the black dress, esp. on the daring dress path, leads to a Clara who has few breaks when it comes to showing off.

There is a subpath I call „Daring Dress“ available for all paths, not only the loyal ones. To get on it, you have to encourage Clara to wear sexier clothes, partake in photo shots or PDA to name some things. To her own surprise Clara will get into it and can later lead to gaining kinks like „Alley Cat“, meaning that Clara likes to „play“ where others could watch her and likes wearing sexy clothes.

WARNING: Clara is no dummy and learns quickly that you like her showing off, if you encourage her towards the daring dress path!

The daring dress path might/can lead to situations where others try to get handsy with Clara and depending on your choices, you might not stop all of those in advance! It does not go beyond that, Clara stays loyal, but for some players this can be hard. For instance, there is a situation on the daring dress path where Clara uses another dancer to give you a flash of her underwear. You can stop this before it happens and stop it from going further, but you do not have to. It depends on how much you like her showing off, when you stop her.

One important thing about the stats in-game, which is not stressed enough, is the current lust level, displayed on the kiss lips! The seduction level, the big red bar, is mostly showing the general openness of a person for sexy/naughty things. It has some influence on how Clara (or other girls) will like you, so you need some seduction score, but it does not need to be high!

How much Clara likes you hinges more on other things! Think about the seduction level as an openness to sexual stuff in a relationship and in general.

The current arousal/Lust level on the other hand, is a game changer! It resets each morning down to the seduction level, but in most situations when current arousal is 7-8 or more, the person becomes really aroused and open to do things he/she would not do otherwise.

If Clara has a high current Lust/arousal level, you will be the one having sexy times with her, but if others are there, you have to stay as close to her as possible to help her fight off indecent proposals. This is actually so for all persons in the game.

To give an example: you can fondle Clara's breasts after bowling with as low as level 2 seduction and arousal/lust at 7, but even a seduction level of 6 is not enough if her lust is below 7.

So let's get into it: loyal Clara playthrough

First decision: - I'm a sucker for maidens in distress

-Clara

-Yes! I want (daring), No, mom and Jackson (moderate)

- Come on, Bean

- both options are ok, „You're attractive“ might help daring dress a bit more, but both are good.

- I like Clara

- both options are ok, but „No, I only have 20\$“ is better for Clara focused runs, helping your friends might reap rewards later on

- Of course not

- „it looks cosy“ if you want to build some seduction increase, the other answer if you want to keep Clara’s seduction level as low as possible
- „Tell me about yourself“ for a slight seduction increase and like positive, the other if you want to keep seduction low
- „Well, it’s going to be hard“ is the allrounder, good for both loyalty and daring, “I understand“ good for loyalty, but raises seduction towards next level, „Well, you obviously“ has it’s uses, but can backfire later on in ways you do not want
- A beautiful evening

- and don’t forget
- Nice! But surely
- Show Bean the pictures

- Err...Ok,Clara
- Actually, that’s not
- „Sure, I’ll keep you company“ is good for general loyalty, „No, sorry“ does more towards daring dress, but both are viable
- „Say nothing“ is the safer option in this case, „He shouldn’t talk“ the conversation afterwards is worded a bit strange, might be a pitfall for later
- Yes, she’s saving for a holiday

- No, I don’t want Jackson near Clara
- I don’t mind what colour
- personal preference, I have not seen problems with any of the choices „Top“,“Stockings“ or „Skirt“, Stockings might be best for loyalty in general, Skirt or Top might be better for daring dress, but as said, have not seen much impact from this choice
- „a medium figure“ for Clara runs, the other choices are for Amy and Betsy respectively

- lift your skirt a bit
- a bit more
- „OK, I’ll ask Clara“ is the allrounder, „Sorry, we“ is interesting for maximum loyalty, but I am not convinced with it

- Buy a drink for both Betsy and Clara
- Important Choice! „Yes, at least“ has no backlash this once and helps a bit with Clara, but only this time!! „No that’s my girlfriend“ is logically for max loyalty.
- „It’s only fair“ is the choice if you want to go towards daring dress path, „No way“ is selfexplaining

