

Walkthrough 0.8_v4b

General Game Play

General Play Tips

- Check Backpack, Computer and Phone regularly
- Do the breakfast often as new info can show up there
- Skip School to do photoshoot with Lauren, until complete
- Skip Warehouse run to do photoshoot with Sidney until complete
- Skip Lounge with Lauren to photoshoot with Mom and Megan until complete
- Generally, wait until all 3 photoshoots are done before starting election
- There are two routes in the game Loyalty and NTR. This guild covers the Loyalty route. The game is basically the same except for 2 or 3 scene changes.
- Buy 3 x Spy Camera for Mom's room, Lauren's room and bathroom for additional scenes to watch as all other expenses are covered
- Anger can be removed by 1 point a day or by giving purchased Chocolate or Gift card from the online shopping. Flowers are possible to give later in game. When women are angry – it is not fun

Women Attributes

- Respect – Max is 10
- Affection – Max is 20/75
- Libido – Max is 10
- Submission – Max is 100
- Anger – Max is 10

- Check Attributes for women on Phone
- Mom – going to class can raise Respect and talking about project can raise Libido, paying Mom's fee to Mafia can raise Affection
- Lauren – doing lounge in Evening can raise Libido
- Sidney – morning runs can raise Libido and nightly events once she is in MC bed
- Aunt Camille – setting morning chores for her can raise her attributes
- Photoshoots will raise Mom's, Lauren's and Sidney's submission
- When Libido is < 10, certain scenes will not happen.

Samba App on phone will allow to change these stats. Notes in walkthrough of when it is generally safe to do that without issues with story or script

Money

- You will need lots
- Main source of income will be the warehouse deliveries in the afternoon
- Once you have completed Lauren's and Sidney photoshoots, the cosplay site will be begin to a large source of money, once two photoshoots are up Patrons on the site become available.
- Warehouse Money – Daily \$
- Cosplay Likes – Weekly (Sun) \$
- Cosplay Patrons – Monthly \$
- Payments out include, 1000 a week to keep Mom out of the club, 500 a week to Agent Diaz not to brother Lauren, 500 a week to Agent Diz to help fix election, 500 a week to Lauren for election expenses, 300 a week for posters for the election and at some point Agent Diaz goes to 1000 a week once Camille/Mandy move in. That's 3300 a week.
- Buy Melatonin, Biniki, Green Screen, Lighting Set, Camera, Ball & Gag Books 1, 2 and 3 as they become available
- The Election can be started on a Mon Morning at the school, once both all 3 photoshoots have been done.
- Do NOT say yes to supporting Lauren in the election unless you can sure you are bringing in enough money

Some Important Stuff to Know

- Agent Diaz moving Aunt Camille and Cousin Mandy the house – needs to have done Mischief with Mom, Mischief with Lauren, and Aunt Camille Flashes Boob in Bathroom
- There are 5 events in with Sidney running in the park, some of these can not be completed until Sidney Photoshoot is done
- Once all four options with Sidney after running (post photoshoot) are done, an Event at Club on a Monday Night occurs
- After this Monday Night Event, additional options open up for Sidney on Run, Photoshoot and Bed
- Lauren showers by herself on Sat Early (once Mandy is in house)
- Note – Events numbers are indicated by red boxes on time slots in the walkthru. It also means doing the things in the time zone – satisfy the event (s) which may not be listed

Notice: This is just one of many ways to complete AFV – but it will get the loyalty path done and you will see all the scenes along the way.

Watch the tutorial the first time, do not skip to end of v0.01b.

Here ends the walkthrough for 0.8v3b

Summary of walkthrough for 0.8_V4b

- Do Date with Mom - Sunday Morning –use all the best answers. See walkthrough that follows.
- Do Yard cleanup on Sat Afternoon with Mandy (lounge), and then Yard - Sun Morning (5 to 10 times) to complete the quest. (Number of times do this quest varies as who can interrupt is variable. And all 3 have to have interrupted at least once – Mom, Sidney and Aunt Camilla.)
- A random autoplay event (after MC goes to sleep) can occur. MC pretends to be sleeping as Mom walks in with laundry basket.

The above assumes you have completed all previous events (as listed in weekly walkthrough).
