

Full Walkthrough[v1.0] by **WOLFs TTC**

Some Basics you only need to eat when the food icon turns orange and you can recover sanity by watching TV and at the same time you sleep so its a win win. The best item in the game is an **Axe** that you can get on Day 8 by Exploring Outside. For the Bandits always choose "Hold the Door" on Day 11 as doing so will save you one weapon from being destroyed and if you go Outside on Day 3 you will get alongside **Aluminum**, which is later important, a **bear spray**. By exploring the building for the first time you will also get a **baseball**. With that you can survive the three waves of the bandits and you will still have the **Axe** after it.