- The exercise
- Yes, you look
- It would really
- „Why don’t we sneak“, but beware, some players might peg this event as NTR, so make your own choice

- „Yeah, it was the best“ is good for both Clara and Betsy, „Err, yeah“, is a possibility to slow down seduction gain
- „I suppose“ is the choice towards the daring dress path and you should even take it if you don’t go for daring dress. The reduction in seduction level is not worth the like hit you’ll take if you take the other option.
- „Be flattering“
- The „Bar Guy event“ is optional, but is good to change the stats of either Amy, Betsy or Clara. I normally do this event, but target Clara only if I want to go towards a daring Clara and even that rarely. Otherwise, I pick another one of the three friends. So you have to test it out yourself, I cannot make more than a suggestion.
- The Amy event with the Taxi driver depends on what you want to do with Amy. Near zero impact on the Clara routes.

- „Yes, a fruit bun“ is an option to slow the seduction level rise, „Yes, a kiss“ raises seduction a bit, but raises Clara’s liking of you too. Your choice depends on what path you are on.
- „I suggest you train Amy“ important both for loyalty and daring dress, „I suggest you train Clara“ should only be taken if you plan a very complicated playthrough or non-loyal runs.

- Important choice! Take „I should risk it“ if you want to steer Clara towards the daring dress path. Take „I should stop“ otherwise.
(„Yeah, this is really sexy“ choice comes up only if you take „I should risk it“. Be aware that you are now 90% along on the way towards the daring dress subpath, if you chose several other options in earlier events!)

- „No, it’s too soon“ The „Yes, I can’t wait“ choice can only be taken if current lust (kiss lips number) is 8+ or if you want to drop seduction points and can take the like hit you also incur.

- „No, of course not“ is the obvious loyalty choice. Even on a loyal run the other option can be interesting, but for a very solid loyalty playthrough choose the „No“

- Very important choice, has feelable and obvious influence on later events!! The white party dress clearly is more moderate and classy and this will help in several loyalty events, but it is likely you will miss out a couple of naughty events with Clara due to stats, which do not rise and fall(esp. current lust) as easily with the white dress. A good choice for a full loyalty run, be aware that the white dress does not stop advance towards daring dress subpath, if you are already far along.

The black party dress is alluring and slutty, making a full loyalty run both harder and easier, depending the path you are on. The black dress makes the daring dress and loyal path easier, but if you are not playing towards this subpath it can become quite a bit harder to keep on the loyal path, due to diverging influences.

Like the white dress, the black party dress does not hinder advancement towards or against the daring dress subpath, but if you were already far along, then choosing the black dress will bring you on the daring dress path.

Be aware that if you choose the black dress and the daring dress path, you better like that Clara will start showing off to you and others! She will stay loyal, if you choose correctly in several events, but she soon recognises that you like her wearing sexy stuff and seeing her showing off to others too. So she will start to tease you, for instance, she might use another dancer to give you a flash of her underwear. There are players who have very strict views of what is NTR, so be warned of this! It is completely possible to have a loyal playthrough with LBD and daring dress path, but others will see and sometimes touch (e.g. during dancing) Clara. Just so you know.

- That's OK, Clara

- I can't let him get away with this

- Important choice with lasting impact! „No! I can't leave my girlfriend“ is THE choice for a loyal playthrough here! Clara will be miffed at first that her revenge is ruined, but in the long run you gain a stronger place in her heart! You can still have a loyal playthrough with taking „Yes, I can't miss“, but it will be feelable harder and no matter which dress Clara wears.

- „I remembered you said“, but the other one is also not bad, still I prefer this choice. Depending on some choices before, you might not get to play with Clara's skirt when you kiss goodnight later.

- It was a nightmare

- I choose Amy

- If you followed my guide so far, you now have two positive options. The „How dare they“ is straightforward and Clara will like you a lot more, but you might not gain enough current lust to touch her breasts later (due to some variable earlier event choices). The „Hmm, let me see“ choice will only(!) be positive if you made loyal choices earlier, in special „No! I can't leave my girlfriend“! If you followed my guide you will have gained enough loyalty and love „flaggs“ for it. If you now choose „Hmm, let me see“ Clara will be flattered by the guys flirting with her, giving her current lust points, but will break off the flirt and send the guys away on her own! Clara now should have enough current lust that you can touch her breasts. This plays out like this only if you were a loyal, supportive boyfriend before, hence this text. choose the option you want or need.

- Insist that Betsy and Clara swap seats

- „Ask Clara“ good for both loyalty and daring dress. „Ask Amy“ can be good if you make a lowest seduction possible run, but can impact how much Clara likes you.

- „No, she's available“. You can answer „Yes, she's my girlfriend“, but we are on a loyal Clara run and telling others Amy is your girlfriend will make rounds. So to be on the safe side, choose No.

- Both „Depends“ and „Anything“ are viable options. Your choice

- This choice can be tricky. If you were a loyal, supportive boyfriend and you choose „Wait and see“ Gordon will force a kiss on Clara, she will react for a short time and then break it off on her own This will give her a bit current lust, so when you two kiss later you can definitely touch her breasts, but you have to endure seeing Gordon kiss Clara, but you reap the spoils, so to speak.

If you choose „Interrupt them“ it depends on earlier choices made if her current lust is high enough that you can touch her breasts., but Gordon keeps his paws away from Clara. If Clara has 7 points current lust, always choose „Interrupt“.

- I love you

- No, I'm faithful

- I don't want to

- „The idea is“ if you are on the daring dress path, „You are right“ if not, but your choice, you can mix it a bit if you want

- Important choice! „No, I didn't mind“ is for the daring dress path, „Yes, I minded“ is for the other subpaths, you can even take it to slow down development of the daring dress path. Likewise you can take the first option if you want to open up Clara a bit if your seduction level is very low. BUT unlike the former event, this choice has a bit more impact.

- An Amy choice, go with what you like better
 - „Horror film“ is best here. For those who want to shed some seduction points, you should take porn flick and take a „tactical hit“.
 - Err, actually I need
 - „We have Clara“ if you chose her for modelling the uniform, otherwise „We need a miracle“
 - „That’s ok, You don’t have to be“, but the other Pixie option is also viable. Your choice
 - „That’s it! I can’t let“ is the best choice even on the daring dress path! Take „Hmm, perhaps“ ONLY if you really like Clara getting touched by others or you need the current lust points desperately for later in the evening!
 - I can’t do this -get out
 - I don’t want to
 - „Stroll in boldly“ if you want to slow down the daring dress path and loyalty in general. „Watch some more“ for further development of the daring dress path or opening up a very low seduction Clara. Your choice
 - Help me, Clara (As an info, if you are on the daring dress path or have at least chosen several strong daring options earlier, you can see some results. At the beach drinks hut, a daring Clara wants to „play“ with you and gets excited that others might see you two. It won’t come to this, but that is an obvious change for the rather shy Clara)
 - „Erotic“ for the daring paths, „disgusting“ for the others or if you want to slow down the daring path again.
 - Amy choice in the Cafe, both options viable
 - Yes, we have been
 - „Inexperienced“ means a special surprise by Mrs. Jones, „Casanova“ means just a flirt with her, your choice
 - Another choice depending on how you play „Yes, he’s in the“ leads to a blowjob in the toilet by the bride, how you finish is another personal choice. If you tell the bride „No, no“ there will be no blowjob, but you can watch over amy and how much she drinks.
 - Amy and Silas in the toilet happens independently of your last 2 choices, but you can save Amy or you can watch.
- Important info! On the loyal paths the story about Clara Jackson tells you, is nothing but a lie, no matter if her stats change during his tale! In this game characters can and do lie! Chronical liars are for instance Jackson, Gordon, Sebastian and Betsy. What really happened that day, Clara will tell you in the morning. She made a bikini car wash and esp. if you on a daring path, she now really likes showing off, which is why her stats rose.
- I don’t want to
 - Once again, „I don’t mind“ is for the daring paths or to open up a too low seduction Clara, „I don’t like it“ is for non-daring paths and to slow down the daring path development. Your choice., you gain in Clara’s heart either way.
 - „Stop her“ is definitely best here, but it seems that if you take „let her continue“ has not too much impact. But for the loyal paths „Stop her“ is best
 - Refuse Betsy’s help
 - Pick Clara
 - No
 - „Step in“, the „Wait and watch“ choice is only for players who like this or need current lust points, no matter the path. Consider yourself warned!
 - Either „You want to confess“ or „Keep the biker a secret“
 - It’s your life
 - both options are viable, buying Clara a drink makes her more daring, but normally I do not buy her more alcohol
 - „Two can play“ is a fitting choice for the daring path, but beware, during this event Clara will tease you heavily, since she is rather drunk. But it is a viable option since a later choice is more important and if she wears the black dress will specifically flash you. „I won’t play her games“ naturally cuts the dance event short.
 - Important choice! „Yes, but“ is for players who like Clara not only showing off, but also occasional touching others as long as it does not go further. „No, I don’t“ is for all who are OK with her wearing sexy clothes, showing off and even some dancing, but no flirting.
 - Important choice! „Carry on“ gives a strong push towards Clara becoming more daring and open to „real“ PDA, it does not negatively impact loyalty! „Let’s just move“ logically does not.
 - Amy at the park with the bikers. Personal choice what option you take, you cannot change the outcome here.
 - „No, I can break cover“ is the choice if you are a friend of Amy to spare her more problems this evening or if you do

not care or want see this as a lesson, you can take the other option

Part 2 of Misfits

- I don't want to
- both options are viable, „Just tease him“ is more for the daring paths or if you need current lust points, „Just natural Charm“ is the more moderate option
- „Amy“ is the option if you want to keep Clara away from problems, „Clara“ is the option if you need current lust and more seduction points. Both options have their uses.
- Of course you do
- No, it might give
- Please stop
- No, I'm aorry

- „No, I need to save“ is the best loyalty option, but depending on your save or if you started from the questions start, this might not give you enough current lust for a second blowjob by Clara later. „Yes, let her deal with Bilsen“ will give you a slight boost, but is obviously a option which opens touching by strangers more than before.
- „Play dumb“ gives another current lust point which might be needed

- I don't want to
- Look closer
- I've got to stop him
- Pull Clara away

- Accept Miss Lafayette's punishment (Currently I have not found out the difference between the „3“ options)

- Personal choice if you „Make excuses“ or „go with the flow“ with Clara's mom. Excuses is logically the full loyal option, even if her helped both you and Clara with your „sexual education“.

- „Your right!“ is the best option „No, it was your stupid idea“ can lead to a really bad surprise!

- I don't want to
- I've got to stop him
- Pull Clara away
- both options viable depending on what you focus

- „I cant let Clara“ is obvious what it means and for loyalty, „Hmm, but I must admit“ is for the daring dress path.
- Sorry Betsy

- This is another choice where you can see if you are on a daring path or not. If you are on daring the „you looked really hot“ gives more points and like with Clara, if you are not on a daring path, „you looked really nice“ gives more points.
- Yes, OK
- Ok, Love, I support you
- with these choices, I am not sure if there is a trick answer hidden. better make a save here. Normally I go with either „I'll be there“ or „Ok, yes“

- „I have a girlfriend“, if you like Pixie, you can also take the other option
- Sorry Kayley
- „I should get Amy away“ if you are still a friend of Amy
- Stop her

- „Grant last request“, but be aware that if Clara has 9+ current lust she might go further than even she intended at first. It is not too big an infraction, esp. with a guy who is dying, but for some players this can be hard to swallow. As long as Clara's current lust is below 12, nothing more happens than the young guy touching her breasts. So as I wrote earlier, balancing the stats is important here due to the strong influence of current lust points!

- I don't want to
- Important choice! After the third time you do „I've got to stop him“ on the bus, Clara's seduction and current lust points lower quite a bit and you are informed that Clara now knows that you want her alone and for yourself. The daring paths are impacted insofar as she knows you like her showing off and stuff, but there is a clear borderline how far it can go.
- Bargain with the mechanics

- Personal choice, if you tell Bean to „Yes, give a blowjob“ or „No, do only what you are comfortable with“. The real kicker choice comes next. Make a save, we might have to keep Bean and Sebastian together, but we'll see.
 - If you want to give the insufferable Sebastian a bit of payback, „Grass on Sebastian“
 - tell Bean about „Miss Jessup“ too
 - I can't cheat on my girlfriend
 - Whoa, Betsy, I cannot cheat on Clara
- (only an event if Clara is modelling the school uniforms. Take „I've got to save Clara“)
- Sure, why not
 - This is a bit like the very first kiss after Betsy's birthday party. You will not take a relations hit with Clara if you show Pixie how to kiss in this case, but if Clara's current lust is rather high (and normally it is at this event) she might show Pixie's brother how to kiss. If you are ok with this and you can break it off later on, then you can take „Well...I suppose“. If you want a hard loyal run, choose „That's going to far“, which will additionally give you brownie points with Clara.
 - (This event happens only if you teach Pixie how to kiss. If you are uncomfortable how far both you and Clara go here, choose „Fuck! can't do that“ and you all break it off, but you will take a relations hit with both Pixie and Clara here! If you went this far, you should see it through with „Is this the price“. Otherwise, choose „That's going to far“ in the former event)
- (This event only happens if you tell Bean about Miss Jessup earlier in the day. Straightforward choices here, choose „I can't cheat with Bean“ for the loyal run. Other option is selfexplaining)
- I don't want to (This is one of the few dreams not too bad for you, but if you choose „Relieve the dream“ you might gain bad karma, I am not sure if that happens here, but for a loyal run better take I dont'want to)
 - Move away from the pervs
 - You kiss Clara
- You should help me
 - Come on
 - Amy event, personal choice what you do here
- Yeah, there were a couple
 - Stop it, Betsy
 - „I'll better save her“ is the loyal option, but depending on how you play the loyal paths, „I wonder what“ can be helpful in this specific case too. but be aware there is some groping involved. Normally I go with „save her“, but if stats are not like they should be, „Iwonder what“ can help. Use with care or stay save with saving Clara.

New Day

- I don't want to
 - Pull Clara away
 - „Hold it, hold it!“, this choice is also a hint how well you are on the loyal paths. If loyal, the current Lust test will fail. Only exception on the loyal paths is if you are pushing daring dress full force. Then Clara can pass it under circumstances. But normally even when following daring dress paths it fails.
- If you followed this walkthrough, now comes an Amy event in the Cafe. Personal choice what you do here.

Next comes a new party at Joy's with the „Truth and Dare“ game. It is completely personal choice which answers you give as long as you take care to be with Clara at the end of the game. During Truth and Dare your choices decide who strips more clothes. If you are following a daring dress route this can be helpful to choose her often. The answers below are the best for loyal and daring dress path with a Clara focus. If you want to see e.g. Joy or Kayley stripping more, choose them instead of Clara during the game.

- I'll take a drink
- Clara
- „Are you wearing panties?“ is for daring dress, „sexiest film star“ is for hard loyal
- Clara
- On „daring dress“ she will strip quite nicely here.

IMPORTANT CHOICE! On all loyal paths you **MUST** choose „Me of course“ to be save! If you let Clara have a try to give Gordon payback here with choosing „Gordon“, you next choice has to be „That's my girlfriend!“! But if you want to be save, choose „Me of course“ earlier.

- NO, I want my first time be with Clara

New day

- I don't want to even think

On a loyal path, no matter if daring dress or not, both Chikan and Lust in the garage tests will normally fail.

- At Clara's grandma, it is your choice what to do. „Err... no thanks“ is logically the fully loyal choice. But taking the other seems to not be problematic either, but this here is the loyal walkthrough. :-)

- Save Clara

- During the visit at Chaz' „Push him away“ is the fully loyal path, which should be followed by „Sure Betsy“. If you „Do nothing“ instead, because you want Clara to lighten up, you also have another „check point“ if you are on the loyal paths. Clara should have no more than 10 current lust points now. If this is the case, you can take „Sure Betsy“ and Clara will reject Chaz.

If Clara has 11+ current lust, you must choose „Can we save it“.

- „I can't wait for us“ is the best choice here, even for hardcore loyal. „Let's find a quiet corner“ lowers Clara's points nicely, but you will also take a love hit. AFAIK there are only 2 very specific paths where „Let's find a quiet“ functions well. Since we are not on these routes, „I can't wait“ is the better option here.

save for Misfits part 3

- I don't want to

- Might be a trick choice, I normally choose „care to elaborate“, but „now I know why“ might be helpful on daring dress.

- Let's sit over there

- I can't let it happen

- Pixie „event“ during D&D. Personal choice here.

IMPORTANT, but difficult choice! „At last“ obviously is more towards openness and sharing, „Where has my innocent“ logically for loyal paths. But remember, going for loyal here might hinder your own efforts with Clara, just so you know. But for sure loyal take „Where has my“

- „Ok, why not“ should even be taken if not being on the daring paths! While „I don't think so“ lowers the lust scores, it will also impact Clara's view of you. Tactical hits should be taken at other choices.

- Move your leg

- Stop Clara from drinking

- Choose „Lift clara's dress“ for daring dress if your current lust is 8 or lower, with 9 you can still prevent her from going to far, but she will touch her Boss' dick a bit.

Not on daring dress paths, you should choose „Do not lift dress“

- „I must stop Clara“ no matter which loyal path you do

- I don't want to

- The best girl is Clara INFO: This event is hardcoded, you cannot change it's outcome, but you should definitely take best girl Clara.

- „Well, since Clara said“ is the choice if you also like Pixie, unproblematic here. Otherwise you should take „Err...“

- If we play for 100% loyal including yourself, then you should take „No way“. If you are on the daring dress paths, „Hell yeah“ can also be chosen. But you should make a save here.

- „So sexy“ is the choice here

- Sorry Betsy

- I don't want to

- „Where has your“ is the best choice here for the daring dress paths! The not daring paths should also take „Where has“, but in this case „I get it“ can also be viable

- Better not..What if

IMPORTANT: This event with Clara and Amy is hardcoded for whatever reason and you cannot influence the outcome here. The best choices for later I found are first „Ok sounds cool“ and then „I don't think so“.

- Go and interrupt

- If you are on daring dress paths, take „Well...maybe“. If you are on hard loyal then take „No, I dont think“. Might be a good place for a save. to later experiment.

- „Get up and leave“, if you stay in the cinema, Clara will be groped by some visitors, but this can be an option on daring dress paths if the player has no problems with some touching

- I dont' want to

-Let's sit over there

- IMPORTANT „Offer Mr Clarke“ is the only correct choice here. Might change with another version but currently is the best.

- If you like Pixie too, „Grab breast“, otherwise „Of course not“

- Interrupt them

- „Go on Clara“ is the best choice even if you are not on daring dress paths.

- „I am not sure“

- „Ok, maybe I will“ is if you like Kayley, since here it will not have impact. Otherwise take „Err..Sorry“

- „Suggest we leave“

- In the event with Miss Clarke make a personal choice, since it will be interrupted no matter what you do. „Err...“ is logically more loyal.

- „Get Clara now“ is the allrounder, „Wait and see“ is for daring dress

-„Clara, we're leaving“ is logically the choice for full loyalty. „Yeah, help him“ is „unproblematic“ here, BUT WIILL lead to a soft swinging scene!

That is it so far!
